COMPANY LAW.

Simla, the 21st June 1919.

No. 4377.—In pursuance of the proviso to sub-section (*3*) of section 277 of the Indian Companies Act, 1913 (VII of 1913), the Governor-General in Council is pleased to exempt the Great Indian Peninsula Railway Company, incorporated in England, from the requirements of sub-section (*3*) of the said section, provided that the company files annually with the Registrar of Joint Stock Companies, Bombay, a copy of the balance sheet showing the company's assets and liabilities certified as correct by its auditors as embodied in the half-yearly accounts issued by the directors of the company to its stockholders.

CUSTOMS—WAR.

Simla, the 21st June 1919.

No. 4233.—The following Supplement to the War Trade Department list, dated the 2nd May 1919 on the subject of prohibitions of export from the United Kingdom is published for general information :—

BOARD OF TRADE.

EXPORT LICENSE DEPARTMENT,
WESTMINSTER, S. W. *1*,
9th May 1919.

Supplement to the list of export prohibited goods, etc., of the 2nd May 1919.

The List of Export Prohibited Goods, etc., dated the 2nd May 1919, has been further amended by notice published in the *Board of Trade Journal* of the 8th May , as follows :—

Lists A and B.

Substitute the following for the paragraph "Guarantees against Re-Export, etc." :—

Consignment to Importing Associations, etc. (or in the case of Denmark Guarantees against Re-Export), are not required for the following Export Prohibited goods :—

Drugs, etc., the following :—
Barium sulphate.
Betanaphthol.
Opium and its alkaloids and preparations.
Dyes and dyestuffs.
Fruit, fresh and fruit juice unsweetened.
Iron, pig.
Iron, scrap.
Iron and steel manufactures prohibited by name on List A. or B. (except arms and munitions, and their components and accessories).
Medicines, proprietary and patent, containing quinine, cocaine, santonine, cod liver oil, opium and opium alkaloids.
Spirits, potable.
Stee , scrap.

The following headings should be deleted :—*

Heading.

(B) Henbane.
(A) Iron billets, blooms and slabs.
(A) Iron ore.
(A) Iron sheet bars.
(A) Malt extract and preparations containing malt extract.
(A) Silk yarn, artificial.
(A) Steel billets, blooms and slabs.
(A) Steel ingots.
(A) Steel sheet bars

The following headings should be amended :—

Delete :—	*Substitute* :—
(A) Cocoa, raw and manufactures thereof, except cocca butter.	(A) Cocoa, raw and manufactures thereof, except cocoa-butter and cocoa powder. (Cocoa powder now comes under List C).
(A) Potassium permanganate.	(B) Potassium permanganate.

The following heading should be *added* :—

(A) Cartridges, charges of all kinds, and their component parts, and tools, appurtenances and accessories for the filling and repair of rifle and shot gun cartridges (*see*, however, Appendix No. 4 contained in this supplement.)

* These headings now come under List "C" ; *see*, however, List of Free Goods.

Substitute the following for :—

APPENDIX No. 1A.

Open General Licence for Export of List "C" Goods to Norway, Sweden, Denmark, Holland and Switzerland.

An Open General Licence has been issued allowing goods on Section "C" of the Prohibited List, including goods on sections "A" or "B" which have been transferred to section "C" by open general licence. (Appendix No. 1, page 1234), but not including any goods contained in section "D." to be exported freely *by freight* from this country to Norway, Sweden. Denmark, Holland and Switzerland, on the following terms :—

Norway and Sweden.—Individual guarantees in respect of exports are no longer required, but the goods must be consigned to the appropriate Import Associations. In order that the method of consignment may be checked, an arrangement has been made whereby shippers are to forward the Customs Shipping Bills or Specifications (whichever are required under Customs regulations) to the Export Licence Department, 4, Central Buildings, Westminster, S. W. 1 (in envelopes marked "Shipping Section") for approval. Should the exporter actually have received a guarantee against re-export in respect of the transaction, it should be forwarded with the Shipping Bill or Specification, and if the guarantee has previously been sent to this Department, the reference number of the relative papers should be furnished. The Shipping Bills or Specifications will be amended, if necessary, and returned to the shippers stamped "Approved." Upon the production of approved Shipping Bills or Specifications, shipment will be allowed by H. M. Customs without any form of guarantee, subject to the usual Customs formalities. This procedure will not apply to any individual licences which have already been issued, or which may hereafter be issued in special cases.

Should exporters prefer, they may forward to this Department a duplicate of the usual advice sent to their shipping agents in lieu of a Shipping Bill or Specification. The advice will then be stamped and returned to them (or to their shipping agents if requested) for production to the Customs with the usual Shipping Bill or Specification. Documents addressed to the Shipping Branch of the Export Licence Department will be dealt with at once and will be despatched to exporters by return post.

Denmark.—The usual certificates from the Danish Associations must be produced to the Customs at the time of shipment. Where goods covered by one certificate are to be shipped in instalments, special arrangements should be made with the Customs on shipment of the first instalment. The certificates need not be produced to the Customs in any case where individual licences have been or may be issued by this Department in special cases.

Holland.—All goods may be consigned to the Netherland Oversea Trust for account of sub-consignee without the prior production of an N. O. T. certificate, though exporters who actually hold certificates should hand them to the Customs at the time of shipment. The same procedure will apply to outstanding licences.

Switzerland.—All consignable goods may be consigned to the Société Suisse de Surveillance Economique for account of the sub-consignee without prior production of any form of certificate, though exporters who actually hold certificates should hand them to the Customs at the time of shipment. A list of consignable goods is given in the *Board of Trade Journal* of the 9th May (the list will be printed in the next issue of the List of Export Prohibited Goods). The same procedure will apply to outstanding licences.

In cases where the Associations specified above refuse generally or specifically to accept consignment and exporters make a declaration to the Customs to this effect, the goods may be consigned to the Inter-Allied Trade Committees in Christiania, Stockholm, Copenhagen or The Hague, as the case may be, on account of the sub-consignee without the prior production of any document. In the case of Switzerland, consignment of such goods should be made to the British Legation at Berne. Non-consignable goods, not on the "free" list, should also be consigned to the British Legation at Berne.

The local Inter-Allied Trade Companies (or the British Legation, as the case may be) will endorse the Bills of Lading (without any financial liability) on receipt of satisfactory guarantees from the importer.

Further information will be given as soon as it is known which of the above-mentioned Associations are prepared to accept consignment. Meantime consignors should get into touch with consignees in respect of goods which will be ready for shipment in the next few weeks, with a view to ascertaining whether the appropriate Association will accept consignment or not.

Applications for licences should continue to be made to the Export Licence Department (4, Central Buildings, Westminster, S. W. 1) for all goods on sections "A", "B" or "D" of the Prohibited List. Application should also be made for the following goods on section "C":—

(*a*) goods to be despatched by parcel post;
(*b*) goods intended for the personal use of the recipient;
(*c*) isolated trade transactions not exceeding £5 in value.

In each case [except as regards (*b*) and (*c*) above, for which guarantees are usually waived] exporters should state whether the appropriate Importing Association is willing to accept consignment of the goods; and if the Association has refused to accept consignment, generally or specifically, that fact should be stated.

APPENDIX No. 2.

LIST OF FREE GOODS.

Add the following:—

Fancy hand-bags for ladies' use.
Fancy goods of ebonite, vulcanite and xylonite.
Henbane (folia hyoscyami).
Toilet requisites, excluding soap.

Amend the following headings:—

Delete:	*Substitute:*—
Iron and steel manufactures, &c.	Iron and steel manufactures, except manufactures of high-speed steel (*i.e*, goods made wholly or mainly of steel containing tungsten or molybdenum), arms and munitions and their components and accessories, and articles prohibited by name on List A or B. (Under this definition free export is allowed of tin plates, terneplates, black plates, galvanized plates and sheets, &c.)
Medicines, proprietary and patent, &c.	Medicines, proprietary and patent, except such as contain quinine, cocaine, santonin, codliver oil, opium or opium alkaloids.
	(Medicines, &c., containing malt and malt extract are now included on the free list.)

Add the following:—

APPENDIX No. 4.

Open General License for export of Cartridges, Charges, &c., to Certain Destinations.

An Open General License has been issued for the export of cartridges, charges, &c., and industrial explosives to the destinations given below, to

which, therefore, exports may be made subject to the usual Customs formalities without applications for specific licenses to the Export Licence Department :—

America: Canada and Newfoundland, United States. West Indies, Colombia, Peru, Chile, Argentine, Uruguay, Brazil.
Africa: Gold Coast, Belgian Congo, Union of South Africa, Portuguese East Africa. Egypt, Mauritius.
Asia: Cyprus, India, Ceylon, Hong Kong, Straits Settlements, Japan, Korea, Russia.
Australia and New Zealand.
Europe: France, Belgium, Spain, Portugal, Greece, Italy, Serbia.

The issue of this licence does not relieve exporters from the necessity of obtaining import permits from the country of destination in cases where local regulations render such a course necessary.

200. All upper leather which can be shown by the importers to have been purchased before 8th April 1919 is to be admitted forthwith. All other upper leather is to be admitted after 15th June.

In accordance with the above general licences have been issued for the articles mentioned in items 144 to 171 except in the case of watches and parts thereof made of silver or base metal, for which general licences were already in operation, and also excepting No. 145.

Applications for special licences should be made as usual to the Department of Import Restrictions, 22, Carlisle Place, London, S. W. 1.

EXTENSION OF GENERAL LICENCES.

With reference to the announcement in the *Journal* of 23rd January, respecting the availability till 1st July of certain general licences, the Board of Trade now announce that the following general licences have been extended till 1st September:—

Aerated mineral and table waters (unsweetened), almonds, apples, bananas, bladders, casings and sausage skins, cassia lignia, cocoa (raw), coffee, fruit, canned, bottled and preserved; gum-kauri, hides, wet and dry, horns and hoofs, ivory (vegetable), nuts used as fruit, onions, pimento rum, sugar-cane, tobacco, wood flour.

GENERAL LICENCES FOR LEATHER STIFFENERS.

Since the last issues of the *Board of Trade Journal* the following general licence has been issued (in addition to those referred to in the notice of import Relaxations above):—

Leather boot and shoe stiffeners.

EXPORT OF SILVER BULLION AND SILVER COIN.

The Board of Trade (Export Licence Department) announce that licences will now be granted freely for the export of silver bullion and silver coin of foreign mintage. Licences will not, as a general rule, be granted for the export of British silver coin.

CERTAIN LEATHER EXPORTS.

The Board of Trade announce that an open general licence has been issued for the export of the undermentioned forms of leather to all destinations, except those destinations to which goods on List C are prohibited from export:—

Sole bends of English tannage of 14 lb. and upwards.
Sole bends of 12 lb. and upwards produced from buffalo hides.
Offal, *i.e.*, bellies, shoulders, heads and tails, rough, struck, and dressed.
All leather produced in and imported from British Dominions, Possessions and Protectorates.

Shipments under the open general licence may be made without application to the Export Licence Department.

EXPORTS OF CARTRIDGES, CHARGES, ETC.

With reference to the announcement on page 626 of the *Board of Trade Journal* of the 8th instant, the Board of Trade (Export Licence Department) announce that a further open general licence has been issued for the export of Cartridges, Charges, etc., and Industrial Explosives to additional destinations. The complete list of destinations to which shipment may now be made without applications for specific export licences is as follows:—

British Possessions and Protectorates; French Possessions and Protectorates; United States of America; South America; Africa; Japan and Corea; Asiatic Russia; France; Belgium; Spain; Portugal; Greece; Italy; Serbia.

The issue of this licence does not relieve exporters from the necessity of obtaining permits from the country of destination in cases where local regulations render such a course necessary.

TRANSHIPMENT OF GOODS IN THE UNITED KINGDOM.

The Board of Trade (Export Licence Department) announce that goods of any description (other than foodstuffs from Europe destined for extra-European destinations) may be brought to this country for transhipment to any destination to which exports are ordinarily allowed, provided that in the case of any goods on Sections "A" or "B" of the list of prohibited exports the Bills of Lading clearly shew that the goods were intended for transhipment before they left the country of origin, or that other satisfactory evidence to that effect is produced to the Export Licence Department. If these conditions are observed, it will, therefore, in future be unnecessary to obtain the provisional approval of that department before bringing goods to this country for transhipment. In the case of goods destined for the border neutral countries in Europe, the goods must be consigned to the Import Associations in accordance with the regulations for the time being in force in respect of direct exports from the United Kingdom.

Applications for transhipment permits should in all cases still be made on the form S. 90 to the Customs authorities at the port of arrival; and as regards any goods on Sections "A" or "B" of the list of prohibited exports, the Bills of Lading, if available, should accompany the S. 90 form.

No. 4407.—The following Board of Trade list and special supplements thereto, dated the 16th May 1919, on the subject of prohibitions of export from the United Kingdom are published for general information :—

APPENDIX No. 1A.

Open General Licence for export of List C Goods to Norway, Sweden, Denmark, Holland and Switzerland.

An Open General Licence has been issued allowing goods on Section C of the Prohibited List, including these shown in Appendix No. 1 but not including any goods contained in Section D to be exported freely *by freight* from this country to Norway, Sweden, Denmark, Holland and Switzerland on the following terms:—

Norway and Sweden.—Individual guarantees in respect of exports are no longer required, but the goods must be consigned to the appropriate Import Associations. In order that the method of consignment may be checked, an arrangement has been made where by shippers are to forward the Customs Shipping Bills or Specifications (whichever are required under Customs regulations) to the Export Licence Department, 4, Central Buildings, Westminster, S.W. 1 (in envelopes marked "Shipping Section") for approval. Should the exporter actually have received a guarantee against re-export in respect of the transaction, it should be forwarded with the Shipping Bill or Specification, and if the guarantee has previously been sent to this Department, the reference number of the relative papers should be furnished. The Shipping Bills or Specifications will be amended, if necessary, and returned to the shippers stamped "approved". Upon the production of approved Shipping Bills or Specifications, shipment will be allowed by H. M. Customs without any form of guarantee, subject to the usual Customs formalities. This procedure will not apply to any individual licences which have already been issued, or which may hereafter be issued in special cases.

Should exporters prefer, they may forward to this Department a duplicate of the usual advice sent to their shipping agents in lieu of a Shipping Bill or Specification. The advice will then be stamped and returned to them (or to their shipping agents if requested) for production to the Customs with the usual Shipping Bill or Specification. Documents addressed to the Shipping Branch of the Export Licence Department will be dealt with at once and will be despatched to exporters by return port.

Denmark.—The usual certificates from the Danish Associations must be produced to the Customs at the time of shipment. Where goods covered by one certificate are to be shipped in instalments, special arrangements should be made with the Customs at the time of shipment. The certificates need not be produced to the Customs in any case where individual licences have been or may be issued by the Export Licence Department in special cases.

Holland.—All goods may be consigned to the Netherlands Oversea Trust for account of the sub-consignee without the prior production of an N.O.T. certificate, though exporters who actually hold certificates should hand them to the Customs at the time of shipment. The same procedure will apply to outstanding licences.

Switzerland.—All consignable goods may be consigned to the Société Suisse de Surveillance Economique for account of sub-consignee without prior production of any form of certificate, though exporters who actually hold certificates should hand them to the Customs at the time of shipment. The same procedure will apply to outstanding licences. A list of consignable goods is issued as a supplement to the List of "Export Prohibited Goods."

In cases where the Associations specified above refuse generally or specifically to accept consignment and exporters make a declaration to the Customs to this effect, the goods may be consigned to the Inter-Allied Trade Committees in Christiania, Stockholm, Copenhagen or The Hague, as the case may be, on account of the sub-consignee without tke prior production of any document. In the case of Switzerland, consignment of such goods should be made to the British Legation at Berne. Non-consignable goods, not on the "free" list, should also be consigned to the British Legation at Berne.

The local Inter Allied Trade Committees (or the British Legation, as the case may be) will endorse the Bills of Lading (without any financial liability) on receipt of satisfactory guarantees from the importer.

Further information will be given as soon as it is known which of the above mentioned organisations are prepared to accept consignment. Meantime consignors should get into touch with consignees in respect of goods which will be ready for shipment in the next few weeks, with a view to ascertaining whether the appropriate Association will accept consignment or not

Applications for licences should continue to be made to the Export Licence Department (4, Central Buildings, Westminster, S.W. 1) for all goods on Sections A, B or D of the Prohibited List. Applications should also be made for the following goods on Section C :—

(*a*) goods to be despatched by parcel post ;

(*b*) goods intended for the personal use of the recipient ;

(*c*) isolated trade transactions not exceeding £5 in value.

In each case (except as regards (*b*) and (*c*) above, for which guarantees are usually waived) exporters should state whether the appropriate Importing Association is willing to accept consignment of the goods; and if the Association has refused to accept consignment, generally or specifically, that fact should be stated.

APPENDIX No. 1B.

Export of Small Consignments by Parcel Post to Neutral Countries in Europe.

Exports by parcel post to neutral countries in Europe are allowed without consignment to the usual Importing Association, or, in the case of Denmark, guarantees against re-export provided the value of the parcel does not exceed £5. It should, however, be distinctly understood that this procedure is intended to apply to isolated transactions only, and that exporters cannot be allowed to despatch large numbers of parcels to the same consignee without consignment to the appropriate Import Associations; it will not, however, be necessary for cetificates from those Associations to be produced.

Goods for Private Consignees.

Applications to export goods in reasonable quantities to private consignees in Norway, Sweden, Denmark, Holland, and Finland without consignment to the usual Importing Associations or production of guarantees against re-export.

It must be understood that no goods can be despatched under this scheme except such as are for the personal use of the consignee and of his family.

APPENDIX No. 1C.

Consignment to importing Associations, &c. (or, in the case of Denmark, Guarantees against Re-Export) are not required for the following Export Prohibited Goods :—

Drugs, &c., the following :—

- Barium sulphate.
- Betanaphthol.
- Opium and its alkaloids and preparations.

Steel, scrap.

Foodstuffs.

Foodstuffs (including raw materials for the manufacture of foodstuffs) may now be exported to Norway, Sweden, Denmark and Holland without the intervention of official consignees. Licences for foodstuffs on Lists A and B will, therefore, where home supplies permit, be issued providing for consignment direct to the purchaser.

As regards foodstuffs on List C, an open general licence has been issued permitting export to be made direct to the consignee without the production of individual guarantees against re-export. Shipping bills (or specifications) in respect of such goods need, therefore, no longer be produced to the Export Licence Department to be stamped "Approved" before production to H. M. Customs.

The term "foodstuffs" should be regarded as including spices and beverages.

APPENDIX No. 2.

LIST OF FREE GOODS.

APPENDIX No. 3.

Samples.

An Open General Licence has been issued which permits the free export of all *bonâ-fide* samples of prohibited goods to all non-enemy destinations, and to enemy territory with which trade is now permitted. Samples exported under this licence may be used only for genuine sample purposes, *i.e.*, for obtaining orders from foreign buyers, and may not be sold except with the written consent of the Export Licence Department, but such consent may be dispensed with when it is desired to sell the articles in the country of destination after they have fulfilled their purpose as samples. Exporters will be required to satisfy the Customs Authorities that the goods presented for export under this licence are *bonâ-fide* samples, and to make a declaration to that effect on the relative shipping documents.

APPENDIX No. 4.

Open General Licence for Export of Cartridges, Charges, &c., to certain Destinations.

An Open General Licence has been issued for the export of cartridges, charges, &c., and industrial explosives to the destinations given below, to which, therefore, exports may be made without applications for specific licences to the Export Licence Department :—

British Possessions and Protectorates.
French Possessions and Protectorates.
United States of America.
South America.
Africa.
Japan and Korea.
Asiatic Russia.
France. Belgium, Spain, Portugal, Greece, Italy, Serbia.

The issue of this license does not relieve exports from the necessity of obtaining import permits from the country of destination in cases where local regulations render such a course necessary.

URGENT ORDERS.

The Board of Trade, Export Licence Department, announces that, in collaboration with the Department of Oberseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Export Licence Department the licence will be granted.

The telegrams should be addressed to "Orders, c/o Advantage, Stock, London." They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate

consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from Territory in the occupation of troops of the Associated Governments, the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 24 words (1-3) must be propaid.

Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Comptroller General, Department of Overseas Trade (Export Facilities Section), 73, Basinghall Street, E.C. 3.

IRRIGATION DEPARTMENT.

The 5th July 1919.

No. 4.—Notification.—In exercise of the power conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to make the following amendment in the schedule of tolls in force on the Calcutta canals and Tolly's Nala and in the rules for the management of navigation thereon, published in notification No. 7, dated the 11th May 1915 (at pages 903-05 of Part I of the *Calcutta Gazette* of the 12th *idem*) :—

Amendment.

Delete items 13 and 15 and *read* item 14 as item 13.

Add as item 14.

14. (*1*) During the period of closure of the Tolly's Nala at Samookpota, boats laden with firewood will be allowed to proceed to or from the river Bidyadhari or the Bhangore khal through the Circular or Kristopur Canal and the Tolly's Nala *via* Kidderpore on payment of two rupees per hundred maunds of measured maundage for passage through these canals. All other cargo-boats will pay a rate of one rupee and twelve annas per hundred maunds of measured maundage.

(2) Boats plying under this concession will not be allowed either to load or to unload their cargo along the Circular Canal, the Kristopur Canal, or the river Hooghly. Infringement of this rule will render such boats liable to the ordinary tolls in force for the Circular Canal.

(3) (a) Boats laden with cargo other than firewood may pick up extra cargo, either in the Kristopur Canal, the Circular Canal or the river Hooghly. The toll collectors at Chitpur, Kristopur and Dhappa, respectively, will, in that case, assess and collect the extra toll due on the cargo at twelve annas per hundred maunds, provided the maundage of the boat does not exceed that when it originally entered at Dhappa or Kristopur.

(b) If there is an excess at the time of leaving Tolly's Nala a rate of two rupees and eight annas per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass beyond Dhappa or Kristopur without any further payment

(c) If cargo is picked up either in the Hooghly or in the Circular or Kristopur Canal the extra toll on the extra amount will be charged at the rate of one rupee and twelve annas per hundred maunds.

(4) For the purposes of reckoning demurrage charges under item 11 of this schedule on the boats herein defined two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 8th July 1919.

No. 76 Marine.—In exercise of the powers conferred by section 36 of the Indian Steamships Act, 1884 (VII of 1884), the Governor in Council is pleased to make the following amendments in the rules published under this Department Notification No. 32Marine, dated the 25th March 1918, to regulate the granting of certificates of competency to Engineers under the said Act.

F. A. A. COWLEY,
Secy. to the Govt. of Bengal.

Amendments.

1. *For* clause (a) to rule 24 the following shall be *substituted* :—

24. *Second Class Engineer.*—A candidate for a Second Class Engineer's Certificate must not be less than 21 years of age.

(a) He must have served as an apprentice Engineer for four years at least in the United Kingdom or five years in India and prove that during the period of his apprenticeship he has been employed in the manner set forth in rule 34.

Service performed in a Colonial or Foreign workshop is not to be accepted unless the Examiner is satisfied in each case that its value is substantially equivalent to that of service performed in the United Kingdom.

Journeyman's time will be considered as equivalent to apprenticeship.

Every applicant must produce testimonials of ability as a practical Engineer to the satisfaction of the Port Officer.

If the candidate has served as an apprentice Engineer or as journeyman, under the conditions above prescribed for less than four or five years, as the case may be, he will be required to make up the deficiency or to complete this period of four or five years by service as Engineer at sea on regular watch on the main engines or boilers (1) of a foreign-going steamer of not less than 66 nominal horse-power, or (2) of a home-trade steamer of not less than 66 nominal horse-power, such service to be counted as equivalent in the case of (1) to two-thirds, and in the case of (2) to four-ninths, of service as apprentice Engineer or as journeyman.

If the candidate has not served at all as apprentice Engineer or as journeyman, he will be required to have served at sea, in lieu thereof, as Engineer on regular watch on the main engines or boilers, six years in a

foreign-going steamer of not less than 66 nominal horse-power or nine years in a home-trade steamer of not less than 66 nominal horse-power.

2. **Rule 28, clause (a) and Rule 34.**—In these rules *substitute* the words "the United Kingdom" for the word "Europe" in the places where the word occurs.

3. **Rule 36.**—For rule 36 the following shall be *substituted*:—

36. *Service in Colonial and Foreign Workshops.*—Rules 34 and 35 apply to service in the United Kingdom and/or India only. Service in a Colonial or foreign workshop will not be accepted unless the Examiner is satisfied in each case that its value is substantially equivalent to that of service performed in the United Kingdom and/or India. Workshop service in India is in no case to be taken as equivalent to more than four-fifths of the same period of service in the United Kingdom. In cases where the Examiner is not satisfied that the value is equivalent, he will refer the matter to Government for decision.

4. **Appendix G.**—*Substitute* the following for the whole of this Appendix:—

In the notice on page 630 of last week's issue of the "Board of Trade Journal," item No. 171 should have read as follows:—

> Licences should be freely given for all medicinal bulbs and herbs, and for hyacinths early single and double tulips, crocus, Spanish iris, gladioli, Chionodoxa, and Scilla Sibirica. All other bulbs, plants and trees should remain prohibited.

Special licences should be applied for in respect of all the plants of the permitted varieties, it being impracticable to issue a general licence for them.

GOVERNMENT NOTICES AFFECTING TRADE.

EXPORT AND IMPORT SECTION.

RELAXATION OF EXPORT PROHIBITIONS.

The Board of Trade announce that the following relaxation of the existing prohibitions of export will be brought into force as from to-day.

Further relaxations will be announced in subsequent issues of the "Journal."

EXPORT PROHIBITIONS.

The following is a list of the articles affected and of the changes made in the nature of the prohibitions applicable to each. In explanation of the changes it should be noted that goods on List A are prohibited to all destinations, and that goods on List B to all destinations outside the British Empire, while goods on List C are prohibited only to countries neighbouring enemy countries.*

It will of course be understood that the existing position regarding trading with enemy countries is in no way affected by these modifications.

[NOTE.—Attention is called to the fact that by the Proclamation of the 1st October 1918 *all goods*, whether mentioned by name or not (except printed matter and accompanied personal effects, and the goods on the Export Free List published in the "Journal" of 20th March), are prohibited on List C.]

TRADING BY FOREIGNERS.

The 28th June 1919.

LICENCE.

No. 4434—WHEREAS by paragraph 5 of the Trading with the Enemy Proclamation No. 2, dated the 9th day of September 1914, trade and financial or commercial transactions between British subjects and persons or bodies of persons resident in the territories of the German Empire or in the dual Monarchy of Austria-Hungary or in the respective Colonies and dependencies thereof, in this licence or in the said Proclamation referred to as "enemy country" are prohibited; and

WHEREAS by paragraph 8 of the said Proclamation it is provided that nothing in the Proclamation shall be taken to prohibit anything which may be expressly permitted by licence, whether such licence be granted to individuals or be announced as applying to persons; and

WHEREAS by paragraph 3 of Proclamation, dated the 8th October 1914, power to grant such licences on behalf of the Crown may be exercised in India by the Governor-General; and

WHEREAS by a licence, dated the 26th day of April 1919, all persons residing, being or carrying on business in British India were authorised, subject to the provisos set out in the said licence, to supply any goods, wares or merchandise to the territories on the left bank of the Rhine in the occupation of the Armies of the Associated Governments, and to perform certain other acts in connection with such supply as in the licence set forth; and

WHEREAS certain territories on the right bank of the Rhine are or may be in the occupation of the Armies of the Associated Governments;

Now, therefore, I Frederic John Napier Thesiger, Baron Chelmsford, hereby authorise all persons, residing, being or carrying on business in British India to negotiate for the supply of any goods, wares or merchandise to the territories on the right bank of the Rhine that are at the time in the occupation of the Armies of the Associated Governments, to supply any goods, wares or merchandise to such territories, to carry or arrange for the carriage of and to insure any goods, wares or merchandise destined for the said territories, and to take such action as may be necessary or convenient to

secure payment for any goods, wares or merchandise so supplied or for any charges or expenses connected with such supply, carriage or insurance;

PROVIDED always that any licence which may be necessary in respect of any such supply under any prohibition of export for the time being in force in British India is first obtained:

PROVIDED also that nothing in this licence shall be deemed to authorise the payment of money which at the date hereof, is or but for the war would have been due to any person or body of persons resident or carrying on business in such territories or the withdrawal or disposal of funds or property held or managed in this country for the account of or on behalf of any such person.

CHELMSFORD,
Viceroy and Governor General of India.

A. H. LEY,
Secy. to the Govt. of India.

The following notification, issued by the Government of India, in the Department of Education, published in the *Gazette of India Extraordinary*, dated 5th July 1919, is republished for general information.

J. H. KERR,
Chief Secy. to the Govt. of Bengal.

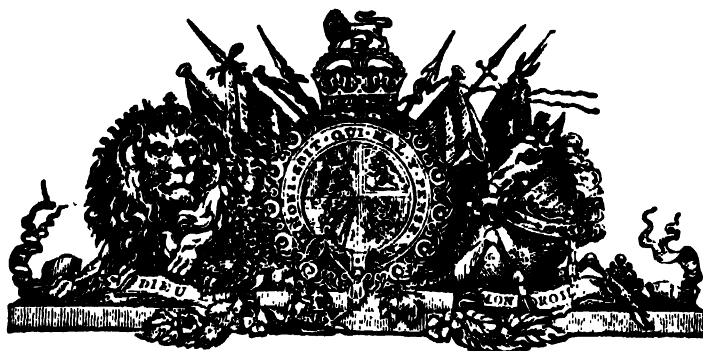

NOTIFICATION.

Simla, the 5th July 1919.

No. 288.—The following Royal Proclamation by His Majesty the King-Emperor is published for general information and guidance:—

GEORGE R. I. WHEREAS it has pleased Almighty God to bring to a close the late widespread and sanguinary war in which we were engaged against Germany and her allies, we therefore adoring the Divine Goodness and duly considering that the great and general blessings for peace do call for public and solemn acknowledgment have thought fit by and with the advice of our Privy Council to issue this our Royal Proclamation hereby appointing and commanding that a general thanksgiving to Almighty God for these His manifold and great mercies be observed throughout our Dominions on Sunday, the sixth day of July instant, and for better and more devout solemnization of the same we have given directions to the Most Reverend Archbishop and the Right Reverend the Bishops of England to compose a form of prayer suitable to this occasion to be used in all Churches and Chapels and to take care for the timely dispersing of the same throughout their respective dioceses and to the same end we do further advertise and exhort the General Assembly of the Church of Scotland and all spiritual authorities and ministers of religion in their respective churches and other places of public worship throughout our United Kingdom of Great Britain and Ireland and in all quarters of our Dominions beyond the seas to take part as it may properly behove them to do in this great and common act of worship and we do strictly charge and command that the said public day of thanksgiving be religiously observed by all as they tender the favour of Almighty God and have the sense of His benefits.

H. SHARP,
Secretary to the Government of India.

F. A. A. COWLEY,
Secy. to the Govt. of Bengal.

The 22nd July 1919.

No. 84Marine.—In exercise of the power conferred by section 10 of Act I of 1859 (an Act for the amendment of the law relating to merchant seamen) the Governor in Council is pleased, with the previous sanction of the Governor General in Council, to make the following rules for the grant of certificates of competency as masters and mates of home-trade sailing vessels of a burden not exceeding 1,000 tons. These rules are supplementary to the rules for the examination of masters and mates in the Mercantile Marine in force in Bengal:—

Rules for the examination of Masters and Mates of Home Trade sailing vessels of a burden not exceeding 1,000 tons.

1. **Mate.**—A candidate must be not less than nineteen years of age and have served four years at sea.

2. **Examination in Navigation.**—He must be able to take a bearing by compass, be conversant with the use of a Mercator's Chart and be able to find, on either a "true" or "magnetic" chart or plan, the course to steer and the distance from one given position to another; and from two bearings of the same object, the course and distance run between taking the bearings being given; also the distance of the ship from the object at the time of taking the second bearing, and to state what the small numbers and roman numerals found on a chart indicate.

3. **Examination in Seamanship.**—He must possess a thorough knowledge of the rule of the road as regards both steamers and sailing vessels, their regulation lights, and fog and sound signals. He must be able to describe the signals of distress and the signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of those signals; also the use and management of the rocket apparatus in the event of his vessel being stranded. He must be able to mark and use the lead and log lines, and to manage a ship's boat in heavy weather; to answer any questions of a like nature appertaining to the duties of the mate which the examiner may think proper to put to him.

4. **Master.**—A candidate must be not less than twenty years of age and have served five years at sea of which—

(*a*) one year must have been in a capacity not lower than that of only mate of a home-trade or coasting vessel, whilst holding a mate's certificate for home-trade passenger ships, or a second mate's certificate for foreign-going vessels;

(*b*) or, two and a half years must have been in a capacity not lower than second mate of a home-trade or coasting vessel in charge of a watch, whilst holding a mate's certificate for home-trade passenger ships, or a second mate's certificate for foreign-going vessels;

(*c*) or, five years must have been in command of sea-going vessels of not less than 100 tons.

5. **Examination in Navigation.**—In addition to the qualifications required of a mate, a master will be required to find on a chart the course to steer by compass in order to counteract the effect of a given current and to find the distance the ship will make good towards a given point in a certain time, and to work out practically the correction to apply to soundings taken at a given time and place, to compare with the depth marked on the chart.

6. **Examination in Seamanship.**—In addition to the qualifications required of a mate, a master must understand how to rig a sea anchor; also how to get a cast of the lead in heavy weather, etc. He will be examined as to his resources for the preservation of the crew and passengers in the event of wreck and the steps to be taken if his vessel is disabled and drifting towards a lee shore, and will be required to answer any other questions appertaining to the management of a coasting-trade ship which the examiner may think necessary to put to him.

2. It is proposed to select 15 probationers for the Indian Forest Service from officers or men serving, or who have served, in India or Mesopotamia. Applications for appointment should be submitted on a "Personal Record form—Officers" in the case of an officer, or on a "Non-Military Employment form (India)" in the case of other ranks, through the proper channel, to the Secretary, Central Employment and Labour Board, Simla, and should reach him not later than (in the case of applications from those serving in India) **15th August 1919.** (in the case of applications from those serving in Mesopotamia) **20th August 1919.**

It is advisable that applications be accompanied by a certificate of fitness from a Government Medical Officer.

3. Candidates for appointment must be officers or men who have served in His Majesty's Naval, Military, or Air Forces during the war for not less than one year. One year's service, however, is not required in the case of those discharged owing to wounds or other injuries, or sickness arising out of the war.

4. Candidates must have been born on or after the 2nd July 1892 and on or before the 1st July 1900.

5. Every candidate must be a natural-born British subject, and at the time of his birth his father must have been, and must since have continued to be, a British subject.

6. Candidates may be married or unmarried.

7. Candidates must produce evidence of good character.

8. It is essential that candidates should have received a good general education such as would ordinarily enable them to pursue a course of study at a University and obtain a degree. Preference will be given to those who have had some University training in natural science or forestry, and whose course of studies has been interrupted by military service. An elementary school education is insufficient. Army certificates of education do not represent an adequate standard of attainment.

9. Candidates selected to appear before the Selection Committee referred to in paragraph 10 must satisfy a Medical Board, which will sit on the same day as the Selection Committee, as to their physical fitness for the strenuous work of the Indian Forest Service. Particular stress is laid on good vision and hearing. Men discharged owing to ill-health are unlikely to be suitable. Special consideration will be given to candidates who have been wounded, but (1) injury to head, (2) deafness, (3) loss of an eye, (4) loss of a leg above or through the knee, must be regarded as disqualifications.

10. Candidates who appear from their forms of application to be *primâ facie* eligible for appointment, will be interviewed by a Selection Committee, on whose advice the Government of India will act.

11. Selected candidates who have no special qualifications will be placed on probation for a period of two years, during which they must undergo special courses of instruction in forestry at Oxford University supplemented by theoretical and practical instruction during the vacation under the Director of Indian Forest Studies. (Special arrangements will be made for those who have already received training at other Universities). Selected candidates with special qualifications, such as a degree or diploma in forestry, may spend a shorter period on probation (*see* para. 12).

Passage to England.—Each selected candidate will be provided with a free first class passage to England.

Selected candidates, who have not already been demobilized, will be demobilized before proceeding to England. They will receive no allowances

from the date of demobilization, until they return to India on final appointment, except those specified in paragraph 14.

12. **Period of Probation.**—Before appointment to the Indian Forest Department a probationer is required—

(*i*) to have obtained, either before selection as probationer, or within the period of two years' probation, the University degree and the diploma in Forestry at Oxford, unless already in possession of the Edinburgh University degree in Forestry or the Cambridge University Forestry diploma;

(*ii*) to have undergone a special course of instruction in Forestry, under the direction and supervision of the Director of Indian Forest Studies, appointed by the Secretary of State for India in Council;

(*iii*) to have passed an examination in Forest Engineering and, if required, in certain other special subjects, namely, Systematic Botany of Indian trees, Indian Geology, Forest Law, Indian Working Plans, and an Indian vernacular language;

(*iv*) to have undergone a final competitive examination in Forestry (*see* Appendix I);

(*v*) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The Director of Indian Forest Studies instructs probationers in each case as to the order and manner in which they should fulfil these various requirements.

13. **Charges.**—The probationers are required to defray all expenses of lodging, board, tuition, and excursions while at the University, and on practical instruction, with the exception of fees payable to local forest officers in Europe.

14. **Allowances.**—The Secretary of State for India in Council makes payments to each probationer at the rate of 150*l.* annually, not exceeding a total of 300*l* (besides the fees to local officers mentioned above). These payments are ordinarily made on the following dates in each year :—

	£
On the 1st December	45
On the 1st March	45
On the 1st June	60

The cases of probationers whose probation does not extend over the full two years will be specially considered.

The grant of the allowances is subject to the following conditions :—

(*a*) that the progress of the probationer in his studies in satisfactory;

(*b*) that the probationer gives security to refund the payments in respect of this advance, as well as such payments, not exceeding 60*l.* in all, as may have been incurred by the Secretary of State on the probationer's behalf in respect of fees to local forest officers, in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 17, or failing to join the Indian Forest Service at the end of the period of probation.

15. **Conduct.**—Every probationer is required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he is liable to have his name removed from the list of probationers.

16. **Appointment and Seniority.**—Probationers who comply with the requirements of Regulation 12 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, are appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. Their position in the provincial Forest Lists is determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies; but in making selections for the post of Conservator, officers joining the service in

the same year are reckoned as equal in seniority unless the Secretary of State for India in Council has for special reasons directed otherwise in any particular case or cases.

Probationers are allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution is made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

17. **Articles of Agreement.**—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

18. **Passage to India.**—Each probationer on appointment to the Indian Forest Service is provided with a free first-class passage to India.

19. **Salary.**—An Assistant Conservator of Forests draws pay at the rate of Rs. 380 a month (equivalent to 304*l* a year, when the rupee is at 1*s*. 4*d*.) from the date of his reporting his arrival in India. But candidates selected under the present regulations whose age is 27, 26 or 25 years will, on appointment, be credited with service of three years, two years, or one year respectively. The years of service so credited will subsequently count for purposes of pay and promotion, but not for leave or pension.

20. **Promotion, Leave and Pension.**—Promotion, leave, and pension are governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service will be found in Appendix II, and a summary of information regarding Leave and Pensions is contained in Appendix III.

APPENDICES.

APPENDIX I.—FINAL EXAMINATION.

1. With a view to the allocation of the annual Currie Scholarship for Indian Forest Students (value about 35*l*.), and to facilitate the allotment of probationers to the several provinces in accordance with paragraph 16 of the Regulations as to appointments in the Indian Forest Service, probationers who have completed their prescribed course of training are required to undergo a competitive final examination in Forestry.

2. A list of the probationers in order of merit is prepared by adding together (*a*) the marks obtained at the final examination, and (*b*) the marks obtained during the course of practical training in Forestry under the control of the Director of Indian Forest Studies. The maximum of marks obtainable under (*a*) is the same as under (*b*).

3. The final examination consists of an oral examination and three or more papers, as follows:—

(*i*) One or more papers in Silviculture, Forest Protection (including Forest Botany and Forest Entomology), and Forest Utilisation (including Forest Engineering).

(*ii*) One or more papers in Forest Management, Forest Mensuration, Forest Valuation, and Forest Administration.

(*iii*) A paper in General Forestry (Practical) dealing with the work done and with the forests visited during the course of practical training.

4. Probationers are not required to pay any fee for the examination.

APPENDIX II.—List of Appointments open to Members of the Imperial Branch of the Indian Forest Service.

NOTE.—This list is liable to alteration at any time.

Total	259	
These appointments are included in (d) and (e).	5 Foreign Service appointments ... 12 Officers employed at the Forest Research Institute and College, Dehra Dun, and in the Andamans	

APPENDIX III.—Leave and Pension.

[NOTE.—The following is a brief summary of the general principles at present governing the grant of leave of ordinary kinds and pension to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom. The rules are subject to alteration from time to time, and are to be found in full in the authorised text for the time being of the Civil Service Regulations.]

Leave.

1. Leave of absence can never be claimed as of right, and is given or refused at the discretion of Government.

2. Subject to this qualification, an officer is entitled to one month's privilege leave after every eleven months of continuous duty. Privilege leave may be accumulated up to three months and may be combined with furlough, special leave, or extraordinary leave without allowances. An officer on privilege leave is entitled to the full pay which he drew when last on duty.

3. Furlough may be taken after eight years' service, reckoned from the date on which an officer first joined his appointment in India, and thereafter after intervals of not less than three years' service. The amount of furlough which may be taken at one time is limited to two years, and the total amount which may be taken during an officer's service to six years. Subject to these limitations, the amount of furlough due to an officer at any given time is a period equal to one-fourth of his active service less any furlough enjoyed.

4. Furlough may also be granted on medical certificate up to one year to an officer at any time during his service, and up to the amount due (subject to a total of two years) if he has rendered three years' continuous service. In the latter case furlough on medical certificate may be extended, if necessary, up to three years.

5. The allowances admissible during furlough, whether granted without or with medical certificate, are half average salary converted at the rate of exchange fixed for the time being, subject to a minimum for the present of 1*s.* 6*d.* to the rupee during the period for which the furlough is "due." After the expiration of the period for which furlough is "due," the allowance is one quarter of average salary, converted at the same rate.

6. Special leave may be granted at any time for not more than six months on furlough allowances calculated as above. A period of three months' special leave combined with three months' privilege leave is not infrequently allowed to officers during the first eight years of their service—before furlough can be taken.

Pension.

7. After 20 years' qualifying service an officer is entitled to a pension equal to one-half of his average emoluments at the time of retirement, subject to a maximum of Rs. 4,000 a year after service not exceeding 24 completed years, and of Rs. 5,000 a year after service of and exceeding 25 completed years. Rupee pensions are payable in the United Kingdom, subject to certain restrictions, at the rate of exchange from time to time fixed, subject to a minimum of 1*s*. 9*d*. to the rupee.

Officers who have shown special energy and efficiency during an effective service of 3 years as Inspecter-General of Forests, Chief Conservator or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

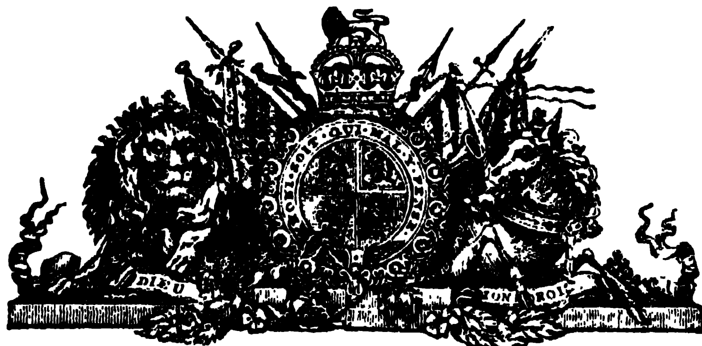

8. Officers who are compelled to retire on medical certificate before completing 20 years' service are entitled to a gratuity not exceeding one month's emoluments for each completed year of service up to 10 years, and if their completed service exceeds 10 years to an invalid pension varying from Rs. 1,000 to Rs. 3,000 a year according to length of service.

1. The Secretary to the Government of Madras, Revenue Department.
2. " Chief Secretary to the Government of Bombay, Revenue Department.
3. " Secretary to the Government of Bengal, Revenue Department.
4. " Chief Secretary to the Government of the United Provinces.
5. " Chief Secretary to the Government of the Punjab.
6. " Revenue Secretary to the Government of Burma.
7. " Secretary to the Government of Bihar and Orissa, Revenue Department.
8. " Honourable the Chief Commissioner of Assam
9. The Honourable the Chief Commissioner of the Central Provinces.
10. " Chief Commissioner of Coorg.
11. " Chief Commissioner of Ajmer
12. " Honourable the Agent to the Governor-General and Chief Commissioner in Baluchistan.
13. " Honourable the Chief Commissioner and Agent to the Governor-General in the North-West Frontier Province.
14. " Superintendent of Port Blair.
15. " Chief Commissioner of Delhi.

ORDERED that a copy of the foregoing notice be forwarded to the Local Governments and Administrations noted in the margin, the Secretary, Central Employment and Labour Board, the Inspector-General of Forests, and the Comptroller, India Treasuries. Also that the notice be published in the Supplement to the *Gazette of India*.

No. 6095L.R.—The 24th July 1919.—Maulvi Khalilur Rahman Khan, Sub-Deputy Collector, employed as an Assistant Settlement Officer in the district of Jessore, is allowed leave, under article 260 of the Civil Service Regulations, for forty-eight days, with effect from the 11th August 1919.

Midnapore.

No. 911T.R.—The 28th July 1919.—Under section 114 of the Bengal Tenancy Act (Act VIII of 1885) the Governor in Council directs that the landlords' and tenants' share of the cost of survey and preparation of the record-of-rights undertaken in pargana Silda of thana Binpur, in the district of Midnapore, under notification No. 2866L.R., dated the 26th November 1910, published at page 1678, Part I, of the *Calcutta Gazette* of the 30th idem, shall be borne in the proportions specified below :—

(1) A rate of Re. 1 per acre shall be levied on all culturable and homestead land (except *dahi*) and annas 2 per acre for all waste (except current fallow), jungle and *dahi* lands.

(2) Of the Re. 1 rate, the raiyats and all persons holding non-agricultural tenancies shall pay annas 6, and their landlords annas 10 per acre. For lands in their *khas* possession the landlords shall also pay the raiyati share.

Explanation.—By "landlord' is meant throughout all landlords of degrees higher than a raiyat.

(3) The whole of the annas 2 rate shall be borne by the landlords.

(4) As between the different degrees of landlords, the landlords' share shall be apportioned thus :—

(a) Permanent tenure-holders whose rent or rate of rent is fixed in perpetuity shall pay the whole of the landlord's share.

(b) Other permanent tenure-holders and temporary tenure-holders whose lease has over fifteen years to run, shall pay three-fourths of the landlords' share and their landlord one-fourth.

(c) Temporary tenure-holders, whose lease has 15 years to run, shall pay 15-16ths of the share they would pay in accordance with (b) above if they were permanent tenure-holders ; and so on proportionately according to the number of years the lease has to run.

(d) Temporary tenure-holders who do not hold on a lease or for a fixed term shall pay half of the landlord's share.

Explanation.—The calculation shall be made from the lowest grade of landlord immediately above the raiyat. The period for which the lease of the tenure or under-tenure has to run is to be reckoned in each case from the beginning of the Amli year 1327.

(5) Rent-free holders, whether of the degree of raiyat or landlord, shall pay the whole of the landlord's share for their lands.

(6) Under-raiyats with rights of occupancy shall pay one-half of the raiyati share ; if there be such under-raiyats of more than one degree the share shall be equally distributed between all.

(7) Under-raiyats with no rights of occupancy, and non-occupancy raiyats, shall be exempted from assessment.

(8) The calculation shall be made :—

(a) to the nearest acre, and
(b) to the nearest anna.

BENGAL POLICE.

NOTICE.

A FEW appointments of Inspectors in the Bengal Police will be made in December next for employment as prosecuting officers in Courts. Applications of candidates desirous of nomination should reach the Superintendent of Police of their native district (Calcutta for this purpose being regarded as part of the 24-Parganas district) not later than the 15th September next.

The following qualifications are necessary :—

(*a*) Candidates must be of good social standing and respectable parentage and must ordinarily be natives of this Presidency.
(*b*) They must be of good moral character.
(*c*) They must be under 25 years of age on the 31st December 1919.
(*d*) They must have taken the B. L. degree.
(*e*) They must be free from disease, constitutional affection or bodily infirmity unfitting them or likely to unfit them for police duties.
(*f*) They must be not less than 5 feet 3 inches in height and 30 inches round the chest and must have been vaccinated.

(NOTE.—Stuttering or stammering is a defect which renders an applicant ineligible.)

Candidates should submit their applications, verification rolls and medical certificates in the prescribed forms, which are obtainable from the offices of Superintendents of Police. They must also submit along with their applications the original certificates relating te the B. L. degree and Matriculation Examination as well as a certificate of good moral character and conduct from the Principals of the institutions at which they last studied for not less than a year, or from some responsible officer of Government.

The selected candidates will be appointed on probation for three years. For the first six months they will be required to undergo a course of training at the Police Training College, Sardah, where they will receive an allowance of Rs. 75 a month and free accommodation. On passing out of the college they will be posted to districts for practical training for two and a half years, during which period they will receive an allowance of Rs. 100 a month, but will have to provide their own quarters.

At the end of the three years' probation, if favourably reported on, they will be confirmed and posted to a Court office as prosecuting officer and be given the full pay of the lowest grade of Inspectors, *viz.*, Rs. 150 a month. If, however, they are found unsuitable while on probation they will be discharged.

ENGLISH DEPARTMENT—CIVIL AND CRIMINAL.

The 23rd July 1919.

No. 4204G,—The following Circular Orders having been framed by the High Court of Judicature at Fort William in Bengal and approved by the Governor General in Council under section 107 of the Government of India Act, 1915 (5 and 6 Geo. 5, Chapter 61), are published for general information.

By order of the High Court,
N. G. A. EDGLEY,
Registrar.

CIVIL.

Cancel Rules 54 (*a*) and 56, Chapter IX, pages 212-213, Volume I, of the High Court's General Rules and Circular Orders, Civil, and *substitute* therefor the following :—

"54. (*a*) Having initialled the accounts of the day and signed the cash-book, the Judge in charge shall send the pass-book to the Treasury* together with the net amount in cash and a single chalan for the total receipts and all payment orders, the separate chalans received from parties being retained in the Court. This remittance must be entered in the cash-book as a payment of the day upon which it is made.

* Or to a Branch Bank, *vide* Note to Rule 58.

NOTE.—As the Treasury does not keep a detailed record of the deposit receipts, it will suffice if the gross receipts are communicated to it with a single chalan.

56. On the last day of the month, and from time to time, as occasion may arise (*see* Rule 13), the Treasury pass-book shall be made up, showing all receipts and payments at the Court since the last remittance to the Treasury.† Its accuracy having been tested, it shall be forwarded to the

† Or to a Branch Bank, *vide* Note to Rule 58.

Treasury with a single chalan for the total receipts and all payment orders, the separate chalans received from parties being retained in the Court. If the receipts have exceeded the payments, the cash excess shall be sent to the Treasury, unless such excess does not amount to Rs. 25, in which case it may be remitted in the following month; if the contrary, the cash deficit shall be received from the Treasury; in either case, the Cashier will have, after the completion of the transaction, in addition to the balance of peremptory cash transactions, only the Permanent Advance allowed to the Court for carrying on its payments at a distance from the Treasury.

NOTE.—As the Treasury does not keep a detailed record of the deposit receipts, it will suffice if the gross receipts are communicated to it with a single chalan."

CRIMINAL.

Cancel Rules 7, 58 (*a*) and 60, Chapter VIII, pages 137, 162 and 163, Volume I, of the High Court's General Rules and Circular Orders, Criminal, and *substitute* therefor the following :—

"7 The receipts and payments under head (*a*) must appear in the Court's account in detail, but in the Treasury account in which a personal ledger account only is maintained for this head, the daily totals of receipts and payments made at the Court and the individual items of receipts and payments at the Treasury will appear. All receipts and payments under heads (*b*) and (*c*) and (*h*) above must appear in the Court's accounts and in the Treasury accounts in detail. An account in detail of all receipts under heads (*e*) to (*g*) must be kept in the Court, but only the daily totals of each kind of receipts will appear in the Treasury books. All receipts and payments under head (*i*) will be made on the responsibility of the Cashier, whose security must be sufficient to cover any amount in his hands. They will not appear at all in the Treasury accounts, but the balance in the hands of the Cashier must be noted daily in the cash-book, as well as the balances of any other moneys with which he may be entrusted (*e.g.*, permanent advance, or pay of establishment).

NOTE.—Fractions of a pie are not to be entered in the Court's accounts, and they should neither be received nor paid (High Court proceedings, Civil, August 1898, No. 35).

60. On the last day of the month, and from time to time as occasion may arise (*see* Rule 13), the Treasury pass-book shall be made up, showing all receipts and payments at the Court since the last remittance to the Treasury†. Its accuracy having been tested, it shall be forwarded to the Treasury with a single chalan for the total receipts and all payment orders, the separate chalans received from parties being retained in the Court. If the receipts have exceeded the payments, the cash excess shall be sent to the Treasury. unless such excess does not amount to Rs. 25, in which case it may be remitted in the following month; if the contrary, the cash deficit shall be received from the Treasury; in either case, the Cashier will have, after the completion of the transaction, in addition to the balance of peremptory cash transactions, only the Permanent Advance allowed to the Court for carrying on its payments at a distance from the Treasury.

† Or to a Branch Bank, *vide* Note to Rule 62.

NOTE.—As the Treasury does not keep a detailed record of the deposit receipts, it will suffice if the gross receipts are communicated to it with a single chalan."

APPENDIX No. 1A.

OPEN GENERAL LICENCE FOR EXPORT OF LIST C GOODS.

An Open General Licence has been issued allowing goods on Section C of the Prohibited List, including those shown in Appendix No. 1, but not including any goods contained in Section D, to be exported freely by freight from this country to Sweden, Denmark, Holland and Switzerland, on the following terms :—

Sweden.—Individual guarantees in respect of exports are not longer required, but the goods must be consigned either (1) to the appropriate Import Associations or (2) to the Inter-Allied Trade Committee at Stockholm, who will endorse the Bills of Lading (without any financial liability) on receipt of satisfactory guarantees from the consignee. In order that the method of consignment may be checked, an arrangement has been made whereby shippers are to forward the Customs Shipping Bills or Specifications (whichever are required under Customs regulations) to the Export Licence Department, 4, Central Buildings, Westminster, S.W. 1 (in envelopes marked "Shipping Section") for approval. Should the exporter actually have received a guarantee against re-export in respect of the transaction, it should be forwarded with the Shipping Bill or Specification, and if the guarantee has previously been sent to this Department, the reference number of the relative papers should be furnished. The Shipping Bills or Specifications will be amended, if necessary, and returned to the shippers stamped "approved". Upon the production of approved Shipping Bills or Specifications, shipment will be allowed by H. M. Customs without any form of guarantee, subject to the usual Customs formalities. This procedure will not apply to any individual licences which have already been issued, or which may hereafter be issued in special cases.

Should exporters prefer, they may forward to this Department a duplicate of the usual advice sent to their shipping agents in lieu of a Shipping Bill or Specification. The advice will then be stamped and returned to them (or to their shipping agents if requested) for production to the Customs with the usual Shipping Bill or Specification. Documents addressed to the Shipping Branch of the Export Licence Department will be dealt with at once and vill be despatched to exporters by return post.

Denmark.—The usual certificates from the Danish Associations must be produced to the Customs at the time of shipment, and in such cases the goods may be consigned direct to the consignee. Where goods covered by one certificate are to be shipped in instalments, special arrangements should be made with the Customs on shipment of the first instalment. Where the exporter is in a position to declare that the Association will not issue a certificate, the goods may be consigned to the Inter-Allied Trade Committee at Copenhagen, for account of the actual consignee. The certificates need not be produced to the Customs in any case where individual licences have been or may be issued by the Export Licence Department in special cases.

Holland.—All goods may be consigned to the Netherlands Oversea Trust for account of the sub-consignee without the prior production of an N.O.T. certificate, though exporters who actually hold certificates should hand them to the Customs at the time of shipment. The same procedure will apply to outstanding licences.

Switzerland.—All consignable goods (except foodstuffs), a list of which is issued as a special supplement to the "List of Export Prohibited Goods," should be consigned to the Société Suisse de Surveillance, but the prior production of an S.S.S. certificate to the Customs will not be necessary, even in respect of licences already issued which may stipulate for the production of S.S.S. certificates. Any S.S.S. certificates actually in the possession of exporters should, however, be handed to the

Customs when the goods to which they relate are shipped. It is, however, still necessary for the actual consignee in Switzerland to obtain an S.S.S. certificate before the goods can be handed over by the Swiss Customs. It is important, therefore, that exporters should, immediately on receipt of an order from Switzerland, advise the Swiss purchaser to take the necessary steps to obtain the certificate from the S.S.S.

In cases where the S.S.S. have refused generally or specifically to accept consignment for any customer, an application for specific licence should be made to this Department. The fact that the S.S.S. have refused to accept consignment should be clearly mentioned on the application form.

Goods not consignable to the S.S.S. may be despatched direct to the purchaser.

Applications for licences for the above countries should continue to be made to the Export Licence Department (4, Central Buildings, Westminster, S.W. 1) for all goods on Section A, B or D of the Prohibited List. Applications should also be made for the following goods on Section C :—

(*i*) goods to be despatched by parcel post ;

(*ii*) goods intended for the personal use of the recipient ;

Applications to export goods in reasonable quantities to private consignees in Norway, Sweden, Denmark, Holland, and Finland will be considered without consignment to the usual Importing Associations or production of guarantees against re-export.

It must be understood that no goods can be despatched under this scheme except such as are for the personal use of the consignee and of his family.

(*iii*) isolated trade transactions not exceeding £5 in value.

Exports by parcel post to neutral countries in Europe are allowed without consignment to the usual Importing Associations, or, in the case of Denmark, guarantees against re-export, provided the value of the parcel does not exceed £5. It should, however, be distinctly understood that this procedure is intended to apply to isolated transactions only, and that exporters cannot be allowed to despatch large numbers of parcels to the same consignee without consignment to the appropriate Import Association; it will not, however, be necessary for certificates from those Associations to be produced.

In each case [except as regards (*ii*) and (*iii*) above, for which guarantees are usually waived] exporters should state whether the appropriate Importing Association is willing to accept consignment of the goods; and if the Association has refused to accept consignment, generally or specifically, that fact should be stated.

Norway.—An open general license has been issued for all goods not on List A or B, whether exported by freight or parcel post, without restriction as to method of consignment.

APPENDIX No. 1B.

Consignment to Importing Associations, &c. (or, in the case of Denmark, Guarantees against Re-Export) are not required for the following Export Prohibited Goods :—

Drugs, &c., the following :—
Betanaphthol.
Opium and its alkaloids and preparations.

Steel scrap.

FOODSTUFFS.

Foodstuffs (including raw materials for the manufacture of foodstuffs) may now be exported to Norway, Sweden, Denmark, Holland and Switzerland without the intervention of official consignees. Licences for foodstuffs on Lists A and B will, therefore, where home supplies permit, be issued providing for consignment direct to the purchaser.

Foodstuffs on List C may be exported direct to the purchaser under the authority of an open general licence without application to the Export Licence Department.

The term "foodstuffs" should be regarded as including spices and beverages.

APPENDIX No. 2.

SAMPLES.

An Open General Licence has been issued which permits the free export of all *bonâ fide* samples of prohibited goods to all non-enemy destinations, and to enemy territory with which trade is now permitted. Samples exported under this licence may be used only for genuine sample purposes, *i.e.*, for obtaining orders from foreign buyers, and may not be sold except with the written consent of the Export Licence Department, but such consent may be dispensed with when it is desired to sell the articles in the country of destination after they have fulfilled their purpose as samples. Exporters will be required to satisfy the Customs Authorities that the goods presented for export under this licence are *bonâ-fide* samples, and to make a declaration to that effect on the relative shipping documents.

APPENDIX No. 4.

OPEN GENERAL LICENCE FOR EXPORT OF CARTRIDGES, CHARGES, ETC., DOUBLE-BARRELLED GUNS, AND SPORTING RIFLES, TO CERTAIN DESTINATIONS.

An Open General Licence has been issued for the export of cartridges, charges, etc., industrial explosives, double-barrelled guns and sporting rifles, to the destinations given below, to which, therefore, exports may be made, subject to the usual Customs formalities, without applications for specific licences to the Export Licence Department :—

To the provinces of German-Austria as defined above, and to the occupied territories in both Austria and Hungary, goods on prohibited List C (except such as may be on List D) and free goods may be exported without licence ; goods on Lists A and B require export licences.

URGENT ORDERS.

The Board of Trade, Export Licence Department, announces that, in collaboration with the Department of Overseas Trade, an arrangement has

been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Export Licence Department the licence will be granted.

The telegrams should be addressed to "Orders, c/o Advantage, Stock, London." They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee, if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from territory in the occupation of troops of the Associated Governments, the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 24 words (1s. 3d.) must be prepaid.

Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Comptroller General, Department of Overseas Trade (Export Facilities Section), 73, Basinghall Street, E. C. 3.

No. 5333.—The following extract from the Board of Trade Journal, dated the 12th June 1919, is published for general information :—

Delete the following headings :—

(B) Potash salts (except potassium nitrate) and mixtures containing such potash salts not otherwise prohibited.
(A) Vegetables, fresh, of all kinds.

Add the following headings :—

(A) Onions, fresh.
(A) Tomatoes, fresh.
(Vegetables, fresh, except onions and tomatoes, now come under List "C".)

APPENDIX No. 1.

Add the following :—

Chocolate and milk, cocoa and milk, coffee and milk, sweetened or unsweetened, in tins.

APPENDIX No. 1A.

Denmark.—All restrictions on exports of List "C" goods to Denmark, whether by freight or by parcel post, have been removed.

Application for licences to export goods on List "A" or "B" should continue to be made to the Export Licence Department, but no certificates from the Danish Associations need be produced.

Exporters should satisfy themselves in all cases that the goods are not subject to any Danish import prohibition.

EXPORT OF FOODSTUFFS.

An Open General Licence has been issued permitting the export of all foodstuffs except those included in Section "A" or "B" of the List of Export Prohibited Goods to the following destinations :—

Unoccupied Germany, Finland, Esthonia, Poland, Lettland (Latvia), and Lithunia.

Import licences from the Inter-Allied Trade Committee at Helsingfors need no longer be obtained in respect of foodstuffs exported to Finland. Goods exported to Poland must be consigned to the Relief Commission at Dantzig for account of the ultimate consignee. Trading with Lettland and Lithuania is at present limited to foodstuffs and goods on the "free" list.

Foodstuffs other than those on List "A" or "B" can now, therefore, be exported without application to the Export Licence Department to all destinations except Bolshevist Russia and unoccupied Hungary, without any other formalities than those required by the ordinary regulations of H. M. Customs and Excise.

No. 5578.—In exercise of the powers conferred by section 3 of the Import and Export of Goods Act, 1916 (XI of 1916), the Governor General in Council is pleased to direct that the following notifications in this department shall be cancelled :—

(1) No. 6167-158-W.-II, dated the 22nd July 1916, as subsequently amended ;

(2) No. 6168-158-W.-II, dated the 22nd July 1916, as subsequently amended ; and

(3) No. 1223-D., dated the 8th December 1917, as subsequently amended.

NOTIFICATION.

No. 1848Medl.—The 30th July 1919.—The following draft of a notification, which, in exercise of the powers conferred by clause (*ii*) of section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and clause (*k*) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III

of 1885), the Governor in Council intends to issue, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 15th September 1919, and any objection or suggestion with regard thereto which may be received by the undersigned before that date will be duly considered.

Draft notification.

In exercise of the powers conferred by clause (*ii*) of section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and clause (*k*) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to make the following amendments in the rules for the management of hospitals and dispensaries under the supervision of the Government of Bengal, published under notification No. 138T.—Medl., dated the 7th June 1915, at pages 1052—1066 of Part I of the *Calcutta Gazette* of the 9th *idem*, as subsequently modified, namely:—

After rule 38 of the said rules, *insert* the following, namely:—

38A (*1*) All cases of serious injury or of poisoning admitted to a charitable hospital or dispensary, and whether brought in by the police or not, shall be reported in prescribed form (B.C.M.D. form No. 67) to the police at the nearest thana as soon as possible and in any case within 24 hours of admission.

Stomach washings from suspected poisoning cases are to be carefully preserved in sealed bottles and labelled with the B.C.M.D. label form No. 68.

(*2*) Dying declarations.—When a patient in an injury case is likely to die, the medical officer shall inform the Magistrate, so that, if necessary, arrangements may be made to record the dying declaration of the injured person, but the medical officer shall not in any case delay the necessary treatment of the injured person in order to give facilities for the dying declaration to be taken.

(*3*) Should a patient in an injury or poison case die, or should a hospital patient die from unnatural causes, the medical officer shall inform the police at once in order that due investigation may be made.

(*4*) The bodies of patients dying in hospital from natural causes shall be handed over to the relatives or friends of the deceased for disposal. Should no relative or friend claim the body within 24 hours, the body shall be disposed of under local arrangements.

FIELD OPERATIONS.

No. 2509.—The following despatch by His Excellency General Sir Charles Carmichael Monro, G.C.B., G.C.S.I., G.C.M.G., A.-D.-C., Commander-in-Chief in India, on the part played by India, including the Indian States, in the prosecution of the war, which appeared in the the *London Gazette* dated the 28th July 1919, is published for general information:—

Dated Delhi, the 19th March 1919.

From—GENERAL SIR CHARLES C. MONRO, G.C.B., G.C.S.I., G.C.M.G., A.-D.-C., Commander-in-Chief in India,

To—The Secretary to the Government of India, Army Department.

IN continuation of my despatch dated 20th August 1918, I have the honour to submit the following brief review of the part played by India, including the Native States, in the prosecution of the war:—

INTRODUCTORY.

2. The strength of the Army in India at the outbreak of war was approximately 77,000 British and 159,000 Indian ranks, exclusive of 38,000 Volunteers and 35,000 Indian reservists. Judged by pre-war standards, these numbers are large; but, if the services rendered by India in the early stages of the war are to be assessed at their full value, it is important to emphasise that this force was in no sense a potential reserve to the armed forces of the British Empire. As the Government of India are aware, the primary functions of the pre-war Army in India were two-fold, namely, the maintenance of order within and on the borders of British India, and, secondly, the provision of a field army capable, should the necessity arise, of undertaking a campaign beyond the border for purposes of defence against external aggression. The Army in India was in no sense maintained for meeting external obligations of an Imperial character.

3. It is true that there have been many precedents for the employment of small contingents from India in support of Imperial interests in other parts of the world, but it has never been the policy to maintain troops in India in excess of those actually required for the protection of her own interests; and as the strength of the Army in India has hitherto been governed by these considerations alone, no appreciable contingent could be furnished for employment overseas without involving considerable risk. At the same time it was recognised that in the event of an emergency threatening the integrity of the Empire, the Government of India might be called upon to accept this risk with the object of adding to our strength at the decisive point: the Army was therefore organised and equipped, as far as was compatible with its main rôle, so as to be capable of affording ready co-operation in such direction as His Majesty's Government might indicate. Only a few days before the outbreak of war, the conclusion had been arrived at and communicated in a despatch to the Secretary of State that, provided conditions were normal in India and on her frontiers, the Army Council could usually rely on India to provide a force of two divisions and one cavalry brigade, and that, in circumstances of special urgency, it might be possible, though at some risk, to provide an additional division.

1914.

4. The outbreak of war occurred at an inconvenient juncture for, purposes of mobilisation and the despatch of forces overseas. A large proportion of the British troops were located in summer quarters in the hills, in many cases at long distances from the railway; the Indian troops were largely on leave; and a large number of British officers were at home on furlough, 530 of whom were detained on the outbreak of war for employment under the War Office. Moreover, the incidence of the monsoon season was a severe handicap to Indian troops, the bulk of whom had never before crossed the ocean. In spite of these difficulties no time was lost in mobilising the required forces and requisitioning the necessary sea transport.

5. The first request for troops received from His Majesty's Government was for two infantry divisions and one cavalry brigade for garrison duty in Egypt and the Soudan. The 3rd and 7th Divisions and 9th Cavalry Brigade were accordingly mobilised and made ready for despatch overseas; but, in informing the Secretary of State of these arrangements, it was urged that the relegation of these troops to garrison duty would be keenly felt by the men themselves, and that it was most desirable from every point of view that India should be represented on the European front. The destination of the contingent was accordingly changed to Marseilles. At the same time a request was received for a complete cavalry division, and subsequently for a second cavalry division, instead of the one cavalry brigade originally asked for; these were at once placed under orders, and the first convoy transporting the contingent to France sailed from Bombay on the 25th August, *i.e.*, within three weeks of the declaration of war. The bulk of the force had disembarked at Marseilles before the end of September, and less than a month later were action in Flanders. The total strength of the original contingent despatched to France amounted approximately to 16,000 British and 28,500 Indian ranks.

6. A request was also received within the first few days of the war for the preparation of a mixed force, including six battalions, to deal with German East Africa, and for three additional battalions for the protection of Zanzibar and the Mombasa-Nairobi railway, the operation of the latter being controlled by the Colonial Office. The despatch of the former was somewhat delayed by shortage of shipping and the difficulty of providing naval escort,—(the German cruisers *Emden* and *Konigsberg* were at this period at large and the former had appeared off Madras on the night of the 22nd-23rd September)—but the force eventually arrived at Mombasa on the 31st October, and sailed for Tanga next day. One of the three battalions for British East Africa sailed on 19th August, and was in action at Tsavo on 6th September. With the arrival of the remaining two battalions the two forces were amalgamated under one command. The strength of these two contingents, which contained a large proportion of Imperial Service Troops, amounted approximately to 1,500 British and 10,250 Indian ranks.

7. In the meantime, the threatening attitude of Turkey had made it necessary to take steps for the protection of the Abadan pipe-line, and it was

decided to despatch a brigade of the 6th Division (which had been mobilised in anticipation of further demands) to demonstrate at the head of the Persian Gulf, without, however, taking hostile action. This brigade embarked on the 16th October, and arrived at Bahrein on the 23rd. With the declaration of war against Turkey a week later, the brigade was ordered to take Fao, and a second brigade was placed under orders to support it. The remainder of the 6th Division sailed for the Shatt-al-Arab on the 20th November. The strength of this advanced guard of the Mesopotamian Expeditionary Force amounted approximately to 4,500 British and 12,000 Indian ranks.

8. A further commitment was accepted by the Government of India in despatching to Egypt, at the request of His Majesty's Government, a force of six infantry brigades (including one composed of Imperial Service troops) and one Imperial Service Cavalry Brigade. While *en route* to Suez one of these infantry brigades took part in the action at Sheikh Saad on 10th November. These troops, numbering approximately 1,500 British and 27,250 Indian ranks, disembarked in Egypt during November and December. A small Indian contingent also co-operated with the Japanese in the attack on the German naval base at Tsing-tao in North China.

9. In addition to the organised forces despatched at France, East Africa, Mesopotamia and Egypt, 32 British Infantry battalions and 20 batteries of artillery, aggregating 35,500 British ranks, were sent independently to England to facilitate the expansion of the army at home, and were gradually replaced by 35 Territorial battalions and 29 Territorial field batteries. The small residue of the pre-war British regular garrison was concentrated in formations on the North-West Frontier, while the Territorial units underwent a course of intensive training. These latter fully proved their fighting value during the later stages of the war; but for the time being they had much to learn as regards warfare under the novel conditions of a country like India. Thus, by the close of 1914, India was maintaining four overseas forces amounting in the aggregate to over 100,000 men of all ranks, and had in addition exchanged 35,500 of her best British regular troops for an equivalent number of semi-trained Territorials with inferior armament and equipment. Moreover, the stock of rifles in India had been reduced to a very low figure by demands from the field and by the transfer to the War Office of a large number which were under manufacture in England. The number of mobile guns had similarly been reduced from 474 to 270, and necessitated the reorganization of batteries on a 4-gun basis.

10. This situation was rendered possible in a large measure by the absence of serious disorder on the frontiers. His late Majesty the Amir of Afghanistan maintained an attitude of strict neutrality, which was reflected in the attitude of the frontier tribes generally. Sporadic attempts to stir up fanatical feeling were, however, reported towards the close of 1914 from the Tochi Valley and the Mohmand country (involving the employment of a part of the 2nd Division); some minor punitive operations were also rendered necessary on the North-East Frontier to deal with some long-standing unrest among the Kachins. In spite of the entry of Turkey into the war occasioning grave concern among the Muhammadans of India, the internal situation remained calm, and though a few isolated signs of unrest manifested themselves in different parts of the country, these were for the most part traceable to German influence and propaganda, and were promptly dealt with. Viewed as a whole, the general situation within and on the borders of India appeared to justify the risk which had been taken in depleting the country of so important a part of its armed strength and in introducing so large an untrained element into the British garrison.

11. As the Government of India are aware, the outbreak of war had been the signal for a remarkable and spontaneous demonstration of enthusiasm throughout the country, accompanied by practical expressions of loyalty in the shape of offers of assistance of every kind. Ruling Chiefs placed their troops and treasure unreservedly at the disposal of the Government and a constant stream of gifts in money and kind flowed in from every section of the community. There was, in fact, a general rally of every grade of European and Indian society. The ladies of India found an outlet for their energies in the various associations which were formed for the relief of distress, the care of the sick and wounded, and the provision of comforts for the troops in the field. A number of Indian gentlemen came forward to offer their assistance in safeguarding the interests of the Indian soldier on

service by enquiring into petitions received from the field, attending to the needs of his family, and in various other ways; and a number of others offered their services in the task of explaining the issues of the war to the more ignorant classes, steadying public opinion, and combating hostile intrigue and propaganda. These and various other activities, in which much unobtrusive but valuable service was rendered by individual workers, continued to develop in scope, volume and effect throughout the whole period of the war.

1915.

12. In many respects 1915 was the most critical period of the war as far as India was concerned. The outstanding feature of the year was the growing importance of the campaign in Mesopotamia, involving a steadily increasing demand for men and material at a time when the armed forces of the country had been reduced to a dangerously low level. The year was, in fact, one of strenuous endeavour to comply with demands which constantly threatened to outpace the ability of the country to meet them. During the year contingents from India were engaged in France and Belgium, in Egypt, in Gallipoli, in Mesopotamia, in South and East Persia, in East Africa, in the Cameroons, in the Aden Hinterland, in Somaliland and on the North-West and North-East Frontiers of India, besides garrisons at several colonial stations. The mere enumeration of these theatres will convey some idea of the complex nature of the problem which confronted those responsible for the provision of the necessary men and material.

13. The rapid expansion of the British Army at home made it possible towards the close of the year to release the Indian Army Corps from France. The Corps had helped to tide over an anxious period and had fought at Festubert, Neuvechapelle, Loos and the Second Battle of Ypres; but now that British troops were available to take their place, it was felt that they could be used to better advantage under more congenial climatic conditions. Their employment in a theatre nearer India would, moreover, effect an appreciable saving in sea transport and generally ease the administrative difficulties inseparable from the maintenance of a force so far from its base of supply. The Corps accordingly embarked in November and December for Mesopotamia. The two cavalry divisions were, however, retained in France.

14. From the small beginnings narrated in paragraph 7, the 1915 campaign in Mesopotamia assumed a character of the greatest importance to India, since its reaction was felt all over Persia and, indeed, throughout the East. Moreover, it was in this direction that India, by reason of her geographical position, could contribute most effectually. It is outside the scope of this brief review to trace the sequence of events which led up to the gradual development of the operations; these are already well known to the Government of India. Suffice it to say that early in the year urgent representations from His Majesty's Government led to the increase of the force from one division to the strength of two divisions and one cavalry brigade; one infantry brigade was obtained from Egypt, but the remainder of these additional troops were provided from India, and had reached Basrah by the end of March. In the autumn, two more brigades were sent from India, and towards the close of the year the leading units of the Indian Army Corps from France began to arrive in the country. The provision of these additional formations from the depleted garrison of India was a matter of grave concern, and was only made possible by the promise of His Majesty's Goverment to send a number of British Garrison Battalions from home for second line duty in India. By the close of the year the Mesopotamian Expeditionary Force had grown from the strength of a single division to over 50,000 fighting men.

15. It was soon apparent that the Expeditionary Force in German East Africa would continue to draw largely upon India for men and material. Some of the units which had suffered severely in the early stages of the campaign were withdrawn to India and replaced by fresh units, and four additional battalions were despatched during the year. But the chief burden imposed by the East African campaign at this period, and, indeed throughout the war, was the replacement of wastage rather than the provision of complete units; in certain cases demands were received for draft reinforcements amounting to over fifty per cent. of establishment before the unit had been three months in the country. The Government of India will

appreciate the difficulty with which such demands were met at a time when the recruiting organization was still undeveloped, and when France, Gallipoli and Mesopotamia were making constant and heavy calls on the trained manhood of the country.

16. No additional troops, other than draft reinforcements, were sent to Egypt during the year. The force was, in reduced by the transfer of six battalions to Gallipoli, and two brigades to Mesopotamia, one of which was also employed for a few months to reinforce the garrison at Aden. Three battalions were also sent independently from Egypt to France.

17. In minor theatres, the year brought several lesser commitments. In theatres outside the Indian sphere small contingents were employed in the Cameroons and Somaliland; within the Indian sphere, the incursion of a Turkish force into the Aden Protectorate involved the organization of a small force for the protection of the Fortress; and in the Gulf of Oman, minor operations were rendered necessary at Musqat, Jask, and Chahbar. Early in the year German agents began to shew great activity in Persia, and missions under leadership of Neidermeyer and Seiler were despatched from Berlin *viâ* Baghdad. To counteract the activities of these missions, which reached Persia in May, a cordon of troops was established, in conjunction with the Russians, in East Persia.

18. Throughout the year the situation on the North-West Frontier of India was somewhat unsettled as the result of hostile activities among the tribesmen, the Haji of Turangzai and the Hindustani Fanatics being particularly troublesome centres of intrigue. Operations became necessary in Baluchistan, the Tochi Valley, the Mohmand Border, Swat, Buner and the Black Mountain, on a scale which involved the employment of the whole of the 1st and part of the 2nd Divisions. Throughout the year, also, a coterie of disaffected Indians, acting as hostile agents and directing their operations from overseas, endeavoured with small success to sow disaffection among the troops and to create internal disorder. A disquieting feature was a wave of unrest in the Punjab; this, however, was firmly suppressed and has in no way tarnished the record of the Province as the most productive recruiting area in the country. Repeated efforts were made under German guidance to ship arms to India *viâ* Batavia and Siam, but were frustrated by the vigilance of the police, not only in India itself, but at Shanghai, Singapore and Bangkok. In this and many other connections relating to India's military activities, I have always been able to rely on the civil, naval, and military authorities at Singapore, and particularly on Major-General D. H. Ridout, C.B., C.M.G., Commanding the Troops, for the most cordial co-operation and unceasing vigilance on our behalf. The mutiny at Singapore was an ugly incident which, though occurring outside India, had an unsettling effect. The year was thus one of anxiety both within and on the borders of India, more especially as the constant demand for reinforcements overseas reduced the proportion of internal security troops to what, according to pre-war standards, was dangerously below the safety level.

19. By the spring of 1915, the whole of the Territorial contingent from home had reached India; but the intervention of the hot weather makes training a slower process in India than elsewhere, and it was not till towards the close of the year that they could be regarded as in any sense a substitute for the troops they had replaced. Their steady improvdment was, however, a reassuring element in the situation. The Army also received a valuable acquisition of strength in the shape of six Nepalese battalions—increased nine months later to ten—which the Nepal Durbar generously placed at the disposal of the Government of India for the period of the war. But the backbone of the Army in India at the period was the small contingent of British and Indian Regular troops, who, though precluded from sharing in the honours won by their comrades overseas, played a no less efficient and important part in the attainment of the common end by guarding the frontiers of India with a vigilance and devotion to duty which enabled the training of the Territorial units to proceed without interruption and the Indian Army to expand in a measure never before contemplated. It is due to these units that I should mention them by name, and I therefore append a list of those which were retained in India throughout the whole period of the war :—

20. Meanwhile, it was fully appreciated that the war would be a long and tedious one. It is important to emphasise here that whereas the pre-war policy of His Majesty's Government required of India that she should be prepared merely for a hill campaign beyond her frontiers, the general policy of the Empire on the outbreak of war dictated a concentration of effort towards the strengthening of our position in Europe and the North Sea. The energies of India had therefore been directed towards this common object, expenditure on subsidiary projects being reduced to the lowest possible limits; hence, the decision of His Majesty's Government to develop the campaign in Mesopotamia far beyond the limits orginally assigned to it presented a problem of great difficulty and involved a re-adjustment of the financial, commercial, manufacturing and military resources of India. It must be remembered also that at this period the resources of the United Kingdom were required almost exclusively to meet demands of the British forces in Europe, and the various Indian contingents enumerated in paragraph 12 were therefore dependent chiefly on India as their base of supply. The wide variety of climatic and other conditions under which these contingents were serving was in itself a source of extreme difficulty and taxed the resources of India to the utmost. In July 1915 the munition-making resources of the country were first co-ordinated by the Railway Board, which employed a special staff to supervise and develop the output. Much use was made in this way of the capacity of the railway workshops, in which considerable quantities of shell cases were manufactured, as well as a great variety of miscellaneous articles which could not be produced by the Ordnance and other Government factories.

1916.

21. Except in Mesopotamia, where the campaign continued to grow in scope and importance and called for a determined redoubling of effort, the year brought no outstanding developments as far as the Army in India was concerned. The Indian contingent in France, already reduced by the withdrawal of the Indian Army Corps at the end of 1915, was further reduced in June 1916 by the transfer of the Meerut Cavalry Brigade to Mesopotamia; but at the request of His Majesty's Government, India undertook two additional responsibilities in France with the object of conserving British manpower in that theatre, viz., the provision of a monthly draft of artillery drivers

and the raising of a large number of labour corps for work behind the line. These latter, aggregating some 28,000 men, were formed with great rapidity by Local Governments. They represented a wide variety of race, creed and language, including numbers from the remotest confines of India, such for example as Kukis, Manipuries, Khasis and Garos from the borders of Assam. Chins from the hills of Burma, and Santalis and aborigines from Chota Nagpur. The rapidity with which these men were enlisted and organized under specially selected officers who knew and understood them reflects the greatest credit on the Local Governments concerned. To provide reinforcements for Mesopotamia, the Indian contingent in Egypt was reduced to the strength of one cavalry and two infantry brigades. and the abandonment of the Dardanelles campaign also set free the Indian units in that theatre for the same purpose. In East Africa no important developments occurred, but the rate of wastage continued to rule high and was a constant source of anxiety.

22. Throughout the year, the chief responsibilities of India were centred in the Mesopotamian campaign. In addition to the 3rd (Lahore) and 7th (Meerut) Divisions, which reached Basrah early in the year. a reinforcement of five additional battalions was sent from India and three infantry brigades were mobilised in readiness to proceed it and when troops were received from England or Egypt to replace them. At the same time the 13th British Division in Egypt was placed under orders by the War Office to proceed to Mesopotamia. As the Government of India are aware, only a portion of these troops arrived in time to take part in the operations for the relief of Kut-el-Amrah. The loss of prestige associated with the failure of these operations was much less than might have been expected, a circumstance which can be attributed to the stubborn defence offered by the besieged garrison, and to the gallantry, self-sacrifice and endurance of the troops who had endeavoured to relieve them.

23. The fall of Kut was followed by a period of reorganisation preparatory to the resumption of operations by more deliberate methods. The force was reorganised into two Army Corps and a cavalry division, the latter being completed by the Meerut Cavalry Brigade, which sailed from France at the end of June. Immediate steps were taken to reconstitute the fourteen Indian battalions which had been lost in Kut; six of the were raised in Mesopotamia by means of drafts, and the remainder in India. Steps were also taken to relieve with fresh troops from India some of the units which had been continuously on service since the beginning of the war and which had suffered severely in the relief operations; three additional battalions were also sent from India for garrison duty on the Lines of Communication.

24. An important change also took place in the system under which the force was controlled and administered. It had been decided in February that the control of operations in Mesopotamia should be exercised by the War Office through the Commander-in-Chief in India, the chief provisions of this arrangement being:—

(a) that the Commander-in-Chief would receive his instructions with regard to military operations from the Chief of the Imperial General Staff under the authority of the Secretary of State for War in exactly the same manner as Commanders-in-Chief in other theatres;

(b) that India would remain the main base of the force which would continue to be administered by the Commander-in-Chief in India, such requirements of the force as India could not meet being supplied by the War Office from other parts of the Empire, subject to the general policy at the time being decided upon by the War Committee; and

(c) that the Chief of the Imperial General Staff and the Commander-in-Chief in India would correspond direct in regard to the requirements of the force in Mesopotamia, but all questions of principle or policy likely to affect the military or internal security of India or the political situation in Persia or the Gulf would continue to be referred by the Commander-in-Chief to His Excellency the Viceroy.

In July this control was extended also to the administration of the force i.e., that India continued to be its main base of supply, but that the Com-

mander-in-Chief became responsible to the Army Council, instead of to the Government of India, for the provision of the necessary personnel, supplies and material.

25. In minor theatres within the Indian sphere, the chief event was the despatch of a mission to South Persia at the request of the then Persian Government with the object of restoring and maintaining order, and of creating the force known as the South Persia Rifles. In conjunction with the Russians a small force was also maintained throughout the year in East Persia, to frustrate the activities of hostile agents in the direction of Afganistan and India. At Aden, no events of importance occurred, though the Turkish column remained in the vicinity of the fortress.

26. In spite of the Arab revolt and the fall of Kut, both of which events might have been expected to produce an unsettling effect on the border tribesmen, the situation on the North-West Frontier of India gave less anxiety than in the previous year. A small column from the 4th Division suppressed without difficulty some local disturbance in Baluchistan and it became necessary in October to institute a strict blockade against the Mohmand tribes whose uncompromising attitude continued to be a source of annoyance. Elsewhere the frontier remained quiet. Though there was some recrudescence of anarchy in Bengal the internal situation also showed a general improvement.

27. The sixteen garrison battalions which arrived from home during the year brought a valuable acquisition of strength to the Army in India, for not only did they set free sufficient Territorial and Indian battalions to add a much needed division to the Field Army, but they greatly facilitated the task of reinforcing British units overseas. The territorial battalions had by this time acquired a high standard of efficiency, and though there had as yet been no occasion to employ them in operations an the Indian frontier, the seven battalions which had been sent to Mesopotamia soon proved their quality.

28. Great strides were made in India during the year in the development and co-ordination of military effort. The rapid expansion of the force in Mesopotamia had emphasised the difficulty of maintaining a modern army in a tropical country, devoid of supplies, with undeveloped means of communication, and with no proper port of entry. The energies of the Railway Board which still controlled the manufacturing war industries, were concentrated on the betterment of these conditions; and before the end of the year the port of Basrah had grown from an undeveloped riverside into an efficient base; Basrah and Nasariyeh had been linked up by metre-gauge, and Qurnah and Amarah by narrow gauge, track; and 24 miles of light railway had been constructed close to the fighting front. The large bulk of the river craft sent to Mesopotamia during the year was provided by India, and the whole of the railway material and personnel.

29. In October, a very considerable expansion was effected in our recruiting arrangements, which henceforward were organised on a territorial, instead of a class, basis and from the beginning yielded good results. For the first two years of the war recruitment had been conducted on pre-war lines, through the agency of Recruiting Officers appointed for each class, irrespective of the civil administrative divisions. Non-combatants were obtained by the Branch or Department concerned, with the result that each was in competition with others, and varied terms were prescribed, even for men of the same class similarly employed. In October 1916 the entire control of recruitment for all services was vested in the Adjutant-General and radical changes were introduced without delay. Henceforward all recruitment was conducted on a strictly territorial basis; the local recruiting staff was organised; and recruitment of all classes, both combatant, and non-combatant, was brought into close relation. The result was immediate. The strength of the Mesopotamia Expeditionary Force alone had risen to over 120,000, at the close of the year, and that of the Army in India to 79,000 British and 177,500 Indian ranks. The permanent wastage in Mesopotamia at this period was 2,300 a month, and in India, 3,500 a month; and it was calculated that a total monthly increase to the army of 11,750 fighting men and 8,250 followers was necessary in order to meet our various commitments overseas. The enlistment of labourers on a large scale was also inaugurated in 1916, especially for France and Mesopotamia, and was extended to a number of classes which had hitherto never been tapped for military purposes.

1917.

30. During 1917, the chief events of the year were still centred in Mesopotamia; elsewhere no important developments occurred as far as Indian Expeditionary Forces were concerned. In France, the non-combatant strength of the Indian contingent was increased by over 200 per cent by the despatch of the 54 Labour Corps from India referred to in paragraph 21. Notwithstanding the strange surroundings into which they were suddenly transported and the trying climatic conditions to which they were subjected, these men rendered a good account of themselves and some of the corps especially distinguished themselves under fire during the German offensive the following year.

31. The strength of the contingent in Egypt was increased by four Indian battalions during the year, three of which were raised locally by the despatch of drafts; and, at the request of His Majesty's Government, nine Territorial battalions were also sent to Egypt. East Africa continued to make heavy demands for draft reinforcements in proportion to the number of units employed, but an important advance was made during the year towards the successful conclusion of the campaign. Three Imperial Service Battalions, which had been serving in the country continuously for three years, were withdrawn to India to rest and refit. In addition to drafts, one cavalry regiment, one battery of mountain guns and three battalions were sent as complete units during the year.

32. In Mesopotamia, the series of operations which culminated in the capture of Baghdad completely transformed the military situation, and produced political effects of far-reaching importance. India's share in the achievement of this important success consisted in the provision of over three-quarters of the force employed, over three-quarters of the rivercraft, and the whole of the railway material and personnel, without which the operations would have been impossible. Of the 86 battalions included in the force at the date of the capture of Baghdad, India had contributed 73, and all but 2 of the 43 squadrons of cavalry.

33. Before the end of the year, a further important contribution had been made. The disintegration of Russia had impaired the fighting efficiency of the Russian troops, and, in the absence of any co-operation from that quarter, it became necessary to provide some substantial reinforcement for the Mesopotamia Expeditionary Force. Steps were accordingly taken to form two additional infantry divisions and one cavalry brigade. Certain of the technical units for these formations were obtained from home or by redistribution within the force, but the whole of the infantry and cavalry, and the personnel and horses for two brigades of field artillery were provided by India; in addition, one cavalry regiment and ten infantry battalions were sent to Mesopotamia as unallotted units. At the close of the year the force had reached its maximum strength of over 420,000, including followers.

34. Except on the North-West Frontier of India, no important events occurred in the minor theatres. An active defence was maintained at Aden throughout the year; and in South and East Persia several minor operations were undertaken against raiders, robber bands and gun-runners. In March the force at Bushire, which had hitherto been part of the Mesopotamia Expeditionary Force, passed, under the orders of His Majesty's Government, to the direct control of the Government of India. On the North-West Frontier of India, important and successful operations were undertaken against the Mahsuds in Waziristan, lasting from March to August; these operations, have been dealt with separately in my despatch dated 20th December 1917, involved the employment of part of the 2nd and 16th Divisions, as well as the troops of the Derajat and Bannu Brigades. In July the Mohmands came to terms, and the blockade was raised. Elsewhere activity on the frontier was confined to dealing with trans-border raids. The internal situation remained calm throughout the year.

35. Meanwhile, important strides were made in the provision of facilities for rapid training and in the expansion of the army. Five garrison battalions were received from home during the year, and 55 new battalions were raised in India, besides a large number of technical and administrative units. The receipt during the spring of 159,000 rifles greatly facilitated the training of these new troops. Other notable features were the increasing and successful enrolment of labour, both skilled and unskilled; the enlistment of companies of ex-sepoys for garrison duty in India; the rapid expansion of the Indian Army Reserve of Officers, the establishment of Followers'

Depôts; and the creation of Technical Training Schools, such, for example, as those for railway signallers, maring engine drivers, mechanical transport drivers, ice mechanics, clerks, etc., etc.

36. The experience of previous years led to some important developments, also, in the organization of our civil resources. The Indian Defence Force came into being early in the war year and by season of its wider constitution was able to replace and extend the duties hitherto partially performed by the Volunteer Force. In particular, it took a more effective share in the prosecution of the war by undertaking certain garrison duties in India with the object of releasing regular troops for service overseas. The Munitions Board was created in March as a temporary department of the Government of India, taking over the war work of the Railway Board and the Department of Commerce and Industry. Its chief functions were the co-ordination of demands for articles not manufactured or produced in India; the application of the manufacturing resources of India to war purposes; the collection and dissemination of industrial intelligence; and the disposal of Government indents and priority applications. Controllers of Munitions were also appointed in each of the chief provincial centres of India and steps taken to establish similar agencies in the principal Native States. Another important development of the year was the creation of the Central Recruiting Board, a combined civil and military organisation at the Headquarters of Government whose principal functions consisted in the guidance and control of the Provincial Boards established simultaneously in each in each Province and Administration. The required monthly and yearly quota of recruits were allotted by this body to the various Provinces on the basis of martial population and the needs of the Army, and in each Province the organisation was extended to each civil district, so that the rate of recruitment and the degree of exploitation in every part of India could be kept under constant supervision.

1918.

37. In their effect on India, the German offensive in France and the Turco-German attempt to move eastward across the Caspian were the outstanding features of the closing year of the war. Broadly speaking, their effect was twofold. In the first place, due to the defection of Russia, the move eastward opened up the prospect of the war spreading in the direction of the Indian frontier and introducing complications with Afghanistan—a danger which necessitated a further searching examination of our military position and a careful stocktaking of our resources, in order to enable us to meet the menace at as great a distance as possible from our frontier. In the second place, it involved a further and larger demand for men than had hitherto been contemplated, for not only did it become necessary to increase the Armies in India and overseas, but the extreme urgency of concentrating British manpower on the Western Front threw upon India the additional obligation of replacing the British soldier wherever he could be spared. This involved a general reshuffling of Indian units and formations, and the shifting of the centre of gravity, with the course of events, from Mesopotamia to Palestine.

38. As part of the general scheme for conserving British manpower, the two Indian Cavalry Divisions in France were broken up as such early in the year and transferred to Egypt. The bulk of the Labour Corps having also left France during the year on expiration of their contract, the Indian contingent in that theatre at the signing of the armistice had been reduced to about 12,500 fighting men,—mainly artillery drivers,—and 6,500 followers. This, however, represents only a small fraction of the numbers which had been sent to France during the course of the war, viz., 151,430 of all ranks and categories, British and Indian, excluding 42,430 British ranks who were sent independently to England early in the war.

39. In addition to the eleven Indian Cavalry Regiments received from France (which included the Jodhpur Imperial Service Lancers), the Egyptian Expeditionary Force was increased by the 7th (Meerut) and 3rd (Lahore) Divisions from Mesopotamia during the first half of the year. In addition to these two complete divisions, 22 battalions (including two Imperial Service units) were sent from India; and these, together with the eleven Indian battalions already in the force and six others which were formed in Mesopotamia and sent to Egypt separately, were used to convert the 10th, 53rd, 60th and 75th British Divisions to Indian establishment. A number of ancillary units, including four Mountain Batteries, were also sent from India, and six

new Field Companies, Sappers and Miners, were raised locally from existing companies, the personnel so withdrawn being replaced by drafts from India. Administrative units also received proportionate reinforcements, especially in medical personnel and equipment. At the signing of the armistice, the Indian element in the force stood at nearly 103,000 fighting men and 15,000 followers. I do not need to remind the Government of India of the exploits of these troops, many of them young and untried, during the closing stages of the campaign; they have received full recognition in Generel Sir Edmund Allenby's despatch on the operations, and have been rewarded by an encouraging message of appreciation from His Majesty the King.

40. While the possibility of a Turkish attack in Mesopotamia grew less during the year, an additional responsibility was thrown on the Mesopotamian Expeditionary Force by the conclusion of the armistice, in December 1917, between revolutionary Russia and the Central Powers. For some time past the defection of Russia had removed any serious obstacle from the path of German penetration towards the Caspian; but the conclusion of the armistice and the consequent withdrawal of the last remnants of the Russian Army would have left an open road, not only into Persia, but through Persia and Trans-Caspia towards Afghanistan and India, had not counter-measures been promptly taken. The maintenence of our troops on the Caspian necessitated road construction and the provision of mechanical transport on a large scale in North-West Persia, involving large demands on India for mechanical transport drivers and road-making personnel and equipment. The extension of the railway system towards Khanikin was also a serious drain on India's resources in railway material.

41. During the year, 15 new battalions were raised in Mesopotamia by withdrawing a company from each of 60 battalions already serving with the force, the latter being brought up to establishment again by drafts of young soldiers from India. Six of these new battalions were sent to Egypt, the remainder to India. Three companies of Sappers and Miners were raised in the same way and personnel sent from India to convert two British Mountain Batteries to an all-Indian basis. At the close of the campaign, the Indian personel in Mesopotamia amounted to approximately 113,000 fighting men and 183,000 followers, the latter figure including 26 Labour and Porter Corps and a very large number of Railway and Inland Water Transport categories.

42. Another measure in connection with the release of British troops for service in France was the despatch of 12 Indian battalions from Mesopotamia to Salonika. These battalions left Basrah during September and October, and on arrival at Salonika were incorporated in the 22nd, 27th and and 28th British Divisions, some of which were subsequently employed in the Caucasus and on the Black Sea Coast. They were to have been replaced in Mesopotamia by 12 newly raised battalions from India, but only two of the latter had left India when the armistice with Turkey was signed. Two Agricultural Labour Corps and the personnel of four Indian General Hospitals were also sent to Salonika from India during the closing stages of the war. The strength of the Indian contingent in that theatre on the signing of the armistice with Germany was approximately 15,000 fighting men and 3,000 followers.

43. Early in the year the situation in East Afria was such that General Vandeventer was able to release the greater part of his force; and with the exception of 4,500 men of all ranks (mostly railway personnel), the whole of the Indian contingent had been withdrawn to India when the armistice was concluded. The campaign had been a long and trying one, and disease had throughout taken a heavier toll than the enemy's bullets, Although the strength of the Indian contingent had never reached 15,000 and casualties in action had been comparatively few, over three times that number were sent from India during the course of the campaign.

44. The cessation of hostilities found the situation at Aden unchanged, no increase or decrease having taken place in the size of the force employed; but, to enforce the terms of the armistice on the Red Sea littoral, an additional battalion had to be obtained from Egypt, bringing the strength of the force to about 7,500 fighting men. It is inevitable that an inactive campaign of this nature, carried out under trying conditions of climate and terrain, should involve considerable hardship on the troops employed; these hardships have been cheerfully borne, and resulted in no loss of efficiency or morale.

45. The continued hostility of the Khans of the Bushire Hinterland, combined with an unprovoked attack by the Kashgais upon Sir P. Sykes' mission at Shiraz, made deliberate operations in that theatre inevitable. This additional commitment, coming at a time when troops were sorely needed in other theatres and involving the employment of over 20,000 fighting men and followers and the laying down of 50 miles of light railway, was a serious embarrassment. The operations were still in progress when the armistice was signed and will form the subject of a separate despatch.

46. The withdrawal of the Russians made it necessary early in the year to recast the whole of the arrangements in East Persia for frustrating the activities of hostile emissaries in the direction of Afghanistan and India. The cordon of troops was accordingly extended as far northward as Meshed, where a military mission under Major-General W. Malleson, C.B., C.I.E., had previously been established. Later, with the object of preventing interference in North-East Persia by the Soviet forces in Turkestan, it was reorganised as a Field Force and extended to the Trans-Caspian railway at Askabad, where it came into touch with the detachment from the Mesopotamian Expeditionary Force located at Krasnovodsk. The troops provided from India for the East Persia Cordon amounted to about 4,000 fighting men, and included six squadrons of cavalry and 3½ battalions of infantry. These operations are still in progress and will be dealt with in my next despatch on minor operations.

47. On the North-West Frontier of India, important operations (which I have already described in my despatch dated 13th September 1918) were undertaken in February, March and April, against the Marri tribes, and involved the employment of troops from the 2nd, 4th and 16th Divisions; on the North-East Frontier, also unrest among the Kukis necessitated minor operations which are still in progress. Elsewhere the frontier remained quiet throughout the year. The internal situation also gave no cause for anxiety.

48. In September, His Majesty's Government asked for the services of a British battalion from India to join the Allied Expeditionary Force assembling at Vladivostok. The 1-9th Battalion, Hampshire Regiment, was selected for this duty and sailed the following month. This was the first unit of the Territorial Brigade which arrived in 1916 to go overseas Of the units which formed thre three Territorial Divisions sent to India in 1914-15, all but nine battalions and nine field batteries had served or were still serving in overseas theatres. These units had been among the first to volunteer for general service in August 1914, and I fully appreciate their regret that circumstances have found no wider outlet for their enthusiam than is afforded by a long period of garrison duty in India. Nevertheless, this duty has been one of first rate importance. Coming to India only partially trained and wholly new to the customs and conditions of the East, these units applied themselves wholeheartedly to the task before them, and have proved themselves worthy representatives of the famous names they bear. Few opportunities of earning distinction have fallen to their lot, but the part they have played in the prosecution of the war is to be measured not merely by the record of their own achievements in India. but by the achievements of those regular units which they released for service overseas. This is the true measure of their service to the Empire. They will leave India with a reputation for soldierly qualities fully in accord with the highest tradations of the British Army. I append a list of these eighteen units :—

1091st, 1093rd, 1094th, 1096th, 1997th, 1098th, 1103rd, 1104th and 1107th Batteries, R.F.A.

1-4th Battalion, The Queen's (Royal West Surrey Regiment).

2-5th Battalion, Prince Albert's (Somerset Light Infantry).

2-4th Battalion, The Duke of Cornwall's Light Infantry.

1-4th Battalion, The Border Regiment.

2-4th Battalion, The Border Regiment.

1-5th Battalion, The Hampshire Regiment.

1-4th Battalion, The Queen's Own (Royal West Kent Regiment).

1-10th Battalion, The Duke of Cambridge's Own (Middlesex Regiment).

2-4th Battalion, The Duke of Edinburgh's (Wiltshire Regiment).

49. In India, the year was one of exceptional activity. A conference was held at Delhi towards the end of April to consider what measures should be taken in response to the Prime Minister's appeal for a rallying of India's resources to the assistance of the Empire. As a result of resolutions passed at this conference, the offer was made to raise and train an additional 500,000 combatants within a year. No time was lost in translating this offer from words to deeds, and it is safe to say that the figure would have been reached without difficulty, had not the armistice intervened and made further recruitment unnecessary. Princes, Local Governments and people co-operated wholeheartedly with Provincial Recruiting Boards in obtaining the required number of men, and the rate of recruitment rose rapaidly throughout the year. The effect of local efforts was particularly conspicuous in the North-West Frontier Province, Punjab and United Provinces, which throughout the war have taken the lead in the provision of recruits. To stimulate the movement, a gratuity was granted to every man who completed the recruit's course, and, in addition, a war bonus, payable every six months, to every Indian officer and soldier. The monthly intake of combatant recruits rose from 16,000 in May to over 37,500 in September.

50. It would be impossible within the limits of this brief review to specify the various channels into which the military activities of the country were directed during the closing stages of the war; but I do not need to remind the Government of India that the enlistment of the men themselves was only one, and by no means the most complex, problem associated with so large an increase to the Indian Army. The housing, clothing, equipping, feeding, and training of these additional recruits each presented problems requiring most careful foresight and the closest attention to detail. It reflects great credit on the various departments concerned that the work was carried through without serious hitch or dislocation to the normal life of the country.

51. As regards the disposal of the 500,000 combatants, it was calculated that after providing for the normal draft requirements of the forces overseas and the replacement of wastage in India, the balance would provide for the raising of seven new divisions. At the request of the Army Council, however, it was decided to use them almost entirely for the replacement or dilution of British units in existing divisions overseas; and the only new Indian formations raised during the year were two mounted brigades and three infantry brigades, which were sanctioned in July as a temporary addition to the field army in India. The latter measure was taken in view of the altered strategical situation, as also was the complete mobilisation of the 1st and 4th Divisions, the 1st Cavalary Brigade, and the three Frontier Brigades in July. Steps were taken at the same time for a minute examination into the readiness of the Army in India to take the field; mobilisation procedure was overhauled; the condition of frontier roads improved; reserve stocks of foodstuffs accumulated; base supply establishments reorganised; and arsenals expanded. Steps were also taken in conjunction with Local Governments to register the available transport resources of the country.

52. In connection with the raising of new units, mention should be made of the formation of five battalions from the civil police of the Punjab, United Provinces and Bihar and Orissa,—a measure which proved an unqualified success and which was only made possible by the ready co-operation of the Local Governments concerned. Another new departure, undertaken with the concurrence of certain of the Ruling Chiefs, was the conversion of certain Imperial Service battalions into temporary regular units of the Indian Army; battalions were raised in this way in Patiala, Bharatpur, Jodhpur, Bikanir, Dholpur, and Kolhapur. In all, 85½ new battalions of infantry were raised during the year.

53. Concurrently with the increase of the army, the operations of the Indian Munitions Board continued to expand in all directions, increasing the output of its factories, stimulating local manufacture, and conserving to the best advantage the small residue of imported stocks which remained available in India after three and a half years of war. During the year the average monthly output of the Army Clothing Factories rose to three times the normal yearly output before the war, and in one month reached its maximum figure of two million garments. Over a million and a half pairs of boots were supplied against Army demands in the 12 months preceding the armistice. The output of the ordnance factories also showed a steady increase. With the object of setting free the plant of Government factories to meet immediate

and specialised demands as they arose, the outside manufacture of war stores was encouraged as much as possible by instruction in methods of manufacture, and by the provision of raw material, patterns and specifications. The inauguration of extensive schemes of irrigation and agricultural development in Mesopotamia made heavy additional demands on India during the year; and the extension of the railway system in the same theatre continued to make serious in roads on available rolling stock and material. During the war, 1,855 miles of railway track, 229 locomotives and 5,989 vehicles have been sent out of the country. The programme of rivercraft construction allotted to India was completed before the armistice was signed, by which date 940 craft of various descriptions had been purchased, constructed or re-erected in India for service overseas, mostly in Mesopotamia. In this connection much assistance was rendered by the Indian Rivercraft Board, a voluntary organisation developed under the direction of the Railway Board, and which consisted of representatives of the principal engineering firms at Calcutta, with affiliated committees at Karachi, Bombay, and other ports. Improvements to the port of Basrah have continued uninterruptedly, and it has now been converted into a base capable of handling 180,000 tons of stores a month.

54. In the foregoing narrative I have endeavoured to convey some idea of the part played by India during the war, of the wide variety of obligations which were thrown upon her as the scope of the war developed, and of her endeavour to meet those obligations, often in circumstances of extreme difficulty. It may perhaps serve to illustrate her effort more graphically if I append a few figures showing the extent of her contribution in terms of men. On the outbreak of war, the combatant strength of the Indian Army, including reservists, was 194,000 Indian ranks; enlistments during the war for all branches of the service amounted to 791,000, making a total combatant contribution of 985,000. Of this number, 552,000 were sent overseas. As regards non-combatants, the pre-war strength was 45,000; an additional 427,000 were enrolled during the war; and 391,000 were sent overseas. The total contribution of Indian personnel has thus been 1,457,000, of whom 943,000 have served overseas. Casualties amounted to 106,594, which include 36,696 deaths from all causes. The number of animals sent overseas was 175,000. No department has been more closely connected with the war, or has rendered heartier co-operation, than the Railway Department. The great increase of military traffic produced by the war synchronised with a serious shortage of shipping, and this threw upon the Indian railways a volume of traffic, normally sea borne, which they were never designed to carry. Nevertheless, by the exercise of the utmost resource, foresight and initiative, serious dislocation to traffic has been successfully avoided, and even in circumstances of extreme difficulty railway administrations have freely surrendered personnel and material for service overseas. The resources of the Royal Indian Marine have similarly been taxed to the utmost. Not only has this service been responsible for the transportation overseas of nearly 950,000 men and 175,000 animals, but it has also been charged with a variety of other duties. Throughout the war, the work of the Royal Indian Marine has been accomplished with commendable efficiency and despatch.

55. In previous despatches I have expressed my gratitude, in the name of the Army in India, to the thousands of loyal and devoted workers who have contributed in various spheres of activity to the prosecution of the war; and now that the war has been brought to a successful conclusion, I cannot do more than reiterate that expression of my thanks. The various departments of the Government of India, the heads and members of Provincial Governments, the Ruling Chiefs, Railway Administrations, Chambers of Commerce, Port Trusts and Municipalities, the Mercantile Marine, the numerous associations for the relief of distress and the care of the sick and wounded,—work in which the ladies of India have played a leading part,—the great non-official and commercial communities, and a host of individual workers,—one and all have laboured with conspicuous devotion. Last and perhaps most important of all, I desire to express the great debt which the Empire owes to the troops themselves, British and Indian, combatant and non-combatant, who have contributed so largely, often with their lives, to the attainment of the common end. A list of those whose services have been of particular value and whose assistance and work I desire to bring specially to notice forms the subject of Appendix I of this despatch.

MEMORANDUM OF AGREEMENT made this the 8th day of August one thousand nine hundred and nineteen BETWEEN THE BENGAL IRON AND STEEL COMPANY, LIMITED, a Company (registered under the English Companies Acts) and having its registered office in London with a branch office at No. 6-7, Clive Street, Calcutta (hereinafter called "the Company") of the one part and the SECRETARY OF STATE FOR INDIA IN COUNCIL (hereinafter called "the Secretary of State") of the other part. WHEREAS for the purpose of the extension of the Company's works and the construction of a Railway Siding in mouza Kendua near Barakar, in the district of Burdwan, Bengal, the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of the piece or parcel of land containing 123·40 acres or thereabouts situate in the mouza Kendua aforesaid and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed. AND WHEREAS the said Government of Bengal

*Not printed and published herewith but may be inspected in the office of the Special Land Acquisition Deputy Collector, Burdwan.

being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public has consented to acquire on behalf of the Company the piece or parcel of land hereinbefore described. AND WHEREAS the said Government of Bengal has required the Company under the provisions of section 41 of the abovementioned Act to enter into the Agreement with the Secretary of State hereinafter contained. NOW THIS INDENTURE WITNESSETH that IT IS HEREBY AGREED AND DECLARED as follows:—

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered paid or awarded or to be tendered paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part III of the said Act may be made or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Company under the last preceding clause not being thereby limited the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause or in the discretion of the said Government of Bengal (on deposit by the Company of all estimated amounts as provided in the second clause) but not before possession shall have been taken under the provisions of the abovementioned Act the Secretary of State shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

4. The said land shall be held by the Company for the purposes of such extension of works and railway siding as are hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said extension of factory works and construction of Railway Siding shall be completed (and fully equipped in all respects ready for use) within four years from the date on which possession of the said land shall have been given to the Company.

6. Should the said extension of works not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal which the said Government hereby undertake to grant up to a limit of twenty-four months on satisfactory proof by the Company that such extended period is required or should the said land at any time thereafter cease for a period of twenty-four consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case the said Government may summarily re-enter upon and take possession of the said land and thereupon the interest of the Company in the said land shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land as it may think proper. Should the said Government sell the said land the said Government after deducting the expenses incurred in connection with the said taking to possession and with such sale shall pay the proceeds to the Company. Should the said Government on taking possession decide not to sell the land it shall repay to the Company all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of fifteen per cent.) but will not repay any sums paid and received on account of costs charges and expenses.

8. Should any dispute or difference arise touching or concerning the subject matter of this Agreement or any covenant clause or thing herein

contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

No. 2312S.R.—The 7th August 1919.—In exercise of the power delegated by the Government of India, Finance Department, notification No. 778F., dated the 28th March 1918, under section 43 of the Indian Income-tax Act, 1918 (VII of 1918), the Governor in Council is pleased to make, under clause (*a*) of sub-section (*2*) of the said section 43, the following rules regarding the determination of the taxable income of an assessee who derives his income in part from agriculture and in part from business:—

Rules.

1. In the case of income derived in part from agriculture and in part from business an assessee shall be entitled to deduct from such income the market value of any agricultural produce raised by him or received by him as rent in kind which he has utilised as raw material for the purposes of his business or the sale receipts of which are included in the accounts of his business. The balance of such income shall be deemed to be income derived from the business, and no further deduction shall be made therefrom in respect of any expenditure incurred by the assessee as a cultivator or receiver of rent in kind.

2. For the purposes of these rules market value shall be deemed to be:—

(*a*) where agricultural produce is ordinarily sold in the market in its raw state, or after application to it of any process ordinarily employed by a cultivator or receiver of rent in kind to render it fit to be taken to market, the value calculated according to the average price at which it has been so sold during the year previous to that in which the assessment is made;

(*b*) where agricultural produce is not ordinarily sold in the market in its raw state, the aggregate of:—

(1) the expenses of cultivation;

(2) the land revenue paid for the area in which it was grown; and

(3) such percentage of the aggregate of (1) and (2) as the Local Government may from time to time fix for the class of produce concerned.

DACCA, THE 9TH AUGUST 1919.

RESOLUTION—No. 291T.-B.

THE Governor in Council has had under consideration the question of providing a chamber of a size and dignity commensurate with the requirements of the Legislative Council of Bengal, as it will be constituted after the proposed reforms come into operation. While the present Chamber in Government House, Calcutta, has the advantage of a central situation, it is obviously too small for a Council consisting of one hundred members or more; and it is not practicable or convenient to make structural changes in the existing building so as to house a Council of the number contemplated.

It is therefore requisite to prepare plans for a new Council Chamber, *primâ facie*, such a building should satisfy the following conditions :—

(*i*) it should be large enough to provide for a Council Chamber and all the accessories demanded for the convenience of members, including office accommodation, library, committee-rooms, restaurant and so on ;

(*ii*) it should be worthy not only of its use for the Legislative Council, but of the headquarters of the Government of Bengal ;

(*iii*) it should be so placed that there will be room for expansion ;

(*iv*) and it should be centrally situated so as to be easily accessible to all who will have occasion to use it.

Before proceeding to design a building of the nature required, His Excellency in Council is opinion that the public should have an opportunity of expressing an opinion in the matter of the site which would be most convenient and appropriate. The Governor in Council has therefore resolved to appoint a Committee representative, as far as possible, of all shades of public opinion in Calcutta, to advise Government in regard to the most suitable site. The members of the Committee will be as follows :—

President—The Hon'ble Sir Henry Wheeler, K.C.I.E., C.S.I.. Vice-President, Legislative Council.

1. The Hon'ble Sir Frank Carter, C.I.E., C.B.E.
2. The Chairman, Corporation of Calcutta.
3. The Chairman, Calcutta Improvement Trust.
4. Babu Ramdeo Chokani.
5. The Commissioner of Police, Calcutta.
6. The Hon'ble Mr. W. E. Crum, O.B.E.
7. Rai Hari Ram Goenka Bahadur, C.I.E.
8. The Hon'ble Moulvi A. K. Fazlul-Haq.
9. Mr. C. F. Hooper.
10. The Hon'ble Raja Hrishi Kesh Laha, C.I.E.
11. The Hon'ble Sir Rajendra Nath Mookerjee, K.C.I.E.
12. The Hon'ble Mr. A. R. Murray, C.B.E.
13. The Hon'ble Mr. W. H. Phelphs.
14. The Hon'ble Mr. Abdur Rahim.
15. The Hon'ble Sir Deba Prosad Sarbadhikari. KT., C.I.E., LL.D.
16. The Hon'ble Sir Nil Ratan Sircar, KT. C.I.E., M.D.

ORDERED that this Resolution be published in the *Calcutta Gazette* and communicated to the members of the Committee.

PART IA.

Orders and Notifications by the Government of India.

The following notification, issued by the Government of India in the Home Department, published in the *Gazette of India*, dated the 2nd August 1919, is republished for general information.

J. H. KERR,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

MEDICAL.

Simla, the 1st August, 1919.

No. 350.—In accordance with the orders received from the Right Honourable the Secretary of State for India, sanctioning an increase in the pay of officers of the Indian Medical Service in civil employment, the pay of the various appointments concerned will, when they are held by officers of that service, be fixed at the rates shown in the accompanying statement with effect from the 1st December 1918.

2. Exchange compensation allowance, when admissible, is payable in addition to the rates referred to above.

3. The present classification of Civil and Agency Surgeons as "1st class" and "2nd class" is abolished with effect from the 1st December 1918.

4. The object of the revision is to attract to the service European candidates with the highest professional qualifications, and the question whether Indian candidates entering permanent service after 1st December 1918, shall be eligible for these increased rates of pay, and, if so, to what extent and under what conditions, has been reserved for further consideration. All Indian officers already in permanent service on 1st December 1918, will be eligible for the rates of pay now sanctioned.

Appointments	Lieutenant-Colonel specially selected for increased pay.	Lieutenant-Colonel after 25 years' service.	Lieutenant-Colonel.	Major after 3 years' service as Major.	Major.	Captain after 10 years' total service.	Captain after 7 years' total service.	Captain after 3 years' total service.	Captain.	Lieutenant.

TRADING BY FOREIGNERS.

Simla, the 2nd August 1919.

No. 5705.—In pursuance of section 3 of the Indian Companies (Foreign Interests) Act, 1918 (XX of 1918), the Governor-General in Council is pleased

to declare the Anglo-Burma Rice Company, Limited, to be a Company with restrictive provisions within the meaning of the said Act and the following clauses of the Articles of Association of the said Company to be restrictive provisions:—

Article 3.—In order to prevent foreign control of the Company the following provisions shall apply (namely):—

(*a*) The Company shall not be entitled to issue share warrants to bearer.

(*b*) Every application for the allotment of shares and every transfer of shares presented for registration shall be accompanied by:—

(1) in the case of an application made by, or transfer to, an individual, a declaration by the applicant or transferee stating whether he is or is not a British subject, and whether he had or has not ever taken an oath of allegiance or otherwise become a citizen or subject of any, and, if so, what enemy or foreign Sovereign or State; and, if a British subject, whether he is a natural born British subject, or a British subject by naturalisation or otherwise, and, if naturalised, whether he remains for any purpose in the allegiance of any, and, if so, what, enemy or foreign Sovereign or State;

(2) in the case of an application made by, or transfer to, a corporation, a declaration made on behalf of the corporation by the secretary or other officer authorised in that behalf stating whether the corporation is an enemy or foreign corporation or a corporation under enemy or foreign control, and

(3) in each of the said cases a declaration made as aforesaid stating whether there is or is not any arrangement under which the applicant or transferee will hold the shares or any of the shares, if allotted or transferred to such applicant or transferee in trust for or on behalf of or in any way directly or indirectly under the control or directions of any enemy or foreigner or enemy or foreign State, or enemy or foreign corporation, or any corporation under enemy or foreign control, and if any such arrangement exists, the nature thereof; and in any case the Directors may, before making any allotment or passing any transfer, require such further evidence as in their absolute discretion they think necessary in support of any such declaration.

(*c*) No share shall, without the previous consent in writing of the Local Government, be held by any enemy or enemy corporation or corporation under enemy control or by any member in trust for, or on behalf of, or in any way, directly or indirectly, at the disposal or under the control or direction of any enemy or enemy State or enemy corporation or corporation under enemy control.

(*d*) The Directors shall not, without the previous consent in writing of the Local Government, allot any shares or register any transfer of shares which it may appear from the declaration to be made under paragraph (*b*) would upon such allotment or transfer be held in contravention of paragraph (*c*).

(*e*) In the event of its being proved to the satisfaction of the Director (*1*) that any share is at any time held in contravention of the provisions of paragraph (*c*), or (*2*) that the declaration to be made under paragraph (*b*) is untrue as regards any of the shares to which such declaration relates such shares shall in case (*1*) and may in case (*2*) be forfeited by resolution of the Directors, which shall be final and conclusive and not subject to question by any person on any ground whatever, and upon such resolution being passed the holder of such shares shall cease to have any interest therein or claim against the Company in respect thereof or for the payment of any sums paid up thereon.

(*f*) The Directors shall not without the consent of the Local Government allot any shares or register any transfer of shares, the allotment or registration of which would cause more than forty per cent. of the total of the issued share capital or more than twenty-five per cent. of the voting power for the time being of

the Company to be held by foreigners and/or foreign corporations, or corporations under foreign control, and/or by any person who as shown by the declaration to be made under clause (*b*) holds shares in trust for or on behalf of or in any way directly or indirectly under the control or directions of any foreigner, foreign State, foreign corporation or corporation under foreign control, or under any such arrangement as is referred to in paragraph (*b*) (3) and may also decline to register any transfer of shares to any person who, even though such person be a British subject, may by resolution of the Directors (which shall be final and conclusive and not subject to any question by any person on any ground whatever) be declared to be an undesirable person to admit to membership, on the ground that such person is, in the opinion of the Directors, subject to the influence of any enemy State, body, person or corporation, or corporation under enemy control.

(*g*) If at any time, by reason of the holder of any shares in the Company ceasing to be a British subject, or dying, or coming under any arrangement under which he holds any share in trust for or on behalf of or in any way directly or indirectly under the control or directions of, or becoming in the opinion of the Local Government subject to the influence of, any foreign State, body, person or corporation, or corporation under foreign control, or for any other reason, more than forty per cent. of the issued share capital or more than twenty-five per cent. of the voting power for the time being of the Company is, without the consent of the Local Government, held by or under the control of any foreigners, foreign State, and/or foreign corporation or corporation under foreign control, the Directors may at any time and shall at the request of the Local Government serve on the holder of the shares in question, a notice in writing, requiring such holder to retire from the Company, and upon such notice being given, the shares shall not confer any vote until they have been transferred.

(*h*) If, within thirty days from the date of the service of such notice on such holder (hereinafter referred to as the "retiring member") there have not been duly lodged for registration transfers to individuals being British subjects approved by the Directors as desirable persons to admit to membership of all shares in the Company held by the retiring member, executed both by the retiring member and the transferees, the retiring member shall be bound at any time within three calendar months from the expiration of such thirty days, when called upon by the Directors by notice in writing so to do, to sell and transfer all the shares in the Company for the time being held by him to any person selected by the Directors to purchase the same (hereinafter called the "proposed transferee") at the price hereinafter mentioned.

(*i*) The price shall be such price as may be agreed upon between the retiring member and the proposed transferee, or in default of agreement shall be the average of the middle market prices of the shares of the Company of the class to be transferred, quoted on the London Stock Exchange during the calendar month last ending before the date when the notice to sell was served (such average price to be certified by the Company's brokers for the time being), and should there be no such quotation, shall be such price as may be certified by the Company's auditors for the time being, as being the fair value of the shares to be transferred.

(*j*) The notice calling upon any retiring member to sell and transfer any shares in the Company pursuant to the last preceding paragraphs, shall state the name and address of the proposed transferee, and shall fix a time and place for the completion of the transfer, and should the retiring member make default in transferring the shares to the proposed transferee at the time and place so named, otherwise than by reason of default by the proposed transferee in payment of the purchase price therefor, the Company may receive the purchase price, and shall thereupon cause the name of the proposed transferee to be entered in the

Register of members as the holder of the shares, and shall hold the purchase price in trust for the retiring member. The receipt of the Company for the purchase price shall be a good discharge to the proposed transferee, and he shall not be bound to see to the application thereof, and after the name of the proposed transferee has been entered in the Register in purported exercise of the aforesaid powers, the validity of the proceedings shall not be questioned by any person or in any manner whatsoever.

(*k*) In the event of any shareholder ceasing to be a British subject, or coming without the consent of the Local Government, under any arrangement under which he holds any share in trust for or on behalf of or in any way directly or indirectly under the control or directions of any foreign State, body, person or corporation or corporation under foreign control, he shall within thirty days disclose the fact to the Directors, and failure to make such disclosure within such period shall render the shares liable to forfeiture in the manner provided by paragraph (*e*) hereof, provided that no such right of forfeiture under this article shall be exercised by the Directors without the consent of the Local Government.

(*l*) No enemy shall be qualified to be a Director or alternate Director, and not less than three-fourths of the Board, including the Chairman thereof, shall at all times be British subjects resident in British India.

(*m*) The office of a Director shall be vacated—

(1) if he ceases to be a British subject, or ceases to reside in British India, and by reason of his so doing there ceases to be a three-fourths majority of the Board who are British subjects resident in British India;

(2) if he be called upon in writing by at least three-fourths of all the other Directors for the time being to resign office on the ground that he is, in their opinion, subject to the influence of an enemy State, body, person or corporation, or a corporation under enemy control, and for that reason is not a desirable person to hold office as a Director, and so that the opinion of a three-fourths majority of such other Directors so expressed shall not be subject to question or control by any person or on any ground whatsoever.

(*n*) In these provisions :—

the expression "director" includes any member of any local board or committee of management or other like body;

the expression "enemy" means a citizen or subject of any State which was on the 1st January 1917 at war with His Majesty the King;

the expression "enemy corporation" means any corporation incorporated in and subject to the laws of any enemy State;

the expression "corporation under enemy control" means :—

(*a*) a corporation of which the majority of the directors, or persons occupying the position of directors, by whatever name called are enemies;

(*b*) a corporation, members of which, holding shares or stock conferring a majority of the votes, are enemies or enemy corporation, or persons who hold such shares or stock directly or indirectly on behalf, or under the control or directions of enemies, an enemy State, or enemy corporations;

(*c*) a corporation which is by any other means, whether of a like or of different character, in fact under the control of enemies, an enemy State or enemy corporations;

(*d*) a corporation, the executive whereof is a corporation within (*a*), (*b*) or (*c*);

the expression "foreign" means every person other than an enemy as hereinbefore defined, who is not a British subject;

the expression "foreign corporation" means any corporation (other than a corporation incorporated in or under the laws of any

enemy State) which is not incorporated in and under the laws of and has not its principal place of business in some part of the British Empire;

the expression "corporation under foreign control" means—

(a) a corporation of which the majority of directors or persons occupying the position of directors by whatever name called are foreigners;

(b) a corporation, members of which holding shares or stock conferring a majority of the votes are foreigners or foreign corporations or persons who hold such shares or stock directly or indirectly on behalf or under the control or directions of foreigners, a foreign State or foreign corporations;

(c) a corporation which is by any other means, whether of a like or of different character in fact under the control of foreigners, a foreign State or foreign corporation;

(d) a corporation whereof the executive is a corporation within (a), (b) or (c);

the expression "shares" shall include any securities issued by the Company which carry any power of voting with respect to the management of the Company, and the expression "shareholder" shall have a corresponding meaning;

any resolution purporting to give any power of voting by reason of which the limit of voting power imposed by paragraph (f) would be exceeded shall be null and void.

* * * * * * *

Article 27.—(k) Notwithstanding anything hereinbefore contained the Directors may refuse to register any transfer of a share (1) where the Company has a lien on the share; or (2) where the Directors are not of the opinion that it is desirable to admit the proposed transferee to Membership. But the foregoing section (2) of this paragraph shall not apply to a transfer made pursuant to paragraph (b) of this clause except in the case of a transfer by a Company to a Director thereof who is not already a member, and the provisions of this clause are subject to the provisions of these Articles for preventing foreign control of the Company.

Article 28.—The executors or administrators of a deceased sole holder of a share shall be the only persons recognised by the Company as having any title to the share. In the case of a share registered in the names of two or more holders, the survivors or survivor, or the executors or administrators of the last survivor, shall be the only persons recognised by the Company as having any title to the share. The provisions of this clause are subject to the provisions of these Articles for preventing foreign control of the Company.

Article 29.—Any person becoming entitled to a share in consequence of the death or bankruptcy of a member shall, upon such evidence of his title being produced as may from time to time be required by the Directors, have the right, either to be registered as a member in respect of the share, or, instead of being registered himself, to make such transfer of the share as the deceased or bankrupt member could have made; but the provisions of these Articles as to the transfer and sale of shares and as to refusal to register and suspending registration of transfers shall apply in the same manner as in the case of a transfer of the share by the deceased or bankrupt member before the death or bankruptcy. The provisions of this clause are subject to the provisions of these Articles for preventing foreign control of the Company.

* * * * * * * * *

Article 92.—The office of a Director should also be vacated in accordance with the provisions of these Articles for preventing foreign control of the Company.

Article 93 (g).—The provisions of this clause are subject to the provisions of these Articles for preventing foreign control of the Company.

Article 94 (c).—The provisions of this clause are subject to the provisions of these Articles for preventing foreign control of the Company.

Article 97 (d).—The provisions of this clause are subject to the provisions of these Articles for preventing foreign control of the Company.

LICENCE.

The 2nd August 1919.

No. 5715.—WHEREAS by paragraph 5 of the Trading with the Enemy Proclamation No. 2, dated the 9th day of September 1914, trade and financial or commercial transactions between British subjects and persons or bodies of persons resident in the territories of the German Empire or in the dual Monarchy of Austria-Hungary or in the respective Colonies and dependencies thereof in this licence or in the said Proclamation referred to as "enemy country" are prohibited; and

WHEREAS by paragraph 8 of the said proclamation it is provided that nothing in the Proclamation shall be taken to prohibit anything which may be expressly permitted by licence whether such licence be granted to individuals or be announced as applying to persons; and

WHEREAS by paragraph 3 of Proclamation, dated the 8th October 1914, power to grant such licences on behalf of the Crown may be exercised in India by the Governor-General;

Now, therefore, I, Frederic John Napier Thesiger, Baron Chelmsford, hereby authorise all persons and bodies of persons residing, being, or carrying on business in British India to trade and have commercial and financial transactions with persons or bodies of persons resident or carrying on business in Germany and German-Austria;

Provided always that any licence which may be necessary in respect of any transaction under any prohibition of export or prohibition of import for the time being in force in British India is first obtained;

Provided also that nothing in this licence shall be taken as permitting the payment or delivery to persons resident or carrying on business within the said territory of the following monies and classes of property:—

(a) any sum payable to or paid for an enemy by way of dividend, interest or share of profits;

(b) any sum which has been paid into any account with a Bank or to any other person in trust for an enemy;

(c) interest on securities issued by or on behalf of Government or the Government of any of His Majesty's Dominions or any foreign Government or by or on behalf of any corporation or any municipal or other authority whether within or without British India;

(d) securities which have become repayable on maturity or by being drawn for payment or otherwise;

(e) any money or property which is or but for the war would have been payable to an enemy in respect of any transaction entered into before the outbreak of war.

The trading licences published with the Notifications of the Government of India in the Department of Commerce and Industry Nos. 2028, 3561 and 4434, dated 26th April, 31st May and 28th June 1919 respectively, are hereby cancelled.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No 3121*L.S.-G.—The* 8*th August* 1919.—The following draft of rules which, in exercise of the powers conferred by clauses (*i*) and (*l*) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council intends to make, in supersession of the rules contained in notification No. 2009T.M., dated the 9th November 1901 (published at pages 217-273 of Part IB of the *Calcutta Gazette* of the 4th December 1901), as subsequently amended, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 13th October 1919, and any objection or suggestion received by the undersigned through district officers before that date will be duly considered.

DRAFT ACCOUNT RULES FOR UNION COMMITTEES.

Budget Estimate.

1. The Union Committee shall submit annually to the District Board for sanction and incorporation in its estimates, on or before such date as the District Board may appoint, an estimate in Form No. 1 of the probable receipts and expenditure of the Committee for the ensuing Bengali year, with an account of its actual receipts and expenditure for the past year.

Cash-book.

2. All receipts and payments of a Union Committee not having an account with the local treasury or sub-treasury shall be recorded in a cash-book in Form No. 2 on the same day that the money is received or paid, and,

in the case of Union Committees having an account with the local treasury or sub-treasury, all receipts shall be recorded in a cash-book in Form No. 3 and promptly remitted to such treasury or sub-treasury, and payments shall be entered in the cash-book as soon as cheques are signed. The amount of cheques received from the District Board in payment of contributions from the District Fund shall be entered in the cash-book after encashment, but if the Union Committee has an account at the treasury or sub-treasury, the cheques shall be credited to the Union Committee by per contra debit to the District Fund and shall be included in the cash-book when the credits appear in the pass-book.

[NOTE.—The balance standing at the credit of the Union Fund shall either remain in the custody of the Chairman or be deposited in the name of the Union Committee in the Savings Bank of the nearest Post Office; or in the case of Union Committees at headquarters of subdivisions, the Chairman may open an account in the local treasury or sub-treasury to which he shall credit the receipts of the Union Fund. In the last named case a pass-book shall be supplied to the Chairman, the Treasury Officer being directed to pass cheques issued by the Chairman.]

Assessment and Collection of Taxes.

3. For any tax imposed under section 118C of the Act, the following accounts shall be kept:—

A—Assessment register (Form No. 4).

B—Collection register (Form No. 5).

C—Books of receipt with counterfoils (Form No. 6).

D—Daily collection book (Form No. 7).

The assessment register shall be signed by all the members of the Union Committee present at the meeting at which the assessments are determined. The demand column shall be totalled to ascertain the total demand. Columns 1 and 3 of the collection register shall be filled in at the beginning of the year and column 2 as soon as the current year's assessments are determined.

4. The collecting member shall realize the taxes as they fall due by granting receipts in Form No. 6 and enter the amount at once with necessary details in the daily collection book, Form No. 7. The register of collections and the counterfoils of receipts shall be taken to the Chairman, with the collections, on the first day of every month and also on any day when the collecting member has Rs. 10 or more in hand, and shall be produced at any other time when the Chairman may so order. The collections shall be made over to the Chairman for credit to the Union Fund and his receipt taken in the daily collection book. From this book the collections shall be posted the next day into the collection register. The amount shall be entered in the column for the quarter in which, and not that for which, it is realized.

Rent of Pounds.

5. A register in Form No. 8 shall be maintained for watching recoveries of pound rents and accounting for them.

6. The lessees of pounds shall be required, at least 15 days before the period of the lease begins, to place his signature in column 9 against his name and to pay in advance one quarter of a year's rent.

7. The register shall be opened by bringing forward all arrears due from lessees whose leases have terminated and have not been renewed. The entries shall be filled in from the previous year's account and made serially, one below the other, in column 6 grouped according to the year for which the arrears are due. In the case of such expired leases columns 7 to 9 need not be filled in. The demands for current leases and the dates on which payments on account of them are due shall be entered in columns 7 and 8 respectively. Every entry in columns 6 and 7 shall be verified by the Chairman, who shall put his initials with date in column 10 against each entry.

8. All realizations and their dates shall be entered in columns 11 and 12 respectively and all sums so realised shall be credited direct to "pound receipts" in column 3 of the cash-book. The entries in column 11 shall be compared by the Chairman with the cash-book and he shall place his initials in column 15.

9. Pound rents shall be paid in cash to the Union Committee direct, and for every such payment a receipt in Form No. 9, duly signed by the Chairman, shall be granted to the lessee.

10. When a lease is cancelled for any reason and the pound re-sold or abolished, the demands up to date shall be worked out and compared with the collections up to date.

11 The remissions shall be sanctioned by the Union Committee at a meeting.

Payment of claims.

12. Every bill or other claim for payment from the Union Fund shall show full details of the charges, shall be signed by the persons to whom the money is actually due and shall, except in the case of advances paid under rule 13, bear a certificate that the work billed for has actually been completed. At the time of making payment in cash or of issuing a cheque, the Chairman of the Committee shall take a receipt, stamped, if necessary, from the payee, and endorse the bill with the words "paid Rs. only (Rupees) in cash / by cheque No. ", the amounts being written in words as well as in figures. The endorsement shall be dated and signed by the Chairman and shall bear the number of the voucher as in the cash-book. Payments to illiterate persons shall be attested by a competent witness in addition to the paying officer.

Advances.

[NOTE.—Union Committee works may be carried out either by a contractor under the supervision of a member of the Union Committee or an officer of the District Board, or directly by a member of the Union Committee, provided that such member does not directly or indirectly participate in the profits of the work or is not concerned or does not participate in any contract connected with the work.]

13. If any work is to be carried out by a member of a Union Committee or by a contractor under the supervision of a member of a Union Committee, advances may be paid, with the sanction of the Union Committee, either to such member or to the contractor. The person to whom an advance is paid shall keep proper accounts of the amount advanced, and shall submit an account duly supported by vouchers to the Union Committee within three months from the date of the advance. No fresh advances shall be paid until the previous advance is adjusted.

14. As soon as an advance is paid under rule 13 the Chairman shall enter it, as a payment, under the head "advances." on the payment side of the cash-book (Form No. 3 or 2 according as the Union Committee has an account with the local Treasury or not) and make the necessary entries in the payment side (columns 1, 2, 3 and 12 in Form No. 2, or 1, 2, 3 and 13 in Form No. 3, as the case may be). The payment orders shall be used as vouchers and numbered serially and the serial numbers entered in the payment side (column 3). The advance shall also be entered in columns 1 to 5 on the debit side of the Advance Register (Form No. 10), and for each person to whom advances are given a separate account shall be opened in the Register. Advances paid to the same person for more than one work shall be entered as separate entries both in the cash-book and in the Advance Register. When advances are recovered either in cash or by work bills, necessary entries shall be made in columns 1 to 5 on the credit side of the Advance Register. If the advance is recovered in cash, it shall be entered as "advance recovered" on the receipt side of the cash-book (Form No. 2 or 3). If, however, the recovery is made by work-bill, the amount shall, in the first instance, be posted in the Adjustment Register (Form No. 11), not only in column 4, as a credit, but also under the appropriate head on the payment side (columns 6 to 10). The totals of the Adjustment Register for the month shall be posted under the appropriate heads of the cash book.

Quarterly Accounts.

15. As soon as possible after the close of each quarter on a day to be fixed by the District Board, the quarterly account of the Union Committee shall be closed and a consolidated account, showing the total receipts and payments during the period under the several heads of accounts with opening and closing balances, shall be prepared in a form similar to the cash-book, but omitting the first two columns of the receipt side and the first three of the payment side in case of Form No. 2, and columns 1, 2, 10 and 11 of the receipt side and columns 1 to 4 of the payment side in case of Form No. 3. This shall be account submitted the same day it is closed to the District Board direct after actual counting of the closing balance or comparison with the Treasury or Savings Bank pass-book. The vouchers should be forwarded with the account.

Abstract of Annual Expenditure.

16. An abstract of annual expenditure together with a statement of the charges for establishment (if any), shall be published by posting up a copy signed by the members of the Union Committee at the office of the Union Committee or in any neighbouring *hât* which is generally frequented by the villagers belonging to the Union.

17. The abstract of annual expenditure shall be prepared in Form No. 12 and published not later than one month after the close of the year to which it relates.

Audit of Accounts.

18. (*1*) The District Board shall check the accounts and vouchers of Union Committees before they are incorporated in the cash-book and accounts of the District Board. The vouchers should be checked and returned to the Union Committee within three days.

(*2*) At least once a year a complete audit of the Union Committee's account shall be carried out within the Union by the audit officer or such other officer as may be deputed by the Chairman of the District Board.

(*3*) The registers and accounts of the Union Committee shall also be produced when required for audit by the local auditors; but unless the audit is made within the union no member of the Union Committee shall be required to attend.

Register of Lands and public rights of way.

19. A proper record of all lands, including roads, lands on roadsides, sites of buildings, tanks, etc., in the possession of the Union Committee either as owner or controller shall be kept in Form No. 13. If any plot of land shown in the register is sold or otherwise transferred from the possession of the Union Committee, the entry for it shall be struck off and the facts in connection with the transfer or sale stated in the column for remarks under the initials of the Chairman. The register shall be annually examined by the Chairman and attested with his signature and date.

All public rights of way, by land or water, should be entered in this register. If a path over which the public has a right of way has not been formally acquired by the Government or a local authority, an entry shall be made in columns 7, 11 and 12. In every case the numbers of the plots in the most recent settlement or other authoritative maps shall be entered in column 12. Care should be taken to include all plots covered by the land to which the entry relates

Jessore.

No 3156M.—The 9th August 1919—The Commissioners of the Kotechandpur Municipality, in the district of Jessore, recommended—

(*a*) that a local area which is contiguous to that Municipality, and the boundaries of which are hereinafter described, should be included within the said Municipality, and

(*b*) that the northern boundary of the Municipality should be revised so as to remove certain anomalies in its description.

The Governor in Council is accordingly pleased, in exercise of the powers conferred by clause (*c*) of section 9 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), to declare his intention to give effect to the said recommendations (*a*) and (*b*).

2. The boundaries of the area to be included within the Municipality are as follows:—

North and West—A line joining a point on the eastern bank of the Baor at a distance of 694 feet on the south from the trijunction point of Baluhar, Bhawanipur, and the Baor to a point on the western side of the Baor at a distance of 559 feet from its southern extremity and thence Ramchandrapur.

South and East—Bhawanipur situated in ward No. II of the Municipality.

3. The boundaries of the Kotechandpur Municipality after the inclusion and removal of the anomalies on the northern boundary will be as follows :—

North—Baluhar, Parla, thence a line joining the meeting of the Suti road with the southern boundary of Parla to the trijunction point of Rudrapur, Bazebamandaha and Kotechandpur, thence along the northern boundary of Bazebamandaha to the trijunction point of Bazebamandaha, Bara Bamandaha and Rudrapur (2nd portion of Kotechandpur), thence to the trijunction point of Rudrapur, Barabamandaha and Balarampur and thence Balarampur and part of Jagadispur.

East—Elangi, Rangiarpota and Jagadispur.

South—Jagannathpur and thence the junction of the Baramasiya khal with the Bhairab river accross to the right bank of the Bhairab river and along with the right bank northwards, eastwards and southwards to the boundary of Pashpatila and thence by Pashpatila and Balabaria.

West—Baluhar, Jalkar Baor of Ramchandrapur from the trijunction point of Baluhar, Bhawanipur and Jalkar Baor up to 694 feet on the eastern bank of the Baor and thence across to a point on the western side of the Jalkar Baor at a distance of 559 feet from its southern extremity and thence along the western side of the Baor, Kagmari and Bazrapur.

4. Any rate-payer of the said Municipality or any inhabitant of the said local area who objects to the proposed revision should submit his objection in writing through the District Magistrate and the Divisional Commissioner to the undersigned before the 25th September 1919.

Calcutta.

No. 315SM.—The 9th August 1919.—In pursuance of section 63, sub-section (7) of the Calcutta Improvement Act, 1911 (Bengal Act V of 1911), as amended by Bengal Act III of 1915, it is hereby notified, for general information, that in exercise of the powers conferred by sub-section (6) of that section, the Governor in Council is pleased to sanction the plan of proposed public street No. XXII (Kumartuli Ghat Road) in Ward Nos. 1 and 2 of the Calcutta Municipality, as notified by the Board of Trustees for the Improvememnt of Calcutta in their notice dated the 3rd November 1916, and published at page 2061 of Part I of the *Calcutta Gazette* of the 15th November 1916 and republished at page 2096 of Part I of the said *Calcutta Gazette* of the 22nd November 1916, subject to the following modifications (*inter alia*) :—

(*a*) The alignment in section A at its junction with Chitpur Road Upper, is changed to suit the Corporation alignment of Chitpur Road.

(*b*) The 60-feet wide northern arm is dropped and the alignment of the main road in section B be so modified as to save the main pucca buildings at 8-6, Gokul Mitter Lane and 1, Hem Chandra Kar Lane.

2. The proposed public street so modified will pass through the following municipal holdings :—

Rajshahi.

No. 3168M.—The 11th August 1919.—In exercise of the power conferred by section 85 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to sanction the imposition by the Commissioners of the Nator Municipality, in the district of Rajshahi, of a rate on the annual value of holdings situated within wards Nos. VIII to XII of that Municipality, with effect from the 1st April 1920.

Mymensingh.

No. 3172M.—The 11th August 1919.—In exercise of the power conferred by sub-section (*4*) of section 241 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and at the request of the Commissioners of the Mymensingh Municipality made at a meeting the Governor in Council is pleased to extend section 241 of the said Act to the said Municipality.

Howrah.

No. 3180M.—The 12th August 1919.—Whereas the Commissioners of the Howrah Municipality directed that a survey should be made of the lands situated in circles Nos. 1 to 11, Wards Nos. 1 to 5 in that Municipality ; and, by virtue of section 223A of the

Bengal Municipal Act, 1884 (Bengal Act III of 1884), the provisions of the Calcutta Survey Act, 1887 (Bengal Act I of 1887), consequently apply to the said Municipality.

And whereas, by notification No. 227T.M., dated the 9th of May 1914, as subsequently modified, the Governor in Council was pleased to appoint a Superintendent and Assistant Superintendent of Survey and also an appellate authority under section 11 of the Calcutta Survey Act, 1887.

And whereas, on completion of the said survey, the Superintendent deposited the map, field books, calculation sheets and all other documents connected therewith in the office of the aforesaid Municipal Commissioners on the 2nd October 1918, and the said date was duly notified in the *Calcutta Gazette*.

And whereas objections to the said survey lodged with the Superintendent have been heard and decided;

Now, therefore, in exercise of the power conferred by section 21 of the Calcutta Survey Act, 1887 (Bengal Act I of 1887), the Governor in Council is pleased to signify his approval to the said survey.

No. 858San.—The 9th August 1919.—The following draft of a notification which the Governor in Council proposes to issue under sub-section (*3*) of section 349C of the Bengal Municipal Act, 1884, as amended by the Bengal Municipal (Sanitary Officers) Act, 1914 (Bengal Act II of 1914), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 23rd September 1919, and any objection or suggestion which may be received by the undersigned through the Deputy Commissioner and the Divisional Commissioner before that date will be duly considered.

Draft Notification.

Darjeeling.

In exercise of the power conferred by sub-section (*3*) of section 349C of the Bengal Municipal Act, 1884, as amended by Bengal Act II of 1914, the Governor in Council is pleased to declare Part XIB of the said Act, as so amended, to be in force in the Darjeeling Municipality, in the district of Darjeeling.

GOVERNMENT NOTICES AFFECTING TRADE.

EXPORT AND IMPORT SECTION.

IMPORT PROCLAMATION.

A Proclamation dated 25th June, has been issued under section 43 of the Customs Consolidation Act, 1876, of which the following is the operative part:—

"As from and after the date hereof, subject as hereinafter provided, the importation into the United Kingdom of the following articles is hereby prohibited, viz.:—

Chemicals of all descriptions.
Electrical goods and apparatus, including electrical plant and machinery of all kinds, and insulating materials of all descriptions.
Scientific, mathematical and optical instruments.
Tungsten powder and ferro-tungsten.

"Provided always, and it is hereby declared, that this prohibition shall not apply to any such goods which are imported under license given by or on behalf of the Board of Trade, and subject to the provisions and conditions of such license.

"This Proclamation may be cited as the Prohibition of Import (No. 32) Proclamation, 1919."

IMPORTATION OF CHEMICALS.

The Board of Trade desire to give notice that whereas the Prohibition of Import (No. 32) Proclamation of 25th June 1919 prohibits, *inter alia*, the importation of all chemicals, the terms of the prohibition have been thus widely drawn solely for convenience of administration, and that it is not the intention at present to do more than to control the entry into the United Kingdom of certain classes of chemicals of a high degree of purity. The Department of Import Restrictions will therefore almost immediately issue general licenses for a large number of chemicals which are not of this description, and they will also issue licenses in suitable cases and for limited quantities of the chemicals which are retained under control. For this purpose the Department will be assisted by a committee which is now in process of formation and which will contain representatives of official, scientific, and trade bodies connected with the Chemical Industry.

Extract from the "Journal" dated the 3rd July 1919.

GOVERNMENT NOTICES AFFECTING TRADE.

EXPORT AND IMPORT SECTION.

RELAXATION OF EXPORT PROHIBITIONS.

The Board of Trade announce that the following relaxation of the existing prohibitions of export will be brought into force as from to-day.

Further relaxations will be announced in subsequent issues of the "Journal."

EXPORT PROHIBITIONS.

The following is a list of the articles affected and of the changes made in the nature of the prohibitions applicable to each. In explanation of the changes it should be noted that goods on List A are prohibited to all destinations, and that goods on List B to all destinations outside the British Empire, while goods on List C are prohibited only to countries neighbouring enemy countries.*

It will of course be understood that the existing position regarding trading with enemy countries is in no way affected by these modifications.

[NOTE.—Attention is called to the fact that by the Proclamation of the 1st October 1918, *all goods*, whether mentioned by name or not (excepting printed matter and accompanied personal effects, and the goods on the Export Free List published in the "Journal" of 20th March) are prohibited on List C.]

MEDICAL DEPARTMENT.

No. 2649.—With reference to the extract from the *London Gazette* published as Army Department notification No. 558, dated the 27th June 1913, the Governor-General in Council is pleased to direct the publication of the following Royal Warrant, dated the 13th June 1919, amending the rules regarding the age for retirement of officers of the Indian Medical Service :—

GEORGE R. I.—

Whereas we deem it expedient, with a view to furthering the efficiency of the service, to alter the ages at which officers of our Indian Medical Service holding administrative appointments with the undermentioned ranks shall be placed on the Retired List :

Our Will and Pleasure is that, subject to the safeguarding of the rights of the officers now holding these appointments :—

Our Director-Generals shall be placed on the Retired List at 60 instead of as heretofore at 62.

Colonels, Brevet Colonels and General Officers shall be placed on the Retired List at 57 instead of as heretofore at 60 :

Provided that in any special case where it would appear to our Governor-General of India in Council to be for the good of our service that a general officer holding an administrative appointment should be continued in employment he may be so continued for not more than one year.

The age at which Lieutenant-Colonels and Majors shall be placed on the Retired List will remain unaltered at 55 :

A Lieutenant-Colonel who entered the service before 1st April 1911 and who has been specially selected for increased pay under Article 8 of our Royal Warrant for the Indian Medical Service, dated 28th May 1913, may, if he attains the age of 55 years before he becomes entitled to the pension for 30 years' service, be retained until completion of such service.

Our Warrant dated 28th May 1913 for the promotion and precedence of our Indian Medical Service shall be amended accordingly.

Given at our Court at St. James' this 13th day of June 1919, in the ninth year of our Reign.

(Sd.) ED. S. MONTAGU.

2. Consequent on the issue of the above Royal Warrant, it has been decided, with the approval of the Rt. Hon'ble the Secretary of State for India—

(*i*) that th tenure of administrative appointments in the Indian Medical Service shall be four years, but officers will be eligible for re-appointment up to the age limit for retirement;

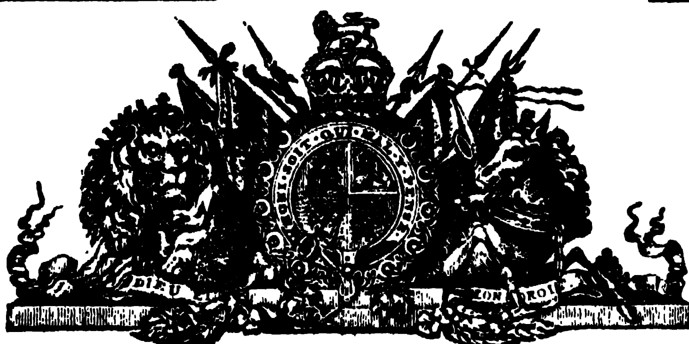

(*ii*) that the rates of pension admissible to officers of administrative rank in the Indian Medical Service, in addition to the pension for length of service, shall be as follows :—

	£ per annum
Major-General, after 3 years' active service as such ..	350
Major-General, after 1½ years' active service as such	300
Colonel, after 4 years' active service as such ...	250
Colonel, after 2 years' active service as such ...	125

3. Officers at present holding administrative appointments will be allowed the option of electing to serve under the new rules.

NOTIFICATIONS.

No. 9541F.—The 21st August 1919.—In pursuance of rules 3 and 4 of the Bengal Legislative (Financial Statement) Rules, 1912, His Excellency the Governor is pleased—

(*a*) to direct that a Finance Committee of the Bengal Legislative Council be constituted for the purpose of discussing the Draft Financial Statement for 1920-21 and making proposals with reference thereto for consideration by the Government of Bengal, and

(*b*) to declare that the said Committee shall consist of twelve members, namely, six to be nominated by His Excellency the Governor, and six to be elected by the non-official members of the said Council.

No. 9542F.—The 21st August 1919.—In exercise of the power conferred by rule 4 (*2*) of the Bengal Legislative (Financial Statement) Rules, 1912, His Excellency the Governor is pleased to prescribe the following procedure for the election of six non-official members of the Finance Committee by the non-official members of the Bengal Legislative Council, in pursuance of Notification No. 9541F of this date:—

1. The election shall be made at a meeting of the non-official members of the Bengal Legislative Council to be held in Calcutta at such time and place as may be intimated to them by the Secretary to the Council by registered letter.

2. When sending such intimation, the Secretary shall invite each member to state, by registered letter, by a date to be fixed by the Secretary, whether he desires to stand for election.

3. The Secretary shall make a list of the names of all members who have, by the date so fixed, stated their desire to stand for election, and shall send a printed copy of such list by registered post to each non-official member one week at least before the date of the election.

4. The members present at the meeting shall elect one of their number to be Chairman and to preside over the election.

5. The Secretary shall attend the meeting, and shall deliver to each member present a printed list of the candidates for election.

6. Each member shall have six votes and may divide them among candidates at his discretion or may give all to any one candidate.

7. Each member present shall record his votes by entering in the printed list referred to in rule 5, against the name of each candidate for whom he wishes to vote, the number of votes he desires to give him.

8. (*1*) When the voting has been completed, the Secretary shall count the votes, and the Chairman shall announce the result to the meeting.

(*2*) When so counting the votes, the Secretary shall reject as invalid any printed list which has not been filled up in accordance with rules 6 and 7.

9. (*1*) If less than six candidates are elected, the Chairman shall invite the members present to vote again for as many candidates as may be required to make up that number.

(*2*) The Secretary shall then deliver to each member another copy of the printed list of candidates, after striking out the names of candidates who have already been elected.

(*3*) When further votes are invited under this rule—

(*a*) each member shall have as many votes as there are vacancies remaining to be filled, and may divide them among the candidates at his discretion, or may give all to any one candidate, and

(*b*) rules 7 and 8 shall apply.

10. The Secretary shall report the result of the election to the Local Government.

NOTICE.

No. 3109P.J.—The 22nd August 1919.—The Committee appointed to investigate the system of prison administration in India have prepared a paper of interrogatories, printed copies of which are available in the office of the undersigned. Anybody who wishes to furnish written answers to the questions and other cognate matters not contained in the paper of interrogatories should do so before the 15th October 1919. The interrogatories are reproduced below:—

PAPER OF INTERROGATORIES.

Classification of Jails.

I.—(*a*) Do you approve of the system of classifying jails in India on the basis of prison population or accommodation and of basing the pay of Superintendents on such classification?

(*b*) What maximum would you fix to the accommodation to be provided for in—

(i) a central jail,
(ii) a district jail?

Jail Construction.

II. Have you any recommendations to make on the subject of jail construction in India?

Superintendence of Jails.

III. (*a*) Have you any experience of the plan of promoting officers of the jailor grade to the post of Superintendent of a jail; if so, how far, in your judgment, has it been successful?

(*b*) Are you in favour of entrusting to medical men the superintendence of (*a*) central jails, (*b*) district jails? If so, what remarks have you to make regarding the recruitment of Medical Superintendents in the past? If not, what other method of recruitment of Superintendents would you recommend?

Jail Establishment.

IV. (*a*) Do you consider that the scale of remuneration for the several classes of jail officers in your province is adequate? Have you any suggestions to make on the subject?

(*b*) What is the scale of warder establishment in your province? Have you any suggestions to make regarding it?

(*c*) Do you consider that the rate of pay and other conditions of the warders' service are satisfactory and secure a suitable class of man? If not, what would you suggest?

Police.

V. Have the police any part in the guarding of the jails in your province? Have you any recommendations to make on the subject?

Medical arrangements in Jails.

VI. Are you satisfied with the arrangements for the medical care and nursing of sick prisoners in the jails in your province? Have you any suggestions to make on this question?

Jail Offences.

VII. Have you any views to express regarding restraint and punishment of prisoners for jail offences?

Convict Officers.

VIII. Do you approve of the system of employing convicts as convict officers? What are your recommendations?

Labour for Prisoners.

IX. (*a*) Do you approve of the present methods of providing labour for prisoners, and have you any criticisms or suggestions to offer on the subject?

(*b*) Do you consider that the employment of power-driven machinery in jails is justifiable; if so, under what conditions and with what limitations?

Remissions of Sentence.

X. What are your views upon the system by which remissions of sentence are granted? Do you consider that the system should be extended so as to cover shorter sentences than at present?

Letters and Visits.

XI. Have you any suggestions to make regarding the rules in your province regulating (*a*) the receipt and writing of letters by prisoners, (*b*) interviews with prisoners?

Cellular and Association Systems.

XII. Are you in favour of prisoners being separated at night in a separate cell for each individual, or would you retain the system of association wards?

Separate Confinement.

XIII. Are prisoners in your province subjected to a period of separate confinement as an ordinary incident of a sentence of imprisonment, in accordance with English practice? If so, for how long? Do you approve of the existing rules on this subject, and have you any suggestions to make either as regards those rules or as to the method of carrying out the period of separate confinement?

Special Class of Offenders.

XIV. Are you in favour of creating a division or class of offenderfs, which should be entitled to special treatment in jails? If so, specify as accurately as possible the offences or classes of offences that you would include in such a division, and the nature of the special treatment that you would advocate.

Classification of Prisoners.

XV. (*a*) Have you any views to express upon the classification of prisoners into habituals and non-habituals, as at present in force in the jails in your province? Do you think that this or any such classification should be made by the Courts or by the jail authorities?

(*b*) Would you advocate the collection of habitual offenders, as far as possible, in one or more jails to which casual offenders should not ordinarily be sent?

XVI. Have you any special remarks to offer in regard to the jail rules in force in your province for the treatment of—

(*i*) civil prisoners,
(*ii*) under-trial prisoners,
(*iii*) female prisoners,
(*iv*) juvenile prisoners,
(*v*) condemned prisoners?

Simple Imprisonment.

XVII. Do you consider it desirable that prisoners, sentenced to simple imprisonment, should be exempt from all labour, or should they be liable to labour, as in England?

Weak-minded Prisoners.

XVIII. Would you recommend any special measures wtth regard to weak-minded prisoners, and if so, what are your suggestions?

Transportation.

XIX. What is your opinion of transportation as a method of dealing with criminals, with reference to (a) its deterrent effect, (b) its reformative influence? Do you consider that the system of transportation to the Andamans should be retained, with or without modifications?

Fine.

XX. (a) Are the existing provisions of law and rules relating to the payment of fine in your opinion satisfactory? If not, what changes would you suggest?

(b) In the case of persons sentenced to imprisonment in default of payment of fine and with no substantive sentence of imprisonment, would you advocate that the Courts should be either required or allowed, before the offender is committed to jail, to grant time for payment of fine, and, if so, would you permit such payment to be made by instalments?

Solitary Confinement.

XXI. What is your view of the value, as a deterrent, of solitary confinement when imposed by a judicial sentence?

"Preventive Detention" and the Indeterminate Sentence.

XXII. (a) Are you in favour of the system of "preventive detention" for habitual offenders, as practised in the United Kingdom? If so, would you make the period of detention indeterminate or would you fix a maximum and minimum, and in the latter case what periods would you suggest?

(b) If you are in favour of the system of "preventive detention," do you think that it should be applied to all habitual offenders?

(c) Do you think that "preventive detention" (if adopted) should take the place of the system of notification of address under section 565 of the Code of Criminal Procedure, or should it be in addition to that system?

XXIII. Do you advocate the adoption in any other respect of the principle of the indeterminate sentence, and if so, in what respect and subject to what rules and conditions?

Release on Probation.

XXIV. Do you favour the release on probation of first offenders or of any particular class of first offender? If so, what would you suggest, and what machinery would you provide for the supervision of the offender during the period of probation? Or would you advocate the system of suspension of sentence after conviction?

Short Sentence.

XXV. Do you think that short sentences of imprisonment, *i.e.*, for one month and under, are calculated (1) to deter, (2) to reform? If not, what substitutes would you suggest?

Imprisonment in General.

XXVI. (a) Do you consider that imprisonment, as at present carried out, is deterrent, and do you advocate its being made more or less severe? And if so, how?

(b) Have you any reason to think that jail conditions, as they at present exist, are such as to reform and reclaim a prisoner, or the contrary?

Reformatory Influences in Jails.

XXVII. (a) Have you any suggestions to offer regarding further reformatory influences that might be brought to bear upon prisoners in jail?

(b) Would you advocate more extended use of any of the following, namely, elementary general education, instruction in handicrafts, supply

of books for reading, drill and gymnastics, moral and religious instruction? If your answer is affirmative, please explain the methods you would suggest.

Children.

XXVIII. Do you advocate the introduction in India of the system of Children's Courts, as worked in England and the United States, and of the methods of dealing with children brought before those Courts, *e.g.*, binding over, probation, committal to industrial and reformatory schools, etc.? What should be the maximum age under which a young person should be regarded as a child?

Releasing of Juvenile (or other) prisoners.

XXIX. Have you any experience of the system of releasing juvenile (or other) prisoners on condition of undergoing the remainder of their sentences in an approved industrial home or other similar institution, or under the supervision of a society? Have you any suggestions to make regarding the working of this system?

Borstal Institutions.

XXX. Are you in favour of separate institutions on the Borstal plan for the detention of adolescent prisoners? If so, what minimum period of detention would you fix and within what age-limits should such prisoners be liable to detention in Borstal institutions?

After-care.

XXXI. Is there any organisation for the after-care of Borstal inmates in your province? If so, please describe fully its methods of working. Have you any recommendations to make on the subject?

Prisoners' Aid Societies.

XXXII. (*a*) Is there any society for aiding released prisoners generally in your province? If so, do you consider that its operations are adequate and successful, and have you any suggestions to make for its improvement?

(*b*) Do you think that such a society should be assisted financially by the Government and, if so, what conditions would you impose? How is the society (if any) in your province financed?

Visitors.

XXXIII Have you any suggestions to offer regarding the inspection of jails by visitors, official or non-official?

Criminal Tribes.

XXXIV. (*a*) Are there any settlements for criminal tribes in your province under the Criminal Tribes Act, 1911? If so, have you any suggestions to make regarding the working of those settlements? To what agency has the control of those settlements been entrusted, and has it been satisfactory?

(*b*) In the criminal settlements in your province what provision is made for the separation of juveniles from adults? Would you be in favour of the complete removal of children from their parents if the latter belong to a criminal tribe?

MARINE DEPARTMENT.

The 25th August 1919.

No. 107Marine.—The following draft of a notification which, in exercise of the power conferred by section 10 of the Indian Merchant Shipping Act, 1859 (Act I of 1859), the Governor in Council proposes to issue is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 27th September 1919, and any objection or suggestion with regard thereto, which may be received by the undersigned before that date, will be duly considered.

Draft Notification.

In exercise of the power conferred by section 10 of the Indian Merchant Shipping Act, 1859 (I of 1859), and with the previous sanction of the Governor-General in Council, the Governor in Council is pleased to make, in supersession of the previous rules on the subject, the following rules for the conduct of examinations for Masters and Mates of Foreign-going ships and Home-trade ships and as to the qualifications to be required.

2. Notification No. 113Marine, dated the 14th November 1910, as subsequently amended, is hereby cancelled.

F. A. A. COWLEY,
Secy. to the Govt. of Bengal.

REGULATIONS RELATING TO THE EXAMINATION OF MASTERS AND MATES.

CHAPTER I.

GENERAL RULES.

1. **Authority for Regulations.**—These regulations are issued in pursuance of Act I of 1859, as amended by Act V of 1883.

By sections 9 and 10 of that Act provision is made for holding examinations for the grant of certificates of competency and power is given to the Local Government with the sanction of the Governor-General of India in Council to make rules for the conduct of such examinations and the qualifications of the applicants.

In accordance with section 13 of the same Act no foreign-going ship* or home-trade ship* of a burden exceeding 300 tons is allowed to go to sea from any port in India, unless the master and one officer besides the master have obtained and possess valid and appropriate certificates either of competency or service under that Act or under the Merchant Shipping Act, 1894, and whoever, having been engaged to serve as Master or Mate, goes to sea as afore aid as such Master or Mate, without being at the time entitled to and possessed of such a certificate, and whoever employs any person as such Master or Mate without ascertaining that he is at the time entitled to and possessed of such certificate is, for each such offence, liable to a penalty of Rs. 500.

2. **Time and place of examinations.**—The times and places at which examinations are held are shown in Appendix A.

3. **How to apply.**—Candidates for examination must fill up a form of application (Form Exn. 2.) at the Port Office. The form, properly filled in, together with the candidate's testimonials and discharges, must be lodged with the Port Officer, Calcutta, not later than the day before the day of examination ; and the candidate must conform to any regulations in this respect which may be laid down by the Local Government. The discharges and testimonials should be handed in, together with the form of application, as many days as possible before the date of the examination which the candidate desires to attend. In the absence of the necessary verification the candidate cannot be examined.

The Examiner should be particularly careful to ascertain that there are no gaps in the candidate's service which are not properly accounted for, before he is allowed up for examination.

* "Foreign-going ship" includes every ship employed in trading between any port of the territories which are or may become vested in His Majesty by the Statute 21 and 22 Vic., C. 106, entitled "An Act for the Better Government of India," and any port or place not in the said territories, nor on the Continent of India, nor in the Straits Settlements, nor in the Island of Ceylon; and "Home Trade Ship" includes every ship employed in trading between any ports of the said territories, or between any port of the said territories and any port or place on the Continent of India or in the Straits Settlements or in the Island of Ceylon.

4. **How to apply in special cases.**—In cases where a candidate is in doubt whether his service complies with the Regulations, and wishes to submit his case for special consideration, all certificates, discharges, and testimonials, together with the form of application*, properly filled in, should be submitted to the Port Officer. If neces-ary the officer will, after seeing that all the required information is clearly set forth in the papers, forward them with his observations to the Local Government for decision.

5. **Inquiries.**—All other inquiries regarding examinations should be made and dealt with in the same way. The point on which information is sought should be clearly stated, and certificates, discharges, testimonials, etc., should be forwarded when they are material to the inquiry.

6. **Nature of service determined by actual position on board ship.**—Sea service, in the foreign or home trade, cannot be regarded as qualifying for examination for certificates of competency unless it can be verified by reference to the articles of the ship on which it was performed, *e.g.*, service claimed by testimonial or otherwise to have been as Mate when the actual rating as shown by the articles was only that of boatswain or other petty officer will not be accepted where officer's service is required. Where service as First (or Second) Mate is required to qualify for examination the candidate must actually have held the executive position next (or next but one) to the Master.

Candidates who represent themselves as having served in a higher capacity than that actually held in the ship render themselves liable to prosecution.

In this connection examiners should remember that it has been a common practice for officers to be rated on ship's articles as "Second Mate," although in reality they were only Third or Fourth Mates and acted in one of those positions on board ship.

In every case where a candidate for a Master's certificate of competency claims service as Second Mate, he should be requested to make a declaration in Divn. H of the Form Exn. 2, to the effect that during his service as Second Mate he had only one officer over him, or if more than one, that a Third and Fourth Mate were also carried.

If the service claimed is as "auxiliary Second Mate" the candidate should be required to state the number of officers serving in a junior capacity.

A candidate with First Mate's service should make a declaration that he was the senior officer under the Master, or if not, he must comply with the requirements of rule 84, as it has been found that in some cases the second mate has been signed on the articles as First Mate, the proper First Mate being called chief officer simply for examination purposes.

It must be clearly understood that the amount of service laid down in the Regulations for each grade of certificate of competency is the absolute minimum that can be accepted, and unless a candidate can show the full amount he must in no case be allowed up for examination.

7. **Age.**—Should any doubt exist as to the age of a candidate he will be required to produce a certificate of birth.

8. **Testimonials required.**—Testimonials to character, including sobriety, and to experience and ability, on board ship for at least the last twelve months of sea service preceding the date of application to be examined, will be required of all candidates, and without producing them no person will be examined.

9. **Penalty for misconduct.**—Candidates who have neglected to join their vessels after having signed articles, or who have deserted their vessels after having joined, or who have been found guilty of gross misconduct on board, will be required to produce satisfactory proofs of two years' subsequent service and good conduct at sea, unless the Local Government, after having investigated the matter, should see fit to reduce the time.

10. **Deafness and other physical and mental disabilities.**—If during the progress of the examination the examiner finds that a candidate is afflicted with deafness, with an impediment in his speech, or with some other physical or mental infirmity, and he is satisfied upon further investigation that the degree of deafness or of the impediment or other infirmity is such as to render the candidate incompetent to discharge the ordinary duties of a Mate or Master at sea, he should not allow the candidate to complete his examination and should return his examination fee ; but every case in which this action is taken must be reported to the Port Officer.

If the candidate subsequently produces a medical certificate to the effect that his hearing, speech, or physical or mental condition has improved, the Port Officer will take into consideration the question of allowing the candidate to sit again for examination.

11. **Foreigners must know English.**—Foreigners must prove to the satisfaction of the examiners that they can speak and write the English language sufficiently well to perform the duties required of them on board a British vessel. If a candidate fails for ignorance of the English language he will not be re-examined until after a lapse of six months. In the case of candidates for Home Trade certificates, the certificates of Asiatics who may not be able to speak English shall be endorsed to the effect that they are valid only for vessels manned and officered entirely by Asiatics.

* Form Exn. 2, which can be obtained at Port Office.

12. **Issue of certificate.**—If the candidate passes he will receive a form (Form Exn. 16) authorising the Port Officer to whom it is addressed to issue the certificate. It is, therefore, important that the port at which the certificate is to be issued should be the same on both the form Exn. 16 and the form Exn. 2. If circumstances should make any alteration necessary, the examiner should see that it is made in both forms, otherwise delay in the issue of the certificate may be caused.

13. **Service found to be insufficient.**—If after a candidate has passed the examination it is discovered on further investigation that his services are insufficient to entitle him to receive a certificate of the grade for which he has passed, the certificate will not be granted to him; but if the Local Government is satisfied that the error in the calculation of the candidate's services did not occur through any fault or wilful misrepresentation on his part, he may either have the fee returned to him or have it placed to his credit. Should his services entitle him to a certificate of a lower grade it may be granted to him, and the difference, if any, between the fee paid by him for the superior certificate and the fee payable for the inferior certificate will be returned to him or placed to his credit. The superior certificate will not be granted until the candidate has performed the amount of service in which he was deficient, and has been re-examined in all the subjects, unless the Local Government see fit to dispense with the re-examination.

14. **Failure in Examination.**—In all cases of failure the candidate must be examined anew. If a candidate fails in Seamanship he will not be re-examined until after a lapse of six months. Whether the whole or part of this period must be served at sea must depend upon the subjects in Seamanship in which the candidate failed, but the amount of further sea service to be required will be left to the discretion of the examiner.

15. **Examiner's Report.**—The examiner, in making his report on the form Exn. 14, should state what amount, if any, of further sea service the candidate must perform, and he should also insert this information in the form Exn. 2.

16. **Failure in Navigation.**—If a candidate fails three times in Navigation within three months, he will not be re-examined until after a lapse of three months from the date of the last failure.

17. **Failure in Extra Examinations.**—Candidates for Extra certificates will not be allowed to present themselves for examination more than three times within a period of twelve months.

18. **Candidates failing may be examined for certificate of lower grade.**—If a candidate fails in his examination for an Ordinary certificate, and the subjects in which he has failed are not included in the syllabus prescribed for a certificate of a lower grade, he may, if he so desires, be examined for the lower grade certificate without further formal application or payment of fee, but he will be required to complete the whole of the work prescribed for such lower grade.

If a candidate fails for the Extra certificate, he may also, without further formal application or payment of fee, proceed with the examination for the Ordinary certificate, but, in this case, the whole of the examination prescribed for the lower grade will have to be completed irrespective of any work which may have been done under examination for the Extra certificate. The subsequent examination for the lower grade may, if time permits, be taken during the current week, but in that case a special set of problems should be supplied to the candidate; should the time be insufficient, the candidate will be allowed to sit at the next following examination.

No part, however, of the fee he has paid will be returned to him, and on presenting himself, when qualified, for re-examination for the higher certificate, he will be required to pay again the full fee for the examinations.

19. **Failure in Seamanship.**—If a candidate fails in Seamanship so far as regards the management of square-rigged sailing vessels, in his examination for an Ordinary certificate, he may, if qualified as to service, without further formal application or further payment of fee, proceed with the examination for a certificate of competency for foreign-going steamships, or for fore and aft rigged vessels. And if a candidate fails in the same manner in his examination for an Extra Master's certificate, he may, under the same conditions as above, proceed with the examination for an Extra certificate for steamships.

20. **Fee always paid first.**—Candidates for examination, in making their application on form Exn. 2, will be required to pay the examination fee before any step is taken in the way of inquiring into their services or testing their qualifications. If the candidate is found not to be eligible the fee will either be returned to him or placed to his credit until he is eligible.

21. **Where to pay fees.**—The fee for examination must be paid to the Port Office. If a candidate offers a gratuity to any officer of the Department, he will be regarded as having committed an act of misconduct, and will be rejected, and not allowed to be again examined for twelve months either at the port where the offence was committed, or at any other port.

22. **Fee not returned on failure.**—If a candidate fails to pass the examination no part of the fee will be returned to him.

23. **Table of fees.**—The fees are as follows:—

FOR FOREIGN-GOING SHIPS.

	Rs.	A.	P.
Master	30	0	0

NOTE.—No abatement will be made in the fee charged to a candidate for a certificate for foreign-going ships in consequence of his possessing a Master's or Mate's certificate for home trade passenger ships.

24. **Copy of Lost Certificate.**—An applicant for a certified copy of a lost Certificate either of Competency or Service, must fill in a form of application, Exn. 23, giving the particulars required, and hand it to the Port Officer of Calcutta. A declaration as to the circumstances in which the certificate was lost must be made by the applicant before the Port Officer who will forward a certified copy of the lost certificate to the applicant.

25. **First Aid to the Injured.**—(*a*) Every candidate for a Certificate of Competency of any grade as Master or Mate will be required to produce a certificate issued by the St. John's Ambulance Association, the St. Andrew's Ambulance Association, the St. Patrick's Ambulance Association, the British Red Cross Society, the London County Council, the Glamorgan County Council, the Leith Technical College or other approved body or by a Medical Officer of one of His Majesty's ships, to the effect that he has passed examination in First Aid to the injured.

(*b*) The certificate must be an adult certificate, *i.e.*, obtained by the candidate when sixteen years* of age or more, and (except in the circumstances indicated in rule 130) the examination for it must have been passed not more than three years before the date of the examination for the certificate of competency. Certificates issued by the St. John's Ambulance Association more than three years before the examination for a certificate of competency will, however, be accepted, provided that, at the expiration of three years since its issue, the certificate has attached to it the "Voucher" or "Label" of the Association certifying that the holder has passed re-examination in First Aid.

(*c*) If a candidate does not possess such a certificate of proficiency in First Aid he should apply some time before he wishes to sit for examination for a certificate as Master or Mate to the local secretary of one of the approved Associations, who will inform him of the available facilities for the instruction and examination of candidates in First Aid. A list of the names and addresses of the local secretaries of the Associations is given in Appendix C.

(*d*) Besides the courses of instruction which are provided on shore at the ports in the United Kingdom, at which examinations for certificates as Master and Mate are held, courses of instruction given by qualified surgeons on board merchant vessels will be accepted by the St. John's Ambulance Association as qualifying the candidate for examination for their certificate of proficiency in First Aid, provided the surgeon certifies that he has followed the syllabus of instruction laid down by the Association.

(*e*) The St. Andrew's Ambulance Association will also accept instruction by a ship's surgeon on board ship as qualifying a candidate for examination for their certificate of proficiency in First Aid, provided their syllabus is followed. In this case the candidate must previously have enrolled and obtained an attendance card, by applying to the local secretary of the Association, or to the head office at 176, West Regent Street, Glasgow.

(*f*) It will not be necessary for the candidate for a certificate as Master or Mate in all cases to produce the formal certificate of proficiency in First Aid issued by the Associations. In order to prevent delay in proceeding with the examination for the certificate as Master or Mate and in the issue of the certificate to successful candidates, the special Mercantile Marine linen Certificate issued by the St. John's Ambulance Association and duly signed by the Lecturer, the Surgeon Examiner, and the Association's local representative, or, in Scotland, a certificate signed by the Local Examiner of the St. Andrew's Ambulance Association, to the effect that the candidate has passed the examination for a Certificate of proficiency, may be accepted as showing that the candidate possesses the required knowledge of First Aid.

26. **Sight Tests.**—(*a*) Every candidate for a certificate of competency must pass the prescribed sight tests before a certificate can be issued to him. If circumstances render it necessary for him to proceed with the examination in navigation and seamanship before undergoing the sight tests, he should be informed that the examination in navigation and seamanship will be cancelled in the event of his failure to pass either of the sight tests.

(*b*) **Form vision test.**—Every candidate for a certificate must pass the form vision test. If he obtained a certificate of competency before January 1st, 1914, he will only be required to possess half normal vision using both eyes together. Otherwise he must pass a higher standard, viz., normal vision using both eyes or either eye separately.

Any candidate who has obtained his first certificate under these conditions may obtain his higher certificates, provided that he has normal vision using both eyes or either eye separately.

Detailed information with regard to the conduct of the examination and the standards required is contained in Appendix I.

(*c*) **Colour vision test.**—Every candidate must undergo the colour vision test on every occasion on which he presents himself for examination for his first certificate of competency; but, if he then passes, he will not be required to undergo the colour vision tests on any subsequent occasion.

No person who holds a certificate of competency should be examined in colour vision.

(*d*) A candidate who fails to pass the prescribed form vision test may present himself for re-examination at intervals of three months. A candidate who fails to pass the colour vision test cannot be re-examined. In the case of a candidate who is referred for further examination the Port Officer will make arrangements for a special examination. It is also open to any candidate who is adjudged to have failed in the colour vision test to appeal to the Local Government, who may, if they think fit, remit the case to a special body of examiners for decision.

(*e*) The Local Government will repay, at a rate which will be notified to the candidate, the travelling expenses of any candidate who is referred for further examination, as well as the travelling expenses of any candidate who, having appealed against failure, is reported by the Special Examiners to have passed. No payment whatever will be made towards the expenses of candidates who, upon their own application, are examined by the Special

Examiners, and are reported by them to have failed, unless the Local Government consider that the particular circumstances of the case justify such payment.

(*f*) When a candidate fails to pass the colour vision test, the Examiner will point out to him the conditions under which he can appeal. Appeals are to be made through the Port Officer, and forwarded to Local Government with the Examiner's remarks.

(*g*) Only Examiners who have themselves passed the colour vision tests are to undertake the local examinations.

(*h*) The fee paid for examination for a certificate of competency includes the fee of one rupee for examination in form and colour vision, and if the candidate fails to pass those tests, this fee will, with the exception of one rupee, be returned to him.

(*i*) No additional fee will be charged to any candidate referred for special examination, or for the special examination allowed to a candidate who appeals against failure. If, however, a candidate, who has been reported by the Special Examiners as having failed, is still dissatisfied, it will be open to him, if he so desires, to present himself for a second special examination on payment of a fee of rupees seventy-five, provided that he brings with him a friend to witness the examination.

This second examination will, however, be entirely voluntary, and will form no part of the examination for a certificate of competency. The Local Government will, however, give consideration to the result of such examination in determining whether a certificate shall be granted.

The sight tests are open to all persons serving or intending to serve in the Mercantile Marine or in fishing vessels, and all such persons recommended to take the earliest opportunity of ascertaining whether their vision is such as to qualify them for service in that profession. Any such person, if desirous of undergoing the tests, must make application to the Port Officer, on the form Exn. 2a, and must pay a fee of one rupee.

This fee will be payable on each occasion on which a candidate is examined.

CHAPTER II.

QUALIFICATIONS REQUIRED FOR THE VARIOUS GRADES.*

[Certificates for Foreign-going Ships, or Ordinary Certificates.]

27. **Square-rigged service required.**—A candidate for an Ordinary certificate of any garde who has not previously held an Ordinary certificate of a lower grade must prove that he has served 12 months in the Foreign trade, or 18 months in the Home or Coasting trade, in a square-rigged sailing vessel.

28. **Value of Ordinary Certificates.**—Ordinary certificates will entitle the holders to go to sea as Mates or Masters of any vessel, sailing or steam.

29. **Second Mate.**—A candidate must be not less than eighteen years of age, and must have served four years at sea.

30. **Second Mate, Ordinary : Navigation.**—A candidate for a Second Mate's certificate will be required :—

(*a*) To write a legible hand and spell correctly. For the purpose of testing his ability the candidate will be required to write a short essay on some suitable subject.

(*b*) To show a competent knowledge of the first five rules of arithmetic and the use of logarithms.

(*c*) To answer questions on elementary plane trigonometry.

(*d*) To work a day's work complete, correcting the courses for leeway, deviation and variation.

(*e*) To find the latitude by the meridian altitude of the sun.

(*f*) To work any practical problem in parallel sailing.

(*g*) To find the true course and distance from one given position to another by Mercator's method; also the compass course, the variation and deviation being given.

(*h*) To find the true amplitude of the sun and the error of the compass therefrom; also the deviation, the variation being given.

* These qualifications are shown in a tabular form in Appendix J.

(*i*) To find the longitude by chronometer from altitude of the sun by the usual methods, computing the daily rate of chronometer from errors observed, when required ; also to find the true azimuth of the sun, and the error of the compass ; and the deviation, the variation being given.

(*j*) To find the true azimuth of the sun by the "Time Azimuth" tables ; the error of the compass ; also the deviation, the variation being given.

NOTE.—The candidate will be required to give a figure and explanation for each problem worked, and give a written explanation of any of the terms used in navigation or nautical astronomy that may be asked.

(*k*) To find on a chart or plan the course or courses to steer and the distance or distances from one given position to another, to find the ship's position, together with the set and drift (if any) on the chart or plan from cross-bearings of two objects ; to find the ship's position from two bearings of the same object, the course and distance run between taking the bearings being given, making due allowance for a given tide or current ; also, the distance of the ship from the object or any given position at the time of taking the second bearing ; to find on a chart or plan the course to steer by compass in order to counteract the effect of a given tide or current, and find the distance the ship will make good towards a given point in a given time ; to fix a ship's position on a chart or plan by horizontal sextant angles, using a station pointer ; and to work out practically the correction to apply to soundings taken at a given time and place to compare with the depth marked on the chart ; and give a method of finding approximately the time of high water at any given place without the aid of the Admiralty or other Tide Tables.

He will be examined orally in the following subjects :—

(*l*) The Morse and British movable semaphore alphabets, the International Code of Signals, and the British Signal Manual. He will be required to attain a minimum speed of 8 words a minute in semaphore and 5 words a minute in Morse flashing and flag waving. (*See* Appendix D.)

(*m*) The use and adjustments of the sextant, read off and on the arc, and the mode of finding the index error by both horizon and sun.

(*n*) The construction, use and principle of the barometer, thermometer and hydrometer. Also the use and care of a chronometer.

(*o*) Weights and measures.

(*p*) The markings, signs and abbreviations on Admiralty charts or plans.

(*q*) The General Notices published in the Board of Trade Summary of Notices to Mariners.

(*r*) Elementary questions on the main parts of a ship's construction.

31. **Second Mate, Ordinary : Seamanship.**—He must understand and give satisfactory answers on the following subjects :—

(*a*) The standing and running rigging of ships.

(*b*) Bending, unbending, setting, reefing, taking in, and furling sail.

(*c*) Sending masts and yards up and down, etc.

(*d*) Management of a ship when under canvas.

(*e*) Management of ships' boats in heavy weather.

(*f*) Dunnaging and stowing cargo, etc.

(*g*) The Rule of the Road as regards both steamers and sailing vessels, their regulation lights and fog and sound signals.

(*h*) The signals of distress, and the signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of these signals.

(*i*) The marking and use of the lead and log lines. Also care and use of sounding machines and mechanical logs.

(*j*) The use and management of the rocket apparatus in the event of a vessel being stranded.

(*k*) Any questions appertaining to the duties of a Second Mate that the Examiner may think necessary to ask.

(*l*) Also questions on the additional subjects which are specified in the rules of examination for Second Mates' certificates of competency for foreign-going steamships. (*See* rule 44.)

32. **Mate, Ordinary Only.**—A candidate must be not less than nineteen years of age, and have served five years at sea.

33. **First Mate, Ordinary.***—A candidate must be not less than nineteen years of age, and have served five years at sea, of which—

(*a*) One year must have been in a capacity not lower than Fourth Mate of a foreign-going vessel whilst holding a Second Mate's certificate for foreign-going vessels;
if his service was as Third or Fourth Mate proof will be required that he had during the whole year *charge of a watch* (*see* rule 83);

(*b*) *or* one year and a half must have been in a capacity not lower than Only Mate in a home trade or coasting vessel whilst holding a Second Mate's certificate for foreign-going vessels, or a Mate's certificate for home trade passenger ships;

(*c*) *or* one year must have been as Pilot with a First Class Pilot's Certificate (*see* rule 80).

34. **Mate, Ordinary: Navigation.**—In addition to the work for the Second Mate's certificate, a candidate for the Only or First Mate's certificate will be required:—

(*a*) To answer questions on right-angled spherical trigonometry.
(*b*) To compute the time at which a given star will be on the observer's meridian. [Occasionally by inspection.]
(*c*) To determine what bright stars will be within a certain hour-angle from the observer's meridian, above the pole and above the horizon, at any given time; also the hour angle, east or west, of each of the stars, and whether they are to the north or south of the observer's zenith when passing the meridian.
(*d*) To compute the approximate meridian altitude of a star, for setting the sextant.
(*e*) To find the latitude from the meridian altitude of a star.
(*f*) To find the longitude by chronometer by altitude of a star.
(*g*) To find the true azimuth of a star by the "Time Azimuth" tables, and get the deviation therefrom.
(*h*) To find the latitude by ex-meridian altitude of the sun or a star.
(*i*) To find the line of position and the true bearing of the sun, and the ship's position, by Sumner's method by projection.

NOTE.—The candidate will be required to give a figure and explanation for each problem worked, and give a written explanation of any of the terms used in navigation or nautical astronomy that may be asked.

(*j*) To answer certain questions on meteorology.

He will be examined orally in the following subjects:—

(*k*) How to keep a ship's log book.
(*l*) How to calculate the capacity of a given bunker or hold.
(*m*) How to calculate a freight and its commissions.
(*n*) The measurement and equipment of ship's life-boats and number of persons allowed to be carried in each class of boat.
(*o*) Testing of life-buoys and life-belts.
(*p*) The screening of ship's side lights.
(*q*) More advanced questions on the main part of a ship's construction and general use.

35. **Mate, Ordinary: Seamanship.**—In addition to the qualifications required for a Second Mate's certificate, an Only or First Mate will be required to show a knowledge of the following subjects:—

(*a*) Shifting large spars, rigging sheers, taking lower masts in and out.
(*b*) How to moor and unmoor ship; to keep a clear anchor; and to carry out an anchor.
(*c*) How to manage a ship in stormy weather, and to cast a ship on a lee shore.
(*d*) How to secure the masts in the event of accident to the bowsprit.
(*e*) How to rig purchases for getting heavy weights, anchors, machinery, etc., in or out.
(*f*) How to dispose various kinds of cargo and weights in a stiff and in a tender vessel.
(*g*) The ventilation of holds, and the stowage of explosives.
(*h*) The stowage of grain cargoes.
(*i*) How to rig a sea anchor, and what means to employ to keep a vessel, disabled or unmanageable, out of the trough of the sea, and lessen her lee drift.
(*j*) How to get a cast of the deep sea lead in heavy weather.
(*k*) Accidents, and how to deal with them.
(*l*) any other questions appertaining to the duties of an Only or First Mate which the Examiner may think necessary to ask.
(*m*) Also questions on the additional subjects which are specified in the rules of examination for Only and First Mate's certificates of competency for foreign-going steamships. (*See* rule 48.)

* For convenience of calculation the service required is stated in a tabular form in Appendix J.

36. **Master, Ordinary.***†—A candidate must be not less than twenty-one years of age, and—

(*a*) he must have served six years at sea, of which one year must have been in a capacity not lower than Only Mate of a foreign-going vessel, whilst holding a certificate not lower than an Only Mate's certificate for foreign-going vessels, provided that, if this service as officer was not performed whilst holding a First Mate's certificate for foreign-going vessels, the candidate will also be required to prove the officer's service prescribed for that grade (rule 33) ;

(*b*) *or*, he must have served six years at sea, of which one year and a half must have been in a capacity not lower than Only Mate of a home trade or coasting vessel whilst holding a certificate not lower than an Only Mate's certificate for foreign-going vessels, provided that, if this service as officer was not performed whilst holding a First Mate's certificate for foreign-going vessels, the candidate will also be required to prove the officer's service prescribed for that grade (rule 33) ;

(*c*) *or*, he must have served six and a half years at sea, one year of which must have been in a capacity not lower than Second Mate of a foreign-going vessel whilst holding a First Mate's certificate for foreign-going vessels, provided that, if this service as Second Mate was performed under an additional or auxiliary First Mate it will only be accepted if a Third or Fourth Mate were also carried, *and* one year and a half not lower than Third or Fourth Mate of a foreign-going vessel *in charge of a watch* whilst holding a Second Mate's certificate for foreign-going vessels (*see* rule 6) ;

(*d*) *or*, he must have served nine years at sea in the Home or Coasting trade ; of which three years must have been as Master, *or* one year as Master and three years in a capacity not lower than that of Mate, provided that, in either case, he has served in such capacity for not less than one year with a Second Mate's certificate for foreign-going vessels or a Master's certificate for home trade passenger ships.

37. **Master, Ordinary : Navigation.**—A candidate for an Ordinary Master's certificate will, in addition to the work prescribed for the grades of Second and First Mate that may be given him by the Examiner, be required :—

(*a*) To write an essay on some technical subject

(*b*) To find the latitude by the altitude of the Polar star at any time.

(*c*) To find the latitude by the meridian altitude of the moon.

NOTE.—The candidate will be required to give a figure and explanation for each problem worked, and give a written explanation of any of the terms used in navigation or nautical astronomy that may be asked.

(*d*) To find the magnetic bearing of any fixed object when at sea or at anchor from bearings of the object taken with the ship's head on equidistant compass points, and to compute the deviation therefrom ; to construct a deviation curve upon a Napier's diagram which will be furnished by the Examiner, and show that he understands its practical application, to give satisfactory written and oral answers to certain practical questions as to the effect of the ship's iron upon the compasses, and the method of determining the deviation, and show how to compensate the deviation by magnets and soft iron by the aid of Beall's Compass Deviascope.

(*e*) Questions on ship construction and naval architecture and a few elementary questions on stability.

He will be examined orally in the following subjects :—

(*f*) The law as to the engagement and discharge and management of the crew, and the entries to be made in the official log.

(*g*) How to prevent and check an outbreak of scurvy on board ship.

(*h*) The law as to load-line marks, and the entries and reports to be made respecting them.

(*i*) Invoices, charter party, bills of lading, Lloyd's agent, nature of bottomry, bills of exchange, surveys, averages, etc.

(*j*) The prevailing winds and currents of the globe.

(*k*) The trade routes.

(*l*) Tides.

38. **Master, Ordinary : Seamanship.**—In addition to the qualifications required for the grades of Second and First Mate, an Ordinary Master will be required to show a knowledge of the following subjects :—

(*a*) Construction of jury rudders for both wooden and iron vessels, also rafts.

(*b*) Resources for the preservation of the ship's crew in the event of wreck.

(*c*) Management of ship in heavy weather.

(*d*) Rescuing the crew of a disabled vessel.

---

* For convenience of calculation the service required is stated in a tabular form in Appendix J.

† *See also* rule 129

(*e*) Steps to be taken when a ship is on her beam ends, or in any danger or difficulty, or disabled or unmanageable and on a lee shore.
(*f*) Heaving a keel out.
(*g*) How to proceed when placing a ship in dry dock, and directing repairs, and when putting into port in distress with damage to cargo and ship.
(*h*) Any other question appertaining to the management of a ship which the examiner may think it necessary to ask.
(*i*) Also questions on the additional subjects which are specified in the rules of Examination for Masters' certificates of competency for foreign-going steamships. (*See* rule 51.)

39. **Special Regulations relating to the examination of Masters and Mates to apply only where the candidate has served an apprenticeship in an approved sea-going training ship, with a view to promotion in the service of the Company to which the training ship is attached.**—(1) The training ship must be a sea-going cargo-carrying square-rigged sailing vessel, and the course of study and practical training which the cadets receive must be approved by the Local Government.

At the end of four years' service in the training ship the cadet will be qualified for examination for a certificate as Second Mate provided (*a*) he can produce a testimonial to the effect that both his conduct and his ability have given satisfaction during the whole period, and (*b*) that he has served *at sea* for not less than four-fifths of the time, that is to say, has not spent more than one-fifth of the time in home ports, *cf.* rule 100.

If the cadet has served previously for two years in either the "Conway" or the "Worcester" training ship, this time will be allowed to count as one year's qualifying service (*cf.* rule 97), and he will be required to serve for 3 years only in the Company's training ship before he can be allowed up for examination for a certificate as Second Mate (ordinary).

(2) A candidate who has served for four (or three) years on the training ship may be allowed up for examination for a certificate as First Mate (ordinary) when he has served, whilst holding a certificate as Second Mate, *for two years as junior bridge-keeping officer of the watch* upon vessels of the Company satisfying certain requirements [*see* sub-rule (4)]. The words "junior bridge-keeping officer" must be interpreted as meaning the junior of *two* bridge-keeping officers. Where three officers are on the bridge together, the service of the third does not fall within the scope of the Special Regulations, and his service cannot be accepted as qualifying. All cases where cadets, to whom these special regulations apply, subsequently present themselves for examination for First Mate or Master must be referred to the Registrar-General of Seamen, so that their real position on board vessels of the Company satisfying the requirements of this rule may be verified by reference to the official logs before they are accepted as eligible for examination.

(3) A candidate who has obtained a certificate as First Mate in the above way may be allowed up for examination for a certificate as Master (ordinary) when he has served for eighteen months whilst holding the Certificate as First Mate, as a senior watch-keeping officer upon vessels of the Company satisfying the same requirements [*see* sub-rule (4)].

If the candidate has served for eighteen months as senior of the junior officers, *i.e.*, the officer next below the junior of the officers in full charge of the watch whilst holding the certificate as First Mate, he may be allowed up for examination for a certificate as Master (ordinary) on the understanding that the certificate as Master would not be issued to him until he had completed twelve months' service as a senior watch-keeping officer, the service in both cases to be performed on vessels satisfying the same requirements [*see* sub-rule (4)].

(4) The special regulations (sub-rules 2 and 3) in regard to the acceptance of service as qualifying for the examinations for certificates as First Mate and Master shall apply only when the service is performed in the specified capacities upon ocean-going steamers of not less than 8,000 tons gross, making an average speed of 15 knots or upwards and carrying a crew of not less than 130 men, including at least five deck officers beside the Master.

40. **Fore and aft certificates.**—Certificates for the grades of Second Mate, Only Mate, First Mate, and Master of fore and aft rigged vessels will be issued to candidates who have not complied with the regulation which requires them to have served at least one year in square-rigged sailing vessels, or who prove in course of examination that they are ignorant of the management of square-rigged ships. In other respects the qualifications for examination for such certificates are the same as for Ordinary certificates.

The examinations for the grades of Second Mate, Only Mate, First Mate, and Master, of fore and aft rigged vessels, will be precisely the same as for the Ordinary certificates, excepting that in seamanship a knowlege of the management of square-rigged vessels is not required.

A certificate for fore and aft rigged vessels will not entitle the possessor to act in any case in which a certificate for square-rigged vessels is required. Amongst square-rigged vessels are classed full-rigged ships, barques, brigs, barquentines, brigantines, and steamships carrying square sails.

A candidate possessing a certificate for fore and aft rigged vessels, and desiring to be examined for an Ordinary certificate must prove that he has served at sea at least one year in a square-rigged sailing vessel, unless he has previously held an Ordinary certificate of a lower grade.

41. **Steamship Certificates.**—Certificates applying only to steamships are issued to candidates who are either unable to comply with the regulation which requires them to have passed one year in square-rigged sailing vessels or who prove in course of examination that they are ignorant of the management of square-rigged sailing vessels. All the qualifying service prescribed for these certificates may have been performed in steamships.

These certificates will entitle the holders to go to sea as Masters or Mates of foreign-going steamships, but will not entitle them to go to sea as Masters or Mates of foreign-going sailing ships.

There will be no distinction in these certificates between fore and aft rigged steamships and square-rigged steamships.

42. **Second Mate, Steamships.**—The qualifications as to age and service are the same as for an Ordinary Second Mate's certificate (*see* rule 29), excepting that the whole of the service may have been performed in steamships and that no service in square-rigged sailing vessels is required.

43. **Second Mate, Steamships : Navigation.**—The examination in navigation for a Second Mate's certificate for foreign-going steamships will be precisely the same as that prescribed for an Ordinary Second Mate's certificate.

44. **Second Mate, Steamships : Seamanship.**—The candidate must understand and be able to give satisfactory answers on the following subjects :—

(*a*) The standing and running rigging of steamships.

(*b*) Bending, unbending, setting, taking in, and furling sail.

(*c*) Sending masts and yards up and down, etc.

(*d*) Seeing everything in readiness and clear for getting under way, and the precautions to be then observed with regard to steering gear and connections, engines, propeller, etc.

(*e*) Care and usage of mechanical logs and sounding machines.

(*f*) Management of ships' boats in heavy weather.

(*g*) Dunnaging and stowing cargo, etc.

(*h*) The Rule of the Road as regards both steamers and sailing vessels, their regulation lights and fog and sound signals.

(*i*) Signals of distress, and signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of these signals.

(*j*) The marking and use of the ordinary lead and log-lines.

(*k*) The construction, use, and action of the sluices, and of the water-ballast tanks.

(*l*) Engine-room and other telegraphs used on board ship, and deck appliances generally.

(*m*) Use and management of the rocket apparatus in the event of a vessel being stranded.

(*n*) Any other questions appertaining to the duties of the Second Mate of a steamship which the Examiner may think necessary to ask.

45. **Only Mate, Steamships.**—The qualifications as to age and service are the same as for an Only Mate's Ordinary certificate (*see* rule 32), excepting that the whole of the service may have been performed in steamships and no service in square-rigged vessels is required.

46. **First Mate, Steamships.**—The qualifications as to age and service are the same as for a First Mate's Ordinary certificate (*see* rule 33), excepting that the whole of the service may have been in steamships, and that no service in square-rigged vessels is required.

47. **Mate, Steamships : Navigation.**—The examination in navigation for an Only or First Mate's certificate for foreign-going steamships will be precisely the same as that prescribed for an Ordinary First Mate's certificate (*see* rule 34).

48. **Mate, Steamships : Seamanship.**—In addition to the qualifications required for a Second Mate's certificate, an Only or First Mate will be required to show a knowledge of the following subjects :—

(*a*) Shifting large spars; rigging sheers; and taking lower masts in and out.

(*b*) How to moor and unmoor ship; keep a clear anchor; and carry out an anchor.

(*c*) Management of a steamship in stormy weather.

(*d*) How to rig purchases for getting heavy weights, anchors, machinery, etc., in and out.

(*e*) How to dispose various kinds of cargo and weights in a stiff and in a tender vessel.

(*f*) Ventilation of holds, and the stowage of explosives.

(*g*) Stowage of grain cargoes.

(*h*) The effects of the screw race upon the rudder; and the effect produced on the direction of the head of the ship by going [ahead] [astern] with a [right] [left] handed screw when the rudder is [ported] [starboarded]; also, the effect of twin screws under the same conditions, and when going ahead with one and reversing the other, etc., etc.

(*i*) How to rig a sea anchor, and what means to employ to keep a steamer, with her machinery disabled, out of the trough of the sea, and to lessen her lee drift.

(*j*) How to turn a steamship short round.

(*k*) How to get a cast of the deep sea lead in heavy weather.

(*l*) Any other questions appertaining to the duties of a First Mate of a steamship which the Examiner may think necessary to put to him.

49. **Master, Steamships.**—The qualifications as to age and service are the same as for a Master's Ordinary certificate for a foreign-going ship (*see* rule 36), excepting that the whole of the service may have been performed in steamships, and that no service in square-rigged vessels is required (*see also* rule 129.)

50. **Master, Steamships: Navigation.**—The examination in navigation for a Master's certificate for foreign-going steamships will be precisely the same as that prescribed for an Ordinary Master's certificate (*see* rule 37).

51. **Master, Steamships: Seamanship.**—In addition to the qualifications required for the grades of Second and First Mate, a Master will be required to show a knowledge of the following subjects:—

(*a*) Construction of rafts and jury rudders suitable for screw steamships.

(*b*) The preservation of the ship's crew in the event of wreck.

(*c*) Management of steamships in heavy weather.

(*d*) Rescuing the crew of a disabled ship.

(*e*) Steps to be taken when a vessel is on her beam ends, or disabled and on a lee shore.

(*f*) How to use steam appliances in the event of fire.

(*g*) Economy in coal consumption.

(*h*) The best arrangement for towing vessels under different circumstances.

(*i*) Placing ship in dry dock; directing repairs; and the mode of procedure when putting into port in distress with damage to cargo and ship.

(*j*) Any other questions appertaining to the management of a steamship which the Examiner may think necessary to put to him.

52. **Steamship certificates, how changed.**—A candidate possessing a certificate for foreign-going steamships, and desiring to be examined for an Ordinary certificate, must prove that he has served at sea at least one year in a squire-rigged sailing vessel, unless he has previously held an Ordinary certificate of a lower grade.

53. **Mate, Home Trade.**—A candidate must be not less than nineteen years of age, and have served four years at sea.

54. **Mate, Home Trade Steamship: Navigation.**—He must write a legible hand and spell correctly, and understand the first five rules of arithmetic, both simple and compound. He must be able to take a bearing by compass, be conversant with the use of a Mercator's Chart and be able to find, on a chart or plan, the course or courses to steer and the distance or distances from one given position to another; to find the ship's position, together with the set and drift (if any) on a chart or plan from cross bearings of two objects; to find the ship's position from two bearings of the same or different objects, the course and distance run between taking the bearings being given, making due allowance for a given tide or current; also the distance of the ship from the objects or any given position at the time of taking the second bearing; to find on a chart or plan the course to steer by compass in order to counteract the effect of a given tide or current and to find the distance the ship will make good towards a given point in a certain time, and to work out practically the correction to apply to soundings taken at a given time and place, to compare with the depth marked on the chart; also, to fix the ship's position by horizontal sextant angles, using a station pointer for plotting it on the chart or plan, etc., and give a method of finding approximately the time of high water at any given place without the aid of the Admiralty or other Tide Tables. He will also be required to explain orally the markings, signs and abbreviations on Admiralty charts and plans, the use of the sextant, to be able to observe with it, to read *off* and *on* the arc, and to find the index error by the horizon. He will also be required to attain a minimum speed of eight words a minute in semaphore and five words a minute in Morse flashing and flag waving, and to have a good working knowledge of the International Code of Signals and British Signal Manual.

55. **Mate, Home Trade Steamship : Seamanship.**—He must possess a thorough knowledge of the Rule of the Road as regards both steamers and sailing vessels, their regulation lights, and fog and sound signals. He must be able to describe the signals of distress, the signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of these signals : also the use and management of the rocket apparatus in the event of his vessel being stranded. He must be able to mark and use the lead log lines, to moor and unmoor a vessel, and to manage a ship's boat in heavy weather, etc., etc. He must also understand the construction, use and action of the bulkhead sluices, the engine-room telegraph, etc., and to answer any other questions appertaining to the duties of the Mate of a home trade passenger ship which the Examiner may think proper to put to him.

56. **Master, Home Trade Steamship.***†—A candidate must be not less than twenty-one years of age and have served five years at sea, of which—

(*a*) One year must have been in a capacity not lower than that of Only Mate of a home trade or coasting vessel, whilst holding a Mate's certificate for home trade passenger ships, or a Second Mate's certificate for foreign-going vessels ;

(*b*) *or*, two and a half years must have been in a capacity not lower than Second Mate of a home trade or coasting vessel *in charge of a watch*, whilst holding a Mate's certificate for home trade passenger ships, or a Second Mate's certificate for foreign-going vessels (*see* rule 83) ;

(*c*) *or*, one year must have been as Pilot with a First Class pilot's certificate (*see* rule 80).

57. **Master, Home Trade Steamship : Navigation.**—In addition to the qualifications required of a Mate of a home trade passenger ship, a Master will be required to find the latitude by a meridian altitude of the sun, find compass corrections by Amplitude and Time Azimuth of the Sun, and to give written answers to certain practical questions on the subject of the deviation of the compass. (*See* also supplementary *vivâ voce* test, rule 126.)

58. **Master, Home Trade Steamship : Seamanship.**—In addition to the qualifications required of a Mate of a home trade passenger ship, a Master must understand how to a sea anchor, and what means to apply to keep a steamship with machinery disabled out of the trough of the sea ; also how to get a cast of the lead in heavy weather, etc. He will be examined as to his resources for the preservation of the crew and passengers in the event of wreck, and the steps to be taken if his vessel is disabled and drifting towards a lee shore, and will be required to answer any other questions appertaining to the management of a home trade passenger ship which the Examiner may think necessary to put to him.

59. **Yacht Certificates.**—The examination for these certificates is purely voluntary, and is confined to persons who command their own British sea-going pleasure yachts. A Master of a yacht who is not also the sole owner, or who is under 21 years of age, is not eligible for examination.

Only one description of certificate will be issued, whether the yacht is foreign-going or cruises within the home trade limits.

The certificate will not entitle the holder to command any vessel except the pleasure yacht or yachts, of which he is at the time the sole owner.

Candidates are not required to have served any specified time afloat, as it is believed that their sea knowledge will be sufficiently tested by the examination they will have to pass in seamanship.

Testimonials of service need not be shown, but a candidate for examination will be required to produce a statutory declaration to the effect (1) that he is sole owner of the yacht ; (2) that the yacht is sea-going ; (3) that it is not to be used for trading purposes. He will also be required to fill up the form of application (Form Exn. 2), and pay the fee of Rs. 2 at the Port Office, as prescribed in rule 3.

In all other respects, except that the candidate will not be required to produce a "First Aid" certificate, the regulations relating to examinations of Masters of foreign-going ships will apply in these cases.

60. **Yacht Master : Navigation.**—The examination in navigation for a Yacht Master's certificate will be precisely the same as that prescribed for an Ordinary Master's certificate, except that in the civil duties of a shipmaster the Master of a yacht will only be expected to possess a knowledge of what he is required to do by the Merchant Shipping Act.

61. **Yacht Master : Seamanship.**—He must give satisfactory answers as to his knowledge of making and taking in sail, and as to the management of a yacht under canvas in moderate and in stormy weather. He must have a thorough knowledge of the Rule of the Road at sea as regards both steamers and sailing vessels, their regulation, lights and fog and sound signals, and be able to describe the signals of distress, and the signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of these signals. He must also understand the use and management of the

* For convenience of calculation the service required is stated in a tabular form in Appendix J
† See also rule 129.

rocket apparatus in the event of his vessel being stranded. He must be able to mark and use the lead and log lines; to cast a vessel on a lee shore; to moor and unmoor a ship; to keep a clear anchor, and to carry out an anchor. He must know how to keep his vessel out of the trough of the sea in the event of accident; how to rig rafts and jury rudders, etc.; and what steps to take if his vessel is disabled or unmanageable and drifting towards a lee shore. He will also be examined as to his resources for the preservation of the crew in the event of wreck. He must also possess a knowledge of the measures he should adopt for preventing and checking an outbreak of scurvy on board; and be prepared to answer any other questions relating to the management of a yacht, either steam or sailing, which the Examiner may ask.

62. **Provisional Certificates.**—Provisional certificates for foreign-going ships or for foreign-going steamships, according to the candidate's qualifications, are granted on the conditions stated below to any officer of the Mercantile Marine who may require such a certificate to qualify him for appointment to or promotion in the Royal Naval Reserve. These Certificates are only issued for Royal Naval Reserve purposes, and do not authorise the holders to go to sea as First Mate or Master.

Candidates for these certificates must apply to the Port Officer, Calcutta, fill up the form of application (Exn. 2) and pay the usual fee. They must produce their First or Second Mate's certificates of competency, and an authority from the Local Government before they can be examined. This authority should be obtained through the Port Officer.

63. **Provisional Certificates, First Mate.**—Provisional certificates as First Mate are granted to candidates who can prove that they have served five years at sea, and that during one year of this period they have served in a capacity not lower than Fourth Mate while holding a Second Mate's certificate. They must pass the usual examination for First Mate and pay the usual fee. The provisional certificate is exchangeable for the full certificate as First Mate, without further payment or examination, on production to the Port Officer of satisfactory proofs that the holder has served at sea not less than 12 months in a foreign going vessel in a capacity not lower than Fourth Mate, and that during the whole of that period he has been in regular charge of a watch and in possession of a certificate of competency as Second Mate.

64. **Provisional Certificates, Master.**—Provisional certificates as Master are granted to candidates who can prove not less than six and a half years' service at sea, and who pass the usual examination for Master and pay the usual fee. Of this service two and a half years must have been served in a capacity not lower than Fourth Mate of an ocean-going steamship, during the last 12 months of which the candidate must have been in possession of a full certificate as First Mate. These certificates will be exchanged for the full certificate as Master without further payment or examination, on production to the Port Officer of satisfactory proofs that the holder has served at sea not less than two and a half years in a foreign-going vessel in charge of a watch in a capacity not lower than Fourth Mate, and that during 12 months of this period he has served as Second Mate while in possession of a full certificate of competency as First Mate.

65. **Voluntary Examination in Compass Deviation**—Any person holding a certificate of any grade in the foreign or home trade or as Master of his own pleasure yacht, who wishes to pass a voluntary examination in compass deviation, can at any time be examined upon filling up the usual form of application, and paying to the Port Officer the fee of Rs. 15. If the candidate passes the examination a note to that effect will be made upon his certificate.

66. **Voluntary Examination in Signalling.**—The examination in Signalling as prescribed for candidates for the Extra Master's certificate is open as a voluntary examination to all persons holding, or who have passed for, or who are candidates for, a certificate of competency of any grade.

If the candidate passes, the fact with the date and place of passing will be recorded upon his certificate of competency.

Candidates may be examined at any port where Ordinary examinations are held upon filling up the form of application (Exn. 2) and paying the fee of Rs. 15. (*See* Appendix D.)

No fee, however, will be charged for this examination if it is taken at the same time as that at which a candidate is examined for any certificate of competency.

67. **Voluntary Examination in Steam.**—These examinations are provided for the purpose of giving Masters and Mates who are possessed of certificates of competency an opportunity of undergoing a voluntary examination as to their practical knowledge of the use and working of the steam engine. They are conducted under the superintendence of the Port Officer at such times as he may appoint for the purpose.

The examination is open to any person who holds a Certificate of any grade in the foreign or home trade or as Master of his own pleasure yacht. Full particulars of the examination are given in Appendix II.

68. **Examination in Steam: how to apply**—Candidates should fill up the form of application (Form Exn. 2) at the Port Office, pay the fee of Rs. 15 and deposit their certificates and testimonials with the Port Officer, who will inform them when and where to attend to be examined. The usual testimonials for sobriety and good conduct for at least the last 18 months preceding the date of application to be examined must be produced.

69. **Examination in Steam : endorsement of certificate.**—If the candidate passes, form Exn. 15, together with a written report of the examination, should be sent to the Port Officer and the candidate's certificate, together with the form Exn. 2, will be sent to the Local Government ; the words "Certified to have passed in Steam," with the date and place of examination, will then be entered on the certificate and its duplicate, and the certificate will be sent to the Superintendent of the Mercantile Marine Office at the port named in the form Exn. 2, and will be delivered to the candidate in the usual manner.

The endorsement of a Master's or Mate's Certificate for "Steam" does not, however, imply that he is qualified to perform the duties of an Engineer.

70. **Examination in Steam : failure.**—If the candidate fails to pass his Certificate will be returned to him at once, but he may not present himself for re-examination until the expiration of three months from the date of failure.

71. **Certificates of Service.**—A person who has attained the rank of lieutenant, sub-lieutenant, navigating lieutenant, or navigating sub-lieutenant in His Majesty's Navy or of lieutenant in His Majesty's Royal Indian Marine Service, is entitled to a certificate of service as Master of a foreign-going ship without examination. This certificate will not entitle the holder to go to sea as Master or Mate of a home trade ship.

Certificate of service will be issued by the Board of Trade only. Applications for certificates of service of the Royal Indian Marine must be made on a printed form, Exn. 18, which will be supplied free of charge on application to the Director of the Royal Indian Marine.

Applicants on duty in India should submit their claims to the Director for transmission to the Government of India and the India office. Officers on leave in England should submit their claims to the India office on the printed form which may be obtained from that office.

Applications for certificates of service by officers of the Royal Navy on the active list must be made through their commanding officers, and applications from officers of the Royal Navy on half-pay must be made to the Secretary of the Admiralty, who in either case will forward the application to the Board of Trade.

72. **Ambulance Certificates and Government Awards.**—An officer in the Mercantile Marine who holds a certificate of proficiency in First Aid to the Injured from the St. John's or St. Andrew's Ambulance Association or some equivalent certificate, can have the fact endorsed on his certificate of competency provided the latter was issued before April 1st, 1908, if the two certificates are forwarded to the President of the Board of Examiners.

Recipients of Government awards can also have the fact stamped on their certificates of competency, if they submit evidence of the award together with their certificate in a similar manner.

CHAPTER III.

RULES FOR ESTIMATING SEA SERVICE.

73. **Sea service.**—In these Regulations sea service is reckoned from the commencement to the termination of the voyage. The certificates of discharge for service in the foreign trade will generally be accepted as proof of sea service, but certificates of discharge for service in the home or coasting trade must always be sent to the Port Officer for verification. Port Officer and Examiners will be careful to see that these discharges have not been in any way tampered with, and will report any suspicious case to the Local Government.

For all certificates of competency as Master or Mate in the Mercantile Marine, the qualifying service usually required is service performed in ordinary trading vessels. While the Regulations provide for the acceptance in part of certain kinds of non-trading service (*e.g.*, that performed in fishing-boats, yachts, pilot vessels, etc.), non-trading service not specially provided for in the Regulations cannot be accepted as qualifying service unless it has been submitted to the Local Government and their sanction obtained.

74. **Sea service for foreign-going certificates.**—For foreign-going certificates the term "sea service" means, unless otherwise stated, service performed in foreign-going vessels. (But *see* rule 131.)

75. **Officers' service : Home Trade.**—Service in a lower grade than First or Only Mate in the home or coasting trade will not be recognized as officers' service towards qualifying a candidate for examination for a foreign-going certificate.

76. **Service in Home Trade.**—For Home Trade Passenger ship certificates service in the home or coasting trade is regarded as equivalent to service in the foreign trade ; but for Foreign-going certificates it is regarded as only equivalent to two-thirds of the time served in the foreign trade, except in the case of Indian coasting voyages extending beyond a distance of 500 miles from the port of departure in vessels commanded by Masters holding foreign-going certificates, when such service will count as foreign voyages, and will be reckoned as full time ; but the time spent in the port of departure or home port will not be allowed to count. In all cases the length of service is deemed to commence on the date of sailing from the port of departure or home port and to end on the date of arrival at the home port. Such service must be vouched for in the Form laid down in Appendix N.

77. **Certificate, meaning of.**—By the word "certificate" is meant a certificate of competency granted by the Board of Trade under the Merchant Shipping Acts, or by the Government of a British self-governing Dominion, Colony, or Possession, under an Order in Council issued in pursuance of the Merchant Shipping Acts.

A list of the Colonial certificates referred to will be found in Appendix M. They are of the same force as the corresponding certificates granted by the Board of Trade.

78. **Colonial local certificates.**—The holder of a Colonial certificate for foreign-going ships *not* granted under the Merchant Shipping Acts who desires to be examined for an Imperial certificate of the same grade, must prove that he has performed the amount of service required by these Regulations to entitle him to hold such a certificate. He must also produce satisfactory testimonials as to character for at least the last 12 months of sea service preceding his application to be examined.

79. **Foreign-going certificates.**—Where a foreign-going certificate is required in order to qualify a candidate for examination, the certificate may be either an Ordinary certificate, or a certificate for fore-and-aft rigged vessels, or a certificate for foreign-going steamships.

80. **Pilot defined.**—The term "pilot" in these Regulations (*see* rules 33 and 56) means a pilot who is employed in general pilotage, and holds a first class pilot's certificate from some competent authority authorising him to pilot vessels outside harbour and partially smooth water limits. A Hooghly Master Pilot is for the purpose of this rule to be considered as a first class pilot.

81. **Officer's service.**—Officer's service to be recognised as qualifying for purposes of examination must be performed with the requisite certificate as specified in Appendix J. The officer's service performed by men who have been duly promoted during the course of a voyage (*see* rule 85) or who, in consequence of serving in vessels plying between ports abroad, have been unable to obtain the necessary certificates, may, however, be recognised, provided that it is in other respects satisfactory.

82. **Foreign officers.**—Foreign officers who wish to apply for a British certificate of competency must in all cases have performed their qualifying officer's service with the requisite British certificate. The service may have been performed in foreign vessels if the candidate can produce satisfactory testimonials as to conduct and character, and is able to prove that the service has been in the required capacities, and that during the period of service he has held a British certificate of competency of the grade required by the Regulations (*see* rule 86).

83. **In charge of a watch.**—When service in charge of a watch in either the foreign or home trade is specified in the Regulations, candidates for certificates of competency as First Mate must be able to prove that during eight months at least of their service they have kept full regular watch *during the whole voyage*, i.e., *from port to port*, which, if in the foreign trade, must amount to not less than 8 hours of each 24 hours' service. Where a candidate can prove eight months of such full service, service performed in cases where watches were doubled at any time during the voyage will be accepted as equivalent to half the same period of full watch-keeping service. No amount of occasional service will, by itself, be accepted as qualifying service. Candidates for certificates of competency as Master will be required to have served during the whole of the time specified by the Regulations, in full charge of a watch, and no service performed under the system of double watches, except as the senior officer, will be accepted as qualifying service for a certificate of this grade. Great care must be exercised by the Examiners and others in regard to such service, and unless the candidate produces a clear and satisfactory testimonial specially setting forth the above facts, from the Master or owner of the vessel in which the service was performed, it must not be accepted.

84. **Additional Mates.**—Service as additional or auxiliary First or Second Mates, in large foreign-going vessels, when, in both cases, Third and Fourth Mates are also carried, will count as First Mate's or Second Mate's service, as the case may be, provided that the candidate was entered on the articles in one of these capacities, and that he produces the necessary certificate (*see* rule 83) showing that he was in charge of a watch or watches during the whole time claimed. (*See also* rule 6.)

85. **Promotion during voyage.**—Whenever a man has, from any cause, been regularly promoted on the occurrence of a vacancy in the course of the voyage from the rank in which he first shipped, and such promotion, with the ground on which it has been made, is properly entered in the articles and in the Official Log Book, he will receive credit for his service in the higher grade for the period subsequent to his promotion.

86. **Evidence as to service in foreign vessels.**—The testimonials of service of foreigners and of British officers and seamen serving in foreign vessels, which cannot be verified by the Port Officer, must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged or by some other recognised official authority of that country, or by the testimony of some credible person on the spot having personal knowledge of the facts required to be established. The production, however, of such proofs will not of necessity be deemed sufficient. Each case will be decided on its own merits, and if the sufficiency of the proofs given appears to be at all doubtful, it must be referred to the Government for decision.

87. **Auxiliary screw ships.**—Service in auxiliary screw whaling ships and in vessels with auxiliary steam power, which use their screws only in calms or during light winds, is considered as service performed in sailing vessels.

88. **Excursion steamers.**—In the case of excursion steamers only such service as can be proved to have been performed at sea will be accepted.

89. **Service as carpenter, sailmaker, cook, steward, etc.**—Candidates whose service has been performed in capacities other than apprentice, midshipman, cadet, ordinary seaman or able seaman—*e.g.*, men who have served as carpenter, or sailmaker, or as cook in small vessels where cooking is only a part of a man's duty—will be required to satisfy the Port Officer that they have during the whole time claimed performed deck duties in addition to their own particular work, and that they have a good knowledge of seamanship. These facts may possibly be proved by the production of satisfactory certificates from the Masters with whom the candidate has served; but such service will only be accepted as equivalent to two-thirds of the time served as ordinary deck hand. Failing satisfactory evidence, the applicant will be required to perform additional service in the capacity of seaman. Service as cook (under other conditions than the above), or as steward, purser, or wireless operator will not be accepted.

90. **Service as seaman or as wireless operator.**—If a candidate has been engaged on articles of agreement as seaman or in any seamen rating and has served both as a seaman and as a wireless operator, the service may be counted as qualifying service in full.

If a candidate has been engaged on articles of agreement as a wireless operator and has served as such, one quarter of the service up to a maximum of twelve months may be counted as qalifying service.

91. **Service in fishing or pilot vessels.**—Service performed exclusively in trawlers and other deep sea-fishing vessels, or in pilot vessels, will not qualify a candidate for examination. He must in addition prove the following service:—

(*a*) For a Foreign-going certificate, service for at least 18 months in an ordinary trading vessel in the foreign trade, or the equivalent period, 27 months, in the home or coasting trade.

(*b*) For a Home Trade Passenger ship certificate, service for at least twelve months in an ordinary trading vessel in the foreign, home, or coasting trade.

92. **Service in yachts.**—Service in pleasure yachts will be accepted as qualifying service under the following conditions:—

(*a*) It must in all cases be verified by satisfactory proofs, which must set forth clearly and in detail the nature and duration of the service claimed; and it must be distinctly understood that only actual sea service will be accepted, and that service in harbour or port is inadmissible.

(*b*) Service in foreign-going yachts will be accepted in full; and service performed within home trade limits in sailing yachts of not less than 50 tons net register or in steam yachts of not less than 80 tons gross register will be accepted in the proportion stated in rule 76; but candidates must also show (1) for a Foreign-going certificate, service for at least 18 months in an ordinary trading vessel in the foreign trade, or for the equivalent period, 27 months, in an ordinary trading vessel in the home or coasting trade; (2) for a Home Trade Passenger-ship certificate, service for at least 12 months in an ordinary trading vessel in the foreign, home, or coasting trade.

(*c*) Service within home trade limits in sailing yachts of 20 tons net register, or in steam yachts of 40 tons gross register, will be accepted towards qualifying a candidate for a foreign-going certificate as equivalent to half the same time served in the foreign trade, but no amount of such service shall count as more than two years' service in the foreign trade, and no such service shall count as officers' service to qualify candidates for foreign going certificates.

(*d*) Service within home trade limits in sailing yachts of not less than 20 tons net register, or in steam yachts of not less than 40 tons gross register, will be accepted at the ordinary rate as qualifying service for Home Trade Passenger Ship certificates, but candidates must prove that they have in addition served for at least 12 months in an ordinary trading vessel in the foreign, home, or coasting trade.

(*e*) Service within home trade limits in sailing yachts of less than 20 tons net register, or in steam yachts of less than 40 tons gross register, will not be accepted as qualifying service for any class of certificate.

93. **Service in tugs, War Department vessels, etc.**—Service performed in tugs employed in Channel service or outside partially smooth water limits (*see* Appendix L) may be accepted as sea service for the purpose of qualifying a candidate for a Mate's or Master's certificate for home trade passenger ships only.

Service performed in War Department vessels employed outside partially smooth water limits (*see* rule 96) may be accepted as sea-service to qualify a candidate for a Mate's or Master's certificate for home trade passenger ships only. This service cannot be accepted towards qualifying a candidate for a Foreign-going certificate, unless there should be some very exceptional circumstances, when the case, together with all the candidate's papers, should be submitted to the Port Officer for their consideration.

94. **Service in dredgers.**—Service in steam hopper barges may, subject to the provisions of rule 96, be allowed to count towards qualifying a candidate for a Mate's certificate of competency for home trade passenger ships, provided the candidate can prove at least two years' service in an ordinary trading vessel in either the home, coasting, or foreign trade. Service in these steam hoppers will not be accepted as officer's service towards qualifying a candidate for a Master's certificate.

95. **Service in lightships or engine-room.**—Service in lightships or in an engine-room will not be accepted as sea service.

96. **Service on rivers.**—Service performed on rivers, no matter of what size, and service performed within smooth or partially smooth water limits (*see* Appendix L), will not be accepted.

Where any doubt whatever exists on this point, the candidate will be required to produce a certificate from the Master or owner of the vessel in which the service was performed, before the service can be accepted.

97. **Training ships.**—Time served on board a training ship will be allowed to count as equivalent to one-half the same time spent in service at sea, up to a limit of two years (*i.e.*, no length of service will be allowed to count as more than one year at sea), provided that the candidate can produce a certificate from the Committee or Captain Superintendent that he has conducted himself creditably and passed a good examination in seamanship so far as it is practised in the training ship, as well as in other matters down to the time of his leaving the ship. Training ship service will not be regarded as equivalent to service in square-rigged vessels.

98. **School for nautical training.**—Time spent at a school for Nautical Training conducted on premises ashore may be allowed to count in some proportion, not exceeding one-half, as service at sea provided that—

(*a*) the school is in receipt of a grant from the Board of Education under the Regulations for Schools of Nautical Training;

(*b*) after an inspection by one of their officers the Board of Trade are satisfied that the school gives a training that justifies time spent there being reckoned as part of the necessary qualifying time for a certificate of competency;

(*c*) the candidate produces a satisfactory certificate as regards conduct and proficiency from the authorities of the school on leaving it.

The proportion in which time spent at a school conducted on premises ashore will be accepted as qualifying under the above provisions will be decided after inspection by one of the Board's officers, but time spent at the school will never be counted as equivalent to more than one-half of the same time spent at sea, nor will it in any circumstances be taken as equivalent to more than one year at sea.

99. **Apprentices.**—The *whole* of the time claimed under indentures of apprenticeship will be accepted as actual sea service to qualify under rule 29 for a Second Mate's certificate, provided (*a*) that the indentures have not been cancelled through some fault of the candidate, but are endorsed by the owner or Master to whom he was bound to the effect that he has performed his service faithfully during the time he remained as apprentice; and (*b*) that the candidate has served at sea fourth-fifths of the time claimed, that is to say, has not spent more than one-fifth of the time in home ports.

In cases where an apprentice is qualified for examination before the expiration of his indentures, *e.g.*, where he has had training ship or other sea service prior to being bound, which, together with his actual time as apprentice, makes up the required four years, or where his indentures are for a period of more than four years, a letter from the owner or Master will be accepted in place of the endorsement referred to above.

In the event of the candidate being short of the required four-fifths of the time claimed as apprentice out of the United Kingdom, he will be required to show sufficient additional sea service, either as seaman or junior officer, to make up the four-fifths of the time claimed.

100. **Midshipmen and cadets.**—The *whole* of the time served as midshipman or cadet under indentures will also be accepted subject to the same conditions as those laid down for apprentices; and the same will be the case even when not bound by indentures; provided that the service as midshipman or cadet has been continuous, and that on the date of the termination of the period of service claimed in this capacity the candidate

was on articles of agreement, and that he is able to comply with the requirements laid down in the matter of serving or making up the four-fifths period at sea during the time claimed.

101. **Lighthouse tenders.**—Service performed in the sea-going steam vessels of the Trinity House, of the Commissioners of Northern Lighthouses, or of the Commissioners of Irish Lights, or in Irish and Scotch Fishery Cruisers, will be accepted as sea service for the purpose of qualifying a candidate for examination for a home trade passenger ship certificate; but for a foreign-going certificate a candidate must show in addition to this service calculated in accordance with rule 76 at least twelve months in an ordinary trading vessel. In order to qualify a candidate for an Ordinary certificate, this twelve months must have been performed in a square-rigged sailing vessel.

102. **Service in Royal Navy.**—Officers of the Royal Navy are at liberty to apply for certificates of service and to be examined for certificates of competency in the Mercantile Marine, but the Lords Commissioners of the Admiralty have directed that the applications of officers on the active list should be made through their commanding officers, and that the applications of officers on half-pay should be made to the Secretary of the Admiralty, who, in either case, will forward the application to the Board of Trade. In the case of Royal Indian Marine officers, applications for certificates of service should be made on a printed form Exn. 18, which will be supplied free of charge on application to the Director of the Royal Indian Marine. Applicants on duty in India should submit their claims to the Director for transmission to the Government of India and the India Office. Officers on leave in England should submit their claims to the India Office on the printed form which may be obtained from that office.

The conditions on which certificates of service are issued are stated in rule 71.

103. **Qualifications required of Naval and Indian Marine Officers.**—Officers of the Royal Navy or of the Royal Indian Marine who wish to be examined for certificates of competency in the Mercantile Marine will be required to prove the following service; and if an officer wishes to obtain the Ordinary certificate for foreign-going ships he must prove that at least twelve months of this required period was served under sail alone:—

(a) For second Mate. The officer must prove four years' service at sea, or that he has attained the rank of acting sub-lieutenant.

(b) For only Mate. Five years' service at sea.

(c) For First Mate or Master. The officer must prove that he has attained the rank of sub-lieutenant in the Royal Navy, or of lieutenant in the Royal Indian Marine.

104. **Service in Royal Naval Reserve.**—Lieutenants, sub-lieutenants, and acting sub-lieutenants of the Royal Naval Reserve who perform sea service on board His Majesty's ships will, if accompanied by a good report, be allowed to count such service as if it had been performed in foreign-going merchant ships, and the service will rank according to the certificate of competency held by the candidate at the time. (*See also* rule 132.)

The time spent in Periodical Training in the Royal Naval Reserve on board sea-going vessels of the Royal Navy, if accompanied by a good report, will be accepted in full, but in the case of Midshipmen, will not count as Officer's service. In the case of service in Harbour ships of the Royal or Colonial Navies, only one half of the time will be accepted as sea service, and no such service must amount to more than one-fourth of the time required for the particular grade of Certificate applied for.

CHAPTER IV.

CONDUCT OF THE EXAMINATIONS.

105. The examinations will begin at 10 a.m. on each day. A regular luncheon interval will be given each day between 1 p. m. and 2 p. m., the *vivâ voce* and practical parts of the examination being taken at such times as may be convenient. The time allotted for each written part of the examination for each grade of certificate will be as follows:—

SECOND MATE.—Paper on Navigation and Nautical Astronomy, 3 hours; Nautical Astronomy and Trigonometry, 2 hours; Chart work, 3 hours; Essay, 1 hour.

FIRST OR ONLY MATE.—Paper on Navigation and Nautical Astronomy, 3 hours; Nautical Astronomy and Trigonometry, 2 hours; Chart work, 3 hours; Sumner problem, 2 hours; Meteorology paper, 1½ hours.

MASTER.—Paper on Navigation and Nautical Astronomy, 3 hours; Nautical Astronomy and Trigonometry, 2 hours; Chart work, 3 hours; Meteorology paper, 1½ hours; Compass Deviation, 1½ hours; Naval Architecture, 1½ hours; Essay, 2 hours.

HOME TRADE MATE.—Arithmetic paper, 2 hours; Chart work, 3 hours.

HOME TRADE MASTER.—Arithmetic paper, 2 hours; Chart work, 3 hours; Nautical Astronomy and Deviation questions, 3 hours.

106. **Candidates to be punctual.**—Candidates are required to appear at the examination room punctually at the time appointed.

107. **Loose paper and books removed.**—Before commencing the examination the tables or desks must be cleared of all scraps of paper or books that are not used in the examination.

108. **No strangers admitted.**—No person will be allowed in the room during the examination, other than those whose duties require them to be present.

No instructors will be allowed on the premises.

109. **Books and papers strictly forbidden.**—Candidates are prohibited from bringing into the examination room books or papers of any kind whatever. The slightest infringement of this rule will subject the offender to all the penalties of a failure, and he will not be allowed to present himself for re-examination for a period of three months.

110. **All work to be shown.**—No candidate will be allowed to work out his problems on waste paper, or to write on the blotting paper supplied for his use in the examination. Violation of this rule will subject the candidate to all the penalties of a failure.

A sheet of blotting paper should be issued to each candidate with the first examination paper, and it must be returned to the Examiner when the last paper is completed each day. The Examiner will be careful to see that the blotting paper has not been used by the candidate in solving his problems, or for conveying information to other candidates.

111. **Instruments are provided.**—All instruments necessary for use in the examinations are supplied by the Local Government.

112. **Leaving room or building.**—No candidate may leave the examination room without permission and without giving up the paper on which he is engaged. Under no circumstances will a candidate be allowed to leave the building while the examination is proceeding. Violation of this rule will subject the candidate to all the penalties of a failure.

113. **Copying, &c., to be prevented.**—Candidates should be so placed as to prevent one copying from the other, and no communication whatever between the candidates should be allowed.

114. **Penalty for Copying, &c.**—In the event of any candidate being discovered referring to any book or paper, or copying from another, or affording any assistance or giving any information to another, or communicating in any way with another, during the time of examination, or copying any part of the problems for the purpose of taking them out of the examination rooms he will subject himself to all the penalties of a failure, and will not be allowed to be examined for a period of six months.

A candidate guilty of a second offence will not be allowed to be examined until 12 months have elapsed.

115. **Injury to books.**—If a candidate defaces, blots, writes in, or otherwise injures any book or form belonging to the Local Government, the papers will be retained until he has replaced the damaged book or document. He will not be allowed to remove the damaged book or document, and will be subjected to all the penalties of a failure.

116. **Silence.**—Perfect silence is to be preserved in the examination room.

117. **Penalty for breach of rules.**—Any candidate violating any of the regulations, or being guilty of insolence to the Examiner, or of disorderly or improper conduct in or about the room, will render himself liable to the postponement of his examination, or, if he has passed, to the detention of his certificate for such period as the Local Government may direct.

118. **Examination papers : how to be dealt with.**—The examination papers of candidates must in all cases be sent to the Port Officer for his approval, together with the report of the examination on the Forms Exn. 14 and Exn. 34.

119. **Examination in Navigation.**—The whole of the written portion of the examination will be taken on the marks system. The candidate will be furnished with sheets of the blank ruled paper (Exn. 30) which is supplied for the purpose, with instructions that he is to work or write only on one side of the paper, and to answer in a clear and legible hand each of the questions on the paper, and to commence each answer by writing down the number of the question to which it relates in the margin. Marks will be allotted for each question, and candidates will be required to obtain 75 per cent. of the total marks in order to pass for an Ordinary Certificate, and 85 per cent. for an Extra Certificate. Papers will not be handed back to candidates for correction.

120. **Compass deviation.**—In answering questions on the tentative method of compass adjustment, the candidate will be tested by Beall's Compass Deviascope.

121. **Barometer, tides, &c.**—The examination on the barometer, thermometer, and hydrometer, prevailing winds and currents of the globe, trade routes, and tides, will be conducted orally, and the questions asked by the examiner, which will be constantly varied, will be confined to and based on the information given in the text-books mentioned in Appendix K; candidates will be required to have a fair and intelligent knowledge of the contents of those books.

122. **Sextant.**—Particular attention should be paid to the sextant, the examination in which will be conducted orally and practically. Every candidate will be required to measure both vertical and horizontal angles, and will be examined practically as to his knowledge of the adjustments and the use of the various screws; he must be able to read correctly on and off the arc, and must also be able to find the index error both by the horizon and by the sun.

123. **Corrections by tables.**—The corrections by inspection of tables given in some of the works on navigation, *e.g.*, Tables IX, XI and XXI, in Norie's Epitome, will not be allowed; every correction must appear on the papers of the candidates.

124. **Degree of precision required.**—Degree of precision required in the solution of the problems:—

(*a*) Candidates are expected to work their problems to the nearest half-minute of arc and to the nearest second in time.

(*b*) In interpolating for the correct deviation to be applied in solving the chart questions, it will usually be sufficient if the candidate works throughout with the nearest degree of deviation taken from the deviation card; and even in cases where the deviations may vary but little, the nearest half degree used throughout will be sufficiently precise. It is not necessary that the candidate should waste his time in solving the course to odd minutes, as is sometimes done.

(*c*) In calculating the correction to apply to soundings the candidate is not required to work to the exact inch, as is sometimes done. It will be sufficient if he brings his answer within half a foot or so of a precise result.

125. **Candidates may use own method.**—Candidates will be allowed to work out the various problems according to any method they have been accustomed to use.

126. **Supplementary viva voce.**—Candidates will be examined orally as to their knowledge of all their written and worked papers.

127. **No candidate to be examined twice in a week.**—A candidate will not be allowed to undergo examination twice in the same week, unless, under very special and urgent circumstances, the Examiner should see fit to relax this rule. In that case a special set of problems should be supplied to the candidate.

CHAPTER V.

TEMPORARY MODIFICATIONS IN THE REGULATIONS DUE TO WAR CONDITIONS.

128. **Examination of Enemy Aliens.**—So long as the war lasts no subject of an Enemy State will be allowed to present himself for examination for a certificate of competency in the Mercantile Marine or the Sea-fishing Service.

129. **Candidates for Masters' certificates to produce evidence of nationality.**—During the war no man may be examined for a certificate of competency as Master, Extra Master or Master (Home Trade) unless (*a*) he is a British subject and (*b*) at the time of his birth each of his parents was a British subject by birth or by naturalisation.

In order to prove that he complies with these conditions every candidate for any of the certificates named must produce to the Examiner his own birth certificate and the birth certificate or certificate of naturalisation of each of his parents. These documents should be lodged with the Examiner at least a week before the day on which the candidate wishes to present himself for examination.

This requirement does not apply to any officer who has been granted a commission in the Royal Naval Reserve since March, 1911, or in the Royal Naval Volunteer Reserve since February 1916.

If in any case there is any doubt whether the candidate complies with the above requirements, the local Examiner will refer the matter to the Principal Examiner.

130. **First Aid Certificates.**—A First Aid certificate which, though otherwise valid, is more than three years old will be accepted during the war if the holder has been prevented from renewing it by reason of the exigencies of the war service.

131. **Service under the Admiralty.**—All service afloat during the war in His Majesty's ships or in auxiliary supply ships or any other ships in attendance on the Fleet

will be accepted in full (subject to the ordinary conditions as laid down in the Regulations) as qualifying sea service for the purposes of the Government's examinations of Masters and Mates.

The Local Government cannot undertake to accept the whole or any definite proportion of service in the Royal Naval Reserve, which is *not* qualifying service in accordance with the Regulations, but they will be prepared to consider sympathetically an application for examination from a candidate who has been prevented by his service in the Royal Naval Reserve from complying fully with the requirements. This may be taken as applying, *i.e.*, to service with a First or Second Mate's certificate but in a rank below that of Acting Sub-Lieutenant.

132. **Service in the Royal Naval Reserve : Antedating Certificates.**—The Board of Trade have been in communication with the Admiralty with regard to the case of men serving in the Royal Naval Reserve during the war who are prevented by the exigencies of the Service from presenting themselves for examination on completion of the period of qualifying service required by the Regulations. Arrangements have been made whereby if such a person passes the examination for a certificate of competency at a time not remote from the conclusion of hostilities, he may have his certificate antedated to the date on which the period of qualifying service was completed; and service performed after that date, if eligible, will be accepted as qualifying for a higher certificate. No certificate, however, will be antedated to a date prior to that on which the candidate was called out for Active Service.

133. **Service in transports : Antedating Certificates.**—The arrangements indicated in rule 132 may be extended on certain conditions to men serving in vessels under Admiralty orders who are not in the Royal Naval Reserve. Such persons on applying for their certificates to be antedated will be required to produce a certificate signed or countersigned by the proper authority, showing that they were prevented by the exigencies of the service from presenting themselves for examination on completion of the period of qualifying service required by the Regulations.

For the purposes of the Regulations the proper authority will be :—

(*a*) In the case of men serving in His Majesty's commissioned ships, the Commanding Officer.

(*b*) In the case of men serving on requisitioned ship or ships employed on Admiralty service, the Director of Transports and Shipping.

(*c*) In the case of men serving on ships employed in the service of the Government of India, the Director of the Royal Indian Marine in Bombay and the Captain Superintendent of the Government Dockyard, at Kidderpore, in Bengal.

134. **Service in the Army.**—The Local Government are anxious that, so far as it is reasonably possible, seamen or apprentices who are at the present time serving in the Army should not be hindered in their ordinary profession; but the Local Government cannot, in the absence of any indication of the probable duration of the war, give a definite undertaking with regard to the extent to which such service could be accepted as part of the service required to qualify for certificates of competency in the Mercantile Marine. The Local Government must have regard to the essential condition that their certificates must testify to actual competency, but they will be prepared in due course to consider sympathetically any application to be examined by a candidate who has been prevented from complying fully with the Regulations owing to his service in the Army.

135. **Service under an Auxiliary First Mate.**—With reference to rule (*c*) of the Regulations, the Local Government will accept service as Second Mate while holding a First Mate's foreign-going certificate and performed during the war under an additional or auxiliary First Mate as qualifying service for a Maser's certificate, provided that a Third Mate is also carried, and the requirement that there shall be a Fourth Mate will, for the time being, not be insisted upon.

136. **Officers and Seamen Interned Abroad.**—Time spent by officers and seamen interned abroad in attending organised lectures or classes of instruction will be accepted, subject to the following conditions, in lieu of a portion of the qualifying sea service required to qualify them for examination of a certificate of competency:—

(*a*) If nine hours a week are spent in attending lectures or classes, five weeks spent in this way will be accepted in lieu of one week's sea service. If eleven hours a week are spent in this way, four weeks will be accepted as one week's sea service. In no circumstances can a remission of more than three months' sea service be made.

(*b*) The lectures must form part of a definite course of study bearing on the candidate's profession.

(*c*) The candidate must produce a certificate, signed by the Lecturer or by some other recognised officer of the camp, that he has attended regularly and has profited by the instruction given. If possible the candidate should also produce his note books. It is suggested that the extent to which a student has profited should be ascertained by periodical examinations.

The subjects of study which are likely to be of value may be inferred from the syllabus for each grade of certificate given in the Regulations. The course of study need not, however, be confined to the actual subjects or questions specified in the syllabus and should embrace work more advanced and thorough than that necessary to meet the bare requirements of the examinations.

APPENDIX A.

EXAMINATION DAYS; EXTRA-MASTERS', MASTERS' AND MATES' CERTIFICATES

Places.	For Masters and Mates.
Aberdeen	2nd and 4th Tuesday in each month.
Belfast	1st and 3rd Tuesday in each month.

APPENDIX B.

PORTS WHERE EXAMINATIONS IN THE SIGHT TESTS ARE HELD.

The Sight Tests can only be conducted in a good light, and it will often be impossible for candidates to have their sight tested later than two o'clock in the afternoon in the winter months (September to March inclusive), or even earlier on dull or foggy days. Where definite hours are mentioned in the following list of ports candidates can only be tested within those hours; at all ports candidates should attend as early in the morning as practicable :—

Aberdeen.—Monday before the 2nd and 4th Tuesday in each month.
Belfast.—Monday before the 1st and 3rd Tuesday in each month
Bristol.—Monday before the 1st and 3rd Tuesday in each month.
Cardiff.—Any Monday between 10 A.M. and 11 A.M.
Dublin.—Monday before the 2nd and 4th Tuesday in each month.
Dundee.—Monday before the 1st, 3rd and 5th Tuesday in each month.
Glasgow.—Any day between 10 A.M. and noon.
Greenock.—Monday before the 2nd and 4th Tuesday in each month, between 10 A.M. and noon.
Grimsby.—Monday before the 1st and 3rd Tuesday in each month.
Hartlepool (West).—Monday before the 4th Tuesday in each month.
Hull.—Any day.
Leith.—Monday before the 2nd and 4th Tuesday in each month.
Liverpool.—Every Thursday, Friday and Saturday.
London (Dock Street, E.).—Every Friday and Saturday.
London (133, E. India Dock Road, Poplar, E. 14).—Any day between 10 A.M. and noon.
London (Tilbury, Essex).—Every Thursday and Friday between 10 A.M. and noon.
London (Victoria Docks, E. 16).—Any day.
Manchester (Salford).—Any day.
Newport.—Any Monday at 10 A.M.
Plymouth.—Monday before the 2nd and 4th Tuesday in each month.
Southampton.—Every Monday and other days by special arrangement.
South Shields.—Monday before the 1st and 3rd Tuesday in each month.
Sunderland.—Monday before the 2nd and 5th Tuesday in each month.
Swansea.—Any Monday at 10 A.M.
Calcutta.—Any day.

APPENDIX D.

(*See* Rule 30 and 66.)

EXAMINATION IN SIGNALLING.

The examination in Signalling should in all cases and for all grades commence with an examination in the International Code and be followed by an examination in the British Signal Manual, including Morse Flashing, Flag-waving and Semaphore.

International Code.—Examiners are recommended to frame the examination in the International Code of Signals, upon the instructions and illustrations given at the commencement of Parts I and II of the Signal Book. The information there given will be found sufficient to indicate all the characteristics of the Code.

By the form of the hoist, an observer can at sight understand the nature of any signal he sees flying; the examination should, therefore, tend to elicit a clear knowledge of all the distinctive features of the Code.

With this object in view, the Examiners should question the candidates as to the distinguishing forms of the respective hoists, which will be indicated according as a burgee, a pennant, or a square flag is uppermost, and also with regard to the number of flags, and the position of the Code flag when used in the hoist; making the 1, 2, 3 and 4 flag signals with the flags supplied for the purpose, and varying the signals made, showing 2 and 3 flag signals, with and without the Code flag included, or a Geographical or a Vocabulary signal, the name of a merchant ship or of a ship of war.

As the two latter signals would not be found in the Signal Book, the candidate should know where to find them and how to look them out.

The candidate should :—(a Be able to read a signal at sight, so far as to name the flags composing the hoist. (b) Know the use of the Code pennant and of the penants C and D, "Yes" and "No," also of the two burgees A and B, and the square flags S and P, and the flags used to indicate cholera, plague, etc., on board, and the quarantine flag. (c) Be required to signal some word or words not included in the vocabulary of the Code either by letters or by the Spelling Table (page 516) or both. (d) Have a knowledge of the Distant Signals, and of their object, and the different modes of signalling therewith. (e) Know the special Morse signals indicated by certain letters as given on page 550. (f) Have a good knowledge of the Distress Signals and understand the penalty which may be incurred by their improper use.

The International Code is used on board His Majesty's ships, and it has been adopted by all the principal Maritime Powers for their public as well as merchant ships.

British Signal Manual.—Candidates will be expected to know the meaning of any or all of the single flag signals given therein, and the significations of the Pilot Jack when incorporated in a hoist. They should also be required to make or read from the Pilot Jack table a hoist given by the Examiner. Candidates need not be expected to commit the Pilot Jack table to memory, but there should be no hesitation whatever in making or reading a signal. They should also know how to recognise any of the Special Signals given at the end of the British Signal Manual.

Morse Flashing Flagwaving and Semaphore.—Candidates for the Extra Master's certificate and for the voluntary examination in signalling will be required to attain a minimum speed of 12 words a minute in semaphore, 10 words a minute in Morse flashing and 6 words a minute in Morse flagwaving (the average length of a word being taken as 5 letters).

Candidates for other certificates will only be required to attain a speed of 5 words a minute in Morse flashing and flagwaving and 8 words a minute in Semaphore.

In the ordinary examination, it will be sufficient if in Morse flashing a candidate is given a test card and a spelling message of 10 words, in Morse flagwaving a spelling message of 10 words, and in Semaphore a spelling message of 25 words.

In the Extra Master's examination, and in the voluntary examination in signalling, the Semaphore test will be a spelling message of 50 words.

The Morse flashing and flagwaving test, will be a test message (*see* British Signal Manual), followed by a spelling message of 25 words.

The candidate must attain a degree of accuracy of at least 90 per cent. both in making and reading in each method, *i.e*, Flashing, Flagwaving and Semaphore.

In the examination in Morse flashing and flagwaving the candidate should be first required to make a test message, followed by a spelling message of 25 words. The Examiner should then make a test message, followed by a spelling message of 25 words to be read by the candidate.

The same procedure must be observed in the Semaphore examination, except that, as a test message is not given, the candidate will be required to make a spelling message of 50 words and then to read a message of 50 words made by the Examiner. The Semaphore messages may be made either by hand flags or mechanical Semaphore, or both at the discretion of the Examiner.

In the Morse flashing and flagwaving examination, marks will be allotted for the test message in the proportion of 50-78 of a mark for each correct letter (see table at back of test cards), and for the spelling message 2 marks for each correct word or group of figures. The candidate must for a pass gain an aggregate of at least 90 per cent. of the maximum marks in both spelling and test messages.

In the Semaphore examination 2 marks will be allotted for each correct word and 90 per cent of the maximum must be obtained for a pass.

The spelling message is left to the discretion of the Examiner, and may be a passage from any book or newspaper in English. When the passage contains figures and the candidate does not choose to spell them out, the Examiner should see that the proper signs are made before and after the figures.

The message as read by the candidate should be taken down by another candidate where possible, otherwise by a clerk, or other person according as the Examiner may deem expedient.

Candidates should be thoroughly tested in the various signs and the procedure of calling up, sending and answering a signal, as laid down in the British Signal Manual, and this course should always be strictly adhered to.

Particular attention should be paid by Examiners to the accurate spacing of the Morse signs, and to the intervals between letters and words, both in flashing and flagwaving, and also to the correct making of the Semaphore signs. Any attempted increase of speed at the expense of accuracy should be discouraged.

The block letter test and spelling message as read by the candidate should be forwarded on the Form Exn. 19a, together with the percentage of marks allotted and report on the Form Exn. 19b to the Principal Examiner, with any remarks the Examiner may have to add with respect to the examination.

Note.—The International Code of Signals with the Signal Letters of British Ships, is prepared by the Registrar-General of Shipping and Seamen, and may be obtained of the publishers, Messrs. Spottiswoode, Ballantyne & Co., 1, New Street Square, London, E.C.4, and the principal booksellers at the various ports, price 5s.

The Official Mercantile Navy List and Maritime Directory may be obtained in like manner, price 12s.

The British Signal Manual may be obtained through any book-seller, or directly from His Majesty's Stationery Office at any of the addresses given on the title page of these Regulations, price 6d.

APPENDIX E.

REGULATIONS FOR PREVENTING COLLISIONS AT SEA.

1. ORDER IN COUNCIL OF OCTOBER 13, 1910.

SCHEDULE I.

Preliminary.

These Rules shall be followed by all vessels upon the high seas and in all waters connected therewith, navigable by sea-going vessels.

In the following Rules every steam vessel which is under sail and not under steam is to be considered a sailing vessel, and every vessel under steam, whether under sail or not, is to be considered a steam vessel.

The word "steam vessel" shall include any vessel propelled by machinery.

A vessel is "under way" within the meaning of these Rules, when she is not at anchor, or made fast to the shore or aground.

Rules concerning lights, etc

The word "visible" in these Rules, when applied to lights, shall mean visible on a dark night with a clear atmosphere.

Article 1. The rules concerning lights shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the prescribed lights shall be exhibited.

Article 2. A steam vessel when under way shall carry :—

(*a*) On or in front of the foremast, or if a vessel without a foremast, then in the fore part of the vessel, at a height above the hull, of not less than 20 feet, and if the breadth of the vessel exceeds 20 feet, then at a height above the hull not less than such breadth, so, however, that the light need not be carried at a greater height above the hull than 40 feet, a bright white light, so constructed as to show an unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the vessel, viz., from right ahead to 2 points abaft the beam on either side, and of such a character as to be visible at a distance of at least 5 miles.

(*b*) On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least 2 miles.

(*c*) On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side, and of such a character as to be visible at a distance of at least 2 miles.

(*d*) The said green and red side-lights shall be fitted with in-board screens projecting at least 3 feet forward from the light, so as to prevent these lights from being seen across the bow.

(*e*) A steam vessel when under way may carry an additional white light similar in construction to the light mentioned in subdivision (*a*). These two lights shall be so placed in line with the keel that one shall be at least 15 feet higher than the other, and in such a position with reference to each other that the lower light shall be forward of the upper one. The vertical distance between these lights shall be less than the horizontal distance.

Article 3. A steam vessel when towing another vessel shall, in addition to her side-lights, carry two bright white lights in a vertical line one over the other, not less than 6 feet apart, and when towing more than one vessel shall carry an additional bright white light 6 feet above or below such lights, if the length of the tow, measuring from the stern of the towing vessel to the stern of the last vessel towed, exceeds 600 feet. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light mentioned in Article 2 (*a*), except the additional light, which may be carried at a height of not less than 14 feet above the hull

Such steam vessel may carry a small white light abaft the funnel or aftermast for the vessel towed to steer by, but such light shall not be visible forward of the beam.

Article 4. (*a*) A vessel which from any accident is not under command shall carry at the same height as the white light mentioned in Article 2 (*a*), where they can be seen, and, if a steam vessel, in lieu of that light, two red lights, in a vertical line one over the other, not less than 6 feet apart, and of such a character as to be visible all round the horizon at a distance of at least 2 miles ; and shall by day carry in a vertical line one over the other not less than 6 feet apart, where they can best be seen, two black balls or shapes each 2 feet in diameter.

(*b*) A vessel employed in laying or in picking up a telegraph cable shall carry in the same position as the white light mentioned in Article 2 (*a*), and if a steam vessel, in lieu of that light, three lights in a vertical line one over the other, not less than 6 feet apart. The highest and lowest of these lights shall be red, and the middle light shall be white, and they shall be of such a character as to be visible all round the horizon, at a distance of at least 2 miles. By day she shall carry in a vertical line one over the other, not less than 6 feet apart, where they can best be seen, three shapes not less than 2 feet in diameter, of which the highest and lowest shall be globular in shape and red in colour, and the middle one diamond in shape and white.

(*c*) The vessels referred to in this Article when not making way through the water, shall not carry the side lights, but when making way shall carry them.

(*d*) The lights and shapes required to be shown by this Article are to be taken by other vessels as signals that the vessel showing them is not under command and cannot therefore get out of the way.

These signals are not signals of vessels in distress and requiring assistance. Such signals are contained in Article 31.

Article 5. A sailing vessel under way, and any vessel being towed, shall carry the same lights as are prescribed by Article 2 for a steam vessel under way, with the exception of the white lights mentioned therein, which they shall never carry.

Article 6. Whenever, as in the case of small vessels under way during bad weather, the green and red side-lights cannot be fixed, these lights shall be kept at hand lighted and ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side, nor, if practicable, more than 2 points abaft the beam on their respective sides.

To make the use of these protable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

Article 7. Steam vessels of less than 40, and vessels under oars or sails of less than 20 tons gross tonnage, respectively, and rowing boats, when under way, shall not be obliged to carry the lights mentioned in Article 2 (a), (b) and (c), but if they do not carry them they shall be provided with the following lights :—

1. Steam vessels of less than 40 tons shall carry :—

(a) In the forepart of the vessel, or on or in front of the funnel, where it can best be seen, and at a height above the gunwale of not less than 9 feet, a bright white light constructed and fixed as prescribed in Article 2 (a), and of such a character as to be visible at a distance of at least 2 miles.

(b) Green and red side-lights constructed and fixed as prescribed in Article 2 (b) and (c) and of such a character as to be visible at a distance of at least 1 mile, or a combined lantern showing a green light and a red light from right ahead to 2 points abaft the beam on their respective sides. Such lantern shall be carried not less than 3 feet below the white light.

2. Small steamboats, such as are carried by sea-going vessels, may carry the white light at a less height than 9 feet above the gunwale, but it shall be carried above the combined lantern, mentioned in subdivision 1 (b).

3. Vessels under oars or sails, of less than 20 tons, shall have ready at hand a lantern with a green glass on one side and a red glass on the other, which, on the approach of or to other vessels, shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

4. Rowing boats, whether under oars or sail, shall have ready at hand a lantern showing a white light, which shall be temporarily exhibited in sufficient time to prevent collision.

The vessels referred to in this Article shall not be obliged to carry the lights prescribed by Article 4 (a), and Article 11, last paragraph.

Article 8. Pilot-vessels, when engaged on their station on pilotage duty, shall not show the lights required for other vessels, but shall carry a white light at the masthead, visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

On the near approach of or to other vessels they shall have their side-lights lighted, ready for use, and shall flash or show them at short intervals, to indicate the direction in which they are heading, but the green light shall not be shown on the port side, nor the red light on the starboard side.

A pilot-vessel of such a class as to be obliged to go alongside of a vessel to put a pilot on board, may show the white light instead of carrying it at the masthead, and may, instead of the coloured lights above mentioned, have at hand ready for use a lantern with a green glass on the one side and a red glass on the other, to be used as prescribed above.

A steam pilot-vessel exclusively employed for the service of pilots licensed or certified by any pilotage authority or the Committee of any pilotage district, when engaged on her station on pilotage duty and not at anchor, shall, in addition to the lights required for all pilot boats, carry at a distance of eight feet below her white masthead light a red light visible all round the horizon and of such a character as to be visible on a dark night with a clear atmosphere at a distance of at least two miles, and also the coloured side-lights required to be carried by vessels when under way.

When engaged on her station on pilotage duty and at anchor she shall carry, in addition to the lights required for all pilot boats, the red light above mentioned, but not the coloured side-lights.

Pilot-vessels, when not engaged on their station on pilotage duty, shall carry lights similar to those of other vessels of their tonnage.

Article 9.* † Fishing-vessels and fishing-boats, when under way and when not required by this Article to carry or show the lights hereinafter specified, shall carry or show the lights prescribed for vessels of their tonnage under way.

(a) Open boats, by which it is to be understood boats not protected from the entry of sea water by means of a continuous deck, when engaged in any fishing at night with outlying tackle extending not more than 150 feet horizontally from the boat into the seaway, shall carry one all-round white light.

Open boats, when fishing at night, with outlying tackle extending more than 150 feet horizontally from the boat into the seaway, shall carry one all round white light, and in addition, on approaching or being approached by other vessels, shall show a second white light at least 3 feet below the first light, and at a horizontal distance of at least 5 feet away from it in the direction in which the outlying tackle is attached.

(b) ‡ Vessels and boats, except open boats as defined in subdivision (a), when fishing with drift-nets, shall, so long as the nets are wholly or partly in the water, carry two white lights where they can best be seen. Such lights shall be placed so that the vertical distance between them shall be not less than 6 feet, and not more than 15 feet, and so that the horizontal distance between them, measured in a line with the keel, shall be not less than 5 feet and not more than 10 feet. The lower of these two lights shall be in the direction of the nets, and both of them shall be of such a character as to show all round the horizon, and to be visible at a distance of not less than 3 miles.

* This article does not apply to Chinese or Siamese vessels.

† The expression "Mediterranean Sea" contained in sub-sections (b) and (c) of this Article includes the Black Sea and the other adjacent inland seas in communication with it.

‡ Dutch vessels and boats when engaged in the "kol" or handline, fishing will carry the lights prescribed for vessels fishing with drift-nets.

Within the Mediterranean Sea and in the seas bordering the coasts of Japan and Korea* sailing fishing vessels of less than 20 tons gross tonnage shall not be obliged to carry the lower of these two lights; should they, however, not carry it, they shall show in the same position (in the direction of the net or gear) a white light, visible at a distance of not less than one sea mile, on the approach of or to other vessels.

(c) Vessels and boats, except open boats as defined in subdivision (a), when line-fishing with their lines out and attached to or hauling their lines, and when not at anchor or stationary within the meaning of subdivision (h), shall carry the same lights as vessels fishing with drift-nets. When shooting lines, or fishing with towing lines, they shall carry the lights prescribed for a steam or sailing vessel under way, respectively. *

Within the Mediterranean Sea and in the seas bordering the coasts of Japan and Korea* sailing fishing vessels of less than 20 tons gross tonnage shall not be obliged to carry the lower of these two lights; should they, however, not carry it, they shall show in the same position (in the direction of the lines) a white light, visible at a distance of not less than one sea mile, on the approach of or to other vessels.

(d) Vessels, when engaged in trawling, by which is meant the dragging of an apparatus along the bottom of the sea—

1. If steam vessels, shall carry, in the same position as the white light mentioned in Article 2 (a) a tricoloured lantern so constructed and fixed as to show a white light from right ahead to two points on each bow, and a green light and a red light over an arc of the horizon from two points on each bow to two points abaft the beam on the starboard and port sides, respectively; and not less than 6 nor more than 12 feet below the tricoloured lantern a white light in a lantern, so constructed as to show a clear, uniform and unbroken light all round the horizon.
2. If sailing vessels, shall carry a white light in a lantern, so constructed as to show a clear, uniform and unbroken light all round the horizon, and shall also, on the approach of or to other vessels, show where it can best be seen a white flare-up light or torch in sufficient time to prevent collision.

All lights mentioned in subdivision (d) 1 and 2 shall be visible at a distance of at least 2 miles.

(e) Oyster dredgers and other vessels fishing with dredge-nets shall carry and show the same lights as trawlers.

(f) Fishing-vessels and fishing-boats may at any time use a flare-up light in addition to the lights which they are by this Article required to carry and show, and they may also use working lights.

(g) Every fishing vessel and every fishing-boat under 150 feet in length, when at anchor, shall exhibit a white light visible all round the horizon at a distance of at least one mile.

Every fishing-vessel of 150 feet in length or upwards, when at anchor, shall exhibit a white light visible all round the horizon at a distance of at least one mile, and shall exhibit a second light as provided for vessels of such length by Article 11.

Should any such vessel, whether under 150 feet in length, or of 150 feet in length or upwards, be attached to a net or other fishing gear, she shall on the approach of other vessels show an additional white light at least 3 feet below the anchor light, and at a horizontal distance of at least 5 feet away from it in the direction of the net or gear.

(h) If a vessel or boat when fishing becomes stationary in consequence of her gear getting fast to a rock or other obstruction, she shall in daytime haul down the day-signal required by subdivision (k); at night show the light or lights prescribed for a vessel at anchor; and during fog, mist, falling snow, or heavy rain-storms make the signal prescribed for a vessel at anchor. [*See* subdivision (d), and the last paragraph of Article 15.]

(i) In fog, mist, falling snow, or heavy rain-storms, drift-net vessels attached to their nets, and vessels when trawling, dredging, or fishing with any kind of dredge-net, and vessels line-fishing with their lines out, shall, if of 20 tons gross tonnage or upwards, respectively, at intervals of not more than one minute make a blast; if steam vessels, with the whistle or siren, and if sailing vessels, with the fog-horn; each blast to be followed by ringing the bell. Fishing vessels and boats of less than 20 tons gross tonnage shall not be obliged to give the abovementioned signals; but if they do not, they shall make some other efficient sound signal at intervals of not more than one minute.

(k) All vessels or boats fishing with nets or lines or trawls, when under way, shall in daytime indicate their occupation, to an approaching vessel by displaying a basket or other efficient signal where it can best be seen. If vessels or boats at anchor have their gear out, they shall, on the approach of other vessels, show the same signal on the side on which those vessels can pass.

The vessels required by this Article to carry or show the lights hereinbefore specified shall not be obliged to carry the lights prescribed by Article 4(a), and the last paragraph of Article 11.

Article 10. A vessel which is being overtaken by another shall show from her stern to such last-mentioned vessel a white light or a flare-up light.

The white light required to be shown by this Article may be fixed and carried in a lantern, but in such case the lantern shall be so constructed, fitted, and screened that it shall throw an unbroken light over an arc of the horizon of 12 points of the compass, viz., for 6 points from right aft on each side of the vessel, so as to be visible at a distance of at least 1 mile. Such light shall be carried as nearly as practicable on the same level as the side-lights.

Article 11. A vessel under 150 feet in length, when at anchor, shall carry forward, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light in a lantern so constructed as to show a clear, uniform and unbroken light visible all round the horizon at a distance of at least 1 mile.

A vessel of 150 feet or upwards in length, when at anchor, shall carry in the forward part of the vessel, at a height of not less than 20, and not exceeding 40, feet above the hull, one such light, and at or near the stern of the vessel, and at such a height that it shall be not less than 15 feet lower than the forward light, another such light.

The length of the vessel shall be deemed to be the length appearing in her certificate of registry.

A vessel aground in or near a fairway shall carry the above light or lights and the two red lights prescribed by Article 4 (a).

Article 12. Every vessel may, if necessary in order to attract attention, in addition to the lights which she is by these Rules required to carry, show a flare-up light or use any detonating signal that cannot be mistaken for a distress signal.

* Also, as regards Russian vessels, in the seas (excluding the Baltic) bordering the coasts of Russia.

Article 13. Nothing in these Rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war or for vessels sailing under convoy, or with the exhibition of recognition signals adopted by shipowners, which have been authorized by their respective Governments and duly registered and published.

Article 14. A steam vessel proceeding under sail only, but having her funnel up, shall carry in day-time, forward, where it can best be seen, one black ball or shape 2 feet in diameter.

Sound-signals for Fog, etc.

Article 15. All signals prescribed by this Article for vessels under way shall be given:

1. By "steam vessels" on the whistle or siren.
2. By "sailing vessels and vessels towed" on the fog-horn.

The words "prolonged blast" used in this Article shall mean a blast of from 4 to 6 seconds' duration.

A steam vessel shall be provided with an efficient whistle or siren, sounded by steam or some substitute for steam, so placed that the sound may not be intercepted by any obstruction, and with an efficient fog-horn, to be sounded by mechanical means, and also with an efficient bell.* A sailing vessel of 20 tons gross tonnage or upwards shall be provided with a similar fog-horn and bell.

In fog, mist, falling snow, or heavy rain-storms, whether by day or night, the signals described in this Article shall be used as follows, viz. :—

(*a*) A steam vessel having way upon her, shall sound, at intervals of not more than 2 minutes, a prolonged blast.

(*b*) A steam vessel under way, but stopped and having no way upon her, shall sound, at intervals of not more than 2 minutes, two prolonged blasts, with an interval of about 1 second between them.

(*c*) A sailing vessel under way shall sound, at intervals of not more than 1 minute, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.

(*d*) A vessel, when at anchor, shall, at intervals of not more than 1 minute, ring the bell rapidly for about 5 seconds.

(*e*) A vessel, when towing a vessel employed in laying or in picking up a telegraph cable, and a vessel under way, which is unable to get out of the way of an approaching vessel through being not under command, or unable to manœuvre as required by these Rules, shall, instead of the signals prescribed in subdivisions (*a*) and (*c*) of this Article, at intervals of not more than 2 minutes, sound three blasts in succession, viz. : one prolonged blast followed by two short blasts. A vessel towed may give this signal and she shall not give any other.

Sailing vessels and boats of less than 20 tons gross tonnage shall not be obliged to give the above-mentioned signals, but if they do not, they shall make some other efficient sound-signal at intervals of not more than 1 minute.†

Speed of ships to be Moderate in Fog, etc.

Article 16. Every vessel shall, in a fog, mist, falling snow, or heavy rain-storms, go at a moderate speed, having careful regard to the existing circumstances and conditions.

A steam vessel hearing, apparently forward of her beam, the fog-signal of a vessel the position of which is not ascertained, shall, so far as the circumstances of the case admit, stop her engines, and then navigate with caution until danger of collision is over.

STEERING AND SAILING RULES.

Preliminary—Risk of Collision.

Risk of collision can, when circumstances permit, be ascertained by carefully watching the compass bearing of an approaching vessel. If the bearing does not appreciably change, such risk should be deemed to exist.

Article 17. When two sailing vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, viz. :—

(*a*) A vessel which is running free shall keep out of the way of a vessel which is close-hauled.

(*b*) A vessel which is close-hauled on the port tack shall keep out of the way of a vessel which is close-hauled on the starboard tack.

(*c*) When both are running free, with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other.

(*d*) When both are running free, with the wind on the same side, the vessel which is to windward shall keep out of the way of the vessel which is to leeward

(*e*) A vessel which has the wind aft shall keep out of the way of the other vessel.

Article 18. When two steam vessels are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where vessels are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two vessels which must, if both keep on their respective courses, pass clear of each other.

* In all cases where the rules require a bell to be used a drum may be substituted on board Turkish vessels, or a gong where such articles are used on board small sea-going vessels.

† Dutch steam pilot-vessels, when engaged on their station on pilotage duty in fog, mist, falling snow, or heavy rain-storms are required to make at intervals of 2 minutes at most one long blast with the siren, followed after 1 second by a long blast with the steam whistle and again after 1 second by a long blast on the siren. When not engaged on their station on pilotage duty, they make the same signals as other steamships.

The only cases to which it does apply are when each of the two vessels is end on, or nearly end on, to the other; in other words, to cases in which, by day, each vessel sees the masts of the other in a line, or nearly in a line, with her own; and, by night, to cases to which each vessel is in such a position as to see both the side-lights of the other.

It does not apply, by day, to cases in which a vessel sees another ahead crossing her own course; or by night, to cases where the red light of one vessel is opposed to the red light of the other, or where the green light of one vessel is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

Article 19. When two steam vessels are crossing, so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other.

Article 20. When a steam vessel and a sailing vessel are proceeding in such directions as to involve risk of collision, the steam vessel shall keep out of the way of the sailing vessel.

Article 21. Where by any of these Rules one of two vessels is to keep out of the way, the other shall keep her course and speed.

Note.—When, in consequence of thick weather or other causes, such vessel finds herself so close that collision cannot be avoided by the action of the giving-way vessel alone, she also shall take such action as will best aid to avert collision. (*See* Articles 27 and 29.)

Article 22. Every vessel which is directed by these Rules to keep out of the way of another vessel shall, if the circumstances of the case admit, avoid crossing ahead of the other.

Article 23. Every steam vessel which is directed by these Rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

Article 24. Notwithstanding anything contained in these Rules, every vessel, overtaking any other, shall keep out of the way of the overtaken vessel.

Every vessel coming up with another vessel from any direction more than two points abaft her beam, *i.e.*, in such a position, with reference to the vessel which she is overtaking that at night she would be unable to see either of that vessel's side-lights, shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these Rules, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

As by day the overtaking vessel cannot always know with certainty whether she is forward or abaft this direction from the other vessel, she should, if in doubt, assume that she is an overtaking vessel and keep out of the way.

Article 25. In narrow channels every steam vessel shall, when it is safe and practicable, keep to that side of the fairway or mid-channel which lies on the starboard side of such vessel.

Article 26. Sailing vessels under way shall keep out of the way of sailing vessels or boats fishing with nets, or lines, or trawls. This Rule shall not give to any vessel or boat engaged in fishing the right of obstructing a fairway used by vessels other than fishing vessels or boats.

Article 27. In obeying and construing these Rules, due regard shall be had to all dangers of navigation and collision, and to any special circumstances which may render a departure from the above Rules necessary in order to avoid immediate danger.

Sound Signals for Vessels in Sight of one Another.

Article 28. The words "short blast" used in this Article shall mean a blast of about one second's duration.

When vessels are in sight of one another, a steam vessel under way, in taking any course authorised or required by these Rules, shall indicate that course by the following signals on her whistle or siren, viz.:—

One short blast to mean, "I am directing my course to starboard."
Two short blasts to mean, "I am directing my course to port."
Three short blasts to mean, "My engines are going full speed astern."

No Vessels under any circumstances to neglect proper Precautions.

Article 29. Nothing in these Rules shall exonerate any vessel, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

Reservation of Rules for Harbours and Inland Navigation.

Article 30. Nothing in these Rules shall interfere with the operation of a special rule, duly made by local authority, relative to the navigation of any harbour, river, or inland waters.

*Distress Signals.**

Article 31. When a vessel is in distress and requires assistance from other vessels or from the shore, the following shall be the signals to be used or displayed by her, either together or separately, viz.:—

In the daytime—

1. A gun or other explosive signal fired at intervals of about a minute.
2. The International Code signal of distress indicated by NC.
3. †The distant signal, consisting of a square flag, having either above or below it a ball or any thing resembling a ball.
4. A continuous sounding with any fog-signal apparatus.

*If a master of a vessel uses or displays, or causes or permits any person under his authority to use or display, any of those signals of distress, except in the case of a vessel being in distress, he shall be liable to pay compensation for any labour undertaken, risk incurred, or loss sustained in consequence of that signal having been supposed to be a signal of distress, and that compensation may, without prejudice to any other remedy, be recovered in the same manner in which salvage is recoverable [Merchant Shipping Act, 1894, section 434 (2).]

†A further distress signal is provided in the International Code of Signals. It is a distant signal consisting of a cone point upwards, having either above it or below it a ball, or anything resembling a ball. This signal has not been sanctioned by Order in Council under the provisions of section 435 of the Merchant Shipping Act, 1894.

At night—

1. A gun or other explosive signal fired at intervals of about a minute.
2. Flames on the vessel (as from a burning tar-barrel, oil-barrel, etc.).
3. Rockets or shells, throwing stars of any colour or description, fired one at a time, at short intervals.
4. A continuous sounding with any fog-signal apparatus.

AIDS TO MEMORY in four verses, by the late MR. THOMAS GRAY, C.B.

1. *Two Steam Ships meeting.*

When both side lights you see ahead—
Port your helm and show your RED.

2. *Two Steam Ships passing.*

GREEN to GREEN—or, RED to RED—
Perfect safety—Go ahead!

3. *Two Steam Ships crossing*

Note.—This is the position of greatest danger: there is nothing for it but good look-out, caution and judgment.

If to your starboard RED appear,
It is your duty to keep clear;
To act as judgment says is proper:—
To Port—or Starboard—Back,—or, Stop her.

But when upon your Port is seen
A Steamer's Starboard Light of GREEN
There's not so much for you to do,
For GREEN to Port keeps clear of you.

4. *All Ships must keep a good look-out, and Steam Ships must stop and go astern, if necessary.*

Both in safety and in doubt
Always keep a good look-out;
In danger, with no room to turn,
Ease her, stop her, go astern.

APPENDIX F.

SIGNALS TO BE MADE BY SHIP WANTING A PILOT.

In the daytime.—The following signals, numbered 1, 2, 3 and 4, when used or displayed together or separately, shall be deemed to be signals for a pilot in the daytime, viz.:—

1. To be hoisted at the fore, the Union Jack, having round it a white border, one-fifth of the breadth of the flag; or
2. The International Code pilotage signal indicated by PT.
3. The International Code Flag S, with or without the Code Pennant over it.
4. The distant signal, consisting of a cone point upwards, having above it two balls or shapes resembling balls.

At night.—The following signals, numbered 1 and 2, when used or displayed together or separately, shall be deemed to be signals for a pilot at night, viz.:—

1. The pyrotechnic light, commonly known as a blue light, every fifteen minutes; or
2. A bright white light, flashed or shown at short or frequent intervals just above the bulwarks, for about a minute at a time.

If a master of a vessel uses or displays, or causes or permits any person under his authority to use or display, any of the pilot signals for any other purpose than that of summoning a pilot, or uses or causes or permits any person under his authority to use any other signal for a pilot, he shall for each offence be liable to a fine not exceeding twenty pounds. [Merchant Shipping Act, 1894, section 615 (3).]

APPENDIX G.

DEVIATION OF THE COMPASS.

FOR MASTERS' CERTIFICATES FOR HOME TRADE PASSENGER SHIPS.

The candidate must answer in writing, on paper given him by the Examiner, all the following questions, numbering his answers to correspond with the numbers of the questions:—

1. When taking a Meridian Altitude, how do you know when the sun is on the Meridian; or in other words, when it is noon?
2. How does the sun bear (*true and magnetic*) when on the meridian of an observer in these latitudes (Home Trade Limits)?
3. What do you mean by deviation of the Compass, and how is it caused?

4. Having determined the deviation, how do you know when it is easterly and when westerly ?
5. Supposing the sun when on the meridian bore by your Compass ________ ___what would be the deviation of that Compass for the direction of the ship's head at the time, the variation given on the Chart being ?
6. How could you find the deviation of your Compass when in port, or when sailing along a coast ?
7. Name some suitable terrestrial objects by which you could readily obtain the deviation of your Compass.
8. The bearing of two objects when in a line with each other was found on the Chart to be magnetic ; but when brought in a line on board they bore ____ ____ by your Compass ; required the deviation of your Compass for the direction of the ship's head at the time ?
9. What means are there for checking the deviation of your Compass by night ?
10. Supposing the North Star (*Polaris*) bore ____ by your Compass, what would be the deviation (approximately) of that Compass for the direction of the ship's head at the time, supposing the variation given on the Chart to be__________ ?
11. Do you expect the deviation to change ? If so, state under what circumstances.
12. What is meant by the variation of the Compass, and what is the cause of it ?

APPENDIX H.

(*See* Rule 67.)

EXAMINATION OF A MASTER OR MATE IN STEAM.

The examination is for the most part *vivâ voce*, and extends to a general knowledge of the practical use and working of steam engines and boilers, and of the various valves, fittings, and pieces of machinery connected with them and of the way in which electric lighting is carried out on board ship.

Candidates must : —

(*a*) Know the names and understand the uses of the various parts of engines and boilers, and their connecting pipes, valves, cocks, etc.
(*b*) Have a thorough grasp of the construction of the steam engine and boiler, to enable them to understand the nature and importance of any defect which may be reported to them by the Chief Engineer.
(*c*) Have a looking on knowledge of what the principal repairs about engines, boilers and pipes are, and how these repairs are accomplished.
(*d*) Be able to form an independent opinion as to a breakdown, and the consequent propriety or impropriety of proceeding under steam with temporarily repaired or defective machinery.
(*e*) Understand how to estimate approximately the reduction of fuel required for reduced speed, and be able to satisfy themselves as to the sufficiency of the coal on board for the voyage.
(*f*) Have an intelligent grasp of the general run of pipes and connections in the engine-room, the working of cocks, the opening and closing of cocks and valves, and know how mistakes of importance may be made and how best to guard against such mistakes.
(*g*) Be capable of being left in charge of the feeding of a set of boilers, understand the working of the water gauge, and be able to guard against being misled by false indications of the gauge class.
(*h*) Understand the operations of blowing down and surfacing, the reasons for such practices and the danger which may result from the neglect of them in certain circumstances.

A Master or Mate presenting himself for examination in Steam must be understood to have made up for his want of practical experience by reading about the steam engine. He ought, therefore, to show that he intelligently understands the rationale of its action. Under this head he should be able to state approximately the quantity of heat required in the formation of steam, the relation of "latent" heat to "sensible" heat, how much steam can be raised by the combustion of one pound of coal, what horse-power measure is, what indicated horse-power is, what is the action of the slide valve, the course of the steam through the engine, the advantage of working expansively, and how the expansive action is shown by the indicator diagram.

He should know the uses of the various parts of the engines and dynamos used for electric lighting, and how they and the cables are fitted in the hull ; how wires are jointed, insulated and cased ; why it is desirable that they should be led along places which are dry and accessible ; what "short circuiting" is and what are the causes which produce it ; what is its danger in coal bunkers and petroleum-carrying steamers ; what are the uses of switches and cut-outs, and why it is so important to prevent short circuiting taking place.

Candidates will be required to give written answers to sixteen out of twenty questions taken from the Elementary Questions (printed in Appendix C of the Regulations relating to the Examination of Engineers : Exn. 1*a*) given on the sheets marked "Steam," or questions similar to these. These questions will be altered from time to time without notice. The twenty questions will not be difficult, theoretical, or book questions, but such as any man of ordinary capacity who has a fair amount of practical knowledge of the use of working of the steam-engine ought to answer.

Examiners will require all candidates to fill up a form, Exn. 15*b* and they will forward it to the Chief Examiner of Engineers with the report of the examination.

Masters and Mates may cancel questions A, B and C, but they should fill up the form for questions D, E, F and G, as evidence of their practical knowledge.

If a candidate refers to any book, paper or memorandum, or obtains information from another candidate or any other person during the examination, he will be treated as having failed, will forfeit his fee, and will not be allowed to be re-examined for a period of six months.

The Examiners will report, in the case of failure, the nature of the question or questions that decided the failure, or the point in the management of the engines or boilers in which the candidate was deficient.

Applicants for the voluntary examination need not necessarily have served on board steamships; all that is required is that they shall have a practical knowledge of the use and working of the steam engine.

Practical knowledge is best gained in the engine-room; and the examination of an officer who does not produce official evidence of service in steamships, and of experience of engines, must necessarily be more searching than in the case of one who produces evidence of such service and experience.

The answers to the Elementary Questions are frequently given by candidates as learned by rote from a book. Candidates should, therefore, be asked such *viva voce* questions as will necessitate answers in different words, so as to discover whether they have the root of the matter in them.

A large part of the *viva voce* examination should be conducted on board a steamer, preferably one with which the candidate is unacquainted. He should be told to look about and try to find out the arrangement of the machinery without assistance, and the Examiner should be in the engine-room to see that this independent examination is properly carried out. When the candidate reports that he thinks he knows the arrangement, the Examiner will question him on the uses of the parts, get him to point out the different cylinders, pumps, valves, condenser, etc.; also the dynamo, its field magnets, armature, commutators, brushes, cables, etc. The candidate must show that he understands the run of the pipes in the bilges, not necessarily that he has gone over every one of them, but he ought to be directed to trace, at least, one important range of pipes, and to thoroughly satisfy the Examiner that he could be safely trusted to manipulate the valves or cocks in connection therewith. It will not often be practicable for the candidate actually to work engines under steam, but he must satisfy the Examiner that he knows how to do so, and that he is aware of the precautions to be taken in regard to water in the cylinders, etc. It is most important that a candidate should show that, in the event of an accident depriving him of the assistance of Engineers, he knows what to do to safely take his vessel to an anchorage, or to stop the engines and proceed under sail alone.

The examination of a Mate in steam is the same as that of a Master. The knowledge required has no reference to the Mate's position.

The Mate may be examined, but such examination implies that the Mate may one day be a Master, when the possession of the knowledge will be an advantage to him in the discharge of his duties.

APPENDIX I.

(*See* Rule 26.)

SIGHT TESTS.

Details as to the conduct of the tests.

These tests must be conducted under the strict personal supervision of the Examiner. A careful record must be kept of all mistakes made by the candidate both in the form vision test and in the colour vision test.

Examiner must keep a record of all candidates passed by him for reference when required.

I.—FORM VISION TEST.

1. **Form vision test to be passed first.**—The first test which the candidate is required to undergo is the test for form vision, and until he has passed this test he must not be allowed to proceed further with the examination.

2. **Apparatus used.**—The form vision test to be used for all candidates is that conducted on Snellen's principle by means of sheets of letters.

3. **Object of the test.**—The object of the form vision test is to determine whether the candidate can reach a sufficient standard of visual acuteness, or, in other words, to find out whether his eyesight is good or bad.

4. **Standard of vision required.**—Every candidate for a first certificate of competency will be required to possess normal vision. With the exceptions indicated below (*see* paragraph 8), every candidate for a second or higher certificate will be required to possess normal vision.

"Normal vision" is defined, for the purpose of these Regulations, as ability to read correctly nine of the twelve letters in the sixth line and eight of the fifteen letters in the seventh line of a test sheet placed in a good light at a distance of 16 feet from the eye.

The candidate will have the option of using either eye separately or both eyes together.

5. **Spectacles not allowed.**—During the examination for form vision candidates must not be allowed to use spectacles or glasses of any kind, or any other artificial aid to vision.

6. **Method of testing.**—The test sheets should be hung on the wall, *in a good light, but not in direct sunlight*, at a height of five or six feet from the ground. The candidate should be placed at a distance of exactly 16 feet from the sheets, and exactly opposite them. This distance should be carefully measured, and should never in any circumstances be varied.

One of the sheets should then be exposed, and the candidate should be asked to read the letters on each sheet, beginning at the top and going downwards. Any mistakes which he makes should be carefully noted. If then it is found that he has read correctly at least nine letters in the sixth line and eight letters in the seventh line of a sheet, the candidate may be considered to have normal vision, and should be marked "passed" in the appropriate column of the form of application (Exn. 2 or Exn. 2A, as the case may be).

7. **Passing or failure.**—If at the conclusion of the test the candidate is found to reach the required standard, he may be considered to have passed, and the Examiner should proceed to test him for colour vision. If the candidate fails to reach the standard required for the certificate entered for, he should be tested with at least four sheets, and the Examiner should fill in a Form, Exn. 17b, and should forward it, with any remarks he may wish to make, to the Principal Examiner for his instructions as to whether the candidate is to be regarded as passing or as failing in form vision.

8. **Lower standard required in certain cases.**—Candidates who are in possession of certificates obtained before January 1st, 1914, may be regarded as passing in form vision if they can read correctly with both eyes at least five of the eight letters in the fifth line of a test sheet.

9. **Tests to be varied.**—The Examiner should take care, by varying the order of the test sheets and by every other means in his power, to guard against the possibility of any deception on the part of the candidate.

10. **Result of examination to be reported.**—The result of every examination in form vision should be reported, in the case of a candidate for a certificate of competency, to Government on Form Exn. 2, and to the Port Officer on Form Exn. 14; and, in the case of a candidate for the sight tests only, to Government on Form Exn. 2 A.

II.—COLOUR VISION TEST.

11. **Apparatus.**—A special lantern and a mirror have been provided for this test. The lantern should be placed directly in front of the mirror, so that the front part of the lantern is exactly ten feet from the mirror. Care should be taken that the lantern is properly placed, that is to say, the lights reflected in the mirror must show clearly when viewed through the rectangular aperture on the left of the lantern. The Examiner should always satisfy himself that these conditions are fulfilled before commencing the examination.

12. **Darkness adaptation.**—*It is essential that a candidate should be kept in a room which is either completely or partially darkened for at least a quarter of an hour before he is requested to undergo this test.*

Before the examination commences the Examiner must satisfy himself that the room in which it is conducted is so darkened as to exclude all daylight.

13. **Method of testing.**—The lantern supplied for the examination is so constructed as to allow one large or two small lights to be visible, and is fitted with 12 glasses of three colours—red, white and green. At the commencement of the examination the Eaxminer should show to the candidate a series of lights through the large aperture, and should require him to name the colours as they appear to him. Care should be taken in showing the white light to emphasise the fact that the light is not a pure white. If a candidate makes a mistake of calling this light "red" a proper red light should be shown immediately after and the candidate's attention directed to the difference between the two.

After a series of lights through the large aperture has been shown, the Examiner should make a complete circuit with the two small apertures, requiring the candidate to name the colours of each set of two lights from left to right. To prevent any possibility of the order in which the lights are arranged from being learnt, the Ex miner should at least twice in each circuit go back a varying number of colours.

A record of any mistakes made with either the large aperture or the two smaller apertures should be kept on Form Exn. 17c in accordance with the instructions therein.

14. **Passing or failure.**—If a candidate with either the large aperture or the two smaller apertures of the lantern mistakes red for green or green for red, he should be considered to have "failed" in Colour Vision.

If the only mistake made by the candidate with the lantern, is to call the white light "red," and if after his attention has been specially directed to the difference between the two he makes no further mistake of this nature, he should be considered to have passed in Colour Vision.

If a candidate makes any other mistake with the lantern, *i.e.*, if he calls white "red" repeatedly or red "white" at all, or confuses green and white, his case should be reported to the Port Officer and he should be told that the decision as to whether he is passed or failed, or a further examination is necessary will be communicated to him in due course. Pending the receipt of the Port Officer's instructions such a candidate should only be allowed to proceed with the remainder of the examination for a certificate of competency on the express understanding that the latter examination will be cancelled in the event of failure in the Sight Tests.

15. **Further examination and appeals.**—If in the cases covered by the preceding paragraph the Port Officer decides that a further examination is necessary, arrangements will be made for a special examination to be held and the third class travelling expenses necessarily incurred by a candidate in attending such an examination will be paid by the Government together with a subsistence allowance at a rate which will be notified to the candidate, but which will not in any circumstances exceed Rs. 5 for each day necessarily occupied in attending the examination. In these cases the above expenses will be paid whatever may be the result of the final examination.

If, however, on the report of the Examiner the Port Officer decides that the nature of the mistakes made shows conclusively that a candidate is so colour blind as to be unfit to hold a certificate, the candidate shall be considered to have failed.

In cases where, upon the report of the Examiner, a candidate is failed by the Port Officer, as well as in the cases covered by paragraph 14, Government will be prepared to allow a candidate who is dissatisfied with this decision to appeal for a special examination, but Government will not pay the travelling expenses of any such candidate unless he is reported by the Special Examiners conducting the appeal examination to have passed.

III.—REPORTS.

16. The result of every test in form or colour vision should be reported to the Government on the Form Exn. 2, and to the Port Officer on the Form Exn. 14, when the candidate is up for examination for a certificate of competency; and to the Government on the Form, Exn. 2A, when the candidate is up for examination in vision only.

All cases of failure should also be reported to the Port Officer on Form Exn. 17B, to which should be attached Form Exn. 17C, containing the record of any mistakes made with the lantern.

Every report relating to such an examination must be signed by the Examiner who conducted the examination.

APPENDIX J.

TABLE SHOWING THE REQUIREMENTS AS TO SEA SERVICE NECESSARY TO QUALIFY FOR EXAMINATION FOR CERTIFICATES OF COMPETENCY.

Note.

A candidate for an Ordinary certificate of any grade who has not previously held an Ordinary certificate of a lower grade must prove that he has served twelve months in the foreign trade or eighteen months in the home or coasting trade in a square-rigged sailing vessel.

Where foreign-going certificates are required to be held to qualify candidates for examination, they may be either the Ordinary certificates, or those for fore and aft rigged vessels, or for foreign-going steamships.

It must be clearly understood that the amount of service laid down in the Regulations for each grade of certificate of competency is the absolute minimum that can be accepted, and unless a candidate can show the full amount he must in no case be allowed up for examination.

The 21st August 1919.

No. 104Marine.—Following the procedure of the Board of Trade, the Government have decided to discontinue the issue of temporary certificates of competency as Second Mate of foreign-going and Home-Trade ships, which was authorized during the war, under notification No. 68Marine, dated the 29th May 1916. That notification is now hereby cancelled.

2. After the 20th September 1919 temporary certificates issued under that notification will cease to be valid, and will not entitle holders to act in the capacity of Second Mate of a merchant ship. Every such temporary certificate granted by the Government of Bengal should be forwarded on or before 20th September 1919 to the Port Officer, Calcutta, for cancellation.

Holders of temporary certificates will, however, be entitled, when they can produce evidence of the necessary four years' sea service, to apply for full certificates without further examination.

F. A. A. COWLEY,
Secy. to the Govt. of Bengal.

The 22nd August 1919.

Lists D and E	642
Open General Licenses for Exports : APPENDIX No. 1	642
List of Free Goods : APPENDIX No. 2	643
General Information with regard to Export Regulations in Europe and on the Mediterranean ...	645

This consolidated "List of Export Prohibited Goods" is amended and issued fortnightly, together with supplements, on alternate weeks. Exports who desire to have copies of each list and supplements posted to them during the current year can do so on payment of a registration fee of 2*s.* 6*d.* for one copy of each issue. Should more than one copy of each issue be required an additional payment of 1*d.* is made for each copy, for which payment should be made at the rate of 2*d.* per month for each additional copy.

Exporters who desire to have their names placed on the register should make application to the Stationery Clerk, Export Licence Department, enclosing Money Orders payable to the Export Licence Department, Board of Trade.

IMPORTANT NOTICE.

APPLICATION FORM A FOR LICENCE TO EXPORT.

The Export Licence Department, having regard to the circumstances now existing, and subject to any further notification which it may hereafter become necessary to make,

notifies Exporters that answers need only be given to the undermentioned questions which are set forth in the abovementioned form of application.

(*a*) Full name and address of Consignor.
(*b*) Name and address of person or company to whom the licence is to be sent.

Licences are only required for goods on Lists A and B.

Goods may be exported *viâ* Hamburg and the Elbe, provided they are consigned to the Commission Commerciale Tchecho-Slovaque. Hamburg, for account of the actual consignee in Czecho-Slovakia. A duplicate set of shipping documents should be forwarded in advance to that Commission. Goods may also be exported *viâ* Switzerland, provided that at no stage of the route do they proceed through unoccupied Germany, and provided they proceed through Switzerland in sealed waggons. If they proceed to Switzerland *viâ* any port in Holland, the documents must be passed through the Standard Bank of South Africa, Rotterdam. If they proceed *viâ* Belgium, France or Italy, no official consignee is necessary.

There is no parcel post service at present.

Denmark—

List C goods (including those shown in Appendix 1, page 642, and including free goods (*see* Appendix 2, page 643) may now be exported without licence, whether by freight or by parcel post, and without the production of certificates from the Danish Associations.

Applications for licences to export goods on Lists A or B should continue to be made to the Export Licence Department, but no certificates from the Danish Associations need be produced.

Exporters should satisfy themselves in all cases that the goods are not subject to any Danish import prohibition.

Esthonia (principal port—Reval)—

Licences are required for all goods, except free goods [*see* Appendix 2, page 643, and except foodstuffs (*see* note (*i*)] on List C. Licences for other goods are not granted unless the applications are supported by the Esthonian Legation—45, Markham Square, London, S.W. 3; but the following classes of goods need not be supported by that Legation :—

(*a*) Goods intended for the personal use of the recipient, and
(*b*) Isolated trade transactions not exceeding £ 10 in value to any one consignee in any one fortnight.

There is no parcel post service at present.

Finland—

Licences are required for all goods except free goods [*see* Appendix 2, page 643, and except foodstuffs on List C (*see* note (*i*)]. Licences are not, as a rule, issued except on receipt of a telegraphic intimation from the Inter-Allied Trade Committee at Helsingfors that an import licence into Finland has been granted. Exporters should instruct their consignees to approach the British Consul at Helsingfors with a view to the issue of the necessary import licence.

Application for the following classes of goods will be considered without the production of evidence of the issue of import licences, on the understanding that the Export Licence Department will not be responsible should difficulties arise with the Finnish Government on the arrival of the goods :—

(*a*) Goods intended for the personal use of the recipient,
(*b*) Isolated trade transactions not exceeding £ 10 in value to any one consignee in any one fortnight,
(*c*) Foodstuffs on Lists A or B [*see* note (*i*) page 651.]

Exporters should satisfy themselves in all cases that the goods are not subject to any Swedish import prohibition.

Switzerland—

List C goods on the S.S.S. consignment list (a copy of which can be had on application to the Stationery Clerk, Export Licence Department), including goods shown in Appendix No. 1, page 642, but not including goods in List D, page 642 may now be exported freely **by freight** without individual licences, provided (except as regards foodstuffs) the goods are consigned to the Société Suisse de Surveillance Economique, for account of the actual consignees. The prior production of an S.S.S. certificate, to the British Customs will not be necessary, even in respect of licences already issued which may stipulate for the production of S.S.S. certificates, but exporters who actually hold certificates should hand them to the British Customs at the time of shipment. It is, however, still necessary for the actual consignee in Switzerland to obtain an S.S.S. certificate before the goods can be handed over by the Swiss Customs. It is important, therefore, that exporters should, immediately on receipt of an order for the despatch of consignable goods to Switzerland, advise the Swiss purchaser to take the necessary steps to obtain a certificate from the S.S.S.
Where the S.S.S. have refused, generally or specifically, to accept consignment for any customer, an application for a specific licence should be made to the Export Licence Department. The fact that the S.S.S. have refused to accept consignment should be clearly mentioned on the application form.
Goods on List C not consignable to the S.S.S., foodstuffs on List C (*see* note (*i*), page 651), and free goods (*see* Appendix 2, page 643) may be exported without licence and without consignment to the S.S.S.
Licences are still required for goods on List A, B or D. S.S.S. certificates need not be produced with the applications except for goods on List D, but the Swiss purchaser should, as indicated above, take steps to produce a certificate for the use of the Swiss Customs on the arrival of the goods at the Swiss frontier.
Applications for licences should be made in respect of the following classes of goods on List C—

(*a*) Goods to be despatched by parcel post [*see* note (*iii*), page 651.]
(*b*) Goods intended for the personal use of the recipient [*see* note (*iv*) page 652.]
(*c*) Isolated trade transactions not exceeding £10 in value to any one consignee in any one fortnight [*see* note (*iv*), page 652].

Syria (as far north as a line from Alexandretta to Aleppo inclusive, and as far east as the Hedjaz Railway inclusive)—

Licences are only required for goods on Lists A and B. Any available route may be adopted at the option of the exporter.

A parcel post service is in operation as far north as Alexandretta but not east of Aleppo.

Turkey (including Asia Minor)—

Licences are only required for goods on Lists A, B and D. Licences will not, as a rule, be granted for goods on List D except as provided in note (*v*), page 652).

Any available route may be adopted at the option of the exporter.

Parcels for civilians in European Turkey (Constantinople) are accepted if they are addressed "Post Restante, British Army Post Office, Constantinople."

NOTES.

FOODSTUFFS.

(*i*) Foodstuffs should be regarded as including all articles intended for use as human food, including articles to be manufactured into human food and including beverages and spices.

Crefeld), Grevenbroich, Heinsberg (Rheinland), Hülchrath, Jülich Kaldenkirchen, Kempen (Rhein), Linn, Mörs, Munchen-Gladbach, Neuss, Odenkirchen, Randerath, Rheydt, Steinstrass, Stolberg (Rheinland) Viersen, Wevelinghoven, Xanten.

EXPORTS BY PARCEL POST.

(*iii*) Exports by parcel post are, as a rule, allowed without consignment to the usual Importing Associations, provided the value of the parcel does not exceed £5. It should, however, be distinctly understood that this procedure is intended to apply to isolated transactions only, and that exporters cannot be allowed to despatch large numbers of parcels to the same consignee without consignment to the appropriate Import Associations; it will not, however, be necessary for certificates from those Associations to be produced.

In each case exporters should state whether the appropriate Importing Association is willing to accept consignment of the goods; and if the Association has refused to accept consignment, generally or specifically, that fact should be stated.

(*iv*) Licences will, as a rule, be granted for these goods without consignment to official Importing Associations.

GOODS ON LIST D.

(*v*) Consideration will be given to applications in respect of the following goods on List D, if there is clear evidence that the shipments are destined for commercial purposes:—

Barbed wire and implements for fixing and cutting same.
Camp equipment, articles of, and their component parts.
Clothing and equipment of a distinctly military character.
Electrical appliances, adapted for use in war, and their component parts.
Military wagons of all descriptions.
Harness or horse equipment of a military character.

URGENT ORDERS.

The Board of Trade, Export Licence Department, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such orders to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enable to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Export Licence Department the licence will be granted.

The telegrams should be addressed to "Orders, c/o Advantage, Stock, London". They should give in each case in addition to the name and postal or telegraphic address of the applicant, the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory in the occupation of troops of the Associated Governments, the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 24 words (1*s*. 3*d*.) must be prepaid.

Applicants are requested in their own interests to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with with the telegraphic enquiries should be addressed to the Comptroller General, Department of Overseas Trade (Export Facilities Section), 73, Basinghall Street, E. C. 3.

Concessions granted in the matter of securing civil appointments under Government to those persons who have rendered service in connection with the prosecution of the war.

No. 1099, dated Simla, the 8th August 1919.

RESOLUTION—By the Government of India, Home Department (Establishments).

THE Governor-General in Council has had under consideration the question of granting concessions in the matter of securing civil appointments under Government to those persons who have rendered service in connection with the prosecution of the war. With the approval of the Secretary of State, His Excellency in Council is pleased to make the following announcements:—

First, no person shall be in any way prejudiced either in securing a civil appointment or in respect of seniority in such appointment by the fact that he has rendered service in the prosecution of the war, or by the fact that his entry into civil employment has been delayed by such service;

Secondly, applications from persons who have rendered such service shall, *ceteris paribus*, receive preferential treatment in the matter of civil appointments under Government.

2. The following kinds of service shall be deemed to be service in the prosecution of the war:—

(*a*) Service in the combatant ranks of the Army;
(*b*) All other service involving subjection to military law under the Army Act, or the India Army Act, and service in the Indian Branch of the Indian Defence Force:
(*c*) Clerical and other service under military and munitions authorities (*i*) overseas and (*ii*) in India.

Preferential treatment shall be given to the various kinds of service in the order indicated above, and persons who have rendered active service shall be given preference over those who have not. In order to make good a claim to preferential treatment an applicant must satisfy the authority making the appointment that the service rendered was whole-time service and was also approved service.

3. In pursuance of these decisions every person who has rendered service of the character described above shall be permitted to deduct from his age for the purposes of article 51, Civil Service Regulations, the period of such service rendered up to the date of his release from military or other duties and, if invalided from such service, he shall be permitted to include for the purposes of deduction the period from the time when he was invalided up to the date on which the war may be declared to have ended, under the provisions of the Termination of the Present War (Definition) Act, 1918, 8 and 9 George V, Chapter 59.

4. Notwithstanding any rules or executive orders prescribing educational, professional or technical qualifications, any person who has rendered service of the nature already described and has been prevented thereby from acquiring such qualifications may, at the discretion of the authority competent to make an appointment for which such qualifications are required, be admitted to such appointment, provided that the educational, professional and technical attainments which he possesses are deemed sufficient for the adequate performance of the duties of the appointment.

5. The principles herein laid down are subject to the following general reservations, which local Governments and, under their instructions, officers subordinate to them, will apply at their discretion :—

(a) The application of these principles must be consistent with the public interest.

(b) There must be no injustice to the claims of persons already in Government service who had no opportunity of rendering military service.

(c) No person may be appointed to a post the duties of which he is not competent to perform.

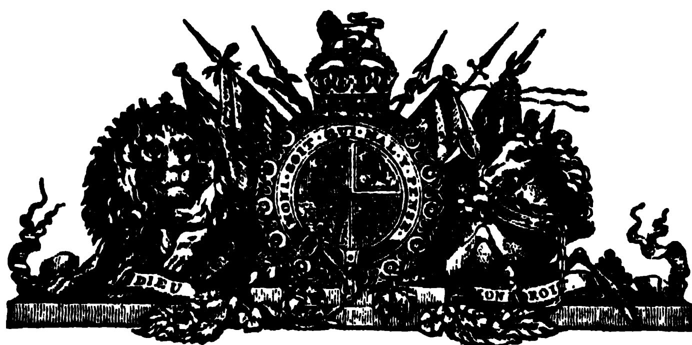

The principles are also subject to such other reservations as any local Government, or in the case of posts under themselves, the Government of India, may deem proper to adopt.

6. The Governor-General in Council is also authorized to announce that the question of the application of similar principles to the services recruited in England is under the consideration of the Secretary of State.

ORDER.—Ordered that a copy of this Resolution be forwarded to all local Governments and Administrations, the several Departments of the Government of India (including the Financial Adviser, Military Finance), and the offices subordinate to this Department, for information and guidance.

Ordered also that it be published in the Supplement to the *Gazette of India* for general information.

W. S. MARRIS,
Secretary to the Govt. of India.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 3316M.—The 23rd August 1919.—The Governor in Council is pleased to declare his intention, in exercise of the power conferred by section 640 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), to extend to the town of Howrah the following sections of the Calcutta Municipal Act, 1899, subject to the modifications and restrictions therein, which are shown, as far as possible, in antique type :—

Howrah.

"26. (*1*) The Local Government may, if it appears to it to be expedient so to do, appoint a proper person to be Deputy Chairman of the **Commissioners.**

(*2*) The Deputy Chairman shall receive such salary as may from time to time be fixed by the Local Government.

27. (*1*) No person shall be eligible for the office of Deputy Chairman if he has, directly or indirectly, by himself or his partner or employer or employé, any share or pecuniary interest in any contract or employment with, by, or on behalf of, the **Commissioners.**

(*2*) If the Deputy Chairman acquires, directly or indirectly as aforesaid, any share or interest as aforesaid, otherwise than as Deputy Chairman, he shall cease to be Deputy Chairman, and his office shall become vacant.

(*3*) But a person shall not be disqualified as aforesaid, or be deemed to have any share or interest in such a contract or employment as aforesaid, by reason only of his having a share or interest in—

(*i*) any agreement for the loan of money or any security for the payment of money only ; or

(*ii*) any incorporated company which contracts with or is employed by the **Commissioners.**

28. (*1*) No person shall be eligible for the office of Deputy Chairman if he is seriously indebted to any person.

(*2*) If any person holding **the office of Deputy Chairman** becomes so indebted, the authority which appointed him shall declare his office to be vacant.

29. When a servant of the Government is appointed to be Deputy Chairman the **Commissioners** may pay, in addition to his salary and house allowance (if any), any contribution which may for the time being be levied by the Government in respect of his pension or leave allowances.

31. The Deputy Chairman shall devote **his** whole time to the duties of **his office**, and shall not engage in any other profession, trade or business whatsoever:

Provided that—

(*a*) any civil or military officer in the service of the Government may hold the office of Deputy Chairman so long as he fills no office other than one of those specified in this section;

(*b*) the Deputy Chairman may—

(*i*) hold the office of Commissioner under the Calcutta Port Act, 1890;

(*ii*) be a Member of the Council of the Governor of Bengal for making Laws and Regulations; or

(*iii*) with the sanction of the **Commissioners** hold the office of Chairman to any public institution or any other honorary office.

33. The Deputy Chairman shall, except upon such holidays as are allowed by the **Commissioners**, and unless prevented by sickness or other reasonable cause, attend daily at the municipal office for the transaction of business.

34. (*1*) The Deputy Chairman shall be subordinate to the Chairman, and, subject to his general direction and control, shall have the same authority as the Chairman, and shall exercise such of the powers and perform such of the duties of the Chairman as the Chairman may from time to time delegate to **him**.

(*2*) The Chairman shall inform the Commissioners of the powers and duties which he from time to time delegates to the Deputy Chairman.

(*3*) The Deputy Chairman shall be subject to the same liabilities, restrictions and conditions as the Chairman.

(*4*) All acts and things performed and done by the Deputy Chairman during his tenure of his office and in virtue thereof shall for all purposes be deemed to have been performed and done by the Chairman.

35. (*1*) With the sanction of the Local Government, the **Commissioners** may grant to the Deputy Chairman such leave of absence as they think fit.

(*2*) The allowance to be paid to the Deputy Chairman while absent on leave shall be of such amount, not exceeding his salary, as may be fixed by the Local Government:

Provided that, if the Deputy Chairman is a Government Officer, the amount of such allowance shall be regulated by the rules for the time being in force relating to the leave allowances of officers of his class.

(*3*) Whenever leave of absence is granted to the Deputy Chairman, the Local Government may appoint a person to act as Deputy Chairman.

(*4*) The salary of any person acting as Deputy Chairman under this section shall be fixed by the Local Government.

(*6*) Any person appointed to act as Deputy Chairman shall exercise the powers and perform the duties conferred under **section 34 of the Calcutta Municipal Act, 1899, as extended to Howrah** and shall be subject to the same liabilities, restrictions and conditions as the Deputy Chairman."

2. Any objection to such extension on the part of the Commissioners of the Municipality of Howrah or any inhabitant thereof should be submitted in writing, through the District Magistrate, Howrah, to the undersigned before the 15th September 1919.

No. 3282M.—The 22nd August 1919.—The following draft of by-laws, which the Governor in Council proposes to make in exercise of the power conferred by section 71 of the Calcutta Hackney Carriage Act, 1919 (Bengal Act I of 1919), and in supersession of the by-laws published with notification No. 1911M., dated the 14th July 1919, at pages 141-144 of Part IB of the *Calcutta Gazette* of the 16th idem, is published for the information of persons likely to be affected thereby.

Calcutta.

2. The draft will be taken into consideration on the 27th September 1919 and any objection or suggestion received by the undersigned before that date, through the Commissioner of Police, Calcutta, will be duly considered.

DRAFT BY-LAWS UNDER SECTION 71(*1*) OF THE CALCUTTA HACKNEY-CARRIAGE ACT, 1919 (BENGAL ACT I OF 1919).

QUALIFICATIONS OF DRIVERS.

1. Every person applying for a driver's license shall be required to satisfy the Registering Officer—

(*a*) that he knows how to drive and control horses and is in all respects a fit person for such employment;

Every palanquin must have a good pair of lamps. Each lamp shall have a red glass window in the back and shall be so placed that the light from the window is visible from behind.

IDENTIFICATION OF HORSES.

15. Every horse passed by the "Registering Officer" shall be branded on both forehoofs in the following manner :—

(1) The registered number as shown in the "Register of Horses" on the off forehoof.

(2) The year of registration on the near forehoof.

16. It shall be compulsory for the owner to produce the horse before the Registering Officer at the end of every three months to be rebranded without being sent for.

17. Licenses for horses will be in different forms according to the class in which they are registered. Each license shall have pasted on it a photograph of the horse, the cost of taking which shall be borne by the Commissioner of Police.

CLASSES OF HACKNEY CARRIAGES PALANQUINS AND RICKSHAWS.

18. Hackney-carriages shall be of three classes and of patterns fixed by the Commissioner of Police, with the approval of the Local Government, and of the dimensions and colours prescribed by by-laws Nos. 7 to 14.

19. There shall be one class of rickshaws and of palanquins, of a pattern fixed by the Commissioner of Police, with the approval of the Local Government, and of the dimensions and colours prescribed by by-laws Nos. 7 to 14.

20. Every licensed hackney-carriage, palanquin or rickshaw shall be distinctly marked on its panels and on the inside with the registered number and the number of the class to which it belongs, the figures to be not less than 8 inches in length, the colour of which shall be changed every year.

21. The lamps of every licensed hackney-carriage, palanquin or rickshaw shall have the registered number painted on them, the figures to be not less than one inch in length, the colour of which shall be changed every year.

* The date will be that on which these by-laws are confirmed and become final.

No. 3280M.—The 22nd August 1919.—The following draft order, which the Governor in Council proposes to make in exercise of the power conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

Rajshahi.

2. The draft will be taken into consideration on the 27th September 1919, and any objection or suggestion which may be received by the undersigned, through the District Magistrate, before that date will be duly considered.

Draft Order.

In exercise of the power conferred by section 222 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and upon the application of the Commissioners of the Nator Municipality, in the district of Rajshahi, made in pursuance of a resolution passed at a meeting specially convened to consider the question, the Governor in Council is pleased to extend all the provisions of Part VII of that Act to the said Municipality.

No. 3360Munpl.—The 26th August 1919.—In exercise of the power conferred by section 66 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to direct that the Burdwan Municipality, in the district of Burdwan, shall be placed in Schedule I of the Act, with effect from the 2nd October 1919.

Burdwan.

No. 3279L.S.-G.—The 22nd August 1919.—The following draft of rules, which the Governor in Council proposes to make under clause (*e*) of sub-section (*2*) of section 101 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 30th September 1919, and any objection or suggestion received by the undersigned through district officers before that date will be duly considered.

Draft Rules under the Village Self-Government Act, 1919, regulating the conduct of meetings of Union Boards and the method of forming a quorum.

MEETINGS.

1. Meetings shall be held at the office of the Union Board or at such other place as the President may from time to time determine.

Cf. Municipal Model Rule 1 and District Board Model Rule 7

2. Meetings shall be either ordinary or special.

Cf. District Board Model Rule 2.

3. An ordinary meeting of the Union Board shall be held either on the first Monday, or on the last Saturday, of every month as the President may decide: Provided that if for any reason it is deemed inconvenient to hold any such meeting on the day thus selected, the President may fix another day for that particular meeting.

Cf. District Board Model Rule 1.

4. A special meeting of the Union Board may be called at any time by the President.

Cf. District Board Model Rule 4

5. The President shall call a special meeting on a requisition signed by not less than three of the members. If he fails to do so within thirty days after any such requisition has been made, the meeting may be called by the members who signed the requisition, in the manner laid down in rules 8 and 10.

Cf. District Board Model Rule 4 and section 39, Municipal Act.

6. The following subjects shall be dealt with at special meetings only :—

Cf. District Board Model Rule 5.

(*a*) Scale of establishment and salaries (section 36).
(*b*) Imposition of union rate (section 37).
(*c*) Annual budget estimate.

(d) Election of President and Vice-President (sections 8, 9 and 17).
(e) Removal of Vice-President (section 16).
(f) Salaries, appointment and dismissal of chaukidars and dafadars (sections 20 and 21).
(g) Loans.

7. All other subjects which come within the province of the Union Board may be dealt with at either ordinary or special meetings.

Cf. District Board Model Rule 6

NOTICES OF MEETINGS AND MOTIONS.

8. At least ten days' notice of all meetings shall be given to every member: Provided that the annual budget estimate shall be circulated to all the members of the Board at least a fortnight before the date fixed for its consideration.

Cf. District Board General Rule 67 and Municipal Model Rule 5

9. Accidental failure of service of notice on any member shall not invalidate the proceedings of any meeting.

Cf. District Board General Rule 67

10. The notice shall set forth clearly and fully the business to be transacted at the meeting.

Cf. District Board General Rule 68, and Municipal Model Rule 6

11. Notices of motions, accompanied by *verbatim* drafts, must be sent to the President in time to be included in the list of business for the next meeting. Notices received too late shall be inserted in the list of business of the next succeeding meeting.

Cf. Municipal Model Rule 8 and District Board Model Rule 9

12. A notice book shall be kept by the President, in which all notices of motions shall be entered. All such notices shall be dated and numbered as received.

Cf. Municipal Model Rule 4 and District Board Model Rule 10

QUORUM AND CONDUCT OF PROCEEDINGS AT MEETINGS.

13. Three of the members of the Union Board shall form a quorum. If at the time appointed for the meeting or within one hour thereafter, a quorum is not present, the meeting shall stand adjourned and shall be called again on a future day to be appointed by the President. The members present at such adjourned meeting shall form a quorum, whatever their number may be.

Cf. District Board General Rule 65 and section 42, Municipal Act

14. The President or, in his absence, the Vice-President (if any) shall preside at every meeting, and in the absence of both the President and the Vice-President, the members shall choose some one of their number to preside.

Cf. Section 40, Municipal Act

15. At ordinary meetings the business shall be conducted in the following order:—

Cf. District Board Model Rule 13 and Municipal Model Rule 8.

(a) The minutes of the last ordinary meeting and of any special meeting held since shall be read and, if approved as correctly entered, shall be signed by the President of such meeting.
(b) Business postponed from the last ordinary meeting shall be considered.
(c) A progress report of works shall be laid before the members.
(d) Accounts and statements shall be considered and passed.
(e) Motions of which due notice has been given shall be discussed.

16. At a special meeting, only the business for which the meeting was called shall be considered.

Cf. District Board Model Rule 14 and Municipal Model Rule 9.

17. Notwithstanding anything contained in rules 15 and 16, it shall be competent for the Union Board at a meeting to transact any business other than that set forth in the notice under rule 8, if the majority of the members present agree to do so.

Cf. District Board General Rule 68, District Board Model Rule 14, and Municipal Model Rules 6 and 9.

18. Every motion and amendment duly moved must be seconded, and until seconded, no debate thereon shall take place.

Cf. Municipal Rule 12 and District Board Model Rule 17.

19. Every motion or amendment duly made and seconded and pressed to a division shall be reduced to writing and signed by the proposer and seconder before being put to the vote. Every such resolution or amendment shall be recorded in full in the proceedings, together with the number and names of voters for and against it.

Cf. Municipal Model Rule 13, District Board General Rule 74, and District Board Model Rule 18.

20. The President of the meeting may, for reasons to be recorded in writing and entered in the minutes of the proceedings,—

Cf. Municipal Model Rule 15 and District Board Model Rule 20.

(a) rule that a motion or amendment is illegal or out of order, and
(b) make such alterations in a motion or amendment as shall in his opinion render it legal and in order;

and may in case (a) refuse to put the motion or amendment to the meeting, and in case (b) refuse to put the motion or amendment to the meeting unless and until the proposer and seconder accept and sign the alterations made; and the decision of the President shall be final.

21. After a motion has been moved and seconded an amendment may be moved at any stage of the debate thereon.

Cf. Municipal Model Rule 16 and District Board Model Rule 21.

22. On the discussion being concluded, in the event of several amendments having been proposed, the President of the meeting shall put the last amendment to the vote first; if it is negatived he shall put the last preceding amendment; and lastly, the first amendment; and if all the amendments are lost the original proposition shall be put to the vote.

Cf. Municipal Model Rule 17 and District Board Model Rule 22.

23. All questions which may come before the meeting shall be decided by a majority of votes. In case of equality of votes, the President of the meeting shall have a second or casting vote.

Cf Section 41, Municipal Act, and District Board General Rule 71.

24. Voting by proxy is prohibited; and no member shall vote upon any motion or amendment unless he be present in person at the time when it is put to the vote.

Cf. Municipal Model Rule 37.

25. When any business of which notice has not been given is considered at a meeting, the decision recorded or resolution adopted at such meeting shall be of no effect unless and until it is confirmed at the next succeeding ordinary meeting, or at a special meeting called expressly for the purpose

Cf. Municipal Model Rule 34 and District Board Model Rule 31.

26. It shall be competent to any member to move the adjournment of the debate or of the meeting. When such motion is seconded it shall be put to the vote. No motion for adjournment shall be admissible which proposes an adjournment beyond the next ordinary meeting.

Cf. Municipal Model Rules 28 and 29 and District Board Model Rules 39, 40 and 41.

27. An adjourned meeting being merely a continuation of the original meeting does not require a fresh notice.

Cf. Municipal Model Rule 32.

28. An adjourned meeting is not competent to transact any business save that which the original meeting left unfinished.

Cf. Municipal Model Rule 31.

MISCELLANEOUS.

29. Unless not less than two-thirds of the members consent by signing a requisition, no subject once finally disposed of can be reconsidered within six months.

Cf. Municipal Model Rule 33 and District Board Model Rule 30.

30. The minutes of proceedings shall be recorded in the vernacular and shall contain a brief abstract of the discussion preceding each resolution.

Cf. District Board General Rule 73 and Municipal Model Rule 38.

31. The minutes of proceedings shall be entered in a book to be kept for the purpose, and shall be signed by the President of the meeting and such book shall be open to the inspection of the public.

Cf. Section 48, Municipal Act, and District Board General Rule 75.

32. A copy of the minutes of proceedings shall be supplied to every member who may apply for it.

Cf. District Board General Rule 75 and Municipal Model Rule 39.

NOTIFICATION.

No. 4735A.—The 27th August 1919.—The following Regulations respecting the examination of candidates for the Civil Service of India to be held in August 1920 are published for general information :—

[Copies of this form may be obtained on application to the Chief Secretary to the Government of Bengal.]

NOTICE.

An open Competitive Examination for the Indian Civil Service will be held in London, commencing on the 2nd August, 1920, under the Regulations, a copy of which is sent herewith

The number of vacancies to be filled will be announced hereafter.

No concurrent Examination will be held either for Clerkships (Class I) in the Home Civil Service or for Eastern Cadetships in the Colonial Service.

No person will be admitted to examination from whom the Secretary, Civil Service Commission, has not received, on or before the **1st June,** *an application* in the handwriting of the candidate *on the prescribed form, a copy of which is sent herewith. No allegation that an Application Form or a letter respecting such Form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office certificate of posting. Candidates who delay their applications until the last days will do so at their own risk.*

Acknowledgments of such Application Forms are sent, and any Candidate who has filled up and returned the printed Application Form but has not received an acknowledgment of it within four complete days should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W.1. Failure to comply with this provision will deprive the Candidate of any claim to consideration.

The Order for Admission to the Examination will be posted early in July to the address given on the Form of Application. It will contain instructions as to the time and place at which the Candidate will be required to attend, and as to the manner in which the prescribed fee (£6) is to be paid.

MEMORANDUM.

For Probationers selected at the Open Competition of 1919 and 1920, the amount (£150) of the allowance referred to in paragraph (ii) of the announcements on page 1406 will be increased to £200.

CIVIL SERVICE COMMISSION,
June, 1919.

EXAMINATIONS FOR THE INDIAN CIVIL SERVICE.

REGULATIONS.

*** *The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year.*

1. An examination for admission to the Indian Civil Service open to all qualified persons will be held in London, in August of each year, for such number of appointments to that Service as the Secretary of State may on each occasion determine. The date of the Examination and the number of appointments to be made for each Province will be announced beforehand by the Civil Service Commissioners.

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners :—

(*i*)(A) That save as hereinafter provided he is a British subject

(B) That if he (being a British subject) or his father or his mother was not born within His Majesty's Dominions and allegiance then at the time of his birth his father was a British subject or the subject of a State in India and that such father still is or continued to be until his death a British subject or the subject of such State in India :

Provided that a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under section 96-A of the Government of India Act, 1915 as amended by section 3 of the Government of India (Amendment) Act. 1916, may be considered eligible.

(ii) That he had attained the age of twenty-two, and had not attained the age of twenty-four on the first day of August of the year in which the Examination is held, or that he is in a position to claim such a concession under the provisions of the Appendix to these Regulations as will render him eligible.*

[*N.B.—In the case of Natives of India it will be necessary for a Candidate to obtain a certificate of age and qualification under Regulation 2 (i) issued under Notification of the Government of India, No. 1114, dated 12th September, 1918, and signed, should he be a resident in British India, by the Secretary to the Government of the Province, or the Commissioner of the Division wit in which his family resides, or, should he reside in a Native State, by the highest Politic l Officer accredited to the State in which his family resides.*]

(iii) That he has no disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the Indian Civil Service†.

(iv) That he is of good moral character.

2. (A) No person will be eligible for admission to the Indian Civil Service who has made before any Tribunal established under the Military Service Acts, 1916, an application for the issue to him of a certificate of exemption from the provisions of those Acts on the ground of a conscientious objection to the undertaking of combatant service.

3. No person who, in a previous year, accepted the offer of a nomination as a selected candidate for the Indian Civil Service and subsequently resigned his position as a Selected Candidate, will be admitted to the examination.

4. Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the candidate, on payme of the prescribed fe, will be admitted to the Examination. The Commissioners may, however, in their discretion, at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries in the case of any candidate should be unsatisfactory to them in any of the above respects he will be ineligible for admission to the Indian Civil Service, and if already selected, will be removed from the position of a Probationer.

5. The Open Competitive Examination will take place only in the following 38 subjects (*a*):—

From the marks assigned to Candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

Consistently with the limitations specified above Candidates are at liberty to name any of the foregoing subjects, provided that the maximum number of marks that can be obtained from the subjects chosen is limited to 6,000. If this maximum is exceeded by a Candidate's selection he will be required to indicate one of his subjects, the marks for which should, in his case, be reduced so as to bring his maximum marks within the prescribed limit. The marks so reduced will be subject to a correspondingly reduced deduction.

Moreover, if a Candidate's handwriting is not easily legible a further deduction will, on that account, be made from the total marks otherwise accruing to him.*

6. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments, as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be Selected Candidates for the Indian Civil Service, provided that they appear to be duly qualified in other respects. Should any Selected Candidate become disqualified, the Secretary of State for

* It is notified for general information that the number of marks deducted for bad handwriting may be considerable.

India will determine whether the vacancy thus created shall be filled or not. In the former case the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate.

7. Selected Candidates, before proceeding to India, will be on probation for one year at the end of which time they will undergo an examination, called the Final Examination, in the following compulsory subjects (b):—

		Marks.
1.	Indian Penal Code	400
2.	Code of Criminal Procedure	200
3.	The Indian Evidence Act	200
4.	Indian History	400
5	The principal vernacular language of the province to which the Candidate is assigned ...	400

The principal vernacular language prescribed for each province to which Candidates are assigned is as follows :—

For the United Provinces of Agra and Oudh, the Punjab or the Central Provinces ...	Hindustani.
For Bengal or Assam	Bengali.
(unless it is the candidate's mother tongue.)	
For Bihar and Orissa	Hindustani.
For Burma	Burmese.
For Bombay	Marathi.
(unless it is the candidate's mother tongue.)	
For Madras	Tamil or Telugu.
(at the option of the candidate.)	

In Hindustani the Candidate will be required to be acquainted with both the Persian and the Nagari character.

A Candidate assigned to Bengal or Assam, whose mother tongue is Bengali, must offer for examination Hindustani ; a Candidate assigned to Bombay, whose mother tongue is Marathi, must offer for examination Hindustani ; and a Candidate assigned to Madras, whose mother tongue is either of the languages shown against his province, must offer the other for examination.

8. Selected Candidates may, in addition, offer in the Final Examination one of the following optional subjects :—

		Marks.
1.	Hindu and Muhammadan Law	450
2.	Sanskrit	400
3.	Arabic	400
4.	Persian	400
5.	Hindustani	400

No Candidate who offered Sanskrit or Arabic at the open competition may offer the same language at the Final Examination ; and only Candidates assigned to the Province of Burma may offer Hindustani as an optional subject.

9. In the Final Examination, as in the Open Competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the open competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it. The examination will be conducted on paper and *vivâ voce*, as may be deemed necessary.

If any Candidate is prevented by sickness or any other adequate cause from attending such examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination.

10. The selected candidates will also be tested during their probation as to their proficiency in riding.

(b) Instructions, showing the extent of the examination, will be issued to Selected Candidates as soon as possible after the result of the Open Competition is declared.

The examinations in riding will be held as follows :—

(1) Shortly after the result of the Open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year.

(2) Again, at the time of the Final Examination, Candidates who may then satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all the duties of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed, to be added to their marks in the Final Examination. Candidates who fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Government and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of the Government

A Candidate who fails at the end of the year of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding, will be liable to have his name removed from the list of Selected Candidates.

11. The Selected Candidates who, on examination, shall be found to have a competent knowledge of the subjects specified in Regulation 7, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Indian Civil Service, provided they shall comply with the regulations in force, at the time, for that service.

12. Persons desirous to be admitted as Candidates must apply on forms which may be obtained from "The Secretary, to the Civil Service Commissioners, London," at any time after the 1st December, in the year previous to that in which the examination is to be held. No person will be admitted to the examination from whom the Secretary to the Civil Service Commissioners has not received on or before the 1st June (or if that date should fall on a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the examination is to be held, an application, in the handwriting of the Candidate, on the prescribed form.

APPENDIX.

1. Any person who has joined since the 4th August 1914, the Army or Navy or Royal Marines or the Royal Air Force, or has rendered since that date actual military service in the Special Reserve or Territorial Force, Royal Naval Reserve or Royal Naval Volunteer Reserve, may, if eligible in point of age under the Regulations as they now stand for admission to the open competitive examination held in 1919, but over age in 1920, deduct from his actual age at the time of the open competitive examination held in 1920 :—

(*a*) The actual period of such service, if it has not exceeded three months.

(*b*) One year, if the actual period of service has exceeded three months. No candidate will be allowed to deduct more than one year from his actual age.

2. The same concession may also be granted to those who have been employed during the same period in connection with the armed forces of the Crown at home or abroad giving their whole time and under obligation to serve for the duration of the war or until their discharge, or for any period not terminable at their own option, provided that their employment be not on ordinary commercial terms, such as that of assistant paymasters, clerks, artisans, and the like.

3. The grant of the concession described in paragraph (2) will be at the discretion of the Civil Service Commissioners, whose decision in each case will be final. Candidates who contemplate applying for an age deduction under (2) will do well to apply to the Civil Service Commission for a ruling on their case.

4. Candidates to be eligible for the concessions in (1) or (2) must furnish an official certificate of the period and satisfactory character of their service, and if any doubt arise whether the service of any candidate is of the kind contemplated, the Secretary of State for India in Council reserves to the Civil Service Commissioners the right to decide the case upon its merits.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements:—

(i) *Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *Except in the case of persons continuing to receive scholarship allowances of equal or greater amounts from the Government of India an allowance amounting to £150 will be given to any candidate who passes his probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrews, and Aberdeen; the School of Oriental Studies, London Institution, Finsbury Circus; Victoria University, Manchester.*

This allowance will be paid to the selected candidate in four instalments on the following dates respectively:—December 24th, after his selection, March 25th, June 24th, and the date of his signing his covenant on being finally appointed to the service.

An allowance on account of passage to India will be paid to each newly appointed Civilian to the amount of £40, for passage to Calcutta, Madras or Bombay, and £50 for passage to Rangoon. These allowances will only be paid after production of evidence that the officer has engaged a First Class *passage. An officer who prefers it can have a First Class passage taken for him by the India Office in lieu of receiving a passage allowance. Applications giving proposed dates of sailing should be made to the Secretary, Judicial and Public Department, India Office, London, S. W. 1.*

The payment of each of the first three instalments will be conditional on the receipt, by the Secretary of State, through the Civil Service Commissioners, of a certificate that the candidate has fulfilled up to date the requirements of the authorities, and shown satisfactory conduct at the authorized University or College; the fouth and final instalment will be paid as soon as the selected candidate has signed his covenant, and for its payment no certificate from college authorities will be required.

The whole probation must ordinarily be passed at the same institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

(iii) *Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety, jointly and severally, to refund all moneys he may have received from the Secretary of State for India in the event of—*

(1) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or*

(2) *his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(iv) *All candidates obtaining certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force, they may be required to make towards their own pensions or for the pensions of their families. The stamps payable on these covenants amount to £1.*

(v) *The seniority in the Indian Civil Service of the candidates obtaining certificates will be determined according to the order in which they*

stand on the list resulting from the combined marks of the open competitive and Final Examinations, but may ultimately be affected by appointments made by the Secretary of State under the Temporary Provisions Act, 1915.

(vi) *Candidates obtaining certificates will be required to report their arrival in India within such period after the grant of their certificates of qualification as the Secretary of State may in each case direct.*

(vii) *Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.*

CIVIL SERVICE COMMISSION,
June, 1919.

The Commissioners have been requested by the Secretary of State for India to draw the attention of selected candidates to the prefatory note attached to this manual, as it is considered important that it should be clearly understood that this compilation is not to be regarded in any other light than that of a collection, made for facility of reference, of certain information and rules, that it is by no means exhaustive, and that it is liable to such modifications as may from time to time be sanctioned by competent authority.

INDIAN CIVIL SERVICE.

Syllabus of an Open Competitive Examination for the Indian Civil Service to be held in the year 1920, and of any other competition that may be held in combination therewith.

In view of the importance of legible handwriting in the public service, candidates are warned that the provision as to deductions for bad handwriting in these competitions will be strictly enforced.

Candidates are warned that full marks cannot be obtained on any paper unless the whole of it is answered, or, in cases where the number of questions to be answered is specified, unless the full number specified is answered.

English Composition.—An Essay to be written on one of several specified subjects.

Sanskrit Language and Literature.—Translation from Sanskrit; composition in Sanskrit; Sanskrit Literature, including the life, thought, and antiquities of Ancient India, together with such knowledge of history as bears upon the subject; questions on the Sanskrit Language (including questions on Philology).

Composition will be required in Classical Sanskrit alone; elsewhere Vedic Sanskrit is also included.

Candidates are expected to make a special study of the Seventh Mandala of the Rig-veda, but other Vedic hymns may also be set in the examination.

Arabic Language and Literature.—Translation from Arabic; set composition and free composition in Arabic; Arabic Literature, including the life and thought of the Arabs as shown in the literature, together with such knowledge of history as bears upon the subject; questions on the Arabic Language (including questions on Philology).

Greek Literature.—Questions on the Greek Language (including questions on Philology), Literature, and Antiquities.

Latin Literature.—Questions on the Latin Language (including questions on Philology) and on Roman Literature and Antiquities.

English Language and Literature.—The examination will be in two parts. In the one candidates will be expected to show a general acquaintance with the course of English Literature, as represented in the chief writers in verse and prose, between the reign of Edward III and the death of Queen Victoria.

A minute and detailed knowledge will not be looked for in this part of the Examination; but its aim will be to test how far the candidates have studied at first hand the chief productions of the greatest English writers, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English Literature.

The other part of the examination will relate to one of the following periods, which will follow each other year by year in rotation.

Period I: 1360 to 1600, Chaucer to Spenser.

Period II: 1600 to 1660, The later Elizabethans.

Period III: 1660 to 1744, The age of Dryden and Pope.

Period IV: 1744 to 1800, From the death of Pope to the death of Cowper.

Period V: 1800 to 1832, Nineteenth Century writers to the death of Scott.

Period VI: 1832 to 1892, From the death of Scott to the death of Tennyson.

The examination in this part will require from the candidates a more minute acquaintance with the history of the English Language and Literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners. The names and other indications placed beside the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the examination. All the works of Shakespeare and Milton, for example, will be regarded as falling within the period 1600 to 1660; all the works of Wordsworth and Coleridge within the period 1800 to 1832; all the works of Carlyle, Landor, and Macaulay within the period 1832 to 1892.

For the year 1920, Period III (1660-1744) is prescribed, and the following are the specified books:—

Butler—Hudibras.
Cowley—Essays.
Bunyan—Pilgrim's Progress.
Temple—Essays.
Dryden—Absalom and Achifophel, Part I; MacFlecknoe; Preface to the Fables; Essay of Dramatic Poesy.
Defoe—The Fortunes and Misfortunes of Moll Flanders.
Prior—Poems.
Swift—Tale of a Tub; Battle of the Books; Gulliver's Travels.
Congreve—The Way of the World; Love for Love.
Addison—Essays from the "Spectator" (Arnold's Edition).
Farquhar—The Beaux Stratagem.
Pope—Essay on Criticism; The Rape of the Lock; Epistle to Dr. Arbuthnot.
Thomson—The Seasons.
Oxford Book of English Verse, Nos. 398—448.

Italian Translation Composition and Conversation.—In the conversation test importance is attached to pronunciation. The study of phonetics is an important aid to correctness of pronunciation.

Italian, History of the Language and Literature.—Italian Literature, including the life and thought as shown in the literature, together with such knowledge of history as bears upon the subject. Questions will be asked which demand a knowledge of the language in its early stages (*i.e.*, before the time of Dante), but such questions will not be obligatory. Candidates will not be required to write their answers in Italian.

French Translation Composition and Conversation.—In the conversation test importance is attached to pronunciation. The study of phonetics is an important aid to correctness of pronunciation.

French, History of the Language and Literature.—French Literature, including the life and thought as shown in the literature, together with such knowledge of history as bears upon the subject. Questions will be asked which demand a knowledge of the language in its early stages (*i.e.*, before 1500), but such questions will not be obligatory. Candidates will not be required to write their answers in French.

German Translation, Composition and Conversation.—In the conversation test importance is attached to pronunciation. The study of phonetics is an important aid to correctness of pronunciation.

German, History of the Language and Literature.—German Literature, including the life and thought as shown in the literature, together with such knowledge of history as bears upon the subject. Questions will be asked which demand a knowledge of the language in its early stages (*i.e.*. before 1500), but such questions will not be obligatory. Candidates will not be required to write their answers in German.

Lower Mathematics.—Plane Geometry including conic sections; Solid Geometry including the method of orthogonal projection; Algebra and Plane Trigonometry; Elementary Plane Co-ordinate Geometry; Elementary Mechanics of solids and fluids; Geometrical Optics: Elements of Differential and Integral Calculus with simple illustrations from other branches of the subject. The questions may involve the use of drawing instruments. The use of the slide rule is allowed.

Higher Mathematics.—Higher Algebra (including Theory of Equations), Plane and Spherical Trigonometry, Differential Calculus, Integral Calculus, Differential Equations, Analytical Geometry (Plane and Solid), Statics including Attractions, Dynamics of a Particle, Rigid Dynamics, Hydrodynamics, the Mathematical Theory of Electricity and Magnetism. The questions may involve the use of drawing instruments. The use of the slide rule is allowed.

Chemistry, Physics, Geology, Botany, Zoology, Animal Physiology.—Candidates are warned that the practical Examinations carry a large proportion of the marks.

Geography.—Geography as understood in the universities, not excluding topics which concern geography jointly with other subjects such as economics, history, physics, botany, and geology. There will be a practical test which will necessitate a knowledge of cartographical methods and notations, and for this test drawing instruments may be required.

Greek History.—Questions (*a*) on the General and (*b*) on the Constitutional History of Greece to the death of Alexander. Candidates will be expected to show a knowledge of the original authorities. They must also be prepared to answer questions on historical geography, and to draw sketch maps.

Roman History.—Questions (*a*) on the General and (*b*) on the Constitutional History of Rome to the death of Trajan. Candidates will be expected to show a knowledge of the original authorities. They must also be prepared to answer questions on historical geography, and to draw sketch maps.

English History.—The subject will include (*a*) the Political History of the British Isles and the Colonies, (*b*) the Constitutional History of England. Candidates should be acquainted with the following authorities:—

Period I. to 1485: Stubbs, Select Charters, ninth edition [Clarendon don Press].

Period II, 1485 to 1818; Prothero, Statutes, and Constitutional Documents [Clarendon Press]; Gardiner, Documents of the Puritan Revolution [Clarendon Press].

In each period the number of marks assigned to the question or questions dealing with the text of the prescribed books will be about one-sixth of that assigned to the whole period. Candidates must be prepared to answer questions on historical geography, and to draw sketch maps.

General Modern History.—Candidates may, at their choice, be examined in any one of the following periods. Periods III, IV and V will include Indian History. Candidates are warned that high marks will not be awarded in this subject unless the text of the prescribed books has been carefully studied by them. Candidates must be prepared to answer questions on historical geography, and to draw sketch maps.

JAILS.

NOTICE.

No. 3109P.J.—The 22nd August 1919.—The Committee appointed to investigate the system of prison administration in India have prepared a paper of interrogatories, printed copies of which are available in the office of the undersigned. Anybody who wishes to furnish written answers to the questions and other cognate matters not contained in the paper of interrogatories should do so before the 15th October 1919. The interrogatories are reproduced below:—

PAPER OF INTERROGATORIES.

Classification of Jails.

I.—(*a*) Do you approve of the system of classifying jails in India on the basis of prison population or accommodation and of basing the pay of Superintendents on such classification?

(*b*) What maximum would you fix to the accommodation to be provided for in—

(i) a central jail,
(ii) a district jail?

Jail Construction.

II. Have you any recommendations to make on the subject of jail construction in India?

Superintendence of Jails.

III. (*a*) Have you any experience of the plan of promoting officers of the jailor grade to the post of Superintendent of a jail; if so, how far, in your judgment, has it been successful?

(*b*) Are you in favour of entrusting to medical men the superintendence of (*a*) central jails, (*b*) district jails? If so, what remarks have you to make regarding the recruitment of Medical Superintendents in the past? If not, what other method of recruitment of Superintendents would you recommend?

Jail Establishment.

IV. (*a*) Do you consider that the scale of remuneration for the several classes of jail officers in your province is adequate? Have you any suggestions to make on the subject?

(*b*) What is the scale of warder establishment in your province? Have you any suggestions to make regarding it?

(*c*) Do you consider that the rate of pay and other conditions of the warders' service are satisfactory and secure a suitable class of man? If not, what would you suggest?

Police.

V. Have the police any part in the guarding of the jails in your province? Have you any recommendations to make on the subject?

Medical arrangements in Jails.

VI. Are you satisfied with the arrangements for the medical care and nursing of sick prisoners in the jails in your province? Have you any suggestions to make on this question?

Jail Offences.

VII. Have you any views to express regarding restraint and punishment of prisoners for jail offences?

Convict Officers.

VIII. Do you approve of the system of employing convicts as convict officers? What are your recommendations?

Labour for Prisoners.

IX. (*a*) Do you approve of the present methods of providing labour for prisoners, and have you any criticisms or suggestions to offer on the subject?

(*b*) Do you consider that the employment of power-driven machinery in jails is justifiable; if so, under what conditions and with what limitations?

Remissions of Sentence.

X. What are your views upon the system by which remissions of sentence are granted? Do you consider that the system should be extended so as to cover shorter sentences than at present?

Letters and Visits.

XI. Have you any suggestions to make regarding the rules in your province regulating (*a*) the receipt and writing of letters by prisoners, (*b*) interviews with prisoners?

Cellular and Association Systems.

XII. Are you in favour of prisoners being separated at night in a separate cell for each individual, or would you retain the system of association wards?

Separate Confinement.

XIII. Are prisoners in your province subjected to a period of separate confinement as an ordinary incident of a sentence of imprisonment, in accordance with English practice? If so, for how long? Do you approve of the existing rules on this subject, and have you any suggestions to make either as regards those rules or as to the method of carrying out the period of separate confinement?

Special Class of Offenders.

XIV. Are you in favour of creating a division or class of offenders, which should be entitled to special treatment in jails? If so, specify as accurately as possible the offences or classes of offences that you would include in such a division, and the nature of the special treatment that you would advocate.

Classification of Prisoners.

XV. (*a*) Have you any views to express upon the classification of prisoners into habituals and non-habituals, as at present in force in the jails in your province? Do you think that this or any such classification should be made by the Courts or by the jail authorities?

(*b*) Would you advocate the collection of habitual offenders, as far as possible, in one or more jails to which casual offenders should not ordinarily be sent?

XVI. Have you any special remarks to offer in regard to the jail rules in force in your province for the treatment of—

(*i*) civil prisoners,
(*ii*) under-trial prisoners,
(*iii*) female prisoners,
(*iv*) juvenile prisoners,
(*v*) condemned prisoners?

Simple Imprisonment.

XVII. Do you consider it desirable that prisoners, sentenced to simple imprisonment, should be exempt from all labour, or should they be liable to labour, as in England?

Weak-minded Prisoners.

XVIII. Would you recommend any special measures wtth regard to weak-minded prisoners, and if so, what are your suggestions?

Transportation.

XIX. What is your opinion of transportation as a method of dealing with criminals, with reference to (*a*) its deterrent effect, (*b*) its reformative influence? Do you consider that the system of transportation to the Andamans should be retained, with or without modifications?

Fine.

XX. (*a*) Are the existing provisions of law and rules relating to the payment of fine in your opinion satisfactory? If not, what changes would you suggest?

(*b*) In the case of persons sentenced to imprisonment in default of payment of fine and with no substantive sentence of imprisonment, would you advocate that the Courts should be either required or allowed, before

the offender is committed to jail, to grant time for payment of fine, and. if so, would you permit such payment to be made by instalments?

Solitary Confinement.

XXI. What is your view of the value, as a deterrent, of solitary confinement when imposed by a judicial sentence?

"Preventive Detention" and the Indeterminate Sentence.

XXII. (*a*) Are you in favour of the system of "preventive detention" for habitual offenders, as practised in the United Kingdom? If so, would you make the period of detention indeterminate or would you fix a maximum and minimum, and in the latter case what periods would you suggest?

(*b*) If you are in favour of the system of "preventive detention," do you think that it should be applied to all habitual offenders?

(*c*) Do you think that "preventive detention" (if adopted) should take the place of the system of notification of address under section 565 of the Code of Criminal Procedure, or should it be in addition to that system?

XXIII. Do you advocate the adoption in any other respect of the principle of the indeterminate sentence, and if so, in what respect and subject to what rules and conditions?

Release on Probation.

XXIV. Do you favour the release on probation of first offenders or of any particular class of first offender? If so, what would you suggest, and what machinery would you provide for the supervision of the offender during the period of probation? Or would you advocate the system of suspension of sentence after conviction?

Short Sentence.

XXV. Do you think that short sentences of imprisonment, *i.e.*, for one month and under, are calculated (1) to deter, (2) to reform? If not, what substitutes would you suggest?

Imprisonment in General.

XXVI. (*a*) Do you consider that imprisonment, as at present carried out, is deterrent, and do you advocate its being made more or less severe? And if so, how?

(*b*) Have you any reason to think that jail conditions, as they at present exist, are such as to reform and reclaim a prisoner, or the contrary?

Reformatory Influences in Jails.

XXVII. (*a*) Have you any suggestions to offer regarding further reformatory influences that might be brought to bear upon prisoners in jail?

(*b*) Would you advocate more extended use of any of the following, namely, elementary general education, instruction in handicrafts, supply of books for reading, drill and gymnastics, moral and religious instruction? If your answer is affirmative, please explain the methods you would suggest.

Children.

XXVIII. Do you advocate the introduction in India of the system of Children's Courts, as worked in England and the United States, and of the methods of dealing with children brought before those Courts, *e.g.*, binding over, probation, committal to industrial and reformatory schools, etc.? What should be the maximum age under which a young person should be regarded as a child?

Releasing of Juvenile (or other) prisoners.

XXIX. Have you any experience of the system of releasing juvenile (or other) prisoners on condition of undergoing the remainder of their sentences in an approved industrial home or other similar institution, or under the supervision of a society? Have you any suggestions to make regarding the working of this system?

Borstal Institutions.

XXX. Are you in favour of separate institutions on the Borstal plan for the detention of adolescent prisoners? If so, what minimum period of

detention would you fix and within what age-limits should such prisoners be liable to detention in Borstal institutions?

After-care.

XXXI. Is there any organisation for the after-care of Borstal inmates in your province? If so, please describe fully its methods of working. Have you any recommendations to make on the subject?

Prisoners' Aid Societies.

XXXII. (*a*) Is there any society for aiding released prisoners generally in your province? If so, do you consider that its operations are adequate and successful, and have you any suggestions to make for its improvement?

(*b*) Do you think that such a society should be assisted financially by the Government and, if so, what conditions would you impose? How is the society (if any) in your province financed?

Visitors.

XXXIII Have you any suggestions to offer regarding the inspection of jails by visitors, official or non-official?

Criminal Tribes.

XXXIV. (*a*) Are there any settlements for criminal tribes in your province under the Criminal Tribes Act, 1911? If so, have you any suggestions to make regarding the working of those settlements? To what agency has the control of those settlements been entrusted, and has it been satisfactory?

(*b*) In the criminal settlements in your province what provision is made for the separation of juveniles from adults? Would you be in favour of the complete removal of children from their parents if the latter belong to a criminal tribe?

HIGH COURT NOTICES.

General Letter No. 12.

TO

THE DISTRICT JUDGE OF

Dated Calcutta, the 7th August 1919.

SIR,

HIGH COURT ENGLISH DEPARTMENT (Civil.)

In continuation of the Court's General Letter No. 5, dated the 15th March 1919, I am directed to state, for your information and for communication to the courts subordinate to you, that the name of Babu Satishchandra Basu,* mentioned in the list forwarded with the Court's General Letter No. 13, dated the 31st August 1917, has been restored to the Roll of Vakils of this Court at his own request.

*Serial No. 125, Roll No 68 of 1911.

I have the honour to be,

Sir,

Your most obedient servant,

N. G. A. EDGLEY,
Registrar.

ORIGINAL SIDE (CIVIL.)

The 27th August 1919.

No. 4970G.—Mr. N. G. A. Edgley, I.C.S., Registrar of the High Court, Appellate Side, Calcutta, has been granted by the Hon'ble the Chief Justice privilege leave for five months and twenty-two days, viz., ordinary privilege leave for three months and additional privilege leave for two months and twenty-two days, with effect from the 10th November 1919, under the Government of India, Finance Department, order No. 168C.S.R., dated the 24th February 1919, of which one month and two days are under article 272 of the Civil Service Regulations and the remaining period under articles 260 and 275 of the Regulations, with permission to prefix the High Court vacation of 1919, under the Secretary of State's sanction conveyed in his telegram dated the 13th August 1919.

By order of the High Court,

J. H. HECHLE,
Registrar.

NOTIFICATION.

The 28th August 1919.

No. 5043J.—The following addenda and corrigenda to the "Rules of the High Court, Calcutta, Appellate Side, 1914," are published for general information.

By order of the High Court,

N. G. A. EDGLEY,
Registrar.

It is ordered that "The Rules of the High Court, Calcutta, Appellate Side, 1914," be, and the same are, hereby amended as follows :—

Chapter I.

I. *Cancel* Rule IV, page 2.

II. *Cancel* Rule X, page 4.

III. *Cancel* Rule XVII, page 6.

IV. *Renumber* Rules V, VI, VII, VIII and IX as IV, V, VI, VII and VIII ; Rules XI, XII, XIII, XIV, XV and XVI as IX, X, XI. XII. XIII and XIV ; and Rules XVIII, XIX and XX as XV, XVI and XVII.

Chapter II.

V. *Cancel* the heading of this Chapter at page 7, and *substitute* therefor the heading "Constitution of the Benches and powers of the Benches and of the Registrar."

VI. *Cancel* proviso (3) to Rule I, page 7.

VII. *Cancel* Clauses (1) and (2) of the Schedule referred to in proviso (1), Rule I, page 7.

VIII. *Renumber* Clauses (3), (4), (5), (6) and (7) of the Schedule as (1), (2), (3), (4) and (5).

IX. *Add* the following supplementary Clauses to the Schedule, page 8 :—

(6) An application against the order of the Registrar when performing a judicial or *quasi*-judicial act.

(7) Any other application which under these rules is not expressly required to be made to a Bench of two or more Judges or to the Registrar.

X. *Insert* the following Rule after the supplementary Clauses to the Schedule :—

I-(A). In addition to the powers conferred upon him by other rules the Registrar shall have the following duties and powers :—

(1) To receive an appeal under Section 15 of the Letters Patent from the judgment of a Division Court, and to issue notices as soon as the appeal is registered.

(2) To receive an appeal under Section 15 of the Letters Patent from the judgment of a Judge sitting singly and to post it for preliminary hearing under the proviso to Rule II (*a*) of this Chapter.

(3) To receive an appeal from the decree or order of a subordinate Civil Court, and in the case of Second Appeals and Appeals from Orders, if in order, to post them for hearing under Order XLI, Rule 11, and in the case of Regular Appeals to issue notices as soon as the appeal is registered.

(4) To dispose of all matters relating to Court-fees (other than appeals, the subject-matter of which is the amount of Court-fee payable) and to the service of notices or other processes.

(5) To dispose of all matters relating to the substitution of parties except in cases under appeal to His Majesty in Council, in which the records have been despatched to England.

(6) To dispose of all matters relating to the appointment or discharge of next friends or guardians *ad litem* of minors or persons of unsound mind, except in cases under appeal to His Majesty in Council, in which the records have been despatched to England, and to amend the record accordingly.

(7) To require any memorandum of appeal, petition, application or other proceeding, presented to the Court or to the Registrar, to be amended in accordance with the procedure or practice of the Court.
(8) To call for records from subordinate courts.
(9) To dispose of requisitions by subordinate courts for records and documents.
(10) To receive and dispose of an application for the return of a document.
(11) To require any person or party to file an affidavit with respect to any application or matter in respect of which he has power to exercise any discretion or to make any order.
(12) To stop at his discretion the issue of all or any papers to any person who has failed to pay any fee or charges due to the Court.
(13) To dispose of all applications for copies of records, whether presented by parties or persons who are not parties to the the proceedings to which such records relate.
(14) To decide the question of the necessity for transcribing and printing any accounts, not specifically applied for by the parties to an appeal to His Majesty in Council.
(15) To call for a further deposit when the deposit already made by the appellant in an appeal to His Majesty in Council is not sufficient to defray the cost of preparing the record, and to fix the time within which such further deposit shall be made.
(16) To order payment of the interest accruing on Government Promissory Notes, deposited under Order XLV, Rule 7, and to order the refund of any unexpended balance, under Order XLV, Rule 12.
(17) To dispose of all Lawazima reports relating to the preparation of paper-books and to hear all applications in any of the above matters.
(18) To deal with and hear applications to dispense with the copy of the judgment, under Order XLI, Rule 1 of the Civil Procedure Code, and Chapter VIII, Rule 3 of the Rules of Court.
(19) To deal with and hear applications in Appeals from Appellate Decrees, to receive copies of judgments and decrees of the first Court, after the expiry of the time prescribed for the institution of the appeal.

Nothing in these rules will be deemed to authorise the Registrar to make an order of dismissal of an appeal for default or to entertain applications for revival or abatement of appeals (after the expiry of the period of limitation prescribed therefor), or to determine disputed questions of representation under Order 22, Rule 5, Civil Procedure Code, or to pass final orders on contested applications for the appointment or removal of next friends and guardians *ad litem*.

Provided the Registrar may refer any matter under this rule to the Court for orders.

The Registrar may delegate his functions, under Clauses 1, 2, 3, 4, 8, 9 12 and 13, to the Deputy Registrar or other officer of the Court, and he may also delegate to any such officer any other function with which he is vested under Chapters VI—XIV of the Appellate Side Rules, except those of a judicial or *quasi*-judicial character.

XI. *Add* as Rule I (B) to Chapter II :—

Applications entertainable by the Registrar shall be presented to him, and not to the Bench.

Add as Rule I (C) :—

In the absence of the Registrar or whenever the Chief Justice so directs, his powers and duties under Clauses 5-7, 10-11, 14-19, Rule I-A of this Chapter, shall be performed by a Judge or Judges, and the powers which he is authorised to delegate shall be performed by the Deputy Registrar or other officer of the Court.

XII. *Insert* the following Note after Rule I (C) :—

NOTE.—Wherever the words "Deputy Registrar" occur in any of the Appellate Side Rules, they shall be held to include the Deputy Registrar and any other officer of the Court to whom the Registrar may have delegated the authority to exercise the function mentioned in the Rule.

Chapter IV.

APPEALS TO THE PRIVY COUNCIL.

XIII. *Insert* the following after Rule I, page 15 :—

Matters relating to (1) service of notices or other processes; (2) substitution of parties and appointment or discharge of next friends or guardians *ad litem* of minors or persons of unsound mind, before the despatch of the transcript record to England; (3) preparation of paper-books, and (4) return of documents; and matters not expressly required to be laid before the Division Court for orders, shall be dealt with and disposed of by the Registrar.

XIV. *Cancel* the last sentence of Rule II, page 15.

XV. *Insert* the words "to and disposed of by the Registrar" after the words "be made" in the eighth line of Rule II, page 15.

XVI. *Substitute* the word "Registrar" for the words "Division Court" in the tenth line of Rule V, page 16.

XVII. *Insert* the following after Rule VIII, page 17 :—

The clerk-in-charge shall immediately proceed to issue notice of the application for leave to appeal to all non-appearing respondents.

NOTIFICATION.

No. 2514S.R.—The 29th August 1919.—In exercise of the power conferred by section 9 of the Sea Customs Act, 1878 (VIII of 1878), the Board of Revenue, Bengal, makes the following amendment in the table appended to the rules published under Notification No. 388A., dated the 5th February 1913, at page 259 of Part I of the *Calcutta Gazette* of the 12th idem, as subsequently amended, namely :—

In item 6(*2*), column 4. of the said table, *add* the following as a sub-paragraph :—

"The Port Commissioners are, however, allowed to load foreign wagons on special holidays on payment of the fees for customs officers and peons, as specified in column 5 in case of Sunday work."

F. D. ASCOLI,
Secretary, Board of Revenue, Bengal.

NOTIFICATION.

No. 3429Bat.—The 2nd September 1919.—The following draft rules which, in exercise of the powers conferred by section 121 of the Estates Partition Act (Bengal Act V of 1897), the Board of Revenue intends to substitute for the rules made under that section and published with notification No. 1899L.R., dated the 2nd May 1899 (*vide* Part II of the Batwara Manual, 1902), are published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on or after the 15th October 1919, and any objection or suggestion with regard thereto which may be received by the undersigned before that date will be duly considered.

Particulars to be entered in the application under section 18.

"1. In addition to the particulars required to be entered in the application under section 18, the Collector shall require the applicant to furnish, as far as possible, the names and addresses of the proprietors of the estate or estates surrounding the estate which is to be partitioned, the name of the post office of the area within which each of the said proprietors resides, the names and numbers of the estates owned by them, and the date of final publication of a record-of-rights (if any) of the estate to be partitioned.

Costs of partition.

2. The costs of partition may include the following:—

(*a*) The salary, travelling allowance and contributions, if any, to pension and leave of establishments appointed under sections 35 and 36.

(*b*) The salary, travelling allowance and contribution to pension and leave of the Deputy Collector appointed under section 41, including any additional remuneration on account of employment in partition work, subject to the conditions and limitations imposed by sub-sections (*2*) and (*3*) of the said section.

(*c*) Contingent expenditure, including—

(*i*) the cost of service of notices and of the publication of notifications under the Act;

(*ii*) the cost of stationery and forms and survey instruments;

(*iii*) the cost of making any copies of maps and records that may be required under this Act for the purposes of the partition;

(*iv*) any other charges necessary for the completion of the partition;

(*v*) the cost of boundary marks under section 96.

Payment of costs of partition by instalments.

3. (*a*) The cost of making a partition, as estimated under section 37(*1*), shall ordinarily be paid in not less than three instalments, of which the first shall consist of one-half of the total amount estimated:

Provided that, when the total demand from a shareholder is less than ten rupees, it shall be realised in one instalment only as soon as the estimate has been sanctioned by the Collector.

(*b*) The first instalment shall be leviable by the Collector as soon as he has sanctioned the estimate under section 37 (*1*), and the remaining instalments at such times as the Collector may think fit, the dates being entered in the ledger of partition fees and in the proprietors' ledger, provided that the entire cost of a partition shall be realised before the partition is confirmed.

(*c*) Every instalment shall be paid within one month from the date on which a demand for it has been served upon the person or the accredited agent of the person from whom it is due; and, in the event of non-payment within one month from such date, the Collector shall proceed to realise the amount under the law in force for the recovery of public demands.

4. The maximum scale of fees to be levied under section 42 (*3*) of the Act shall be at the rate of Re. 1-4 per acre, provided that where the partition is to be based on a survey and record-of-rights already prepared the maximum rate shall not exceed annas 8 per acre.

Estimates prepared from rates exceeding the above maxima or amounting to more than Rs. 1,000 shall be submitted through the Commissioner to

the Board of Revenue for orders, with an explanation of the rates proposed; provided that if the excess over the sanctioned scale is less than 25 per cent. of such scale and the total estimate does not exceed Rs. 1,000, orders may be passed by the Commissioner.

Payment of costs of partition by instalments.

5. The fees leviable from the proprietors under section 42 (*5*) shall be paid in not less than three instalments, of which the first shall consist of one-half of the total amount estimated. The first instalment shall be leviable by the Collector as soon as the estate is declared to be under partition, and the remaining instalments at such times as the Collector may think fit; provided that the entire cost shall be realised before the partition is confirmed. Every instalment shall be paid within one month from the date on which a demand for it shall have been served upon the person or the accredited agent of the person from whom it is due, and, in the event of non-payment within one month from such date, the Collector shall proceed to realise the amount under the law in force for the recovery of public demands.

6. In making a survey and record under the provisions of sections 46, 47 and 48, the Deputy Collector shall be guided by the provisions of Chapter X of the Bengal Tenancy Act, 1885, and the rules framed under that Act, and the procedure prescribed for the preparation of a record-of-rights under Chapter X of the said Act:

Provided that where a dispute exists regarding the boundary of the estate or estates under partition, the dispute shall be disposed of according to the provisions of section 88.

7. The paper of partition required under sections 53 and 57 shall be prepared in Form 1 appended hereto.

8. Separate engagements for the payment of land revenue required by section 94 (*1*) (*b*) shall be executed in Form 2 appended hereto.

ACCOUNTS AND FINANCE.

MINT.

The 22nd August 1919.

No. 2157F.—It is hereby notified for general information that the Government of India have decided to offer for sale fornightly and until further notice gold bullion for delivery at either of the Mints at Calcutta and Bombay. Particulars of the bullion offered for sale on each occasion, together with the conditions of the sale and the rules under which tenders will be accepted, will be notified in advance. The amount of bullion offered for sale during each of the first three months of the sales will be not less than the equivalent of the fine gold contents of one million sovereigns.

No. 2158F.—In pursuance of notification No. 2157-F., dated the 22nd August 1919, the Government of India hereby offer for sale gold bullion of a minimum quantity of 325,000 tolas fine gold. Delivery will be made of gold of fineness of 990 or over or, at the option of the purchaser, of standard gold of fineness between 916 and 917, in the form of bars of an approximate weight of 50 tolas or of bars of greater weight if acceptable to the purchaser. Tenders for the whole or any part of the said quantity of bullion will be received up to noon, Standard time, of Wednesday, the 3rd of September 1919, by the Controller of Currency at Calcutta or by the Accountants-General, Bombay, Madras, United Provinces, Punjab, Burma, and Bihar and Orissa, or by the Comptrollers, Central Provinces and Assam. Every tender must be enclosed in a closed cover superscribed "Tender for gold bullion" and must state—

(1) the quantity of bullion tendered for in tolas of fine gold,
(2) the rate at which the tender is made (which must be specified in rupees, annas and pies, per tola of fine gold),
(3) the form in which delivery is desired, that is, gold of a fineness of 990 or over or standard gold,
(4) the place (*i. e.*, Calcutta or Bombay) at which delivery will be taken, and
(5) the name and address of the tenderer and that of the authorised agent (if any) through whom delivery will be taken.

No tender will be accepted for any quantity of bullion in excess of 325,000 tolas, or less than 500 tolas.

2. Each tender must be accompanied by a deposit of not less than one-tenth part of the tender. This deposit must be in one of the following forms :—

(*a*) Cash.
(*b*) A receipt for the amount from the head office of the Bank of Bengal, Madras, or Bombay, or one of their branches, or from an officer in charge of some public treasury; or
(*c*) A cheque, drawn in favour of the Controller of Currency, the Accountant-General or the Comptroller to whom the tender is addressed, on a bank situated at the headquarters of that officer.

No tender will be accepted which is at a rate below the equivalent of Rupees fifteen for the gold par of the sovereign, that is, below a minimum rate of Rs. 23-14-1 per tola of fine gold.

3. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest. The quantity of bullion allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as it will be found convenient, of the amount of their tenders, provided that no allotment will be made if the amount distributable on any tender is less than 500 tolas. Preference will, however, be given to small tenders, that is, tenders for amounts not exceeding 1,000 tolas, at the lowest accepted rate, such tenders receiving allotment in full as far as possible.

4. In the case of an accepted tender the deposit accompanying the tender will be credited in part payment of the bullion issued in respect of the tender. As soon as possible after acceptance of the tender, the tenderer will be informed of the quantity of bullion allotted in respect of his tender and the purchase price payable therefor. Within a week of the receipt of

this intimation the tenderer will be required (either in person or through a duly authorised agent) to pay in at the office at which the deposit was made the balance of the purchase money (for which a receipt should be obtained). Delivery of the bullion will be given on presentation of the receipt at the Mint. Failure to complete payment of the purchase money within the prescribed time will render the sale liable to be cancelled, involving forfeiture of the deposit money. Deposit money in respect of a tender which has not been accepted will be refunded to the tenderer in full.

5. The purchase price payable will be calculated on the weight and fineness of the gold actually delivered at the rate specified in the tender. Tenderers must understand that even where a tender has been accepted in full the amount of bullion to be delivered may, in order to facilitate delivery, vary slightly from the amount tendered for The necessary adjustment will in that case be made in the amount payable.

IMPORT LICENCES ISSUED.

In the notice published under the above heading of the *Journal* of 3rd July, the word "pyrites" should read "barytes."

EXPORTS TO THE OCCUPIED RHINELAND TERRITORY *VIA* BELGIUM OR FRANCE.

The Board of Trade Export Licence Department announce that exporters are at liberty, should they so desire, to despatch goods to the occupied territory in the Rhineland (including Luxembourg) *viâ* Belgian or French ports. In such cases, it is not necessary for the goods to be consigned to an official consignee at the sea port. It is only when exporters prefer to despatch their goods *viâ* any port in Holland that it is necessary, except in the case of free goods and foodstuffs on List C, that the goods should be consigned to the Standard Bank of South Africa, Rotterdam, for account of the actual consignee.

DECLARATIONS OF ULTIMATE DESTINATION AND NAMES OF CONSIGNEES.

The Board of Trade announce that declarations of ultimate destination will no longer be required to be made in respect of exports from the United Kingdom, and that disclosure of the name of the consignee on Bills of Lading or Shipping Manifests is unnecessary, except in the case of goods shipped against an export licence on which the name of the consignee is specified.

IMPORTANT NOTICE.

Application Form A for Licence to Export.

The Export Licence Department, having regard to the circumstances now existing, and subject to any further notification which it may hereafter become necessary to make, notifies Exporters that answers need only be given to the undermentioned questions, which are set forth in the abovementioned form of application.

(a) Full name and address of consignor.
(b) Name and address of person or company to whom the licence is to be sent.
(c)—1. Proposed date of despatch of goods.
 2. Port of intended shipment in this country or post office of despatch.
(d) Prospective port and country to which the goods are to be exported.
(e) Route by which the goods are to be forwarded to ultimate destination.
(f) Full name and address of consignee abroad.
(k) State whether previous application has been made for all or part of the consignment, etc.
(l) Full description of goods—quantity, weight, value, number and description of packages and the shipping marks.
(t) Any special reasons in support of your request for a licence to export these goods. Instructions Nos. 1, 6, 7, 9 and 12 on page 4 of Application Form A are now cancelled.

P.S.—Should it be desired that in any exceptional case an answer should be given to any questions set forth in the Application Form but not appearing above, a notification will be addressed to the applicant concerned after the receipt of the relative appplication.

APPLICATION FORM B FOR GENERAL LICENCES.

The use of application Form B for making application for licence to export goods in several consignments over a certain period is no longer necessary. Form A can now be used when making application for either specific or general licence, provided that if a general licence is required a statement to that effect is endorsed on the application Form A.

Applications for licences and all correspondence should be addressed to :—

The Controller, Export Licence Department,
1, Queen Anne's Gate Buildings,
Westminster, S. W. 1.

Military wagons of all descriptions.
Harness of horse equipment of a military character.

URGENT ORDERS.

The Board of Trade, Export Licence Department, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Export Licence Department the licence will be granted.

The telegrams should be addressed to "Orders, c-o Advantage, Stock, London." They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from territory in the occupation of troops of the Associated Governments, the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 24 words (1-3) must be prepaid.

Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Comptroller General, Department of Overseas Trade (Export Facilities Section), 4, Queen Anne's Gate Buildings, Westminster, S.W. 1.

POST OFFICE.

No. 616.

The 16th August 1919.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

The following rules prescribing the terms and conditions of issue of Post Office 5-year Cash Certificates and the procedure relating thereto, having been made by the Governor-General in Council, are published for general information :—

Post Office 5-year cash certificates.

	RULES.		RULES.
Purchase of cash certificates ...	1	Payment of cash certificates belonging to deceased holders	8
Minors' holdings	2	Payment of cash certificates in the United Kingdom ...	9
Purchase of cash certificates by educational authorities on behalf of students ...	3	Loss or destruction of a cash certificate or of an acknowledgment for the same ...	10
Transfer of cash certificates ...	4	Exchange of cash certificates for acknowledgment and *vice versa*	11
Cash certificates as security ...	8		
Discharge of cash certificates ...	6		
Partial discharge and exchange of cash certificates ...	7		

Purchase of cash certificates.

1. (1) Post Office 5-year cash certificates for Rs. 10, 20, 50, 100 and 500 are obtainable at any post office doing savings bank work, at an issue price of Rs. 7-12, Rs. 15-8, Rs, 38-12, Rs. 77-8, and Rs. 387-8, respectively. Their purchase must be made by presenting a form of application which is prescribed for the purpose and which may be obtained at any post office doing savings bank business. The application may be made by a single person or in the joint names of two persons only, and may be tendered either personally or by a messenger.

NOTE.—Cash certificates purchased by joint holders are issued on a special form.

(2) Cash certificates can be purchased either wholly with sums withdrawn from money already deposited in the investor's Post Office Savings Bank account, or with cash or a cheque on a recognised bank separately tendered for the purpose, or partly with sums withdrawn from savings bank deposit and partly with cash or cheque or both. The full issue price must be paid at the time of purchase.

(3) When an application is presented at a head or sub post office, a cash certificate signed by the head or sub-postmaster, as the case may be, will be handed to the investor across the counter of the post office. When an application is presented at a branch office a cash certificate will be obtained for the investor from the head office or the sub-office to which the branch office is subordinate. The investor has the option of taking delivery of the certificate or of leaving it in the custody of the Accountant-General, Posts and Telegraphs. The method preferred should be stated in filling up the application. In the former case, the certificates will be handed across the counter at the time of purchase. In the latter case, an acknowledgment from the Deputy Accountant-General, Posts and Telegraphs, concerned, that certificates of the specified value in each of the several denominations applied for are held in Post Office custody on the investor's behalf will be obtained and delivered to him. Receipts will be given for all sums paid when a certificate is not issued immediately and investors should be careful to obtain and preserve these. The provisional receipts must be surrendered in all cases in exchange for certificates or acknowledgments. Holders of cash

certificates who do not elect to keep them with the Post Office may, if they so desire, deposit them in district treasuries for custody. A receipt will be granted by the treasury officer, which should be returned by the investor when he desires to take back his certificates.

(4) The maximum holding of cash certificates at any time by any one person or by two persons jointly and severally is limited to Rs. 10,000. A declaration that the total holding is not in excess of this limit must be made by the purchaser or purchasers on the occasion of each purchase.

Exception.—The limit of Rs. 10,000 referred to above does not apply to the case of—

(*i*) school authorities who purchase certificatas on behalf of students from savings made over to them,

(*ii*) local bodies, universities incorporated by an Act of the Indian legislature, and Government educational institutions approved of by the Local Government purchasing certificates for investment on behalf of or as awards to students,

(*iii*) the transferees of certificates—

(*a*) pledged as security,

(*b*) offered as donations to the Red Cross funds, the Imperial Indian Relief Fund, or the St. John Ambulance Association.

Minors' holdings.

2. (1) A cash certificate cannot be purchased by a minor. It may, however, be purchased in the name of a minor by an adult relative or guardian. The applicant for the purchase of a cash certificate on behalf of a minor must give the date of the minor's birth in the application for purchase.

(2) A cash certificate purchased in the name of a minor cannot be discharged during the minority except by the minor's *legally-constituted* guardian. The Postmaster-General and the Director-General have, however, discretionary power to allow the *natural* guardian to discharge cash certificates during the minority up to the face value of Rs. 500 and Rs. 1,000, respectively, without the execution of an indemnity bond by the party concerned.

Purchase of cash certificates by educational authorities on behalf of students.

3. An educational authority (such as a local or a municipal board, a university or the governing body of an institution), or an individual member of it, or the headmaster of an educational institution, may purchase cash certificates on behalf of students out of their savings or prize money. The certificates will remain in the custody of the Accountant-General, Posts and Telegraphs, and the educational authority will draw the amount due on discharge for distribution among the students.

Transfer of cash certificates.

4. The holder of a cash certificate may not transfer it to another person except with the previous permission of the Postmaster-General. The transferee must furnish a declaration that his total holding of these certificates (including the amount to be transferred) does not exceed the permissible maximum of Rs. 10,000. A new certificate, bearing the same serial number and dates of issue and maturity as the original certificate, will be issued to the transferee on the surrender of the original certificate duly endorsed by the transferor.

The similar transfer of a certificate represented by an Accountant-General's acknowledgment for a certificate in Post-Office custody is also permissible.

Cash certificates as security.

5 The holders of cash certificates may tender them as security to any department of Government for the amount at which the certificates were purchased, and not for their face value, provided that the certificates are

formally transferred to the pledgee with the sanction of the Postmaster-General. The certificates may, with the permission of the Postmaster-General, be re-transferred by the pledgee to the original holder on the removal of the pledge.

In order to avoid frequent transfers which would be involved in consequence of the change of incumbents, Government officers may hold cash certificates as security in their *official capacity*, whether they are kept in the custody of the Accountant-General, Posts and Telegraphs, or not.

Discharge of cash certificates.

6. (1) The amount shown on a cash certificate will be payable five years after the date of issue on presentation of the certificate. If the holder of a certificate desire to surrender it before the completion of five years, he will be entitled to payment as shown in the table below, the appropriate portion of which appears on the reverse of the certificate. The holder of a cash certificate kept in the custody of the Accountant-General, Posts and Telegraphs, must apply by letter for its discharge at the post-office of issue, and payment will be made by the post-office on receipt of authority for payment from the Deputy Accountant-General, Posts and Telegraphs, concerned. A receipt for payment will be taken on the reverse of the certificate or the Deputy Accountant-General's acknowledgment, as the case may be. No income-tax will be levied on the yield from these certificates and their payment will be made in all cases free of stamp duty :—

(2) Payment of the amount due on a cash certificate will ordinarily be made only at the post office at which the certificate was purchased. The holder may, however, apply for payment at any post office doing savings bank business. In the latter case payment will be made at the post office at which application is made after the certificate has been verified by the office of issue.

(3) Payment of a cash certificate issued in joint names can be made only on the signatures of the joint holders. Payment will, however, be made to one of the joint holders on a letter of consent from the other holders addressed to the postmaster concerned.

Partial discharge and exchange of cash certificates.

7. The holder of cash certificates whether in the custody of the Post Office or not may discharge a part of his holding by making application to the postmaster of the office of issue mentioning the amount he desires to be repaid to him and the numbers and denominations of the certificates which

will form the balance to be retained by him in his own possession or in the custody of the Accountant-General, Posts and Telegraphs.

Several cash certificates of lower denominations may be exchanged for one or more certificates of a higher value on application to the postmaster of the offise of issue.

Payment of cash certificates belonging to deceased holders.

8. (1) If a holder of cash certificates should die leaving certificates not exceeding three thousand rupees in value, and if probate of his will, or letters of administration of his estate, or a certificate granted under Act VII of 1889, be not produced to the Postmaster-General within three months of the death of the said holder, the Postmaster-General may pay the value of the certificates to any person appearing to him to be entitled to receive it or to administer the estate of the deceased.

(2) The amount of cash certificates in excess of the value of three thousand rupees due to the estate of a deceased holder may only be paid on production of probate, letters of administration, or a certificate under Act VII of 1889, unless otherwise ordered by the Director-General who has discretionary power to dispense with such evidence in cases where he is of opinion that to require it would cause hardship and that to dispense with it would involve no appreciable risk.

(3) Certificates purchased in joint names are *ordinarily* payable under the orders of the Postmaster-General (*i*) in the case of the death of one of the joint holders to the surviving joint holder, (*ii*) when both the joint holders are dead to the representative of the *last* surviving joint holder.

Payment of cash certificates in the United Kingdom.

9. Holders of cash certificates, who subsequently leave India, may obtain payment for their certificates in the United Kingdom, provided that the certificates have been held for the full term of five years. Purchasers who wish to avail themselves of the concession must apply in the prescribed form to the post office from which their certificates were issued for their enfacement by the Postmaster-General concerned for payment at the India Office, London. Payment will be made at the rate of exchange current at the time of encashment.

Loss or destruction of a cash certificate or of an acknowledgment for the same.

10. If a cash certificate or an acknowledgment for the same is lost, destroyed or spoilt the investor will be entitled to a certificate in lieu of it from the Deputy Accountant-General, Posts and Telegraphs, on his furnishing a statement to the post office of issue in writing, giving particulars of the cash certificate or the acknowledgment and explaining the circumstances in which it was lost, destroyed or spoilt. In the last case, he will be required to attach the spoilt certificate or acknowledgment to his statement.

Exchange of cash certificates for acknowledgments and *vice versa*.

11. Should the holder of a cash certificate or an acknowledgment for the same desire at any subsequent date to keep the cash certificate in the custody of the Post Office or to take delivery of it in exchange for the acknowledgment, he may do so on his furnishing a written application with the cash certificate or the acknowledgment to the post office of issue. He will be granted a provisional receipt by the postmaster for the cash certificate or the acknowledgment he hands over, pending receipt of the document he has applied for.

Ordered that this Resolution be published in the *Gazette of India* for general information and that it be communicated to the Finance Department, the Director-General of Posts and Telegraphs, and the Accountant-General of Posts and Telegraphs.

TRADING BY FOREIGNERS.

LICENCE.

The 23rd August 1919.

No. 6403.—Whereas by paragraph 5 of the Trading with the Enemy Proclamation No. 2, dated the 9th day of September 1914, trade and financial or commercial transactions between British subjects and persons or bodies of persons resident in the Dual Monarchy of Austria-Hungary or in the Colonies and dependencies thereof, in this licence or in the said Proclamation referred to as "enemy country" are prohibited; and

Whereas by paragraph 8 of the said Proclamation it is provided that nothing in the Proclamation shall be taken to prohibit anything which may be expressly permitted by licence whether such licence be granted to individuals or be announced as applying to persons; and

Whereas by paragraph 3 of Proclamation, dated the 8th October 1914, power to grant such licences on behalf of the Crown may be exercised in India by the Governor General;

Now, therefore, I, Frederic John Napier Thesiger, Baron Chelmsford, hereby authorise all persons and bodies of persons residing, being, or carrying on business in British India to trade and have commercial and financial transactions with persons or bodies of persons resident or carrying on business in Hungary;

Provided always that any licence which may be necessary in respect of any transaction under any prohibition of export or prohibition of import for the time being in force in British India is first obtained;

Provided also that nothing in this licence shall be taken as permitting the payment or delivery to persons resident or carrying on business within the said territory of the following moneys and classes of property:—

(*a*) any sum payable to or paid for an enemy by way of dividend, interest or share of profits;

(*b*) any sum which has been paid into any account with a Bank or to any other person in trust for an enemy;

(*c*) interest on securities issued by or on behalf of Government or the Government of any of His Majesty's Dominions or any foreign Government or by or on behalf of any corporation or any municipal or other authority whether within or without British India;

(*d*) securities which have become repayable on maturity or by being drawn for payment or otherwise;

(*e*) any money or property which is or but for the war would have been payable to an enemy in respect of any transaction entered into before the outbreak of war.

CALCUTTA, *the 1st September 1919.*

OFFICE MEMORANDUM BY THE INSPECTOR OF SCHOOLS, BURDWAN DIVISION.

University Matriculation Examination, 1920.

PRIVATE STUDENTS.

1. Private students are those who have not attended any recognized or unrecognized High English school for at least one year previous to the examination. The term "private students" includes schoolmasters.

2. Private students must appear at the Test Examination to be held on Monday, the 15th December 1919, and the following days at the Howrah zilla school.

Each private student will have to pay a fee of Rs. 6, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination, by the 10th November 1919, after which date a fine of Rs. 2 will have to be paid for each week's delay. *Under no circumstances will the admission fee be refunded.* No private student will be admitted to the Test Examination unless he is accompanied, for the purpose of identification, by some person known in the office of the Inspector of Schools, Burdwan Division, or to the staff of the Howrah zilla school.

3. Applications must be submitted through the headmaster of the school in which the applicant last read or in which he is serving. The headmaster, in forwarding the application to this office, should note whether he recommends the application or not. If he does not, his reasons should be stated. The application of no candidate is to be forwarded who did not leave school from the first class, or who had not been declared fit for promotion to that class. The information to be given and the documents to be appended (in original) are the following :—

(*a*) The name of the school in which the candidate last studied.

(*b*). The transfer certificate (in original) granted to the candidate by the headmaster of the school in which he last read ; or

(*c*) In the case of a candidate who previously appeared at the Entrance Examination, the Registrar's receipt (in original) for the fee paid.

(*d*) The age of the candidate is not required in cases (*b*) and (*c*). No candidate who has not completed the age of sixteen years on the first day of the Matriculation Examination is eligible.

(*e*) In the case of schoolmasters, a certificate of good conduct from the secretary or proprietor of the school in which the candidate is serving.

(*f*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination held in March 1919. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*g*) The names of subjects in which the candidate wishes to be examined.

4. None but *bonâ fide* residents of the Burdwan Division need apply.

5. *The fee for the Matriculation Examination has NOT to be sent to this office.* It should be sent to the Registrar by the candidates themselves, together with the countersigned applications.

6. The address of each private student should be supplied to this office.

7. The date of the Matriculation Examination in 1920 will be communicated later to the intending candidates.

Intermediate and B. A. Examinations.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* masters of English schools, who have served as such for the full period of three academical years preceding the examination, will be admitted to the above mentioned examinations.

2. Candidates for the Intermediate and B. A Examinations must produce certificates of character and length of service, with dates, from the secretaries of their respective schools. Candidates for the B. A. Examination must forward with their applications their F. A. certificates. and those for the Intermediate Examination their Entrance or Matriculation certificates. Those candidates who were admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates who have applied for or have

obtained the special permission of the Senate for the purpose are required under section 9, chapter XV, of the Revised Regulations, dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 12th January 1920, together with other papers, as mentioned in rules 2 and 3, after which no application will be received.

5. The dates of the Intermediate and the B. A. Examinations of 1920 will be communicated later to the intending candidates.

P. K. BASU,
Inspector of Schools, Burdwan Division.

CHINSURA, *the 22nd August 1919.*

NOTIFICATION.

IT is hereby notified that the half-yearly examination of teachers in the Chittagong Division in the art of teaching, for the second half of the year 1919, will be held at the Chittagong Normal School on the 8th and 9th December 1919. The examination of teachers of vernacular and classical subjects will also be held on one of these dates at the same school.

siding of the East Indian Railway, as lies between mile 123, furlong 7, feet 57 and mile 124, furlong 0, feet 17, and as is edged with pink on the plan L.A.M.A. No. 326, and whereas coal mines are situate under the said land, and whereas Messrs. Banerjee Santan have given notice to Government, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as the Jotejanaki seam, and whereas the mines have been inspected by the officer appointed by Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Messrs. Banerjee Santan have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Messrs. Banerjee Santan in the manner and subject to the restrictions below specified, viz.:—

(1) Only two galleries, at a distance from one another, not less than 40 feet, centre to centre, may be driven on the approximate direction of the strike of the seam. Such galleries shall not exceed 10 feet in width by 10 feet in height and not less than 4 feet of roof coal shall remain unworked.

(2) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rules made under the Indian Mines Act, 1901.

(3) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

(4) These restrictions apply to the Jotejanaki seam only and to the area edged with pink on the plan, and Messrs. Banerjee Santan shall give notice, under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land.

The plan marked L.A.M.A. No. 326, signed by the Chief Inspector of Mines, may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

COMMUNIQUÉ.

The 9th September 1919.

THE question of revising the Indian Electricity Act, 1910, is at present under the consideration of the Government of India, and the several modifications which have been suggested are detailed in the statement following. Opinions in regard to these modifications and suggestions for any further additions or alterations to the Act that may be considered necessary or advisable, are invited. Opinions and suggestions should be forwarded to the Electrical Adviser and Electric Inspector to the Government of Bengal, 1, Haris Mukherji's Road, Bhowanipur, so as to reach him by the 1st October 1919.

C. P WALSH,
Secy. to the Govt. of Bengal.

[Amendments to the Indian Electricity Act, 1910 (IX of 1910), proposed by the Government of India.]

Number of section in the Indian Electricity Act, 1910, which it is proposed to modify.	Proposed modifications.	Objects and reasons for modifications.
Section 2 (*l*) ...	To insert the word "single" before the word "consumer."	There is often uncertainty as to what exactly constitutes a "service line." If a given electric supply line serves more than one consumer, whether in one block of buildings or more than one, it is questionable, under the definition as it stands at present, whether such a line is a service line or a distributing main. Clause VII of the Schedule, however, lays down that a line erected at the request of two or more persons is a distributing main, and it is considered advisable to bring the definition into line with the Schedule and to make it clear that a service line connotes a line which serves one consumer only.
Section 3, sub-section (*2*), clause (*a*), sub-clause (*ii*).	To substitute the words "Director-General of Military Works" for the words "General Officer Commanding the Division."	This alteration has been incorporated at the request of the military authorities.
Section 3, sub-section (*3*).	To delete this sub-section	This omission is suggested with the object of delegating to local Governments full powers to grant licences without the intervention of the Government of India, and is in accordance with the spirit of the recommendations contained in paragraph 212 of the Report on Indian Constitutional Reforms.
Section 10 ...	To omit the words "with the previous sanction of the Governor-General in Council".	Ditto ditto.
Section 17, sub-section (*1*).	To omit the words "service lines immediately attached or intended to be immediately attached to a distributing main or."	It is considered undesirable to exclude service lines from the operation of this sub-section, as such lines are liable to affect telegraph lines to the same extent as any other electric supply lines.
Section 17, sub-section (*2*).	To delete this sub-section	This omission is consequential on the omission proposed in section 17, sub-section (*1*).

Number of section in the Indian Electricity Act, 1910, which it is proposed to modify.	Proposed modifications.	Objects and reasons for modifications
Section 18, sub-section (*3*).	To insert after the word "energy" the words "or interferes with any structure in connection therewith or with proper access to such structure." After the word "licensee" to insert the words "supported by a certificate in writing of the Electric Inspector that the tree falls within the meaning of this section."	These additions are intended to allow of the clearance of trees which interfere or are likely to interfere with any structure in connection with an "aerial line" or with proper access to such a structure, and to give the Magistrate or the Commissioner of Police the benefit of professional advice as to whether the removal of the trees is essential. The Government of India will consider the advisability of defining further the term "tree" on receipt of the opinions of local Governments.
Section 20 ...	To add the following sub-section :—"(*3*) Where a consumer refuses to allow the licensee or any person authorised as aforesaid to enter his premises in accordance with, and to perform the acts specified by, sub-section (*1*) or sub-section (*2*), or fails to give facilities for such entry or performance, the licensee may forthwith cut off the supply to the consumer for so long as such refusal or failure continues, but no longer."	At present it is possible for a consumer to evade payment for supply of current by refusing entry to his premises to the licensee, or to persons duly authorised by the licensee, thus preventing his meter from being read It is considered desirable that the licensee should have power to cut off the supply of current to the consumer in such a case.
Section 21 ...	To add the following as sub-section (*2*): —"Subject to the provisions of sub-section (*1*) a licensee may, with the previous sanction of the local Government, make conditions not inconsistent with this Act, or with his licence or any rules made under this Act, to regulate his relations with persons who are for the time being or who intend to become consumers ; and with the like sanction the licensee may add to, alter or amend any such conditions : and any conditions made by a licensee without such sanction shall be null and void : Provided that any such conditions made before the day of 19 , shall, if sanctioned by the local Government on application made by the licensee before such date as the local Government may by general or special order fix in this behalf, be deemed to have been made in accordance with the provisions of this sub-section." To re-number existing sub-section "(*2*)" as sub-section "(*3*)."	The object of this addition is to prohibit the enforcement of unauthorised conditions of supply for which there is no legal sanction, while permitting licensees to issue by-laws with the previous approval of the local Government. The date to be entered in the proviso will be approximately the date on which licensees may be deemed to have had notice of the amendment here proposed.
Section 23 ...	To introduce as sub-section (*3*) to this section, sub-clauses (*a*), (*b*) and (*c*) of clause X of the Schedule to the Act as below :— (*3*) In the absence of an agreement to the contrary, a licensee may charge for energy supplied by him to any consumer— (*a*) by the actual amount of energy so supplied ; or, (*b*) by the electrical quantity contained in the supply ; or, (*c*) by such other method as may be approved by the local Government. Also to add a new sub-section "(*4*)" as below :— (*4*) Notwithstanding anything in sub-section (*3*) the charges made by a licensee may be based upon, and vary in accordance with, the consumer's load factor or his total consumption of energy, or the hours at which the supply of energy is required."	Under section 3 (*3*) (*f*) a local Government is authorised to add to, vary or except the provisions contained in the Schedule to the Act in applying them to particular licensees, and consequently a licensee may be refused power to charge consumers on the systems indicated in clause X, sub-clauses (*a*), (*b*) and (*c*) of the Schedule. The Government of India consider that licensees should have legal authority to adopt any of the systems indicated in the Schedule and that they should be authorised further to take into account "load factor" when determining their systems of charges. The term "load factor" is well understood in its technical sense and is universally used, but the Government of India will consider the advisability of defining it on receipt of the opinions of local Governments.

Number of section in the Indian Electricity Act, 1910, which it is proposed to modify.	Proposed modifications.	Objects and reasons for modifications.
Section 24 ...	To omit the words "in respect of the supply of energy to him." In the proviso, to add after the words "given by the licensee" the words "and where the consumer has deposited with the Electric Inspector the amount of the licensee's charges or other sums in dispute and continues so to deposit the amount of the licensee's subsequent charges for energy."	With regard to the proposed omission it was recently held in a law suit that the words in section 24 "or any other sum due from him to a licensee in respect of the supply of energy to him" were merely a paraphrase of the words "any charge for energy" preceding the above quoted words, and that they were therefore redundant. There are various charges connected with the supply of current which are due from a consumer to the licensee other than those for the actual current consumed. It is considered that the proposed omission will make the original intention of section 24 of the Act clear. The addition is proposed, as at present consumers of a certain class will go to any length to avoid paying their dues, and by appealing to the Electric Inspector they obtain an extra period of grace, by the end of which their liabilities may be considerable. Commercial opinion considers that the sum in dispute and any further amounts as they accrue should be deposited as a guarantee of good faith. The Government of India agree with this view and consequently propose the addition to the proviso.
Section 26, sub-section (6).	To omit the words "on the basis of the previous supply" and to add the following proviso at the end of this sub-section :— "Provided that, before either the licensee or the consumer applies to the Electric Inspector under this sub-section, he shall inform the other party of his intention so to do."	The omission is proposed as cases arise (as for example, where premises are occupied or fitted for electricity for the first time) in which there has been no previous supply, and it is considered that in such cases the Electric Inspector should be left free to settle the matter on the basis of the best data available. The addition is necessary since it has been held that a consumer may, without informing the licensee, refer the question of the accuracy of a meter to the Electric Inspector for decision. Licensees object to this procedure as they are not given an opportunity of rectifying the defect, and the proposed addition hence appears reasonable.
Section 28. ...	To delete the first proviso and the word "also" in the second proviso.	It is proposed to omit the first proviso under this section, as neither the expense nor the delay involved in obtaining a licence would ever, in actual fact, justify action under it and it is considered undesirable to fetter the discretion of local Governments in the matter.
Section 30, sub-section (1).	To add the following after sub-clause (iii)— "(iv) which the local Government declares, by general or special order, to come under the provisions of this section."	This addition is proposed with the object of bringing within the scope of this section certain industrial concerns such as tea, coffee and indigo estates that are not "factories" within the meaning of the Indian Factories Act, 1881, but in which electrical installations are in operation.
Section 32, sub-section (2).	To substitute "local Government" for "Governor General in Council" and "it" for "he."	This change is proposed in accordance with the spirit of the recommendations contained in paragraph 212 of the Report on Indian Constitutional Reforms.

Number of section in the Indian Electricity Act, 1910, which it is proposed to modify.	Proposed modifications.	Objects and reasons for modifications.
Section 33, sub-section (*1*).	To substitute the words "give notice to such authorities in such form and within such time as the local Government may by general or special order direct" for the words "within twenty-four hours of the occurrence, send to the Electric Inspector, and also to the District Magistrate, or in a Presidency town or Rangoon, to the Commissioner of Police, notice in writing."	Under this sub-section accidents involving loss of life or personal injury have to be reported both to the Electric Inspector and to the District Magistrate or Commissioner of Police. In the case of Mines where electrical energy is used, accidents have, under the Mines Rules, to be reported to the Chief Inspector of Mines and to the District Magistrate. The Chief Inspector of Mines being also an Electric Inspector may thus be served with two sets of notices, under the two Acts, the provisions of which are not identical: and likewise a Magistrate in a mining district where the Chief Inspector of Mines has jurisdiction may be served with two sets of notices of the same accident. This duplication is unnecessary and may sometimes result in confusion. In the case of accidents in mines where electricity is used the question also arises whether the Chief Inspector of Mines or the Electric Inspector under the local Government is the authority to whom the report should be made. It is, therefore, considered that the authority to whom accidents should be reported and the manner in which such reports should be made, should be regulated by general or special directions of the local Government.
Section 34, sub-section (*1*).	To substitute the words "local Government" for the words "Governor General in Council."	This change is proposed in accordance with the spirit of the recommendations contained in paragraph 212 of the Report on Indian Constitutional Reforms.
Section 35, sub-section (*3*).	To delete this sub-section	This omission is consequential on the addition it is proposed to make to existing sub-section (*4*), clause (*a*).
Section 35, sub-section (*4*).	To renumber this sub-section as sub-section "(*3*)."	Consequent on the omission indicated above.
Section 35, sub-section (*4*) renumbered as sub-section (*3*), clause (*a*).	Before the word "define" to insert the words "determine the number of members of any such Board and the manner in which they shall be appointed, and."	This addition is proposed with the object of enabling commercial and other interests to be more strongly represented on the Board when necessary, the local Government being given full discretion as to its constitution.
Section 36, sub-section (*3*).	To add at the end of this sub-section the words "or, if the Governor-General in Council or the local Government shall so direct, to an Advisory Board."	This addition is proposed as it has been held that an appeal to the local Government against the decision of its Electric Inspector is, in practice, ineffective, as the Electric Inspector is, as a rule the adviser of the local Government in the matter. It is considered that, in important cases, local Governments will be well advised to refer the matters in dispute to an Advisory Board.
Section 37 ...	After clause (*k*) of sub-section (*2*) to add the following clause— "(*l*) provide for any matter which by this Act is to be prescribed."	This is consequential on other amendments proposed.

Number of section of the Indian Electricity Act, 1910, which it is proposed to modify.	Proposed modifications.	Objects and reasons for modifications.
Section 39 ...	For the words "and the existence of artificial means for such abstraction shall be *primâ facie* evidence of such dishonest abstraction" to substitute the words "and the owner of any premises for the benefit of which the existence of artificial means of abstraction is proved shall be presumed, until the contrary is proved, to be guilty of dishonest abstraction"	These changes aim at throwing all responsibility for theft of energy and cognate offences on to the "consumer" as defined in section 2(*c*). At present it is necessary, but generally impossible, to prove the actual culprit who made the illegal connection: he is usually only the agent of the offending consumer, who alone benefits by getting his bills fraudulently reduced.
Section 44, sub-section (*d*).	(1) After the word "punishable" to insert the words "with imprisonment for a term which may extend to six months or," (2) To substitute the words "one thousand" for the words "three hundred." (3) To insert the words "or with both" after the word "rupees" where it occurs for the first time. (4) To substitute the words "one hundred" for the word "thirty." (5) For the words "be *primâ facie* evidence" to substitute the words "raise a presumption."	These modifications are proposed, as the present penalties are considered inadequate. The Government of India understand that a fine of Rs. 300, the maximum that can be imposed by this section, is insufficient, as thefts of energy to a much larger monetary value occur. Whereas it would frequently pay consumers to be mulcted to the full extent of Rs. 300, imprisonment and the heavy fines proposed would, it is thought, act as real deterrents.
Section 51 ...	To substitute the words "local Government" for the words "Governor General in Council" in two places.	See objects and reasons against section 32 (*2*).
Section 53, sub-section (*1*), clause (*a*).	For the words "the Public Works Department" substitute the words "any such department as may be prescribed by the Governor General in Council or the local Government."	This alteration is proposed as it is anticipated that the administration of the Indian Electricity Act, 1910, will, in course of time, be transferred from the control of the Public Works Department.
Section 55 ..	After the figure "18" to add the words "or Section 34, sub-section (*2*)."	This proposal is to enable local Governments to delegate to Electric Inspectors their powers under section 34(*2*) in regard to the issue of orders calling on users of electricity to remedy dangerous arrangements or defective lines. These being purely technical matters, local Governments will probably be ready to leave the decision in the hands of their technical advisers.
	THE SCHEDULE.	
Clause VI, sub-clause (*1*).	To substitute the words "the area of supply" for the words "one hundred yards from any distributing main."	This alteration is suggested as it is considered that a consumer should be able to obtain a supply of current even, though his property may be situated beyond the limit of 100 yards prescribed by this sub-clause, but within the area of supply of the licensee, provided the consumer is willing to pay for such portion of the service line as lies beyond 100 feet from the licensee's distributing main and for that portion which lies within the consumer's property, *vide* sub-clause (*b*) of the 1st proviso of this sub-clause.
Clause VI, sub-clause (*2*).	In line 3 after the words "paid for by" to add the words "and have consequently become the property of"	In sub-clause (*2*) it is not laid down that the consumer has any right in the service line for which he has paid, and when he leaves his premises he cannot always obtain a refund of the depreciated value from the incoming consumer or the licensee. The proposed addition recognises the right of a consumer who has paid for his service line.

Number of section the Indian Electricity Act, 1910, which it is proposed to modify.	Proposed modifications.	Objects and reasons for modifications.
Clause VII, sub-clause (*1*).	(1) To amend the marginal note by adding the word "further" before "Provision" substituting "service lines" for "electric supply lines" and deleting the last three words. (2) To delete the first sentence down to and including the words "receive such supply."	This clause at present regulates procedure for cases not falling within clause VI, but by the amendment of clause VI (*1*) all applications within the "area of supply" will be dealt with under that clause. In consequence of that amendment, the only part of clause VII, sub-clause (*1*), which will be effective is that beginning with the words "the licensee."
	(3) For the words "in any such street any electric supply line" to substitute the words "any service line in any street in which distributing mains have not already been laid down or placed." (4) To substitute "service line" for "electric supply line" wherever the latter occurs in this clause.	Consequential on the proposed amendment of section 2 (*1*).
Clause VII, sub-clause (*2*).	To delete this sub-clause	Consequential on modifications proposed in sub-clause (*1*) of clause VII.
Clause VIII, sub-clause (*1*).	To substitute the words "area of supply" for "distance of one hundred yards from any distributing main."	This amendment is proposed for the objects and reasons noted against the proposed amendment of clause VI (*1*).
Clause X ...	(1) To transfer to section 23 of the Act the first portion of this clause ending with "Local Government." (2) To make the first proviso into sub-clause (*1*) omitting the words "provided, first that" and the word "so"; and after the words "local Government" where they occur in the first proviso to add the words "in accordance with section 23, sub-section (*3*) of the Indian Electricity Act, 1919." (3) To make the second and third provisos sub-clauses (*2*) and (*3*) omitting the words "provided, secondly, that" and "provided, thirdly that."	These modifications are consequential on the proposed amendment of section 23 of the Act.
Clause XI ...	(1) To add the words "and minimum" between the words "Maximum" and "charges" in the marginal note. (2) To re-number clause XI as sub-clause (*1*) of clause XI, and in the first proviso to substitute the words "if an Advisory Board, after enquiring into all the circumstances of the case, so recommends" for the words "after such inquiry (if any) as it thinks fit."	Objection has been taken to the existing clause in that local Governments have powers under section 7 of the Act to purchase an undertaking, and it has been strongly represented by the Electrical Industry that the power conferred by the first proviso of this clause and that conferred by section 7 should not be exercised by the same authority. It is considered that a compulsory reference to an Advisory Board will meet this objection.
	(3) To introduce a new sub-clause (*2*) as below :— "A licensee may charge a consumer a minimum charge for energy of such amount and determined in such manner as may be fixed by his licence; and such minimum charge shall be payable notwithstanding that no energy has been used by the consumer during the period for which such minimum charge is made.	This sub-clause is introduced to remove doubt as to whether a minimum charge is leviable in cases where no energy has been used. The law at present provides for maximum charges only. Most licences also contain provision for minimum charges. In some provinces it is held that a minimum charge is leviable only where some energy, however little, has been used within the period covered. Generally, however, the established custom is followed, that if no energy is used the minimum charge can nevertheless be made.
Clause XVI, sub-clauses (*2*) and (*3*).	(1) In sub-clause (*2*) to substitute the words "approved by the local Government" for the words "which shall not be smaller than sixteen inches to the mile." (2) In sub-clause (*3*) to delete the words "which shall not be smaller than sixteen inches to the mile" and for the words "which shall not be smaller than one inch to eight feet" to substitute the words "approved by the local Government."	The scales laid down in sub-clauses (*2*) and (*3*) are impossible for any but small undertakings and are seldom used in practice. It is suggested that it should be left to the local Government to fix the scale.

TRADE WITH GERMANY AND GERMAN-AUSTRIA.

In view of the raising of the blockade, the Board of Trade have issued General Licence under the Trading with the Enemy legislation authorising, with certain reservations, the resumption of trade with Germany and German-Austria.

The Licences do not remove the existing restrictions upon the payment of debts and the return of property due or deliverable to persons in Germany and German-Austria in respect of pre-war transactions. Moreover, any permission which may be necessary in respect of any transactions under Defence of the Realm Regulation 41D must be obtained from the Treasury.

The Licences do not permit the importation from Germany or German-Austria of any goods included in the prohibition of Import Proclamations and not covered by a General Licence issued under those Proclamations. Information with regard to imports into the United Kingdom can be obtained from the Import Restrictions Department, 22, Carlisle Place, S.W. 1. Further, Export Licences must be obtained from the Export Licence Department, 1, Queen Anne's Gate, Westminster, S.W. 1, before goods included in Lists A and B of prohibited exports are shipped to those countries, but no licences are required in respect of goods included in List C.

The text of these General Licences, under date July 12th, is as follows:—

The Board of Trade, on behalf of His Majesty, and in pursuance of the powers reserved in the Trading with the Enemy Proclamations and all other powers thereunto them enabling, do hereby give and grant licence to all persons and bodies of persons resident, carrying on business, or being in the United Kingdom, to trade and have commercial and financial transactions with persons or bodies of persons resident or carrying on business in {German-Austria / German}:

Provided always that any licence which may be necessary in respect of any transaction under any prohibition of export or prohibition of import for the time being in force in the United Kingdom or in respect of any remittance of money out of the United Kingdom covered by Regulation 41D of the Defence of the Realm Regulations is first obtained;

Provided also that this licence shall not permit any person or body of persons to pay to or for the benefit of any person or body of persons resident or carrying on business in {German-Austria / Germany} any sum of money which by the terms of the Trading with the Enemy Amendment Acts, 1914 and 1915, or either of them, is required to be paid to the Custodian appointed under the Trading with the Enemy Amendment Act, 1914, but such sums of money must be paid to the said Custodian;

Provided further that this licence shall not permit any person or body of persons to pay or deliver any sum of money or property which is, or but for the war, would have been due or deliverable to any person or body of persons resident or carrying on business in {German-Austria / Germany} in respect of a transaction entered into before the outbreak of war.

URGENT ORDERS.

The Board of Trade, Export License Department, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightway with the knowledge that upon application being made in the proper form to the Export Licence Department the licence will be granted.

The telegram should be addressed to "Orders, c/o Advantage, Stock, London." They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from Territory in the occupation of troops of the Associated Governments, the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 24 words (1/3) must be prepaid.

Applicants are requested in their own interests to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Comptroller General, Department of Overseas Trade (Export Facilities Section), 4, Queen Anne's Gate Buildings, Westminster, S.W. 1.

Transhipment in the United Kingdom.

The provisional approval of the Export License Department should be obtained before the following goods are brought to this country for transhipment:—

Bacon, ham and lard of all kinds.

Butter and cheese.

Cereals on Section "A" of the list of prohibited exports.

Animal feeding stuffs on Section "A" of the list of prohibited exports.
Seeds, oils and fats on Section "A" of the list of prohibited exports.
It is not now necessary to make application to the Collector of Customs at the transhipment ports on Form S. 90 for the transhipment of any goods except those specified in the following list:—

Foodstuffs for animal or human consumption which are on Section "A" or "B" of the list of prohibited exports (including tea, coffee and cocoa).

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

ESTABLISHMENTS.

Press Communiqué.

The press *communiqué*, dated the 11th June 1919, explained the scope of the Indian Civil Service (Temporary Provisions) Act, 1915, and the general position as regards recruitment for the Indian Civil Service of candidates, whether Europeans or Indians, who have served in His Majesty's Navy, Army or Air Forces. The Government of India have now obtained the approval of the Secretary of State to the nomination to the service during 1919 of 32 candidates who are natives of India and Burma. In the case of these candidates service in His Majesty's Forces is not an indispensable qualification. The rules governing their appointment are reproduced below:—

Rules for the appointment during 1919 to the Indian Civil Service otherwise than by Open Competitive Examination of natives of India and Burma.

The Secretary of State for India in Council, in pursuance of the powers conferred upon him by section 1 of the Indian Civil Service (Temporary Provisions) Act, 1915 (5 and 6 Geo. V, c. 87), hereby makes with the advice and assistance of the Civil Service Commissioners the following provisional rules for the appointment during the year 1919 to the Indian Civil Service, otherwise than by the annual Open Competition (which will still continue to be held), of natives of India and Burma. It will rest with the Government of India to determine whether candidates are qualified in respect of nationality, age, character and education as defined in the following Regulations:—

(*i*) (*a*) Every candidate must be either a British subject or a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under section 96 (*a*) of

the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916.

(b) If the candidate (being a British subject) or his father or his mother was not born within His Majesty's Dominion and allegiance, the father must at the time of the candidate's birth have been a British subject or the subject of a State in India and still be (or have continued to be until his death) a British subject or a subject of such State.

(ii) Every candidate must have been born on or after the 2nd August 1894 and on or before the 1st August 1898.

(iii) Every candidate must be of good moral character and sound physique.

(iv) Every candidate must produce satisfactory evidence that he possesses a degree in Arts or Science of an Indian or British University.

(v) Any person who possesses the qualifications prescribed in the foregoing rules is eligible to apply for nomination, whether he be already in Government service or not.

(vi) Every candidate, being a British subject, must submit to the local Government of the Province in which he resides an application in the form annexed to these rules, together with the fee prescribed in that form.

(vii) Every candidate, being a ruler or subject of a State in India who is qualified under rule 1, must submit his application through the Durbar of the State to the local Government of the Province in which he wishes to serve.

(viii) Candidates will be nominated by the Government of India on the recommendation of the local Government.

(ix) Candidates nominated by the Government of India will be accepted by the Secretary of State for India in Council as Selected Candidates for the Indian Civil Service, subject to any further enquiries that he may find it necessary to institute, and will be required to undergo a period of probation for two years at a College or University in the United Kingdom approved by the Secretary of State. Selected candidates will be entitled to free passages to and from the United Kingdom and will be paid an allowance of £200 sterling during the period of probation, subject to good conduct. At the end of this period of probation they will be tested by the Civil Service Commissioners, or by an authority in India specially empowered in this behalf, in Indian Law and Languages, and in any other subjects which may be prescribed, and in riding. They will not be appointed to the Indian Civil Service until they have been certified to have fulfilled these tests.

(x) Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons who are not themselves acquainted with the candidate's work at school or at the university or otherwise will be disregarded.

(xi) In pursuance of section 2 of the Rules Publication Act, 1893 (56 and 57 Vict., c. 66), the Secretary of State for India in Council certifies that on account of urgency the foregoing rules are made as provisional rules to come into operation forthwith.

INDIA OFFICE,

1919.

2. A candidate who is qualified under the foregoing rules and who desires to apply should obtain the requisite form from the Chief Secretary to the local Government in whose jurisdiction he resides (or in the case of a candidate residing in an Indian State, to the local Government under which he wishes to serve) and submit his application to that officer as prescribed in rules (*vi*) and (*vii*), so as to reach him not later than the 31st October 1919.

W. S. MARRIS,

Secretary to the Govt. of India.

No. 7254.—In pursuance of section 2 of the Defence of India (Criminal Law Amendment) Act, 1915 (IV of 1915), the Governor General in Council is pleased to cancel the Defence of India (Salt) Rules, 1917, with effect from the 1st October 1919.

TRADING BY FOREIGNERS.

Simla, the 13th September 1919.

LICENCE.

No. 7153.—Whereas by paragraph 5 of the Trading with the Enemy Proclamation No. 2, dated the 9th day of September 1914, as amended and extended by the Proclamation dated the 5th day of November 1914, trade and financial or commercial transactions between British subjects and persons or bodies of persons resident in the territories of the Sultan of Turkey (other than Egypt or any territory in the occupation of the British Government or its Allies), in this licence or in the said Proclamation referred to as "enemy country" are prohibited; and

Whereas by paragraph 5 of the said Proclamation it is provided that nothing in the Proclamation shall be taken to prohibit anything which may be expressly permitted by licence, whether such licence be granted to individuals or be announced as applying to persons; and

Whereas by paragraph 3 of Proclamation, dated the 8th October 1914, power to grant such licences on behalf of the Crown may be exercised in India by the Governor General:

Now, therefore, I, Frederic John Napier Thesiger, Baron Chelmsford, hereby authorise all persons and bodies of persons residing, being, or carrying on business in British India to trade and have commercial and financial transactions with persons or bodies of persons resident or carrying on business in Arabia;

Provided always that any licence which may be necessary in respect of any transaction under any prohibition of export or prohibition of import for the time being in force in British India is first obtained;

Provided also that nothing in this licence shall be taken as permitting the payment or delivery to persons resident or carrying on business within the said territory of the following moneys and classes of property:—

(a) any sum payable to or paid for an enemy by way of dividend, interest or share of profits;
(b) any sum which has been paid into any account with a Bank or to any other person in trust for an enemy;
(c) interest on securities issued by or on behalf of Government or the Government of any of His Majesty's Dominions or any foreign Government or by or on behalf of any corporation or any municipal or other authority, whether within or without British India;
(d) securities which have become repayable on maturity or by being drawn for payment or otherwise;
(e) any money or property which is or but for the war would have been payable to an enemy in respect of any transaction entered into before the outbreak of war.

GOVERNMENT OF INDIA.
LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Indian Legislative Council on the 11th September 1919:—

No. 23 OF 1919.

A Bill further to amend the Cantonments Act, 1910.

XV of 1910.

WHEREAS it is expedient further to amend the Cantonments Act, 1910; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Cantonments (Amendment) Act, 191 .

XV of 1910.

Amendment of section 24 of Act XV of 1910.

2. In section 24 of the Cantonments Act, 1910.—

(1) for clause *(20)* the following clause shall be substituted, namely:—

"*(20)* the prohibition of the practice of any profession or of the carrying on of any trade, calling, or occupation in any part of the cantonment otherwise than in accordance with the conditions of a licence; the fees payable for the grant and renewal of such licences and the authorities by which and the conditions subject to which such licences may be granted, refused, suspended and revoked."

(2) in clause *(23)* the words "loitering or importuning for the purpose of" shall be omitted, and after the word "cantonment" where it first occurs the words "of prostitutes and procurers," shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Doubts have arisen as to whether the powers conferred on the Governor General in Council by section 24 *(20)* of the Cantonments Act, 1910 (XV of 1910), are sufficient to enable rules consistent with the Act to be made providing for the imposition of fees for the grant of licences to persons carrying on certain trades, callings and occupations in cantonments It is, therefore, proposed to take power to make rules which will admit of the imposition of fees for the grant of such licences.

Again, Section 24 *(23)* of the Cantonments Act, 1910, empowers the Governor General in Council to make rules, among other objects, for the suppression of "loitering and importuning for the purpose of prostitution" and for "the removal and exclusion from a cantonment of disorderly persons." These powers do not authorise the making of rules for the suppression of brothels, or for the effective prevention of prostitution in cantonments. It is a common fact that prostitution is also carried on in cantonment areas, without loitering or importuning for the purpose, and that prostitutes and procurers are not necessarily disorderly persons, within the meaning of the section.

Under rule 12 *(c)* of the Defence of India (Consolidation) Rules, 1915, the competent military authority has power, where any house or building in any place where troops are assembled, or in the vicinity thereof, is used as a brothel or for the purpose of habitual prostitution, to discontinue the use of the house or building for those purposes. Power to act under this provision is however temporary, and in any case it has been found ineffectual, since the persons dealt with under the rule merely scatter in a cantonment area and ply their trade in other houses or buildings. The law has also been evaded by the prostitutes marrying their pimps.

It is, therefore, proposed in the interests of the health of the troops, to take power to make rules which will admit of the suppression of the evils in question.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Indian Legislative Council on the 11th September 1919:—

No. 24 OF 1919.

A Bill to amend the Cinematograph Act, 1918.

WHEREAS it is expedient to amend the Cinematograph Act, 1918; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Cinematograph (Amendment) Act, 191 .

Amendment of section 1 of Act II of 1918.

2. For sub-section (3) of section 1 of the Cinematograph Act, 1918, (hereinafter referred to as the said Act), the following sub-section shall be substituted, namely:—

"(3) The Governor General in Council may, by notification in the *Gazette of India*, direct that the whole or any of its provisions shall come into force in any Province or part of a Province on such date as may be specified in the notification."

Amendment of section 5 of Act II of 1918.

3. In sub-section (2) of section 5 of the said Act, for the words "the prescribed authority" the words and figure "an authority constituted under section 7" shall be substituted.

Substitution of a new section for section 7 of Act II of 1918.

4. For section 7 of the said Act the following section shall be substituted, namely:—

Certification of films.

"7. (1) Any Local Government authorised in this behalf by the Governor General in Council may, by notification in the local official gazette, constitute as many authorities as it may think fit for the purposes of examining and certifying films as suitable for public exhibition, and declare the area (hereinafter referred to as the "local area") within which each such authority shall exercise the powers conferred on it by this Act. Where an authority so constituted consists of a Board of two or more persons, not more than one-half of the members thereof shall be persons in the service of Government.

(2) If any such authority after examination considers that a film is suitable for public exhibition, it shall grant a certificate to that effect to the person applying for the same, and shall cause the film to be marked in the prescribed manner. The certificate of any such authority shall, save as hereinafter provided, be valid throughout the territories in which this Act is in force.

(3) (a) If the authority is of opinion that a film is not suitable for public exhibition in the local area, it shall inform the person applying for the certificate of its decision, and such person may, within thirty days from the date of such decision, appeal for a reconsideration of the matter by the Local Government by which the authority was constituted.

(b) If the Local Government rejects the appeal it shall, by notification in the local official gazette, direct that the film shall be deemed to be an uncertified film in that local area, and such direction shall have effect notwithstanding the subsequent grant of a certificate in respect of the film by any other such authority.

(4) Any such authority may demand the exhibition before itself of any certified film which it has reason to believe is about to be publicly exhibited in its local area, and may by order suspend the certificate

of any such film pending the orders of the Local Government, and during such suspension the film shall be deemed to be an uncertified film in that area.

(5) The District Magistrate, or, in a Presidency town or in the town of Rangoon, the Commissioner of Police, may by order suspend the certificate of any film pending the orders of the Local Government, and during such suspension the film shall be deemed to be an uncertified film in that district or town.

(6) A copy of any order of suspension made under sub-section (4) or (5), together with a statement of reasons therefor, shall forthwith be forwarded by the authority or the officer making the same to the Local Government by which the authority was constituted or to which the officer is subordinate, as the case may be, and such Local Government may, in its discretion, either discharge the order or, by notification in the local official gazette, direct that the film shall be deemed to be an uncertified film in the whole or any part of the Province.

(7) A Local Government may, of its own motion, by notification in the local official gazette, direct that a certified film shall be deemed to be an uncertified film in the whole or any part of the Province.

(8) The exhibition of a film to which any order or direction under clause (b) of sub-section (3) or sub-section (4), (5), (6) or (7) is for the time being applicable shall, in the area to which such order or direction relates, be deemed to be a contravention of the condition mentioned in sub-section(2) of section 5."

Amendment of section 8 of Act II of 1918.

5. In section 8 of the said Act—

(1) at the end of clause (b) of sub-section (2) the word "and" shall be omitted, and after the same clause the following clause shall be inserted:—

"(bb) the appointment of officers subordinate to authorities constituted under section 7 and the regulation of the powers and duties of such officers; and"; and

(2) for sub-section (3) the following sub-section shall be substituted, namely:—

"(3) The Governor General in Council may delegate to a Local Government, subject to such conditions and restrictions as he may impose, the power to make rules regarding all or any of the matters mentioned in sub-section (2) so far as regards the territories subject to that Government."

STATEMENT OF OBJECTS AND REASONS.

The Cinematograph Act, 1918 (II of 1918), has not yet been brought into force, as it appears that the local conditions and circumstances vary so considerably in different provinces that the Act cannot be successfully administered without some measure of delegation and simplification of procedure.

2. It is proposed, therefore, to introduce some modification of the Act in this direction. Thus it is proposed (a) to delegate to Local Governments the authority to constitute Certifying Boards, it being provided that not more than one-half of the members shall be officials; (b) to provide that certificates shall be valid in the ordinary course throughout India; but that a certifying authority shall have power to require the production before it of a film already certified by any other authority; (c) to make provision for the appointment of officers subordinate to certifying authorities; and (d) to delegate to Local Governments the power to make rules under section 8 (2) of the Act, subject to any general conditions or restrictions which the Governor General in Council may impose.

3. Finally, provision is made for introducing the Act piecemeal, in order to allow a preliminary period during which owners of films now in use may submit them to optional certification before the Act comes into force.

PART IB.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 3480L.S.-G.—The 11th September 1919.—The following draft of rules which the Governor in Council proposes to make under clauses (*k*) and (*l*) of sub-section (*2*) of section 101 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 27th October 1919, and any objection or suggestion received by the undersigned through district officers before that date will be duly considered.

Rules under the Village Self-Government Act, 1919, regarding assessment and collection of the union rate.

ASSESSMENT AND IMPOSITION OF THE UNION RATE.

Cf. Section 37, Village Self-Government Act; section 18, Chaukidari Act and Rule 53, Chaukidari Manual.

1. Two clear months before the 1st day of the ensuing year, the Union Board shall meet and prepare an estimate of its requirements for that year in the following form :—

	Rs.
Salaries and equipment of dafadars	
Salaries and equipment of chaukidars ...	
Establishment charges	
Cost of carrying out other purposes of the Act ...	
Contingencies	
Total ...	
Deduct—	
Contributions from Government	
Grants-in-aid from the district fund (section 45)	
Miscellaneous receipts, including fees and fines, etc. (section 46)	
Total ...	
Balance ...	
Add 10 per cent. of balance above to cover collection expenses and losses due to non-realisation of the rate from defaulters	
Total ...	
Deduct unspent balance* of previous year, if any	
Total amount to be raised by taxation ...	

* In the case of first assessment under the Act, this should be the balance of receipts under section 2 at the close of previous year.

2. The amount required as above shall be raised by assessment according to the circumstances and the property within the Union of the persons liable to assessment.

Cf. Section 38, Village Self-Government Act; section 14, Chaukidari Act, and Rule 54, Chaukidari Manual.

3. After preparing the estimate of requirements under rule 1, and not less than six weeks before the first day of the year to which the assessment relates, the Union Board shall proceed to assess the tax.

Cf. Rule 57, Chaukidari Manual.

4. The Union Board shall first prepare in Form No. 1 a list of all persons owning or occupying buildings in the Union, either permanently or temporarily, showing their trade, business, etc., and their estimated annual income within the Union. All such persons shall be included in the list, even if some are subsequently exempted.

Cf. Rules 59 and 61, Chaukidari Manual.

5. The Board shall determine the total assessable income of the person concerned after considering his debts and liabilities, if any.

Cf Rule 62, Chaukidari Manual

6. Government or any local or railway authority owning or occupying buildings in the Union, may be assessed in consideration of the value of the total property which the Government or such authority may possess within the Union:

Provided that the total amount of the tax annually payable by Government or such authority to the Union Board shall not exceed the legal maximum of Rs. 84.

In estimating the total property of Government under this rule, residential buildings occupied by officers of Government shall be excluded. Taxes in respect of the occupation of such buildings shall be assessed on the officers occupying them.

7. A person liable to pay tax, but not living in the Union, shall be assessed only on the land which he actually holds, or on the income which he may actually derive from property or business, in the Union.

Cf. Rule 55, Chaukidari Manual

8. The rate shall not be assessed on any person who, in the opinion of the Union Board, is too poor to pay annas six a year.

Cf. Section 38, Village Self-Government Act, and section 91, Bengal Municipal Act.

9. The list prepared as aforesaid shall be published at least one month before the commencement of the year, and, so far as possible, so much of the list as appertains to each village in the Union shall be published conspicuously in that village.

Cf Rule 66, Chaukidari Manual.

10. The Union Board shall hear and decide any objections to the assessment list made within three weeks after the publication of the list. A note shall be kept of such final orders as are passed in the minute book of the Board.

Cf. Section 39, Village Self-Government Act, and rule 67, Chaukidari Manual.

11. After the expiry of the period of three weeks mentioned in rule 10, the Union Board shall file a duplicate copy of the assessment list direct in the office of the District Magistrate, together with a certificate stating the date of its publication in the Union.

Cf. Section 40, Village Self-Government Act, and rule 70, Chaukidari Manual.

12. Upon receipt of the assessment list, the District Magistrate shall see—

Cf. Rule 73, Chaukidari Manual

(a) that the list has been properly signed, and the publication has been certified;

(b) that the estimate of requirements under rule 1 has been correctly arrived at; and

(c) that the balance in hand from the previous year has been allowed for.

If the Magistrate thinks that the assessment made is inequitable, or is in excess of the legal requirements for the year, or will fall short of them, he may direct the Union Board to revise it and the Board shall prepare a revised list accordingly.

13. If any person mentioned in the assessment list ceases at any time after the publication thereof under rule 9 to occupy any building in respect of the occupation of which he has been assessed, or if the means and property in respect of which he has been so assessed are reduced, the Union Board may exempt

Cf. Section 92, Bengal Municipal Act.

him from assessment or revise the same; and such exemption or revision shall take effect from such date as the Board may direct.

14. The Union Board may, at any time after the publication of the assessment list under rule 9, assess any person who was without authority omitted from the list, or whose liability to assessment has accrued thereafter, and may enhance any assessment which may appear to it to be inadequate, and to have been so made owing to mistake or fraud. Any assessment or enhancement made under this rule shall take effect from the beginning of the quarter next after that in which such assessment or enhancement is made.

Cf. Section 93, Bengal Municipal Act.

15. The Union Board may, at any time, substitute for any name mentioned in the assessment list the name of any new owner or occupier of a building, and may assess the tax on such person, and such person shall be liable to pay such assessment from the first day of the quarter next after that in which such person's name was substituted in the assessment list.

Cf. Section 94, Bengal Municipal Act.

METHOD AND TIME OF PAYMENT OF UNION RATE.

16. The Union rate shall be payable in equal quarterly instalments by the owners or occupiers of buildings. The instalment of the rate on account of each quarter shall be due on the first day of such quarter.

Cf. Section 21, Chaukidari Act, and section 118, Bengal Municipal Act.

17. The Union Board may appoint a person or one of its members to receive and collect the rate. The rate may also be paid at the office of the Union Board. The Board shall declare by notification to be posted up in its office at what hours of each day the office shall be open for the receipt of money.

Cf. Section 22, Chaukidari Act, and section 117, Bengal Municipal Act.

18. Every person liable to pay any sum assessed upon him under these rules shall, within the tenth day of the first month of the quarter in respect of which the sum becomes due, pay or tender such instalment to the person or member appointed in that behalf under rule 17 or at the office of the Union Board.

Cf. Section 25, Chaukidari Act.

19. For all sums paid on account of the rate a receipt shall be given in Form No 2.

Cf. Section 119, Bengal Municipal Act.

DISTRAINT AND SALE OF MOVABLE PROPERTY OF DEFAULTER.

20. Immediately after the 10th day of each quarter the Union Board shall prepare a list of the persons who may have failed to pay their respective instalment of the rate for such quarter, showing the amount due from each of such defaulters, and shall publish such list in some conspicuous places in the Union.

Cf. Section 26, Chaukidari Act.

21. If any of the defaulters shall not, within 15 days of the publication of the list under rule 20, pay the sum due, or show to the Union Board sufficient cause for not paying the same, the President, or if so directed by him, the Vice-President, shall cause the chaukidar or any other person authorised in writing by the President or the Vice-President, to levy, by the distraint and sale of a sufficient portion of the movable property of the defaulter, except plough-cattle and tools and implements of trade and agriculture, the amount of his arrear, together with a sum equal to half the amount of such arrear, by way of penalty:

Cf. Sections 41 and 42, Village Self-Government Act, section 121, Bengal Municipal Act, and sections 29 and 32, Chaukidari Act.

Provided that when the movable property distrained is shown to the satisfaction of the Union Board to have been left in the building for repairs or safe custody in the ordinary course of business, it shall be released:

Provided also that, if the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale thereunder.

22. Distress shall be made by actual seizure of movable property and the officer charged with the execution of the distraint and sale shall be responsible for the due custody thereof.

Cf. Section 122, Bengal Municipal Act.

23. Such officer shall give not less than ten days previous notice of the sale and of the time and place thereof by beat of drum: Provided that if the property distrained is of a perishable nature, it may be sold at once with the consent of the defaulter, or without such consent at any time after the expiry of six hours from the seizure.

Cf. Section 122, Bengal Municipal Act.

24. If the sum due be not paid with the penalty referred to in rule 21 before the time fixed for the sale, the movable property seized shall be sold by auction at the time and place specified in the most public manner possible, and the proceeds shall be applied in the discharge of the sum due, including the penalty. Two members of the Board shall be present at every such sale.

Cf. Section 124, Bengal Municipal Act, and rule 76, Chaukidari Manual.

25. The surplus sale proceeds shall be returned to the defaulter, or, in his absence, credited to the Union fund to be paid thereafter on demand to any person who establishes his right to the satisfaction of the Union Board.

Cf. Section 124, Bengal Municipal Act.

26. A record of all proceedings taken under rule 20 *et seq* shall be made and preserved in the minute book of the Union Board.

Cf. Rule 76, Chaukidari Manual.

27. The Union Board shall cause a regular account to be kept of all distresses levied and sales made for the recovery of the Union rate.

Cf. Section 126, Bengal Municipal Act.

28. No instalment of the Union rate shall be recovered by distress after the expiration of one year from the day on which the same shall have become due.

Cf. Section 33, Bengal Municipal Act.

M. C. McALPIN,
Secy. to the Govt. of Bengal.

MEMORANDUM OF AGREEMENT made this 18th day of September 1919 BETWEEN the INDIAN IRON AND STEEL COMPANY, LIMITED, a Company limited by shares incorporated and registered under the Indian Companies Act, 1913 and having its registered office at No. 7, Hastings Street, in the City of Calcutta (hereinafter called "the Company") of the one part and the SECRETARY OF STATE FOR INDIA in COUNCIL (hereinafter called "the Secretary of State") of the other part: WHEREAS the Company is desirous of establishing and constructing a factory for the manufacture of pig iron, ferro-manganese, castings, iron and steel and their by-products, with the necessary buildings, bungalows, offices, quarters, cooly lines, appendages, works and conveniences in and upon mauzas Narsingband, Hirapur and Kalajharia, within thana and sub-registry Asansol, in the district of Burdwan, AND WHEREAS for the purpose of the construction of such factory, works and conveniences the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of land measuring 130 acres or thereabout situate in the said mauzas Narsingband, Hirapur and Kalajharia being the piece or parcel of land more particularly described in the Schedule hereunder written and delineated in the plan* hereto annexed, AND WHEREAS the said Government of Bengal, being satisfied by an enquiry held under section 40 of the said Act, that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Company the said piece or parcel of land described in the said Schedule hereto, AND WHEREAS the said Government of Bengal has required the Company under the provisions of Section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. NOW THESE PRESENTS WITNESS and it is hereby agreed and declared as follows:—

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered paid or awarded or to be tendered paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred, and all costs charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector, the obligations of the Company under the last preceding clause not being thereby limited, the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause, or, in the discretion of the said Government of Bengal, on deposit by the Company of all estimated amounts as provided in the second clause, but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

*Not published herewith, but may be inspected in the office of the Special Land Acquisition Deputy Collector, Burdwan.

4. The said land shall be held by the Company for the purposes of such factory, works and conveniences as are hereinbefore mentioned, and, without the sanction in writing of the said Government of Bengal first had and obtained, for no other purpose whatsoever.

5. The said factory and works shall be completed ready for the production of pig iron within five years from the date on which possession of the entirety of the said land shall have been given to the Company.

6. Should the said factory and works not be completed and ready for the production of pig iron within the period mentioned in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal, or should the said land at any time thereafter cease for a period of twenty-four consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause, then and in any such case, the said Government may summarily re-enter upon and take possession of the said land and thereupon the interest of the Company in the said land shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land as it may think proper. Should the said Government sell the said land the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale, shall pay the proceeds to the Company. Should the said Government on taking such possession, decide not to sell the land, it shall repay to the Company all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent.) but will not repay any sums paid and received on account of costs, charges and expenses.

8. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant, clause or thing herein contained, the same shall be referred to the said Government of Bengal, and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

MEDICAL DEPARTMENT.

NOTIFICATIONS.

No. 270T. Medl.—The 22nd September 1919.—The report on the working of the Eden Sanitarium and Hospital, Darjeeling, during the year 1918 is published for general information.

C. F. PAYNE,
Secy. to the Govt. of Bengal.

Dated Darjeeling, the 19th July 1919.

From—MAJOR A. DENHAM WHITE, I.M.S., Secretary and Superintendent of Eden Sanitarium and Hospital, Darjeeling,

To—The Secretary to the Government of Bengal, Financial and Medical Departments (through the Surgeon-General with the Government of Bengal, Calcutta).

I HAVE the honour to submit the following report on the working of the Eden Sanitarium and Hospital for the year 1918.

2. The sanitarium was opened on the 15th March 1918 and closed on the 20th November 1918.

3. The hospital attached to the sanitarium was opened on the 17th March 1918 and closed on the 14th November 1918. It was occupied for 7 months and 29 days during that year.

4. The following table shows the number of each class of patients and their relatives admitted into the sanitarium and hospital during the past six years :—

Admissions		1913.	1914	1915.	1916.	1917	1918.
First Class ...	...	79	69	66	54	138	120
Intermediate Class	...	125	97	101	145	76	100
Second Class	...	291	296	273	212	215	291
Third Class	...	177	144	167	131	113	201
Total	...	672	606	607	542	542	712

5. The following tables show the number of patients and their relatives and friends admitted during the last six years together with daily average sick :—

Years.		1913.	1914.	1915.	1916.	1917.	1918.
Patients—							
Admissions	...	499	183	271	172	136	105
Daily average sick	...	23·11	12·77	20·19	16·04	6·96	5·29
Relatives and friends—							
Admissions	...	173	423	336	370	406	607
Total	...	672	606	607	542	542	712

The following table shows the different sexes of the patients with the results after treatment:—

Males	...	27	Cured	...	73
Females	...	46	Relieved	...	19
			Discharged	...	8
Children—			Died	...	5
Males	..	14			
Females	...	18			
Total	...	105			

Statement showing the children admitted during 1917-18—

Year of admission		1st class.	Intermediate.	2nd class	3rd class.	Total.
1917	...	15	26	62	25	158
1918	...	34	37	92	20	183

From the above figures it will appear that there has been a decrease of residents in the first class only and an increase in the number in all other classes during the year under report.

6. The number of patients treated in this institution in the year 1918 was 105 against 136 in the year 1917.

7. The daily average number of people for the whole year works out at 39, but for the period the sanitarium and hospital was open it was 52 as compared with, 28 and 42, respectively, in the year 1917.

8. The average stay of each resident was 18 days as compared with 19 days in the year 1917.

9. The total number of operations performed was 19 against 14 in the year 1917. Of the 19 operations performed, 6 were selected operations and they were performed by Major J. D. Sandes, I.M.S.

10. The total number of persons treated in the free beds were 19 against 17 in the year 1917.

11. The greater number of people were admitted from Darjeeling, while those from Calcutta came next. It is interesting to note that people from very long distances, such as Allahabad, Amarah, Assam, Bagdad, Bangalore, Bombay, Deolali, Jabbalpore, Meerut, etc, were attracted for a change. They were mostly soldiers.

12. The following subscriptions were received in the year 1918:—

			Rs.
(1) Darjeeling Improvement Fund	...	...	1,000
(2) Darjeeling Municipality	...	...	1,000
(3) Messrs. Hamilton & Co.	...	...	25
(4) Messrs. Mackintosh Burn & Co	...	..	25
(5) Darjeeling-Himalayan Railway & Co		...	100
(6) Messrs. Cooke & Kelvy	...	...	25
(7) Messrs. R. Knight & Sons	...	...	25
(8) D. P. Mackenzie, Esq.	...	...	250
Total	..	...	2,450

Messrs. T. E. Thomson & Co. and the Tukvar Tea Co., Ltd., discontinued their subscription during the year 1918.

13. The daily average cost of diet for residents and staff was Rs. 2-1-10, as compared with Re. 1-11-9 in the year 1917.

The increase is due to the following facts:—

(a) Increase of residents in the third class in 1918, mostly soldiers, who came here for a change, and are said to have consumed more food than ordinary men who are sick and convalescent.

(b) Rise of price for provisions on account of the war.

(c) Non-revision of the scale of charges for inmates. The scale of charges is the same as it was before the war. This was not done as the scheme for the reorganisation of this institution was pending sanction of Government.

(d) Discontinuance of the system of calling tenders from the merchants. The house-keeper having taken the responsibility of purchasing provisions cheaper without the tenders which she failed to do.

14. The accounts of the Eden Sanitarium were audited by Messrs. Viney and Thurston, Chartered Accountants of Calcutta.

15. Explanation of increase and decrease—

RECEIPTS :—

(a) The fall of receipts in the first class is due to the admission of less number of people in that class in 1918

(b) The increase of receipts in all other classes is due to the admission of more people in those classes in the year 1918.

(c) The increase of receipts against "Miscellaneous" is due to the credit in this account of proceeds of concerts organised by Sister Mary Frances, S.C.J.B.

(d) The increase of receipts against X-Ray is due to the receipt of two donations of Rs. 1,000 each from the Darjeeling Improvement Fund and the Darjeeling Municipality for overhauling the X-Ray apparatus.

(e) The decrease of receipts against "Nurses' Fees" is due to the fact that the Eden Sanitarium nurses got less calls in outside cases during the year 1918.

(f) The fall of receipts for medical attendance is due to the treatment of less number of people in the hospital.—*vide* the remarks in paragraph 6.

(g) The fluctuations against other heads of receipts are trifling and call for no remarks.

EXPENDITURE :—

(a) The decrease of expenditure against "Free beds" is due to the stay of patients in this institution for less number of days as compared with the year 1917.

(b) The increase of expenditure against "Nurses' salaries" is due to the raising of the pay of nurses from Rs. 70 to Rs. 100 with effect from 1st April 1918.

(c) The cause of increase of expenditure against "Diet" has been fully explained in paragraph 13.

(d) The increase of expenditure against the heads "Fuel" and "Stationery and Printing" is due to the rise of the price of the articles.

(e) The increase of expenditure against "Advertisement" is due to the insertion of casual advertisements in the newspapers of other provinces to invite more first class people as the rooms in the first class were not fully occupied in the year 1918.

(f) The increase of expenditure against the head "Repair and Construction" is due to certain structural alterations, such as enlargement of the chapel, making the changes in the nurses' dining room and also in the third class bath rooms, etc., sanctioned by the committee in their meeting of the 11th June 1919.

(g) The increase of expenditure against "Medical Stores" is due to the abnormal rise of the price of medicines. Certain medicines were indented from England as they could not be procured here.

(h) The increase of expenditure against the head "Establishment" is due to the entertainment of a separate ayah for the hospital on Rs. 18 per month and also to the increase of pay of the whole of the menial staff sanctioned by the Committee in their meeting on the 14th May 1918.

(i) The increase of expenditure against "Lighting" is due to the smaller receipt of lighting charge from the first class inmates, owing to the fall of numbers in that class during the year 1918.

(j) The decrease of expenditure against "Rates and Taxes" is due to the less consumption of water and consequently less payment of municipal tax for using extra water during the year 1918.

(k) The less expenditure on "free medicines" is due to the treatment of fewer number of patients in the hospital. In the year 1917 136 persons were treated in the hospital, whereas in the year 1918 105 persons were treated.

(l) The fluctuations against other heads of expenditure are trifling and call for no remarks.

16. General Remarks—The debit of Rs. 2.277-13-6 in Table F on account of depreciation on furniture caused the loss on paper amounting to Rs. 2.258-14-1. If this amount is excluded it will be seen that the institution paid its way during the year 1918 in spite of the rise of the price of provisions and other matters mentioned in paragraph 13 and also the fall of receipts from the inmates of the first class.

17. The sanitarium was officially visited by the following officers during the year 1918 :—

(1)	The Hon'ble Major-General W. H. B. Robinson, I.M.S., Surgeon-General with the Government of Bengal, ...	2 visits.
(2)	The Rev. Mr. P. H. Crozier, ...	1 visit.
(3)	The Rev. Father E. Van Tichelen, S.J.	1 „
(4)	F. L. Peters, Esq.	1 „
(5)	B. G. Gwyther, Esq.	1 „
(6)	E. A. Wernicke, Esq.	1 „

18. Sister Mary Frances, C.S.J.B., was in charge of the linen room, library and nurses, and thanks are due to her for the help which she rendered to the Superintendent.

19. The other staff of the institution worked entirely to the satisfaction of the Superintendent.

20. The committee held 7 meetings in the year 1918 against 7 in the year 1917, and the most important subject which was dealt with was the scheme for the reorganisation of the Eden Sanitarium and Hospital. It is to be noted that according to figures for previous years the income of the institution will approximately be one-ninth of the present income if only cases on medical certificates are admitted.

No. 319T.-Medl.—The 27th September 1919.—In exercise of the powers conferred by clause *(ii)* of section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and clause *(k)* of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to make the following amendments in the rules for the management of hospitals and dispensaries under the supervision of the Government of Bengal, published under notification No. 138T.—Medl., dated the 7th June 1915, at pages 1052—1066 of Part I of the *Calcutta Gazette* of the 9th *idem*, as subsequently modified, namely :—

After rule 38 of the said rules, *insert* the following, namely :—

38A. *(1)* All cases of serious injury or of poisoning admitted to a charitable hospital or dispensary, and whether brought in by the police or not, shall be reported in prescribed form (B.C.M D. form No 67) to the police at the nearest thana as soon as possible and in any case within 24 hours of admission.

Stomach washings from suspected poisoning cases are to be carefully preserved in sealed bottles and labelled with the B.C.M.D. label, form No. 68.

(2) Dying declarations.—When a patient in an injury case is likely to die, the medical officer shall inform the Magistrate, so that, if necessary, arrangements may be made to record the dying declaration of the injured person, but the medical officer shall not in any case delay the necessary treatment of the injured person in order to give facilities for the dying declaration to be taken.

(3) Should a patient in an injury or poison case die, or should a hospital patient die from unnatural causes, the medical officer shall inform the police at once in order that due investigation may be made.

(4) The bodies of patients dying in hospital from natural causes shall be handed over to the relatives or friends of the deceased for disposal. Should no relative or friend claim the body within 24 hours, the body shall be disposed of under local arrangements.

No. 3587P.J.—The 27th September 1919.—In exercise of the powers conferred by sub-section (*1*) and clauses (*c*), (*d*), (*e*), (*f*), (*g*), (*i*), (*k*), (*l*) and (*m*) of sub-section (2) of section 20 of the Criminal Tribes Act, 1911 (III of 1911), the Governor in Council is pleased to make the following rules to carry out the purposes and objects of the said Act for the industrial settlement established at Saidpur, in the district of Rangpur, under notification No. 9771P., dated the 23rd October 1914, and Government order issued under section 16 of the said Act.

2. Part I of notification No. 2067P., dated the 2nd March 1915, shall not apply to the said industrial settlement.

J. H. KERR,
Chief. Secy. to the Govt. of Bengal.

RULES UNDER SECTION 20 (*1*) AND 20 (*2*) (*c*), (*d*), (*e*), (*f*), (*g*), (*i*), (*k*), (*l*) AND (*m*) OF THE CRIMINAL TRIBES ACT, 1911.

The following rules framed under section 20 (*1*) and 20 (*2*), clauses (*c*), (*d*), (*e*), (*f*), (*g*), (*i*), (*k*), (*l*) and (*m*) of the Criminal Tribes Act (III of 1911), shall apply to the industrial settlement established by Government at Saidpur, in the district of Rangpur, under section 16 of the Act:—

Management, control and supervision of the settlement Reference section 20, sub-section (2), clause (*k*)

1. Subject to the supervision of the Divisional Commissioner and of the District Magistrate, the internal management and control of the Saidpur settlement, established under section 16 of the Criminal Tribes Act, shall be vested in a manager who shall be appointed by the Local Government on the recommendation of the Commissioner of the Salvation Army for India.

No material change of policy affecting the administration of the settlement or involving a substantial alteration of the rules shall be made without prior consultation with the Inspector-General of Police.

List of registered settlers and notification of alterations therein Reference section 20, sub-section (*1*)

2. (*a*) A full list of registered members of the tribe placed in the settlement, prepared in form I by the Superintendent of Police, shall be kept by the manager. A similar list shall be kept at the Saidpur police-station.

(*b*) The manager of the settlement shall notify any change owing to the death, escape, desertion or discharge of any person whose name is in the register, to the District Magistrate, the Superintendent of Police and the officer-in-charge of the Saidpur police-station. In the case of escape or desertion, the information shall be communicated by the quickest possible means. In the event of any new member of the tribe arriving at the settlement, the manager shall send immediate notice to the officer in charge of the Saidpur police station as well as to the Superintendent of Police, in form C, and if the said new member has not already been registered, the Superintendent of Police shall move the District Magistrate for his registration.

(*c*) The birth of a child to any registered settler shall be promptly reported by the manager to the officer-in-charge of the Saidpur police-station

Register of children and addition of names to the register. Reference section 20, sub-section (2), clause (*c*)

3. A list of children under the age of 10 shall be maintained by the Manager in form II appended to these rules. As soon as any child attains the age of 10, the manager shall report the fact to the District Magistrate with a view to registration of such child under the Act.

Publication of notice under section 7. Reference section 20, sub-section (2) clause (*d*).

4. Whenever it is necessary to register any person already in the settlement and the District Magistrate requires to publish the notice contemplated under section 7 of the Act, such notice shall be sent to the manager, who shall make over a copy to the person to be registered and affix another copy to a conspicuous part of the settlement.

In the case of juveniles under 16 years, the copy of the notice shall be made over to his or her father, guardian or nearest adult relative.

In the case of an orphan juvenile, the manager shall be considered to be the guardian for the purpose of this rule.

5. No registered settler in the settlement shall go beyond the boundaries of the settlement without a pass in form A, AA or B, annexed, signed by the manager.

Nature of restriction to be observed. Reference sub-section (2), clause (e).

6. (a) An attendance roll in form III, appended to these rules, shall be maintained in the settlement and a roll-call of all persons settled therein shall be taken by the manager or any other person authorised by him, twice a day at variable hours. Every registered member in the settlement, except those specially exempted, shall attend such roll-calls.

Attendance roll. Reference section 20, sub-section (2), clause (e)

(b) The manager may exempt any settler from attendance either on a specified occasion or generally.

(c) The manager shall immediately report the unauthorized absence of any settler to the officer in charge of the Saidpur police-station.

7. In the case of persons who have been allowed to take up regular daily employment outside the limits of the settlement, a pass may be granted in form A, attached to these rules, by the manager of the settlement specifying the hours of day between which they are permitted to be absent from the settlement. A register in form IV, appended to these rules, shall be maintained in which a permanent record of all daily passes issued shall be kept. A pass issued under this rule shall be made over daily to the manager by the holder of the pass, on his return to the settlement, and must be surrendered finally to the manager when the individual to whom it has been granted ceases to be employed on the work he has been permitted to undertake

Passes under which settlers may be permitted to leave the settlement and conditions as to holding such passes. Reference section 20, sub-section (2), clause (f).

8. A bazar pass in form AA, appended to these rules, may be issued to any registered settler for a few hours at a time, at the discretion of the manager of the settlement, to enable such settler to purchase provisions or for any other legitimate purpose. A carbon copy of each pass so issued shall remain in the register as a permanent record. Such passes shall be handed in by the settler on his return.

Bazar passes. Reference section 20, sub-section (2), clause (f)

9. (a) The manager may grant leave of absence from the settlement between sunrise and sunset to any registered settler who has given evidence of reformation. Leave for any longer period, not exceeding one month, may be granted with the previous approval of the District Magistrate in order to enable a settler to leave the settlement on public or settlement duties, such, for instance, as appearing before a court or attending an exhibition with the settlement products.

Grant of leave to settlers. Reference section 20, sub-section (2), clause (f)

(b) The manager shall at once report to the officer in charge of the Saidpur police-station in form D, the fact of the grant of leave to, or the absence without leave of, any settler.

10. When leave of absence is granted to any registered settler, he will be furnished with a pass in form B, signed by the manager. The pass shall be printed in English and in the vernacular of the district in triplicate forms bearing consecutive page numbers. The original shall be kept by the manager, the duplicate shall be handed over to the settler going on leave, and the triplicate shall be sent by post or in any other way to the officer in charge of the police-station within the limits of which the destination of such member lies. Should the destination be in another district, the triplicate copy shall be sent to the Superintendent of Police of that district, who shall return it, on expiry of the leave, to the Superintendent of Police of the district in which the settlement is situated, with his remarks about the settler's conduct while on leave.

The conditions to be inserted in the pass in regard to the places where the holder of the pass may go or reside, etc. Reference section 20, sub-section (2), clause (g).

(i) The routes to be taken on the journeys to and from his destination shall be specified in the pass, and the settler shall travel by no other route.

(ii) He shall report himself to the village headman or chaukidar of every village, or in the case of a presidency or municipal town, to the officer in charge of the nearest police-station or outpost at which he may halt for the night on the journey.

(iii) On arrival at or departure from the place to which his pass permits him to go, he shall produce his pass before the officer in charge of the police-station within the jurisdiction of which such place lies, and obtain his certificate of the date and hour of arrival and departure.

(*iv*) He shall show his pass to any Magistrate or police officer or village headman who may demand its production.

(*v*) He shall report himself to the officer in charge of the police-station within the limits of which he may temporarily reside at intervals of seven days if within ten miles, and at intervals of fourteen days if above ten miles, from the police-station until he returns to the settlement. If, however, for any genuine reason such as serious illness, he is prevented from reporting himself, he shall give immediate intimation of his inability to do so to the chaukidar of the village, or in the case of a presidency or municipal town, to the officer in charge of the nearest police-station or outpost within the jurisdiction of which he is staying at the time.

(*vi*) On return to the settlement he shall report himself immediately to the manager and deliver up his pass.

(*vii*) He shall return to the settlement within the time specified in the pass.

(*viii*) If any settler who has been granted a pass is, for any genuine reason such as serious illness, unable to return to his settlement within the period of his leave, he shall at once give information to the nearest police-station. The officer in charge of that police-station shall verify the reason of his absence, and send a report to the Superintendent of Police of the district from which the person has taken leave.

(*ix*) Any pass granted under this rule may be at any time withdrawn by the authority granting it.

(*x*) The conditions under which it is issued shall be noted on the pass. Any breach of those conditions may entail prosecution under section 22(*1*).

(*xi*) If the settler, who has taken leave, fails to return on the expiry of the leave, the manager of the settlement shall immediately report the fact to the Superintendent of Police and the officer in charge of the Saidpur police-station.

Works on which settlers shall be employed. Reference section 20, sub-section (*2*), clause (*1*).

11. (*a*) All or any of the following forms of employment may be provided in the settlement:—

Silkworm rearing.
Silk-reeling, spinning and weaving.
Wool-spinning or weaving.
Cotton weaving and warping.
Carpet and durry-making.
Carpentry and ironwork.
Tailoring.
Basket-making.
Pottery.
Stonework.
Gardening.
Manufacture of treasury bags and boxes.
Tending poultry and livestock.
Agriculture within the settlement.

Available land shall be split up into plots at the discretion of the manager and distributed, as a privilege, rent-free to well-behaved families on the condition that they cultivate it themselves. Families thus given plots to cultivate shall be allowed to appropriate to themselves the crops grown thereon.

(*b*) At the discretion of the manager, settlers may also be permitted to engage in appropriate forms of labour outside the settlement. The whole amount earned shall be paid to the settler.

Hours during which settlers shall be employed. Reference section 20, sub-section (*2*), clause (*1*).

12. The hours of compulsory work shall not exceed the following:—

(*a*) Adults, nine hours a day.

(*b*) Juveniles above 12 and under 16, seven hours a day.

(*c*) Juveniles under 12, four hours' work and two hours school a day.

Sunday will be observed as a holiday and Saturday as a half holiday in the settlement.

13. (*a*) There shall be two systems of payment for work done in the settlement, (*i*) the daily wage system and (*ii*) the piece-work system. The manager shall decide whether piece-work or the daily wage system shall be adopted. Rates under both systems, calculated to afford each individual or family in the settlement a fair living wage, shall be fixed by the manager in consultation with the District Magistrate. In the case of daily wage earners, full rates for Saturdays and half-rates for Sundays shall be paid.

Rate at which settlers shall be paid. Reference section 20, sub-section (*2*), clause (*l*).

(*b*) Work done by small children may be paid for in marks or rewards as specified in rule 14 in lieu of money.

(*c*) In cases of sickness, a subsistence allowance, as circumstances may require, may be paid by the manager.

14. (*a*) The undermentioned descriptions of reward may be bestowed on settlers for good behaviour and good work :—

Rewards of settlers.

(*i*) Removal of name from the register as prescribed by section 5.
(*ii*) Exemption from any particular restriction or restrictions imposed by the rules. A list of settlers so exempted shall be maintained in form V attached to these rules.
(*iii*) Present of cash or any other reward in kind.
(*iv*) Grant of passes to leave the settlement.
(*v*) Certificates of merit.
(*vi*) Marks.
(*vii*) Appointment as mate, panchayat or headman.
(*viii*) For juveniles between the ages of 12 and 16, monitorship.

(*b*) Any recommendation for the removal of a name from the register [*vide* (*i*) above] shall be submitted by the manager through the District Magistrate to the Local Government. Exemption from a restriction [*vide* (*ii*) above] shall require the approval of the District Magistrate. Any other reward in the above list may be bestowed by the manager on his own authority.

(*c*) A register shall be maintained for recording marks. One mark may be given daily for good work and one mark daily for good conduct.

A gratuity of two annas shall be paid to any settler gaining 13 marks in any week and of one anna to any settler gaining a minimum of 10 marks.

15. Inmates of the settlement shall (*1*) carry out all lawful orders passed by the manager and such tasks as he may order; and (*2*) observe all rules framed by the manager for the sanitation and health of the settlement;
and shall not—

Rules of conduct to be observed by settlers. [Section 20, (*2*)(*m*.)]

(1) get drunk or behave in a disorderly manner;
(2) steal, destroy or in any other way spoil any machinery, instrument or material, with which they may be entrusted;
(3) engage in any brawls or affrays in the settlement or make use of any force or violence either towards other inmates or towards any officer of the settlement;
(4) indecently expose their persons; or
(5) use abusive or filthy language.

16. The legal penalties, to which a registered settler violating any rule made under section 20 of the Act is subject, are laid down in section 22 of the Act.

Discipline to which the settlers shall be subject. Reference section 20, sub-section (*2*), clause (*m*).

In addition to these legal penalties the undermentioned punishments are sanctioned, all of which, with the exception of (*v*), the manager is authorised to inflict on his own authority if a registered settler violates any rule. Punishment (*v*) shall require the approval of the District Magistrate.

(*i*) A formal warning.
(*ii*) Additional or more arduous work at the discretion of the manager, with loss of wages or reduced rates.
(*iii*) Extra roll calls.
(*iv*) Restriction of movements to any particular area within the settlement at the descretion of the manager.

(*v*) Re-imposition of any restriction previously withdrawn, *vide* rule 14(*a*) (*ii*), *supra*.
(*vi*) Fine not exceeding two days' wages. Fine shall only be imposed for wilful destruction or loss of property belonging to the settlement.
(*vii*) Cancellation or withholding of passes.
(*viii*) Forfeiture of any privilege previously bestowed.
(*ix*) Loss of marks.

Reward and punishment register.

17. A reward and punishment register shall be maintained in form VII, appended to these rules, in which the manager shall enter every reward earned by and every punishment inflicted on, any settler. In the case of punishment, particulars of the offence should be briefly noted. Warnings for bad work or misconduct shall also be entered in this register. A separate page shall be kept for each settler.

Manager to decide what domestic animals may be kept by settlers. Reference section 20, sub-section (*2*), clause (*m*).

18. The manager of the settlement shall be empowered to decide what domestic animals may be kept by settlers in the settlement.

Inspection of residence. Reference section 20, sub-section (*2*), clause (*i*).

19. (*a*) The settlement or any residence therein or part thereof may be inspected at any time by the manager.

(*b*) Any police officer not below the rank of Sub-Inspector may at any time, under the general or special order of the Superintendent of Police, inspect the residence of any member of the tribe settled under section 16. Such inspection shall ordinarily be carried out in the presence of the manager.

Complaints by settlers.

20. Any settler desiring to complain of any criminal offence affecting himself or his family shall do so through the manager, who shall be bound to record such complaint and forward it to the authority legally empowered to take action. Every facility shall be afforded by the manager to any settler desiring to make any representation to any official visitor.

No complaint should be acted upon without previous inquiry from the manager.

List of visitors. Reference section 20, sub-section (*2*), clause (*k*).

21. The following shall be the official visitors to the settlement:—

(1) The Surgeon-General with the Government of Bengal.
(2) The Inspector-General of Prisons, Bengal.
(3) The Sanitary Commissioner to the Government of Bengal.
(4) The Director of Agriculture, Bengal.
(5) The Commissioner, Rajshahi Division.
(6) The Inspector-General of Police, Bengal.
(7) The District Magistrate, Rangpur.
(8) The Deputy Inspector-General of Police, Criminal Investigation Department, Bengal.
(9) The Deputy Inspector-General of Police, Rajshahi Range.
(10) The Assistant to the Deputy Inspector-General of Police, Criminal Investigation Department, Bengal.
(11) The Superintendent of Police, Rangpur.
(12) The Superintendent of Government Railway Police, Saidpur.
(13) The Subdivisional Officer, Nilphamari.
(14) The Deputy Superintendent of Police, in charge of the Criminal Tribes Section, Criminal Investigation Department, Bengal.

Visitors' book.

22. A visitors' book shall be maintained at the settlement in which every official visitor shall be requested to record his remarks.

Copies of all remarks so made shall be sent by the manager to the office of the District Magistrate of the Rangpur district.

Trade with Germany and Austria-Hungary ...	737
Transhipment in the United Kingdom	738

This consolidated "List of Export Prohibited Goods" is amended and issued fortnightly together with supplements on alternate weeks. Exporters who desire to have copies of each list and supplements posted to them during the current year can do so on payment of a registration fee of 2*s.* 6*d.* for one copy of each issue. Should more than one copy of each issue be required an additional payment should be made at the rate of 2*d.* per copy for each month up to end of the current year.

Exporters who desire to have their names placed on the register should make application to the Stationery Clerk, Export Licence Department, enclosing money orders payable to the Export Licence Department, Board of Trade.

IMPORTANT NOTICE.

APPLICATION FORM A FOR LICENCE TO EXPORT.

The Export Licence Department, having regard to the circumstances now existing, and subject to any further notification which it may hereafter become necessary to make,

notifies exporters that answers need only be given to the undermentioned questions which are set forth in the above-mentioned form of application.

(a) Full name and address of consignor.

(b) Name and address of person or company to whom the licence is to be sent.

(c)— 1. Proposed date of despatch of goods.

2. Port of intended shipment in this country or post office of despatch.

(d) Prospective port and country to which the goods are to be exported.

(e) Route by which the goods are to be forwarded to ultimate destination.

(f) Full name and address of consignee abroad.

(k) State whether previous application has been made for all or part of the consignment, &c.

(l) Full description of goods—quantity, weight, value, number and description of packages and the shipping marks.

(t) Any special reasons in support of your request for a licence to export these goods.

Instructions Nos. 1, 6, 7, 9 and 12 on page 4 of Application Form A are now cancelled.

P.S.—Should it be desired that in any exceptional case an answer should be given to any questions set forth in the Application Form but not appearing above, a notification will be addressed to the applicant concerned after the receipt of the relative application.

This List cancels all similar lists and supplements issued by the Export Licence Department prior to 15th August 1919.

APPLICATION FORM B FOR GENERAL LICENCES.

The use of Application Form B for making application for licence to export goods in several consignments over a certain period is no longer necessary. Form A can now be used when making application for either specific or general licence, provided that if a general licence is required a statement to that effect is endorsed on the Application Form A.

Applications for licences and all correspondence should be addressed to :—

The Controller, Export Licence Department,
1, Queen Anne's Gate Buildings,
Westminster, S. W. 1.

SAMPLES.

An open general licence has been issued which permits the free export of all *bonâ fide* samples of prohibited goods to all non-enemy destinations, and to enemy territory with which trade is now permitted (*see* page 73[illegible]). Samples exported under this licence may be used only for genuine sample purposes, *i.e.*, for obtaining orders from foreign

* Many goods on the above list are already on list A or B.

buyers, and may not be sold except with the written consent of the Export Licence Department, but such consent may be dispensed with when it is desired to sell the articles in the country of destination after they have fulfilled their purpose as samples. Exporters will be required to satisfy the Customs Authorities that the goods presented for export under this licence are *bonâ fide* samples, and to make a declaration to that effect on the relative shipping documents.

This notice only applies to samples of goods which require licences for export to the particular destination concerned.

In addition, the consent of the Export Licence Department is not required for the sale of samples which though within this scheme at the actual time they were exported, could be exported outside the scheme at the actual time of the proposed sale.

Open General Licence for the Export of Explosives, Double-Barrelled Guns, etc.

An open general licence has been issued for the export of cartridges, charges, etc., industrial explosives, double barrelled guns and sporting rifles, to the destinations given below, to which, therefore, exports may be made subject to the usual Customs formalities without applications for specific licences to the Export Licence Department :—

Harness or horse equipment of a military character.

Export to Poland.

(*iv*) The Board of Trade announce that the Supreme Economic Council in Paris have decided to withdraw the Relief Mission in September, and that in consequence the British Relief Administration will not now be remaining in Danzic for any length of time.

In these circumstances it is advisable that traders should proceed without delay to make their own arrangements for the forwarding of goods to Poland, although for the time being they may continue to consign them to the Relief Administration. They are, however, no longer required to do so.

TRADE WITH GERMANY AND AUSTRIA-HUNGARY.

In view of the raising of the Blockade, the Board of Trade have issued General Licences under the Trading with the Enemy legislation authorising, with certain reservations, the resumption of trade with Germany and Austria-Hungary.

The Licences do not remove the existing restrictions upon the payment of debts and the return of property due or deliverable to persons in Germany and Austria-Hungary in respect of pre-war transactions. Moreover any permission which may be necessary in respect of any transactions under Defence of the Realm Regulation 41D must be obtained from the Treasury.

The Licences do not permit the importation from Germany or Austria-Hungary of any goods included in the Prohibition of Import Proclamations and not covered by a General Licence issued under those Proclamations. Information with regard to imports into the United Kingdom can be obtained from the Import Restrictions Department, 22, Carlisle Place, S. W. 1. Further, Export Licences must be obtained from the Export Licence Department, 1, Queen Anne's Gate, Westminster, S.W. 1, before goods included in Lists A and B of prohibited exports are shipped to those countries, but no licences are required in respect of goods included in List C.

The text of the General Licences is as follows :

The Board of Trade, on behalf of His Majesty, and in pursuance of the powers reserved in the Trading with the Enemy Proclamations and all other powers thereunto them enabling, do hereby give and grant licence to all persons and bodies of persons resident, carrying on business, or being in the United Kingdom to trade and have commercial and financial transaction with persons or bodies of persons resident or carrying on business in {Germany / Austria-Hungary} :

Provided always that any licence which may be necessary in respect of any transaction under any prohibition of export or prohibition of import for the time being in force in the United Kingdom or in respect of any remittance of money out of the United Kingdom covered by Regulation 41D of the Defence of the Realm Regulations is first obtained :

Provided also that this licence shall not permit any person or body of persons to pay to or for the benefit of any person or body of persons resident or carrying on business in {Germany / Austria-Hungary} any sum of money which by the terms of the Trading with the Enemy Amendment Acts, 1914 and 1915, or either of them, is required to be paid to the Custodian appointed under the Trading with the Enemy Amendment Act, 1914, but such sum of money must be paid to the said Custodian:

Provided further that this licence shall not permit any person or body of persons to pay or deliver any sum of money or property which is, or but for the war, would have been due or deliverable to any person or body of persons resident or carrying on business in {Germany / Austria-Hungary} in respect of a transaction entered into before the outbreak of war.

URGENT ORDERS.

The Board of Trade, Export Licence Department, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Export Licence Department the licence will be granted.

The telegrams should be addressed to "Orders, c/o Advantage, Stock, London". They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from Territory in the occupation of troops of the Associated Governments, the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 24 words (1s. 3*d.*) must be prepaid.

Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Comptroller General, Department of Overseas Trade (Export Facilities Section), 4, Queen Anne's Gate Buildings, Westminster, S. W. 1.

TRANSHIPMENT IN THE UNITED KINGDOM.

The provisional approval of the Export Licence Department should be obtained before the following goods are brought to this country for transhipment:—

Bacon, ham and lard of all kinds.
Butter and Cheese.
Cereals on Section "A" of the list of prohibited exports.
Animal feeding stuffs on Section "A" of the list of prohibited exports.
Seeds, oils and fats on Section "A" of the list of prohibited exports.

It is not now necessary to make application to the Collector of Customs at the transhipment ports on Form S. 90 for the transhipment of any goods except those specified in the following list:—

Foodstuffs for animal or human consumption which are on Section "A" or "B" of the list of prohibited exports (including tea, coffee and cocoa).
Seeds, oils and fats on Section "A" of the list of prohibited exports.
Synthetic dyestuffs.

PRESS NOTICE, HOME AND OVERSEAS PRESS.

IMPERIAL PREFERENCE.

Under the Finance Act, 1919, the preferential rates of Customs duties in favour of Empire products will operate, except in the case of tea, as from the 1st September. Preference on tea came into force on the 2nd June. The preferential rates are applicable to almost all goods subject to Customs duties which are shown to the satisfaction of the Commissioners of Customs and Excise to have been consigned from, and grown, produced or manufactured in the British Empire. The goods which come within the scope of preferential treatment, together with the preferential rates of duty, are :—

Goods.	Rate of duty.
Tea	Five-sixths of the full rate.
Cocoa	
Coffee	
Chicory	
Currants	
Dried or preserved fruit	
Sugar	
Glucose	
Molasses	
Saccharin	
Motor Spirit	
Tobacco	
Motor cars, musical instruments, clocks, watches, etc.	Two-thirds of the full rate.
Cinematograph films	
Wine :	
n. e. 30° of proof spirit	Sixty per cent. of the full rate.
ex. 30° of proof spirit	Sixty-six and two-thirds per cent. of the full rate.
Additional duty on sparkling wine in bottle ...	Seventy per cent. of the full rate of the additional duty.
Additional duty on still wine in bottle ...	Fifty per cent. of the full rate of the additional duty.
Spirits :	

Preference in the case of spirits is to be given by way of an increase in the duties on non-Empire spirits as from the 1st September. The preferential rates will be equivalent to the full rates as chargeable under the Finance Act, 1919, up to that date, and the duties on non-Empire spirits will then be increased by 4*s.* per gallon on perfumed spirits, by 3*s.* 4*d.* per gallon on liqueurs, etc., and non-tested spirits, and 2*s.* 6*d.* per proof gallon on all other descriptions of spirits.

The expression " British Empire" for the purpose of Preference includes at present the self-governing Dominions, the Crown Colonies and Protectorates, India, and the Channel Islands. Territories which in future may come under His Majesty's Protection or in respect of which a mandate of the League of Nations is exercised by the Government of any part of His Majesty's Dominions may be included by Order in Council.

The preferential rates may be claimed for Empire products which are delivered for home consumption, whether from bonded stocks or on importation, on and after 1st September.

In the case of goods which are imported on and after 1st September, the preferential rate of duty should be claimed by the importer at the time of making entry. He should be prepared to substantiate the declaration on the entry that the goods were consigned from a part of the British Empire by the production of the bill of lading, supplier's invoice, or in any other way, if called upon to do so by the Customs officers

As regards origin the importer will normally be required to produce a certificate from the British overseas manufacturer (in the case of manufactured articles) or the grower, producer or supplier (in the case of growth or

produce), supplemented, if that person is not the exporter, by an additional certificate from the latter. In the case of manufactured tobacco, refined sugar, syrup, molasses, and other products of the refining of raw sugar, a further certificate of the proportion of Empire produced raw material must be given by the refiner or manufacturer, also supplemented, in cases where he is not the exporter, by the additional certificate from the latter. Specimens of the various forms of certificate are appended. If the Collector of Customs is satisfied by the production of certificate or certificates, he will forthwith admit the goods to entry as entitled to the preferential rate. If, however, he is for any reason doubtful as to whether the goods are in fact entitled to the preferential rate, he will call for production of invoices or other such further evidence as he may require, and, if he considers it necessary, will submit the question to the Board of Customs and Excise. Meanwhile, unless he has any reason to suspect an attempt at fraud, he will allow delivery of the goods on payment of the full rate of duty, subject to adjustment if and when he is satisfied that the preferential rate is applicable. Similarly, in the case of goods intended for warehousing, the Collector will allow the goods to be deposited in warehouse, a note being made in the books that, pending satisfactory proof of Empire origin, they are only to be delivered at the full rate of duty.

In the case of manufactured goods, preferential duties are claimable only if a prescribed proportion of the factory or works cost to the manufacturer of each finished article ready for export to the United Kingdom is due to labour within the British Empire. The proportion for the present has been fixed by the Board of Trade at 25 per cent. for all manufactured goods, with the exception of manufactured tobacco, refined sugar, syrup, molasses, and other products of the refining of raw sugar.

In the case of these articles, the proportion has been fixed at 5 per cent., but the preferential rate can only be claimed in respect of such proportion of the finished article as can be shown to correspond to the proportion of Empire-grown dutiable material used in its manufacture. This limitation may also be extended by the Board of Trade to other articles which are found to a considerable extent to be manufactured in the Empire from materials which are not produced in the Empire.

The dutiable articles which for the purpose of charging the preferential rate are considered as manufactured articles are :—

Refined sugar.
Manufactured goods containing sugar or cocoa.
Manufactured goods containing spirits, *e.g.*, pomades, varnishes, dyes, etc.
Glucose.
Syrup, molasses and other extracts of sugar.
Saccharin.
Manufactured tobacco.
Cinematograph films.
Motor cars, parts, accessories, etc.
Musical instruments, parts, accessories, etc.
Clocks, watches, etc.

All other goods will be regarded as growth or produce. The term refined sugar means sugar which has passed through a refinery.

As regards goods already in bond before 1st September or which left the point of origin before public intimation was made of the requirement of certificates of origin, no hard-and-fast rule can be laid down. In the case of bonded goods the Board of Customs and Excise will to a great extent rely on the particulars of consignment and origin as recorded in the official account and so far as is practicable they will apply the same test to blends of Empire and non-Empire goods. In the case of such blends duty will be charged at preferential rates on the proportion of Empire goods shown to be contained therein. In the case of imports which left the point of origin before the requirement of a certificate of origin was known the Collector will be prepared to consider invoices, bills of lading, etc., and any other evidence which the importer may be able to produce. It must, however, be borne in mind that the onus of proof in all cases rests by law with the importer.

A more detailed statement will shortly be published in the *Board of Trade Journal*, and will be available in pamphlet form at all Custom Houses

and Offices of Collectors of Customs and Excise in the United Kingdom. Arrangements are being made for distribution overseas.

In the case of post parcels arriving from a part of the Empire, if the contents are not merchandise for sale and do not exceed £10 in value, the following short form of certificate will, in the absence of ground for suspicion, be accepted as satisfactory evidence of origin for charging the preferential rate of duty:—

> "The contents of this packages are not merchandise for sale, and every dutiable article herein is the growth or produce, or if a manufactured article, is to the extent of at least one-fourth of its present value *bonâ fide* the manufacture of (Empire country of origin)."

All other post parcels will be subject to the ordinary rules of evidence of origin applicable to merchandise generally as set out in the earlier part of this notice.

Regulations referred to in the certificate on the face hereof.

Where a number of separate articles are included in one parcel or shipment, each and every article shall be considered separately for the purpose of calculating the proportion of value due to labour within the Empire.

For the purposes of these regulations the total value of an article shall be its cost to the manufacturer at the factory or works and shall include the value of containers and other forms of interior packing ordinarily sold with the article when it is sold retail but shall not include the manufacturer's or exporter's profit or the cost of exterior packing, carriage to port and other charges incidental to the export of the goods subsequent to their manufacture.

In calculating the proportion of value which is the result of the labour within the British Empire there may be included under the head of labour the cost to the manufacturer of any materials of purely Empire origin entering into the composition of the article (including the interior packing specified in the foregoing paragraph), the cost of manufacture including wages, proportion of fuel, supervision and other factory expenses, and the cost of the labour of packing for retail sale.

The following may not be included in the proportion of value which is the result of Empire labour, namely, any materials or interior packings not entirely of Empire origin, manufacturer's profit or the profit or remuneration of any trader, agent, broker or other person dealing in the article in its finished condition, the expenses of placing the goods in outside packages for export and the cost of such packages, transportation charges, insurance and any other charges for services after the goods leave the place of production or manufacture.

Supplementary Certificate to be given by the exporter in cases where the exporter is not also the manufacturer of the goods above specified.

To be endorsed on the main certificate.

(BACK OF CERTIFICATE F.)

Regulations referred to in the certificate on the face hereof.

Where a number of separate articles are included in one parcel or shipment, each and every article shall be considered separately for the purpose of calculating the proportion of value due to labour within the Empire.

For the purposes of these regulations the total value of an article shall be its cost to the manufacturer at the factory or works and shall include the value of containers and other forms of interior packing ordinarily sold with the article when it is sold retail, but shall not include the manufacturer's or exporter's profit or the cost of exterior packing, carriage to port or other charges incidental to the export of the goods subsequent to their manufacture.

In calculating the proportion of value which is the result of labour within the British Empire there may be included under the head of labour the cost to the manufacturer of any materials of purely Empire origin entering into the composition of the article (including the interior packing specified in the foregoing paragraph), the cost of manufacture including wages, proportion of fuel, supervision and other factory expenses, and the cost of the labour of packing for retail sale.

The following may not be included in the proportion of value which is the result of Empire labour, namely, any materials or interior packings not entirely of Empire origin, manufacturer's profit or the profit or remuneration of any trader, agent, broker or other person dealing in the article in its finished condition, the expenses of placing the goods in outside packages for export and the cost of such packages, transportation charges, insurance and any other charges for services after the goods leave the place of production or manufacture.

Supplementary Certificate to be given by the exporter in cases where the exporter is not also the manufacturer or refiner of the goods above specified.

To be endorsed on the main certificate.

A. H. LEY,
Secretary to the Govt. of India.

The following Act, published by the Government of India, in the Legislative Department, published in the *Gazette of India*, dated the 20th September 1919, is republished for general information.

J. H. KERR,
Chief Secy. to the Govt. of Bengal.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 17th September, 1919, and is hereby promulgated for general information:—

ACT NO. XVI OF 1919.

An Act further to amend the Indian Naturalization Act, 1852.

XXX of 1852.

WHEREAS it is expedient further to amend the Indian Naturalization Act, 1852; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Naturalization (Amendment) Act, 1919.

XXX of 1852.

Repeal of section 6 of Act XXX of 1852 and insertion of new sections 11 A and 11 B.

2. (*1*) Section 6 of the Indian Naturalization Act, 1852 (hereinafter referred to as the said Act), is hereby repealed.

(*2*) After section 11 of the said Act, the following sections shall be inserted, namely:—

Revocation of certificates of naturalization.

"11A. (*1*) Where the Government of any part of the said territories in which a person to whom a certificate of naturalization has been issued under this Act for the time being resides (hereinafter called 'the Local Government') are satisfied that the certificate has been obtained by false representation or fraud or by concealment of material circumstances, or that the person to whom the certificate has been issued has shown himself by act or speech to be disaffected or disloyal to His Majesty, the Local Government shall by order in writing revoke the certificate.

(*2*) Without prejudice to the foregoing provisions, the Local Government shall by order in writing revoke a certificate of naturalization in any case in which they are satisfied that the person to whom a certificate was issued—

(*a*) has during any war in which His Majesty is engaged unlawfully traded or communicated with the enemy or with the subject of an enemy state or been engaged in or associated with any business which is to his knowledge carried on in such a manner as to assist the enemy in such war; or

(*b*) has within five years of the date of the issue of the certificate been sentenced by any Court in His Majesty's dominions to transportation or penal servitude or to imprisonment for a term of not less than twelve months, or to pay a fine of not less than one thousand rupees; or

(*c*) was not of good character at the date of the issue of the certificate; or

(*d*) has since the date of the issue of the certificate been for a period of not less than seven years ordinarily resident out of His Majesty's dominions otherwise than as a representative of a British subject, firm or company carrying on business, or an institution established in His Majesty's dominions or in the service of the Crown, and has not maintained substantial connection with His Majesty's dominions; or

(*e*) remains according to the law of a state at war with His Majesty a subject of that state;

and that (in any case) the continuance of the certificate is not conducive to the public good.

(*3*) Notwithstanding anything contained in sub-sections (*1*) and (*2*), no Local Government shall revoke

a certificate of naturalization issued by another Government without the concurrence of that Government.

(4) The Local Government may, if they think fit, before making an order under this section refer the case for such inquiry as is hereinafter specified, and in any case to which sub-section (1) or clause (a), (c) or (e) of sub-section (2) applies, the Local Government shall, by notice given to, or sent by post to the last known address of, the holder of the certificate, give him an opportunity of claiming that the case be referred for such inquiry, and if the holder so claims in accordance with the notice, the Local Government shall refer the case for inquiry accordingly.

(5) (a) An inquiry under this section shall be held by such person or persons and in such manner as the Local Government may direct in each case.

(b) Persons appointed under clause (a) of this sub-section shall be deemed to be public servants within the meaning of the Indian Penal Code, and shall, for the purposes of such inquiry, have the same powers as are vested in a Court under the Code of Civil Procedure, 1908, when trying a suit, in respect of the following matters:—

XLV of 1860.

V of 1908.

(i) enforcing the attendance of any person and examining him on oath;

(ii) compelling the production of documents; and

(iii) issuing commissions for the examination of witnesses;

and any proceeding under this subsection shall be deemed to be a 'judicial proceeding' within the meaning of sections 193 and 228 of the Indian Penal Code.

XLV of 1860.

(6) Where a certificate of naturalization has been revoked under this section, the revocation shall have effect from such date as may be directed by the Local Government, and thereupon the certificate shall be given up and cancelled, and any person refusing or neglecting to give up his certificate shall be punishable with fine which may extend to one thousand rupees.

Effect of revocation of certificate of naturalization

11 B. (1) Where a certificate of naturalization is revoked, the former holder thereof shall thenceforth be deemed to be an alien and a subject of the state to which he belonged at the time the certificate was issued.

(2) Where a certificate of naturalization is revoked, the Local Government may by order in writing direct that the wife and minor children (or any of them) of the perron whose certificate is revoked shall thenceforth be deemed to be aliens; but where no such direction is made the nationality of the wife and minor children of the person whose certificate is revoked shall not be affected by the revocation:

Provided that—

(a) it shall be lawful for the wife of any such person within six months after the date of the order of revocation to make a declaration of alienage, and she and any minor children of her husband and herself shall thenceforth be deemed to be aliens; and

(b) in the case of a wife who was at birth a natural-born subject of His Majesty, no such order as aforesaid shall be made unless the Local Government is satisfied that if she had held a certificate of naturalization in her own right the certificate could properly have been revoked under section 11A, and the provisions of that section as to referring cases for inquiry shall apply to the making of any such order as they apply to the revocation of a certificate."

Amendment of section 12 of Act XXX of 1852.

3. In section 12 of the said Act between the word "shall" and the words "be deemed" the following shall be inserted, namely:—

"save in so far as a different intention is expressed".

Substitution of "His Majesty" for "Her Majesty" in Act XXX of 1852.

4. For the words "Her Majesty" wherever they occur in the said Act the words "His Majesty" shall be substituted.

NOTIFICATION.

PENSIONS AND GRATUITIES.

FUNDS, SERVICE AND OTHER.

No. 1533-F.E.

Simla, the 16th September 1919.

RESOLUTION—By the Government of India, Finance Department.

THE rule below, which embodies an alteration which has been approved by the Secretary of State for India, is substituted for rule 25 of the Indian Civil Service Family Pension Regulations:—

"A member who resigns the service before becoming entitled to an annuity will ordinarily cease, *ipso facto*, to be a contributor and in that event he will have no claim to any refund and his family will not be entitled to any pensions under these Regulations; but the Secretary of State in Council may, in special cases, allow members who resign without annuities to continue their subscriptions. When such permission is granted, the member will be required to subscribe until his 54th birthday."

Ordered that the resolution be forwarded to the Home Department for communication to members of the Indian Civil Service serving under the Government of India, to all Local Governments and Administrations for communication to members of the Indian Civil Service serving under them, to the Comptroller and Auditor General and to the Comptroller, India Treasuries.

Ordered also that the Resolution be published in the *Gazette of India.*

SAMPLE.

An open general licence has been issued which permits the free export of all *bona-fide* samples of prohibited goods to all non-enemy destinations, and to enemy territory with which trade is now permitted (*see* page 753). Samples exported under this licence may be used only for genuine sample purposes, *i.e.*, for obtaining orders from foreign buyers, and may not be sold except with the written consent of the Export Licence Department, but such consent may be dispensed with when it is desired to sell the articles in the country of destination after they have fulfilled their purpose as samples. Exporters will be required to satisfy the Customs Authorities that the goods presented for export under this licence are *bona-fide* samples, and to make a declaration to that effect on the relative shipping documents.

This notice only applies to samples of goods which require licences for export to the particular destination concerned.

In addition, the consent of the Export Licence Department is not required for the sale of samples which, though within this scheme at the actual time they were exported, could be exported outside the scheme at the actual time of the propo. ed sale.

Open General Licence for the Export of Explosives, Double-Barrelled Guns, etc.

An Open General Licence has been issued for the export of cartridges, charges, etc., industrial explosives, double-barrelled guns and sporting rifles, to the destinations given below, to which, therefore, exports may be made subject to the usual Customs formalities without applications for specific licences to the export Licence Department:—

French Possessions and Protectorates.
United States of America.
South America.
Africa.
Japan and Korea.
Asiatic Russia.

France, Belgium, Spain, Portugal, Greece, Italy, Serbia, Roumania, **Norway, Sweden and Denmark.**

The issue of this licence does not relieve exporters from the necessity of obtaining import permits from the country of destination in cases where local regulations render such a course necessary.

EXPORTS TO POLAND.

(*iv*) In order to facilitate the re-establishment of commercial relations between Great Britain and Poland, the Polish Commercial and Financial Agency, 88, Kingsway, London, W. C. 2, has been duly authorised to issue Import Permits. The applicant for an Import Permit must fill in the four forms with which he will be supplied, and return them with the original invoice and four copies thereof.

It must be noted that all goods intended for Poland must be addressed to—

The Polish Government Import and Export Commission, Elekteralna 2, Warsaw (for the ultimate consignee).

The charges for this Import Permit are five shillings stamp duty, and £1 per thousand pounds sterling of the total value of the goods to be imported, which must be paid upon receipt of the Permit.

The Import Permit does not exempt the goods from any Custom dues or other taxes imposed by the Polish Government.

Due notification will be given of any alteration in those regulations.

TRADE WITH GERMANY AND AUSTRIA-HUNGARY.

In view of the raising of the blockade, the Board of Trade have issued General Licences under the Trading with the Enemy legislation authorising, with certain reservations, the resumption of trade with Germany and Austria-Hungary.

The Licences do not remove the existing restrictions upon the payment of debts and the return of property due or deliverable to persons in Germany and Austria-Hungary in respect of pre-war transactions. Moreover, any permission which may be necessary in respect of any transactions under Defence of the Realm Regulation 41D must be obtained from the Treasury.

The Licences do not permit the importation from Germany or Austria-Hungary of any goods included in the Prohibition of Import Proclamations and not covered by a General Licence issued under those Proclamations. Information with regard to imports into the United Kingdom can be obtained from the Import Restrictions Department, 22, Carlisle Place, S. W. 1. Further, Export Licences must be obtained from the Export Licence Department, 1, Queen Anne's Gate, Westminster, S. W. 1, before goods included in Lists A and B of prohibited exports are shipped to those countries, but no licences are required in respect of goods included in List C.

The text of those General Licences is as follows:—

The Board of Trade, on behalf of His Majesty, and in pursuance of the powers reserved in the Trading with the Enemy Proclamations and all other powers thereunto them enabling do hereby give and grant licence to all persons and bodies of persons resident, carrying on business, or being in the United Kingdom, to trade and have commercial and financial transactions with persons or bodies of persons resident or carrying on business in {Germany / Austria-Hungary}:

Provided always that any licence which may be necessary in respect of any transaction under any prohibition of export or prohibition of import for the time being in force in the United Kingdom or in respect of any remittance of money out of the United Kingdom covered by Regulation 41D of the Defence of the Realm Regulations is first obtained.

Provided also that this Licence shall not permit any person or body of persons to pay to or for the benefit of any person or body of persons resident or carrying on business in {Germany / Austria-Hungary} any sum of money which by the terms of the Trading with the Enemy Amendment Acts, 1914 and 1915, or either of them, is required to be paid to the Custodian appointed under the Trading with the Enemy Amendment Act, 1914, but such sums of money must be paid to the said Custodian:

Provided further that this Licence shall not permit any person or body of persons to pay or deliver any sum of money or property which is, or but for the war, would have been, due or deliverable to any person or body of persons resident or carrying on business in {Germany / Austria-Hungary} in respect of a transaction entered into before the outbreak of war.

URGENT ORDERS.

The Board of Trade, Export Licence Department, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a Licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Export Licence Department the licence will be granted.

The telegrams should be addressed to "Orders, c/o Advantage, Stock, London." They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from Territory in the occupation of troops of the Associated Governments, the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 24 words (1/3) must be prepaid.

Applicants are requested in their own interests to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Comptroller General, Department of Overseas Trade (Export Facilities Section), 4, Queen Anne's Gate Buildings, Westminster, S. W. 1.

Transhipment in the United Kingdom.

The provisional approval of the Export Licence Department should be obtained before the following goods are brought to this country for transhipment:—

Bacon, ham and lard of all kinds.
Butter and cheese.
Cereals on Section "A" of the list of prohibited exports.
Animal feeding stuffs on Section "A" of the list of prohibited exports.
Seeds, oils and fats on Section "A" of the list of prohibited exports.

It is not now necessary to make application to the Collector of Customs at the transhipment ports on Form S. 90 for the transhipment of any goods except those specified in the following list:—

Foodstuffs for animal or human consumption which are on Section "A" or "B", of the list of prohibited exports (including tea, coffee and cocoa).
Seeds, oils and fats on Section "A" of the list of prohibited exports.

The following Act, published by the Government of India, in the Legislative Department, in the *Gazette of India*, dated the 27th September 1919, is republished for general information.

J. H. KERR,
Chief Secy. to the Govt. of Bengal.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 24th September 1919 and is hereby promulgated for general information:—

ACT No. XXIII OF 1919.

An Act to amend the Cinematograph Act, 1918.

1918.

WHEREAS it is expedient to amend the Cinematograph Act, 1918; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Cinematograph (Amendment) Act, 1919.

Amendment of section 1, Act II of 1918. 1918.

2. For sub-section (*3*) of section 1 of the Cinematograph Act, 1918 (hereinafter referred to as the said Act), the following sub-section shall be substituted, namely:—

"(*3*) The Governor General in Council may, by notification in the Gazette of India, direct that the whole or any of its provisions shall come into force in any Province or part of a Province on such date as may be specified in the notification."

Amendment of section 5, Act II of 1918.

3. In sub-section (*2*) of section 5 of the said Act, for the words "the prescribed authority" the words and figure "an authority constituted under section 7" shall be substituted.

Substitution of a new section for section 7, Act II of 1918.

4. For section 7 of the said Act the following section shall be substituted, namely:—

Certification of films.

"7. (*1*) Any Local Government authorised in this behalf by the Governor General in Council may by notification in the local official gazette, constitute as many authorities as it may think fit for the purposes of examining and certifying films as suitable for public exhibition, and declare the area (hereinafter referred to as the 'local area') within which each such authority shall exercise the powers conferred on it by this Act. Where an authority so constituted consists of a Board of two or more persons, not more than one-half of the members thereof shall be persons in the service of Government.

(*2*) If any such authority after examination considers that a film is suitable for public exhibition, it shall grant a certificate to that effect to the person applying for the same and shall cause the film to be marked in the prescribed manner. The

certificate of any such authority shall, save as hereinafter provided, be valid throughout the territories in which this Act is in force.

(3) (a) If the authority is of opinion that film is not suitable for public exhibition in the local area it shall inform the person applying for the certificate of its decision, and such person may, within thirty days from the date of such decision, appeal for a reconsideration of the matter by the Local Government by which the authority was constituted.

(b) If the Local Government rejects the appeal it shall, by notification in the local official gazette, direct that the film shall be deemed to be an uncertified film in that local area, and such direction shall have effect notwithstanding the subsequent grant of a certificate in respect of the film by any other such authority.

(4) Any such authority may demand the exhibition before itself of any certified film which it has reason to believe is about to be publicly exhibited in its local area, and may by order suspend the certificate of any such film pending the orders of the Local Government and during such suspension the film shall be deemed to be an uncertified film in that area.

(5) The District Magistrate, or, in a Presidency town or in the town of Rangoon, the Commissioner of Police may by order suspend the certificate of any film pending the orders of the Local Government, and during such suspension the film shall be deemed to be an uncertified film in that district or town.

(6) A copy of any order of suspension made under sub-section (4) or (5), together with a statement of reasons therefor, shall forthwith be forwarded by the authority or the officer making the same to the Local Government by which the authority was constituted or to which the officer is subordinate, as the case may be, and such Local Government may, in its discretion, either discharge the order or by notification in the local official gazette, direct that the film shall be deemed to be an uncertified film in the whole or any part of the Province.

(7) A Local Government may, of its own motion, by notification in the local official gazette, direct that a certified film shall be deemed to be an uncertified film in the whole or any part of the Province.

(8) The exhibition of a film to which any order or direction under clause (b) of sub-section (3) or sub-section (4), (5), (6) or (7) is for the time being applicable shall, in the area to which such order or direction relates, be deemed to be a contravention of the condition mentioned in sub-section (2) of section 5."

Amendment of section 8, Act II of 1918.

5. In section 8 of the said Act—

(1) at the end of clause (b) of sub-section (2) the word "and" shall be omitted, and after the same clause the following clause shall be inserted, namely :—

"(bb) the appointment of officers subordinate to authorities constituted under section 7 and the regulation of the powers and duties of such officers; and"; and

(2) for sub-section (3) the following sub-section shall be substituted, namely :—

"(3) The Governor General in Council may delegate to a Local Government, subject to such conditions and restrictions as he may impose, the power to make rules regarding all or any of the matters mentioned in sub-section (2) so far as regards the territories subject to that Government."

CUSTOMS—WAR.

Simla, the 4th October 1919.

No. 7882.—The following extract from the Board of Trade Journal, dated the 28th August 1919, is published for general information :—

IMPORT RESTRICTIONS.

PROVISIONAL LIST OF KEY INDUSTRIES.

With reference to the Prime Minister's statement in Parliament on Monday, 18th August, on the subject of Trade Policy, the Board of Trade make the following announcement as to the steps which are proposed in connection with import of goods from abroad.

Legislation will be introduced when Parliament re-assembles in the autumn :—

(*a*) For the protection of goods manufactured in Great Britain and Ireland against dumping by taking power to prevent the sale in this country of similar goods beneath their price in the country of origin ;

(*b*) to enable the Board of Trade to check any flood of imports (for instance, from Germany) that might arise from collapse of exchange so disproportionate to cost of production in the country of origin as to enable sales to take place in this country at prices altogether below costs of production here ;

(*c*) to deal with unstable "key" industries in the following way :—

A limited number of unstable "key" industries will be scheduled, the products of which will be prohibited from importation into this country except on licence.

Pending legislation, a general licence under the Prohibition of Import Proclamations will be issued by the Board of Trade having effect as from the 1st September 1919, and authorising the importation into the United Kingdom of all goods with the exception of those in the following list, which will be treated as unstable "key" industries.

(1) All derivatives of coal tar generally known as intermediate products capable of being used or adapted for use as dyestuffs or of being modified or further manufactured into dyestuffs. All direct cotton colours, all union colours, all acid colours, all chrome and mordant colours, all alizarine colours, all basic colours, all sulphide colours, all vat colours (including synthetic indigo), all oil, spirit and wax colour, all lake colours, and any other synthetic colours, dyes, stains, colour acids, colour lakes, leuco acids, leuco bases, whether in paste, powder, solution, or any other form.

(2) (*i*) Synthetic drugs (including antiseptics).

(*ii*) Synthetic perfumes and flavourings; synthetic photographic chemicals; synthetic tannings, esters and acid derivatives of aromatic hydro-carbons,; alkaloids and their salts (except quinine); and the following organic chemicals :—Acetamide; acetic acid ; acetic anhydride ; acetyl chloride ; camphor bromide, cinnamic acid and its salts; ethlene bromide; formamide; formic acid and its salts; gallic acid ; lactic acid and its salts. nuclein ; paraldehyd; pyrogallic acid; saccharin or other substances of like nature or use ; salicin ; thymol.

(*iii*) Analytical re-agents ; and the following fine chemicals :—Barium compounds; cerium fluorides and fluorides of other rare earth metals; hydro-sulphites and allied bleaching compounds; hypophosphorus acids ; iron and ammonium citrate ; iron tartrate ; molybdic acid and its salts; phosphorus oxides and halogen compounds; salts of per acids and artificial peroxides; silver nucleinate and proteinate ; tungstic acid and its salts.

(3) Optical glass, including lenses, prisms and like optical devices.

(4) Scientific glassware.

(5) Illuminating glassware.

(6) Laboratory porcelain.

(7) Scientific and optical instruments.

(8) Potassium compounds.

(9) Tungsten powder and ferro-tungsten.

(10) Zinc oxdide.

(11) Lithopone.

(12) Thorium nitrate.

(13) Gas mantles and mantle rings.

(14) Magnetos.

(15) Hosiery needles, latch.

(16) Gauges.

In addition to the above, in pursuance of the undertaking given by the President of the Board of Agriculture in the House of Lords on 19th March, 1919, the prohibition on the importation of hops will be continued for the present.

It is not proposed to make any additions to the above list unless and until Parliament so determine, with the possible exception that in the event of the contingency foreshadowed in paragraph (*b*) above arising it might be necessary to suspend temporarily all or any of the imports from the country affected by the collapse of exchange.

The Board of Trade announce, in explanation of the above, that pending legislation a General Licence under the Prohibition of Import Proclamations is to be issued to cover all goods with the exception of those set out in the list of key industries. In the case of Kerosene and Benzine (including White Spirit), Gas Oil and Fuel Oil, this general licence refers to total quantity of import, and does not affect the agreement entered into by the Government to limit the number of importing firms for the period of the existence of the Pool Board, and nine months thereafter to those firms which co-operated with the Government to form the Pool Board as a result of which the community received material benefits. The termination of the war organization of the Pool Board as from 31st January 1919, was announced in the Press on 2nd January 1919. The nine months period which has to elapse before other firms are allowed to import does not therefore expire until 31st October 1919.

Further, it should be noted that in accordance with the provisions of Article 295 of the Peace Treaty, which requires all the parties to the Treaty to adopt the International Opium Convention, the importation of Opium and Cocaine, except under Home Office licence, remains prohibited.

No. 7884.—The following Royal Proclamation is published for general information:—

BY THE KING.

A PROCLAMATION.

REVOKING A PROCLAMATION, DATED THE 21ST DAY OF DECEMBER, 1917, RELATING TO THE IMPORTATION OF CERTAIN ARTICLES INTO THE UNITED KINGDOM.

George R. I.

WHEREAS by a Proclamation, dated the twenty-first day of December 1917, made in pursuance of section 43 of the Customs Consolidation Act, 1876. We thought fit, by and with the advice of Our Privy Council, to prohibit the importation into the United Kingdom of all bonds, debentures, stock or share certificates, scrip and other documents of title relating to any stocks, shares or other securities; with the exception of matured bonds redeemable in the United Kingdom and coupons falling due for payment in the United Kingdom, and of any such goods imported under licence given by or on behalf of Our Treasury, and subject to the provisions and conditions of such licence:

AND whereas it appears to Us that the said Proclamation should be revoked:

Now, therefore, We, by and with the advice of Our Privy Council, hereby proclaim, direct and ordain, that the said Proclamation of the twenty-first day of December, 1917, shall be, and the same is hereby, revoked.

Given at Our Court at Buckingham Palace, this Eighteenth day of August, in the year of Our Lord One thousand nine hundred and nineteen, and in the Tenth year of Our Reign.

GOD SAVE THE KING.

NOTIFICATION.

Simla, the 10th October 1919.

No. 94.—The following Statutes are published for general information:—

1. TREATY OF PEACE ACT, 1919.

(9 & 10 GEO. 5, CH. 33.)

AN ACT FOR CARRYING INTO EFFECT THE TREATY OF PEACE BETWEEN HIS MAJESTY AND CERTAIN OTHER POWERS.

[31st July, 1919.]

WHEREAS, at Versailles, on the twenty-eighth day of June, nineteen hundred and nineteen, a Treaty of Peace (including a protocol annexed thereto), a copy of which has been laid before each House of Parliament, was signed on behalf of His Majesty, and it is expedient that His Majesty should have power to do all such things as may be proper and expedient for giving effect to the said Treaty:

Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled and by the authority of the same, as follows:—

Power of His Majesty to give effect to Peace Treaty.

1.—(*1*) His Majesty may make such appointments, establish such offices, make such Orders in Council, and do such things as appear to him to be necessary for carrying out the said Treaty, and for giving effect to any of the provisions of the said Treaty.

(*2*) Any Order in Council made under this Act may provide for the imposition, by summary process or otherwise, of penalties in respect of breaches of the provisions thereof, and shall be laid before Parliament as soon as may be after it is made, and shall have effect as if enacted in this Act, but may be varied or revoked by a subsequent Order in Council and

shall not be deemed to be a statutory rule within the meaning of section one of the Rules Publication Act, 1893:

56 & 57 Vict. c. 66.

Provided that, if an Address is presented to His Majesty by either House of Parliament within the next twenty-one days on which that House has sat after any Order in Council made under this Act has been laid before it praying that the Order or any part thereof may be annulled, His Majesty in Council may annul the Order or such part thereof, and it shall thenceforth be void, but without prejudice to the validity of anything previously done thereunder.

(3) Any expenses incurred in carrying out the said Treaty shall be defrayed out of moneys provided by Parliament.

Short title.

2. This Act may be cited as the Treaty of Peace Act, 1919.

2. MERCHANT SHIPPING (WIRELESS TELEGRAPHY) ACT, 1919.

(9 & 10 GEO. 5, CH. 38.)

AN ACT TO MAKE FURTHER PROVISION WITH RESPECT TO WIRELESS TELEGRAPHY ON SHIPS.

[15th August 1919.]

BE it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Wireless telegraphy requirements.

1.—(1) Every seagoing British ship registered in the United Kingdom being a passenger steamer or a ship of sixteen hundred tons gross tonnage or upwards shall be provided with a wireless telegraph installation, and shall maintain a wireless telegraph service which shall be at least sufficient to comply with the rules made for the purpose under this Act, and shall be provided with one or more certified operators and watchers, at least, in accordance with those rules:

Provided that the Board of Trade may exempt from the obligations imposed by this Act any ships or classes of ships if they are of opinion that, having regard to the nature of the voyages on which the ships are engaged, or other circumstances of the case, the provision of a wireless telegraph apparatus is unnecessary or unreasonable.

(2) The Board of Trade, in consultation with the Postmaster-General, shall make rules prescribing the nature of the wireless telegraph installation to be provided, of the services to be maintained, and the number, grade, and qualifications of operators and watchers to be carried:

Provided that no ship shall be required to carry more than one operator unless more than one operator would have been required under the provisions of the Merchant Shipping (Convention) Act, 1914.

4 and 5 Geo. 5. c. 50.

(3) If this section is not complied with in the case of any ship, the master or owner of the ship shall be liable in respect of each offence to a fine not exceeding five hundred pounds, and any such offence may be prosecuted summarily, but, if the offence is prosecuted summarily, the fine shall not exceed one hundred pounds.

(4) A surveyor of ships or a wireless telegraphy inspector may inspect any ship for the purpose of seeing that she is properly provided with a wireless telegraph installation and certified operators and watchers in conformity with this Act, and for the purpose of that inspection shall have all the powers of a Board of Trade inspector under the Merchant Shipping Acts, 1894 to 1916.

If the said surveyor or inspector finds that the ship is not so provided, he shall give to the master or owner notice in writing pointing out the deficiency, and also pointing out what in his opinion is requisite to remedy the same.

Every notice so given shall be communicated in the manner directed by the Board of Trade to the chief officer of customs of any port at which the ship may seek to obtain a clearance or transire, and the ship shall be detained until a certificate under the hand of any such surveyor or inspector is

produced to the effect that the ship is properly provided with wireless telegraph installation and certified operators and watchers in conformity with this Act.

(5) The obligations imposed by this Act shall not come into operation while the obligations with respect to wireless telegraphy on ships imposed by the Defence of the Realm Regulations remain in force, but shall be in addition to, and not in substitution for, the obligations as to wireless telegraphy imposed by the Wireless Telegraphy Act, 1904, or any Order in Council, or regulations made thereunder, or by the Merchant Shipping (Convention) Act, 1914.

4 Edw 7, c 24.

Application to ships not registered in the United Kingdom.

2.—The foregoing provisions of this Act shall, as from a date three months after the coming into operation of the obligations imposed by this Act on British ships registered in the United Kingdom, apply to ships other than British ships registered in the United Kingdom while they are within any port in the United Kingdom in like manner as they apply to British ships so registered.

Short title and construction.

3.—(1) This Act may be cited as the Merchant Shipping (Wireless Telegraphy) Act, 1919, and the Merchant Shipping Acts, 1894 to 1916, and this Act may be cited together as the Merchant Shipping Acts, 1894 to 1919.

& 58 Vict, c. 60.

(2) This Act shall be construed as one with the Merchant Shipping Act, 1894, and "passenger steamer" shall mean a steamer which carries more than twelve passengers, and "wireless telegraphy inspector" means an officer appointed under section twenty of the Merchant Shipping (Convention) Act, 1914, for the purposes therein mentioned.

& 5 Geo. 5, c. 50, s. 20.

3. BRITISH MERCANTILE MARINE UNIFORM ACT, 1919.

(9 & 10 GEO. 5, CH. 62.)

AN ACT TO MAKE PROVISION WITH RESPECT TO THE BRITISH MERCANTILE MARINE UNIFORM.

[19th August, 1919.]

WHEREAS by an Order dated the fourth day of September, nineteen hundred and eighteen His Majesty in Council was pleased to prescribe a uniform to be worn by the British mercantile marine (which uniform, and any other or further uniform which may hereafter be prescribed by Order in Council in connection with the British mercantile marine, is in this Act referred to as the British mercantile marine uniform):

And whereas it is expedient to prohibit the wearing of such uniform by unauthorised persons, and to make such other provisions in relation thereto as are hereinafter contained:

Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same as follows:—

Prohibition against improper use of uniform.

1.—(1) If any person, not being entitled to wear the British mercantile marine uniform, wears that uniform or any part thereof, or any dress having the appearance or bearing any of the distinctive marks of that uniform, he shall be guilty of an offence and liable on summary conviction to a fine not exceeding five pounds, or, if he wears it in such a manner or under such circumstances as to be likely to bring contempt on the uniform, to a fine not exceeding ten pounds or to imprisonment with or without hard labour for a term not exceeding one month:

Provided that this section shall not prevent any person from wearing any uniform or dress in the course or for the purposes of a stage play or representation, or a music-hall or circus performance, if the uniform is not worn in such a manner or under such circumstances as to bring it into contempt.

(2) If any person entitled to wear the British mercantile marine uniform when aboard a ship in port or on shore appears dressed partly in uniform

and partly not in uniform under such circumstances as to be likely to bring contempt on the uniform, or, being entitled to wear the uniform appropriate to a particular rank or position, wears the uniform appropriate to some higher rank or position, he shall be liable on summary conviction to a fine not exceeding five pounds.

Copyright in distinctive marks of the uniform.

2. Where the Board of Trade have, whether before or after the passing of this Act, registered under Part II of the Patents and Designs Act, 1907, any design forming part of the British mercantile marine uniform, the Board of Trade shall, notwithstanding anything in section fifty-three of that Act, have a perpetual copyright in the design so long as it remains on the register.

Short title.

3. This Act may be cited as the British Mercantile Marine Uniform Act, 1919.

GOVERNMENT NOTICES AFFECTING TRADE.

EXPORT SECTION.

EXPORT OF WOOL AND NOILS. TOPS AND YARNS.

The Board of Trade (Export Licence Department) announce that applications for Licence to export the following materials to approved destinations will now be considered :—

Carbonised wool
British grown wool.
East Indian wool.
Cape wool.
Wools privately imported from the countries of origin.
Australasian wool purchased at Government Sales.
Noils (except fine crossbred Noils).
Persian wool tops.
Tops of 40's quality and under.
Yarns.
Wool waste.

Exporters should carefully note the following points :—

(*a*) In applying for Licences for Australasian Wool it is necessary to quote the Lot numbers and the number of the Catalogue of the sale at which the wool was purchased.

(*b*) Licences for Fine Crossbred Noils and for Tops of over 40's quality are granted only in exceptional circumstances and when specially allocated by the Supply Department.

(*c*) Delay may be experienced in the issue of Licences for Yarns made wholly or partially of wool, owing to the necessity of limiting, in the interest of home manufacturers, the monthly exports of Yarn to a specific quantity.

This notice supersedes all previous announcements, and due notice of any future changes in export policy will be given in this Journal.

Applications for export Licences, which must contain full description of the materials to be exported, should be addressed to the Controller, Board of Trade (Export Licence Department), 1, Queen Anne's Gate Buildings, Westminster, S. W. 1.

Howrah. *No. 6317 M.—The 13th October 1919.*—In exercise of the power conferred by clause (*2*) of section 641 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), the Governor in Council is pleased to extend to the town of Howrah the following sections of the Calcutta Municipal Act, 1899, subject to modifications and restrictions therein, which are shown as far as possible in antique type :—

"26. (*1*) The Local Government may, if it appears to it to be expedient so to do, appoint a proper person to be Deputy Chairman of the **Commissioners.**

(*2*) The Deputy Chairman shall receive such salary as may from time to time be fixed by the Local Government not being more than fifteen hundred nor less than one thousand rupees per mensem.

27. (*1*) No person shall be eligible for the office of Deputy Chairman if he has, directly or indirectly, by himself or his partner or employer or employé, any share or pecuniary interest in any contract or employment with, by, or on behalf of, the **Commissioners.**

(*2*) If the Deputy Chairman acquires, directly or indirectly as aforesaid, any share or interest as aforesaid, otherwise than as Deputy Chairman, he shall cease to be Deputy Chairman, and his office shall become vacant.

(*3*) But a person shall not be disqualified as aforesaid, or be deemed to have any share or interest in such a contract or employment as aforesaid, by reason only of his having a share or interest in—

(*i*) any agreement for the loan of money or any security for the payment of money only ; or

(*ii*) any incorporated company which contracts with or is employed by the **Commissioners.**

28. (*1*) No person shall be eligible for the office of Deputy Chairman if he is seriously indebted to any person.

(*2*) If any person holding **the office of Deputy Chairman** becomes so indebted, the authority which appointed him shall declare his office to be vacant.

29. When a servant of the Government is appointed to be Deputy Chairman the **Commissioners** may pay, in addition to his salary, any contribution which may for the time being be levied by the Government in respect of his pension or leave allowances.

31. The Deputy Chairman shall devote his whole time to the duties of his office, and shall not engage in any other profession, trade or business whatsoever:

Provided that—

(a) any civil or military officer in the service of the Government may hold the office of Deputy Chairman so long as he fills no office other than one of those specified in this section;

(b) the Deputy Chairman may—

(i) hold the office of Commissioner under the Calcutta Port Act, 1890;

(ii) be a Member of the Council of the Governor of Bengal for making Laws and Regulations; or

(iii) with the sanction of the Commissioners hold the office of Chairman to any public institution or any other honorary office.

33. The Deputy Chairman shall, except upon such holidays as are allowed by the Commissioners, and unless prevented by sickness or other reasonable cause, attend daily at the municipal office for the transaction of business.

34. (1) The Deputy Chairman shall be subordinate to the Chairman, and, subject to his general direction and control, shall have the same authority as the Chairman, and shall exercise such of the powers and perform such of the duties of the Chairman as the Chairman may from time to time delegate to him.

(2) The Chairman shall inform the Commissioners of the powers and duties which he from time to time delegates to the Deputy Chairman.

(3) The Deputy Chairman shall be subject to the same liabilities, restrictions, and conditions as the Chairman.

(4) All acts and things performed and done by the Deputy Chairman during his tenure of his office and in virtue thereof shall for all purposes be deemed to have been performed and done by the Chairman.

35. (1) With the sanction of the Local Government, the Commissioners may grant to the Deputy Chairman such leave of absence as they think fit.

(2) The allowance to be paid to the Deputy Chairman while absent on leave shall be of such amount, not exceeding his salary, as may be fixed by the Local Government:

Provided that, if the Deputy Chairman is a Government officer, the amount of such allowance shall be regulated by the rules for the time being in force relating to the leave allowances of officers of his class.

(3) Whenever leave of absence is granted to the Deputy Chairman, the Local Government may appoint a person to act as Deputy Chairman.

(4) The salary of any person acting as Deputy Chairman under this section shall be fixed by the Local Government.

(6) Any person appointed to act as Deputy Chairman shall exercise the powers and perform the duties conferred or imposed by or under the provisions of the Calcutta Municipal Act, 1899, as extended to the town of Howrah, and shall be subject to the same liabilities, restrictions and conditions as the Deputy Chairman."

No. 634T.-M.—The 13th October 1919.—In exercise of the power conferred by section 26, sub-section (1) of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), as extended to the town of Howrah by notification No. 631T.M., dated the 13th October 1919, the Governor in Council is pleased to appoint Mr. S. N. Roy, I.C.S., as Deputy Chairman of the Howrah Municipality, with effect from the date on which he relinquishes charge of his present appointment as Under-Secretary to this Government.

Acts of the Indian Legislative Council assented to by the Governor General.

GOVERNMENT OF INDIA.
LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 24th September, 1919, and is hereby promulgated for general information :—

ACT No. XX OF 1919.

An Act further to amend the Indian Arms Act, 1878.

XI of 1878. WHEREAS it is expedient further to amend the Indian Arms Act, 1878; It is hereby enacted as follows :—

Short title and commencement.

1. (*1*) This Act may be called the Indian Arms (Amendment) Act, 1919.

(*2*) It shall come into force on the first day of January, 1920.

XI of 1878. Substitution of a new section for section 16, Act XI of 1878.

2. For section 16 of the Indian Arms Act, 1878, the following section shall be substituted, namely :—

In certain cases arms to be deposited at police-stations or with licensed dealers.

"16. (*1*) Any person possessing arms, ammunition or military stores the possession whereof has, in consequence of the cancellation or expiry of a license or of an exemption or by the issue of a notification under section 15 or otherwise, become unlawful, shall without unnecessary delay deposit the same either with the officer in charge of the nearest police station or, at his option and subject to such conditions as the Local Government may by rule prescribe, with a licensed dealer.

(*2*) When arms, ammunition or military stores have been deposited under sub-section (*1*) or, before the first day of January, 1920, under the provisions of any law for the time being in force, the depositor shall, at any time before the expiry of such period as the Local Government may by rule prescribe, be entitled—

(*a*) to receive back any thing so deposited the possession of which by him has become lawful, and

(*b*) to dispose, or authorize the disposal, of any thing so deposited by sale or otherwise to any person whose possession of the same would be lawful; and to receive the proceeds of any such sale:

Provided that nothing in this sub-section shall be deemed to authorize the return or disposal of any thing the confiscation of which has been directed under section 24.

(*3*) All things deposited as aforesaid and not returned or disposed of under sub-section (*2*) within the prescribed period therein referred to shall be forfeited to His Majesty.

(*4*) (*a*) The Local Government may make rules consistent with this Act for carrying into effect the provisions of this section.

(*b*) In particular and without prejudice to the generality of the foregoing provision, the Local Government may by rule prescribe—

(*i*) the conditions subject to which arms, ammunition and military stores may be deposited with a licensed dealer, and

(*ii*) the period after the expiry of which things deposited as aforesaid shall be forfeited under sub-section (*3*).

Amendment of section 5, Act II of 1918.

4. For section 7 of the said Act the following section shall be substituted, namely :—

Substitution of new section for section 7, Act II of 1918.

"7. (1) Any Local Government authorised in this behalf by the Governor General in Council may, by notification in the local official gazette, constitute as many authorities as it may think fit for the purposes of examining and certifying films as suitable for public exhibition, and declare the area (hereinafter referred to as the 'local area') within which each such authority shall exercise the powers conferred on it by this Act. Where an authority so constituted consists of a Board of two or more persons, not more than one-half of the members thereof shall be persons in the service of Government.

Certification of films.

(2) If any such authority after examination considers that a film is suitable for public exhibition, it shall grant a certificate to that effect to the person applying for the same, and shall cause the film to be marked in the prescribed manner. The certificate of any such authority shall, save as hereinafter provided, be valid throughout the territories in which this Act is in force.

(3) (a) If the authority is of opinion that a film is not suitable for public exhibition in the local area, it shall inform the person applying for the certificate of its decision, and such person may, within thirty days from the date of such decision, appeal for a reconsideration of the matter by the Local Government by which the authority was constituted.

(b) If the Local Government rejects the appeal it shall, by notification in the local official gazette, direct that the film shall be deemed to be an uncertified film in that local area, and such direction shall have effect notwithstanding the subsequent grant of a certificate in respect of the film by any other such authority.

(4) Any such authority may demand the exhibition before itself of any certified film which it has reason to believe is about to be publicly exhibited in its local area, and may by order suspend the certificate of any such film pending the orders of the Local Government, and during such suspension the film shall be deemed to be an uncertified film in that area.

(5) The District Magistrate, or, in a Presidency town or in the town of Rangoon, the Commissioner of Police, may by order suspend the certificate of any film pending the orders of the Local Government, and during such suspension the film shall be deemed to be an uncertified film in that district or town.

(6) A copy of any order of suspension made under sub-section (4) or (5), together with a statement of reasons therefor, shall forthwith be forwarded by the authority or the officer making the same to the Local Government by which the authority was constituted or to which the officer is subordinate, as the case may be, and such Local Government may, in its discretion, either discharge the order or, by notification in the local official gazette, direct that the film shall be deemed to be an uncertified film in the whole or any part of the Province.

(7) A Local Government may, of its own motion, by notification in the local official gazette, direct that a certified film shall be deemed to be an uncertified film in the whole or any part of the Province.

(8) The exhibition of a film to which any order or direction under clause (b) of sub-section (3) or sub-section (4), (5), (6) or (7) is for the time being applicable shall, in the area to which such order or direction relates, be deemed to be a contravention of the condition mentioned in sub-section (2) of section 5."

5. In section 8 of the said Act—

Amendment of section 8, Act II of 1918.

(1) at the end of clause (b) of sub-section (2) the word "and" shall be omitted, and after the same clause the following clause shall be inserted, namely :—

"(bb) the appointment of officers subordinate to authorities constituted under section 7 and the regulation of the powers and duties of such officers ; and" ; and

(2) for sub-section (3) the following sub-section shall be substituted, namely :—

"(3) The Governor General in Council may delegate to a Local Government, subject to such conditions and restrictions as he may impose, the power to make rules regarding all or any of the matters mentioned in sub-section (2) so far as regards the territories subject to that Government."

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 25th September 1919, and is hereby promulgated for general information:—

ACT No. XXVII OF 1919.

An Act to indemnify officers of Government and other persons in respect of certain acts done under martial law, and to provide for other matters in connection therewith.

WHEREAS owing to the recent disorders in certain districts in the Punjab and in other parts of India, martial law has been enforced;

AND WHEREAS it is expedient to indemnify officers of Government and other persons in respect of acts, matters and things ordered or done or purporting to have been ordered or done for the purpose of maintaining or restoring order, provided that such acts, matters or things were ordered or done in good faith and in a reasonable belief that they were necessary for the said purposes;

AND WHEREAS certain persons have been convicted by courts and other authorities constituted or appointed under martial law, and it is expedient to confirm and provide for the continuance of certain sentences passed by such courts or authorities;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indemnity Act, 1919.

Indemnity of Government officers and other persons for certain acts.

2. No suit or other legal proceeding whatsoever, whether civil or criminal, shall lie in any court of law against any officer of Government, whether civil or military, or against any other person acting under the orders of any such officer for or on account of or in respect of any act, matter or thing ordered or done or purporting to have been ordered or done for the purpose of maintaining or restoring order in any part of British India where martial law was enforced, on or after the 30th of March, 1919, and before the 26th of August, 1919, by any such officer or person: provided that such officer or person has acted in good faith and in a reasonable belief that his action was necessary for the said purposes;

and if any such proceeding has been instituted before the passing of this Act it is hereby discharged.

Rules of evidence.

3. For the purposes of section 2 a certificate of a Secretary to Government that any act was done under the orders of an officer of Government shall be conclusive proof thereof, and all action taken for the aforesaid purposes shall be deemed to have been taken in good faith and in a reasonable belief that it was necessary therefor unless the contrary is proved.

Confirmation and continuance of martial law sentences.

4. Every person confined under and by virtue of any sentence passed by a court or other authority constituted or appointed under martial law and acting in a judicial capacity shall be deemed to have been lawfully confined and shall continue liable to confinement until the expiration of such sentence, or until released by the Governor General in Council or otherwise discharged by lawful authority.

Compensation in respect of loss attributable to certain acts.

5. Where under martial law the property of any person has been taken or used by any officer of Government, whether civil or military, the Governor General in Council shall pay to such person reasonable compensation for any loss immediately attributable to such taking or using, to be assessed upon failure of agreement by a person holding judicial office not inferior to that of a District Judge to be appointed by the Government in this behalf.

Savings.

6. Nothing in this Act shall—

REPORT ON FAMINE IN THE DISTRICT OF BANKURA FOR THE WEEK ENDING 4th OCTOBER 1919.

THE rainfall during the week was insufficient. The agricultural prospects are favourable. Eighty-nine relief works were open during the week. The number of persons relieved on works was 15,047. The distribution of gratuitous relief in the shape of cash doles has been closed in all unions. The number of persons in receipt of special relief was 4,818, viz., 3.683 on paddy husking advances, 635 weavers and 500 better class poor. The grand total of persons relieved was 19,865. The decrease in the number of persons on relief works was due to the harvesting of *aus* paddy. The number of persons relieved on private works was 200. The charitable societies also relieved 700 persons by daily doles. During the week seven cases of theft of paddy were reported. Public health is on the whole good. The outbreak of malaria is reported from certain localities. Cloth is being distributed to destitutes. The relief measures are adequate. The price of common rice varies from 5¼ to 5¾ seers in the rupee. Burma rice is being sold.

APPOINTMENT OF A COMMITTEE TO ENQUIRE INTO THE ENHANCEMENT OF LAND VALUES AND THE RISE IN RENTS IN CALCUTTA.

GOVERNMENT OF BENGAL.

MUNICIPAL DEPARTMENT.

Municipal Branch.

CALCUTTA, THE 30TH SEPTEMBER 1919.

RESOLUTION—No. 3554M.

AT the meeting of the Bengal Legislative Council held on the 3rd September 1919, the Hon'ble Mr. W. H. Phelps moved that the Governor in Council be recommended to appoint a Commission to enquire "into the causes of the excessive land values and high rents in Calcutta, and, if possible, to suggest remedies". The resolution was accepted by Government and duly carried. The Governor in Council has accordingly directed that a Committee representative of the various interests involved, should be appointed to enquire into the remarkable enhancement in land values and house rents, which has recently occurred in Calcutta.

He desires that the causes of this enhancement may be investigated and its extent and degree defined; that the charge of "profiteering" made against landlords should be examined, and that, if in the opinion of the Committee it is desirable and practicable to control or limit the rise in rents, definite proposals in this behalf may be submitted for the consideration of Government at an early date.

The Governor in Council is pleased to appoint the following gentlemen to form the Committee, namely :—

1. The Hon'ble MR. W. E. CRUM, O.B.E., *Chairman.*
2. The Hon'ble MR. F. C. FRENCH, C.S.I., I.C.S.
3. The Hon'ble RAJA RESHI KESH LAW, C.I.E.
4. The Hon'ble MR. ABDUR RAHIM.
5. REV. A. GILLE, S.J.
6. The Hon'ble MR. W. H. PHELPS.
7. A. DEBOIS SHROSBREE, ESQ.
8. RAI-P. N. MUKHARJI BAHADUR.
9. BABU RAMDEO CHOKANI.
10. J. H. RUNDLETT, ESQ.
11. A. D. PICKFORD, ESQ.
12. R. C. BONNERJEE, ESQ., *Bar.-at-Law.*
13. The Hon'ble Mr. H. P. DUVAL, I.C.S.
14. J. A. WOODHEAD, ESQ., I.C.S., *Secretary.*

RESOLUTION ON THE ADMINISTRATION REPORT OF THE COMMISSIONERS FOR THE PORT OF CHITTAGONG FOR THE YEAR 1918-19.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT.

CALCUTTA, THE 14TH OCTOBER 1919.

RESOLUTION—No. 3162Marine.

READ—

The Administration Report of the Commissioners for the Port of Chittagong for the year 1918-19.

Income.—The ordinary receipts of the Port Fund during the year under review amounted to Rs. 2,28,310 (exclusive of the Government grant of Rs. 1,50,000 for the improvement of the Port) as against Rs. 1,75,561 of the preceding year. A further grant of Rs. 1,00,000 was made by this Government from Provincial revenues for the revetment work at Patenga, and a sum of Rs. 20,208 was received as an annual assignment from the Burma Coast Light Dues Fund. The total receipts of the Port Fund amounted to Rs. 4,98,518 as against Rs. 3,45,769. The increase was mainly due to the payment of arrears of contribution from the Pilotage Fund for the previous year, the lease of the residences of the Port Officer and second Harbour Master, Chittagong, to private persons, the imposition of a surcharge of 100 per cent. from the 1st March 1918 on mooring and unmooring fees, the raising of the river dues from 4 annas to Re. 1 per ton from 1st December 1918, and an improvement in the jute export trade.

2. **Expenditure.**—The ordinary expenditure of the Port Fund for the year amounted to Rs. 4,60,263, as against the actuals of Rs. 3,40,945 of the previous year. The increase in expenditure was mainly due to payment of Rs. 99,326 on account of acquisition of land for revetment work.

The net working result is a credit balance of Rs. 38,255. But for the Government subsidy of Rs. 2,50,000 the year would have closed with a deficit of Rs. 2,11,745.

Assets and Liabilities.—The value of the Port Commissioners' properties as estimated on the 31st March 1919 stands at Rs. 36,26,522 and the liabilities at Rs. 70,454 (exclusive of Rs. 4,96,914, being the outstanding balance of loans from Government for revetment work).

Dredging Report.—The dredger "Karnafuli I" underwent frequent repairs during the year under review. She worked at the Inner and Outer bars and the double moorings for 112 days only, dredging 45,00,000 cubic feet.

Outer Bar.—An average depth of 8 feet 8 inches was maintained throughout the year. The dredger was employed for 37½ days on this bar.

Inner Bar.—An average depth of 8 feet 10 inches was maintained during the year. The dredger was at work for 83½ days on this bar.

River Survey.—The annual surveys were carried out for the navigable portion of the Karnafuli from two miles above the Sadarghat jetty to the mouth of the river.

A marine survey of the river from the mouth of the Karnafuli was practically completed under the direction of the Port Officer during the fair season, and plotted to the scale of 400 feet to an inch.

Revetment.—The revetment in the river bank stood well during the year, a slight reinforcement of additional stone being necessary on the slopes.

Light-houses.—The Kutubdia and Norman's Point Light-houses, towers and lanterns were in good order.

The Kutubdia Light-house revetment work was inspected during the year and found to be in a satisfactory state.

Light-vessels.—The light-vessel "Sarsuti" underwent her annual repairs in the port of Chittagong. The total cost of maintaining the vessel amounted to Rs. 15,237.

Shipping.—The total number of ocean-going vessels, inland steamers, and sailing vessels entering the port was 709 as against 600 during the previous year. The Port Officer submitted to Government his report of enquiry into two cases of shipping casualties upon which Government decided that no further enquiry was necessary.

Detention of vessels.—Two inward-bound vessels were detained owing to insufficient depth of water over the bars. The period of detention was five days in one case and three days in the other case.

Trade.—The total value of foreign and coasting sea-borne trade has considerably increased and amounted to Rs. 771·76 lakhs as against Rs. 661·86 lakhs during the preceding year.

Sanitation.—The general health of the port was good.

Development and future administration of the Port.—During the year under review Sir George Buchanan presented to the Government of India, Railway Department (Railway Board), his valuable report on the development of the port: the report dealt with the question both from an administrative and technical point of view. The Government of India forwarded to this Government a copy of the report and particularly asked for the opinion of this Government on two points,—one administrative and one financial. The Chittagong Chamber of Commerce and the Port Commissioners were consulted and the opinion of this Government was communicated to the Railway Board. This Government agreed that the Assam-Bengal Railway should be more strongly represented on the Port Trust Board, Chittagong, in view of the preponderating interest of that railway in the development of the port. The estimates framed by Sir George Buchanan for important engineering works, at an estimated cost of Rs. 44 lakhs in addition to the provision of one or two dredgers, were accepted. An examination of the financial condition of the Port Trust proved conclusively that without material financial assistance the engineering works proposed in Sir George Buchanan's report could not be constructed. As the revetment at Gupta Point was of immediate urgency for the prevention of further deterioration at the Inner bar, the port was helped during the year under review from Provincial revenues by the grant of Rs. 1 lakh in addition to the annual grant of Rs. 1½ lakhs. The Government of India were also asked for a grant of not less than Rs. 4 lakhs a year, for the years 1919-20 and 1920-21, and eventually the Imperial Government agreed to provide Rs. 4 lakhs during 1919-20 for urgent revetment work. Subsequently to the close of the year under review, the Government of India suggested to this Government the advisability of placing under the direct control of the Assam-Bengal Railway the port of Chittagong as being in fact the terminal port of that railway. This Government after some negotiation accepted the proposal of the Government of India; and the necessary legislation to give effect to this decision is now under consideration in the Government of India.

General.—The duties of the Port Officer were carried out by the Collector of Customs conjointly with the senior Harbour Master, as no officer of the R. I. M. was available for the post.

Mr. K. C. De, Commissioner of the Chittagong Division, was Chairman of the Commissioners during the year except from the 9th July to the 20th October, when Mr. Clayton acted in his place.

Secy. to the Govt. of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Cotton Crops of Bengal, 1919-20.

Note.—On an average of the five years ending 1917-18, the area under the Cotton Crops in Bengal has represented some 0·3 per cent. of the total area under cotton in India.)

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the State of Hill Tippera, and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—At sowing time, the weather was generally unfavourable owing to insufficient rain. Subsequent rainfall, which was generally moderate up till the end of June, greatly improved the prospects. In the following two months, heavy rain in the Chittagong Hill Tracts affected the crop. The present prospects are reported to be fair, on the whole.

Area sown.—The area sown with early cotton is reported to be 69,280 acres this year, against 71,367 acres reported in the corresponding forecast of last year.

Of the late crop, 758 acres are reported to have been sown up to date, against 700 acres in the corresponding forecast of last year.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Sugarcane Crop of Bengal, 1919-20.

(Note.—On an average of the five years ending 1917-18, the area under Sugarcane in Bengal has represented some 8·8 per cent. of the total area under Sugarcane in British India.)

Character of the season.—Insufficient rainfall at the outset was somewhat unfavourable to the planting of the crop and retarded germination in places. Good rain, since then, generally greatly benefited the growth of the plants. In parts of Nadia, Jessore, Burdwan, Pabna, Faridpur and Noakhali, however, the crop suffered somewhat through excessive rainfall in July and August. The present prospects are generally reported to be promising.

Acreage.—The area planted with sugarcane for the province this year is reported to be 218,600 acres against 219,300 and 218,900 acres reported respectively in the corresponding and final forecasts of last year.

Outturn.—According to the estimates of the district officers the provincial outturn works out to 88 per cent. of the normal as against 81 and 77 per cent. reported respectively in the second and final forecasts of last year.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 9th October 1919.

Summary.—Light to moderate rain generally fell during the week. Transplanting of winter rice is practically over. More rain is needed for the growth of the crop, especially in the western districts. Steeping and washing of jute are still going on. Preparation of lands for the next spring crops and their sowings continue. The condition and prospects of the standing crops are on the whole favourable. The average price of common rice for the province has fallen by about 0·45 per cent. as compared with that of the previous week. The conditions in Bankura are published separately:—

GENERAL DEPARTMENT.

NOTIFICATION.

No. 720-T.—Edn.—The 13th October 1919.—The following draft of a notification which the Governor in Council proposes to issue in exercise of the powers conferred by section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), as amended by the Bengal Municipal (Amendment) Act, 1896 (Bengal Act II of 1896), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 25th November 1919, and any objection or suggestion with respect thereto which may be received by the undersigned before that date will be duly considered.

Draft Notification.

In exercise of the powers conferred by section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), as amended by the Bengal Municipal (Amendment) Act, 1896 (Bengal Act II of 1896), the Governor in Council is pleased to make the following rules for the guidance of the Commissioners of Municipalities in matters connected with the carrying out of the purposes specified in clauses (*iv*) and (*v*) of sub-section (*1*) of section 69 of the said Act.

Draft Educational Rules.

PART I.—PRELIMINARY.

1. In these rules—
   (*a*) "Director of Public Instruction" means the Director of Public Instruction, Bengal.
   (*b*) "Education Department" means the Education Department of the Government of Bengal.
   (*c*) "Grant-in-aid school" means any school to which a grant-in-aid is made by the Commissioners of a Municipality.
   (*d*) "Inspector" means the Divisional Inspector of Schools or any Inspector authorised to act on his behalf, and includes the Inspectress in cases where she exercises the powers of an Inspector.
   (*e*) "Municipal school" means any school which is maintained wholly out of the municipal fund by the Commissioners of a Municipality.

PART II.—MUNICIPAL SCHOOLS.

2. The Commissioners of a Municipality shall not maintain any school other than a middle vernacular or primary school without the sanction of the Director of Public Instruction, and they shall not maintain a middle vernacular school bef re they have fully discharged their duties in respect of primary education, or without the previous sanction of the Director of Public Instruction.

3. The departmental curriculum shall be followed in municipal schools, but the local authority shall have full discretion in the adoption of optional subjects included in the curriculum. The departmental rules regarding the admission and withdrawal of pupils shall be observed in all municipal schools.

4. Every municipal school shall be open to inspection by the Divisional Commissioner, the District Magistrate, the Subdivisional Officer, the Chairman of the Municipality and the inspecting officers of the Department of Public Instruction.

5. Strict religious neutrality shall be maintained in all municipal schools.

6 The municipal authority shall have power to select text-books in each subject from the list of books approved by the department.

7. Fees for tuition shall be levied from the pupils of every municipal school, but the Commissioners of a Municipality may exempt any pupil of a school maintained by them from the payment of such fees.

8. (1) There shall be a managing committee for every municipal high or middle school.

(2) The managing committee shall be composed of the following members :—

(*a*) Chairman of the Municipality or a person nominated by the Chairman of the Municipality, President (*ex officio*).
(*b*) and (*c*) Two persons elected by the Commissioners of the Municipality.
(*d*) The head master or the head mistress, Secretary (*ex officio*).
(*e*) An assistant teacher elected by the teaching staff.
(*f*) Two representatives of the parents and guardians of the school pupils, to be elected by the parents and guardians.

9. The members (other than the *ex officio* members) of the managing committee shall ordinarily hold office for three years and shall be eligible for re-election at the end of that period. Any member appointed during the three-year period shall ordinarily hold office till the end of that period.

10. The business of the managing committee shall be transacted in the following manner :—

(*a*) The committee shall meet at least three times a year, viz., at the commencement of the session, after the summer vacation and after the Puja vacation ;
(*b*) Due notice of each meeting and of the business to be transacted shall be given by the Secretary ;
(*c*) Three members shall form a quorum ;
(*d*) The President shall have a casting vote ;
(*e*) No business other than that of which notice has been given shall ordinarily be transacted at any meeting of the committee, but if, with the consent of the majority of the members present, any other business is transacted, the members absent (if any) may re-open the subject at a subsequent meeting to be held within such period, not being less than a week, as the President may determine ; and
(*f*) The Secretary shall record the proceedings of the committee in a proceedings book and the record of each meeting shall be confirmed at the next subsequent meeting.

11. The Commissioners of a Municipality at a meeting shall consider the recommendations of the managing committee, who shall be mainly an advisory body and, unless they disagree, shall act in accordance therewith.

If there is any difference of opinion between the Commissioners and the committee in respect of any such recommendation, the matter shall be referred by the Commissioners to the Inspector or Inspectress of Schools for decision.

12. The managing committee shall—

(*i*) deal with all schemes of development ;
(*ii*) control the award of free studentships ;
(*iii*) consider the annual report of the school before submission to the Commissioners of the Municipality ; and
(*iv*) The members of the committee shall have power to visit the school informally so as not to interfere with the working of the school and to record their opinions in the visitors' book which should be kept for the purpose.

13. The head teacher shall carry on the current business of the school in accordance with the rules of the Education Department and shall bring matters of importance to the notice of the managing committee.

14. No pupil shall be expelled or rusticated from any municipal school except under the orders of the managing committee.

PART III.—GRANT-IN-AID SCHOOLS.

General Rules for all Schools.

15. Except with the previous approval of the Director of Public Instruction, the Commissioners of a Municipality shall not make any grants-in-aid, whether capital or recurring, to schools other than primary schools (including *tols* and *maktabs*) and middle vernacular schools.

16. No school shall be aided by the Commissioners of a Municipality unless it—

(*a*) adopts the organisation and curricula prescribed by the Education Department, any deviation therefrom requiring the sanction of the Director of Public Instruction, and

(*b*) is open to inspection by the inspecting officers of the Education Department and other officers mentioned in rule 4.

Special Rules for Primary Schools including Tols *and* Maktabs.

17. Recurring grants to primary schools including *tols* and *maktabs* shall ordinarily take the form of stipendiary grants to be paid quarterly to the teachers within a fortnight of the commencement of each quarter. The Commissioners of a Municipality may also make small non-recurring grants for furniture and equipment.

18. The rate of stipends payable in any one year shall be determined by the Commissioners of a Municipality on consideration of a proposition statement prepared by the senior local officer of the Education Department and based on the inspection reports for the previous year.
